SECRETARIES

*J. O'Donnell	Secretary	April, 1868 - July, 1870
*J. B. Willmott	"	July, 1870 - June, 1915
W. E. Willmott	Asst. Secy.	April, 1899 - July, 1915
"	Secretary	July, 1915 - May, 1916
"	Secy-Treas.	May, 1916 - May, 1940
A. D. A. Mason	Asst. Secy.	April, 1917 - May, 1925
W. E. Willmott	Treasurer	May, 1940 -
Don. W. Gullett	Secretary	May, 1940 -

*Deceased.

ITEMS OF SPECIAL INTEREST

1. Your Board provided to give adequate financial support to the Canadian Dental Association on an equal basis with all other provinces when they do likewise.
2. The Annual Fee was increased from $5.00 to $10.00 payable *beginning January 1st, 1942.*
3. The regulations regarding signs, professional cards, etc., were revised. Please note the changes.
4. The rule regarding re-registration was altered.
5. The Secretary would appreciate:
   (a) Prompt notification of any change of address.
   (b) Indication of any error in the Register.
   (c) The forwarding of any item (clippings, etc.) concerning any member of the College.

Address all communications to

Royal College of Dental Surgeons,
211 Huron Street,
Toronto, Ontario.

1940-41

MEMBERS OF THE BOARD OF DIRECTORS

OF THE

ROYAL COLLEGE OF DENTAL SURGEONS
OF ONTARIO

District No. 1—Dr. Sydney W. Bradley . . . . . Ottawa
District No. 2—Dr. Stanley J. Phillips . . . . . Oshawa
District No. 3—Dr. Franklin A. Blatchford . . Fort William
District No. 4—Dr. Harvey W. Reid . . . . . Toronto
District No. 5—Dr. G. H. Campbell . . . . . Orangeville
District No. 6—Dr. J. Frank Giffen . . . . . London
District No. 7—Dr. J. Elmer Amos . . . . . Brantford
District No. 8—Dr. Herbert L. Field . . . . . Hamilton

Faculty of Dentistry—Dr. Edgar W. Paul

Ex Officio—The Honourable Minister of Health
The Honourable Minister of Education

OFFICERS OF THE BOARD

President—Dr. Franklin A. Blatchford
Vice-President—Dr. G. H. Campbell
Registrar—Dr. Sydney W. Bradley
Treasurer—Dr. W. E. Willmott
Secretary—Dr. Don W. Gullett

COMMITTEES

Government and Legislation—Campbell, Bradley, Phillips
Examiners and Petitions—Amos, Reid, Giffen
Executive—Blatchford, Campbell, Reid, Paul, Phillips
Discipline—Reid, Campbell, Bradley, Giffen, Field

REPORT OF THE BOARD OF DIRECTORS
ROYAL COLLEGE OF DENTAL SURGEONS
1940 - 1941

During the year the Board held two special meetings, October 21st, 22nd, 23rd, 1940 and January 13th, 1941; and the annual meeting was held May 26th, 27th, 28th, 29th and 30th, 1941. All the elected members were present at all the meetings.

The following is a condensd rport of the business transacted during the year:

At the first meeting of the newly elected Board, the reports of the election were presented.

SECRETARY'S REPORT RE ELECTION

To the Board of Directors,

Royal College of Dental Surgeons of Ontario.

Gentlemen:

In accordance with the provisions of the Dentistry Act and of the By-laws of the College, an election of the Board of Directors for the Royal College of Dental Surgeons of Ontario was held in October to December, 1940.

On the nineteenth of October, nominations were called for by circular letter addressed to each member of the College resident in Ontario.

Valid nominations were received as follows:

District No. 1—S. W. Bradley, Ottawa
District No. 2—R. W. Frank, Peterborough
S. J. Phillips, Oshawa
District No. 3—F. A. Blatchford, Fort William
District No. 4—Harvey W. Reid, Toronto
District No. 5—G. H. Campbell, Orangeville
District No. 6—F. J. Furlong, Windsor
J. Frank Giffen, London
District No. 7—J. E. Amos, Brantford
District No. 8—H. L. Field, Hamilton
Claude A. Nelson, St. Catharines

The following retired by registered letter:

District No. 6—F. J. Furlong, Windsor
District No. 8—Claude A. Nelson, St. Catharines

As a result the representatives from Districts Nos. 1, 3, 4, 5, 6, 7, 8 were elected by acclamation and an election in District No. 2 was necessary. On November 29th, ballots were sent to all the qualified electors in District No. 2 with necessary instructions.

The report of the Scrutineers herewith submitted shows the election of S. J. Phillips as representative for District No. 2.

Faculty Representative

A communication herewith presented from the Assistant Secretary of the Faculty Council states that at a meeting of the Council held on January 23rd, 1941, E. W. Paul was elected as the representative of the Faculty to the Board.

The members of the Board for the ensuing year are therefore:

District No. 1—S. W. Bradley, Ottawa
By acclamation
District No. 2—S. J. Phillips, Oshawa
By election
District No. 3—F. A. Blatchford, Fort William
By acclamation

District No. 4—Harvey W. Reid, Toronto
By acclamation
District No. 5—G. H. Campbell, Orangeville
By acclamation
District No. 6—J. Frank Giffen, London
By acclamation
District No. 7—J. E. Amos, Brantford
By acclamation
District No. 8—H. L. Field, Hamilton
By acclamation
Faculty Representative—
E. W. Paul, Toronto.

The ballots as sealed by the scrutineers are herewith presented and should be disposed of by direction of the Board.

(signed) Don. W. Gullett,
Secretary, R.C.D.S.

May 20th, 1941

SCRUTINEER'S REPORT

To the Board of Directors
of the Royal College of Dental Surgeons.

Gentlemen:

According to your request to act as Scrutineers at the biennial election of the Board of Directors of the Royal College of Dental Surgeons of Ontario, we attended at the Board Room of the College this eleventh day of December, 1940.

After we had made the required declaration of secrecy, your Secretary handed us 84 envelopes marked: "Ballot, Royal College of Dntal Surgeons." Of these ballots, 80 only were valid, four being declared invalid for the following reasons:

Two were received on December 11th, 1940 and were therefore late, one was unsealed, and another bore no validation slip.

The 80 valid ballots were marked as follows:

For Dr. R. W. Frank—34.

For Dr. S. J. Phillips—46.

Showing a majority of 12 for Dr. Phillips.

We hereby certify that the above statement regarding the ballots handed us by Don W. Gullett, Secretary of the Royal College of Dental Surgeons of Ontario and the disposition of them is correct for District No. 2.

Signed H. J. Bolitho,
A. T. Laidlaw,
Scrutineers.

Dec. 11th, 1940.

LETTER FROM FACULTY OF DENTISTRY

January 24, 1941.

Dr. D. W. Gullett, Secretary,
Royal College of Dental Surgeons
of Ontario,
Toronto.

Dear Doctor Gullett:

At the meeting of the Council held last evening, Dr. E. W. Paul was elected as the representative from the Faculty of Dentistry to the Board of Directors of the Royal College of Dental Surgeons of Ontario.

Yours very truly,
Flora M. Ward,
Assistant to the Secretary

Motion:—"That the Secretary's report on elections and the report of Scrutineers be approved and entered on the minutes."—Carried.

Later during the meeting it was reported by Drs. Campbell and Field that the ballots of the last election to the Board of the R.C.D.S. had been duly burned.

ELECTION OF OFFICERS

The following officers were elected by ballot without nomination:

President—Dr. Franklin A. Blatchford, Fort William
Vice-President—Dr. G. H. Campbell, Orangeville
Registrar—Dr. Sydney W. Bradley, Ottawa.
Treasurer—Dr. W. E. Willmott, Toronto
Secretary—Dr. Don W. Gullett, Toronto

COMMITTEES AND REPRESENTATIVES

(See page two)

PAST-PRESIDENT'S REPORT

To the Board of Directors,
R.C.D.S. of Ontario.

Gentlemen:

At this meeting I cease to be Representative of District No. 6 and President of the Board and I wish once again to express my deep appreciation of the splendid co-operation and many personal kindnesses afforded me by all the members and officers of the Board. Many important matters have been discussed and action taken in a most harmonious manner during the past eight years. I trust our decisions have been in the best interests of the Profession and the Public at large.

This year the Board will be confronted with many new problems due to the war. The members of our profession have responded splendidly to the call of duty, not only in a financial way, but by enlistments in the Canadian Dental Corps and other branches of the Service. Unfortunately, the percentage of men withdrawn from private practice has not been uniform and already some sections of the Province have inadequate Dental Service. How to correct this is a serious and difficult problem but some solution should be attempted.

Then, too, there is the question of post-war rehabilitation of our members. I am sure they will look to the Board for assistance when the war is won and they return to private practice.

I retire with the utmost confidence that the Board will in the future as in the past, always strive for the improvement of Dentistry in the Province in every possible way.

L. D. HOGAN,
Immediate Past-President
Royal College of Dental
Surgeons of Ontario.

Motion:—"That the report of the Past-President be approved and entered in the minutes and that the Secretary be instructed to convey to Dr. Hogan our thanks and the assurance that this Board will give earnest consideration to the problems mentioned in his report."—Carried.

ANNUAL REPORT OF THE SECRETARY

To the Board of Directors,
Royal College of Dental Surgeons.

Gentlemen:

The organization and direction of a profession is a serious business and demands only the best effort that particular profession has to offer. The licensing body exercises this responsible function. There must exist a long range view-point, for which the ultimate end should ever be an elastic upward trend. Too often the positive side is lost, in our effort to stop up the leaks and abuses but a governing body which halts at this juncture will fail ignominiously to give leadership. We must think of the essential building blocks of the professional structure rather than the continually dwelling on the minor defects or crooks who occasionally break through the fences we so carefully built. Higher levels will only be reached through the efforts of dentistry itself. The public is not likely to bring any pressure for better dentistry until it has suffered from many abuses and frauds.

It should be said with emphasis, especially at this time, that **there is no cheap quick way in which to produce good dentists.** One of the main functions of the Board, if not the chief one, is to grant and take away licenses to practise dentistry. On both duties rest grave responsibilities when considered in the future light of our profession. The Board occupies a position separate and distinct from that of any other group within the profession. The personnel of the Board holds a public trust in that they are the ones entrusted with he powers to administer and enforce the act of Dentistry in this province. A dual responsibility is rested on the members with the profession on one hand and the public on the other. The competency of the applicants for license must be wisely judged, the maintenance of professional standards protected and the health and welfare of the public safeguarded.

In order to achieve advancement there must be things to strive for. Objectives must be kept well out in front and ever in view. It is true, we have set up standards in the past which we know have been wise. These stages of advancement which have been gained at great cost may be temporarily relaxed and later found to be all but permanently lost. It is always more difficult under any conditions to climb upward, than to slip downward. We possess some means of measuring the academic qualifications of an applicant for license. Would that we had some method of determining the moral and ethical standards. We grant a license to an applicant in order that he may become a health worker with public trust when we possess little evidence that the individual himself is free from disease. We must ever be alert to improve our regulations and thus elevate the status of dentistry.

The unlicensed practitioner is an ever-present problem of which the entire responsibility rests with this body, and yet not entirely, for this is a problem in which every dental organization and individual dentist should be ever ready to play their part. Unfortunately even among our own profession some refuse to have any part and law enforcement becomes doubly difficult. The good health of the public is the all important factor and the law strives to abolish all menaces which may interfere with the welfare of the people.

During the present emergency all kindred organizations as well as this Board are having difficult problems to solve. It is to be admitted by all that the first cause of today is the military need of our Empire and we must stand ready to make sacrifice at all times. The responsibility of this body will be to steer dentistry through

these troublous times on an even keel. Problems have arisen during the past year and greater issues will undoubtedly face us before this conflagration ceases. Careful thought and wise decisions must develop concepts with breadth and length of vision.

The men who have been privileged to sit on this Board during the past 73 years have brought dentistry from its beginning to its present level. They had great problems to face and often as records show made great sacrifices in order to uplift the profession they loved. It is our duty to not only retain the result of their labours but to strive for still higher standards.

The following subjects are presented for your consideration:

Military Service

On April 30th, there were 236 men from the Ontario Active Register in Military Service. Of these, 227 are in the Canadian Dental Corps; 8 are in other branches of Military Service; and one is in the British Dental Division of the Royal Army Medical Corps. This number represents 12.3% of the Ontario dentists. It is interesting to note that the larger centres are slightly lower in percentage when compared with the whole province. This may become a matter of some concern for it has been commonly thought that the cities were over staffed with dentists and thus could more easily permit the larger percentage to serve military needs.

Mail Matter

During the year 4,774 articles have been received with 8,679 enclosures, and 16,452 articles, (including 5,459 personal letters) have been prepared and sent out with 34,207 enclosures.

Changes in Register

The Active List is the highest it has ever been in this province. On April 30th, 1940, there were 1890 on the active register with 11 to be added who had not on that date paid the annual fee. The number on April 30th, 1941, was 1933 with 3 to be added who had not paid the fee. To this number is to be added the graduation class of this year.

During the year there has been added in addition to those of the 1940 graduating class of the Faculty of Dentistry, University of Toronto, 31 men as follows:

Transferred from Inactive to Active List

Dominion Dental Certificate Registered		1
From Ontario	25	
" Saskatchewan	1	
" New York State	2	
" Michigan	1	
" California	1	30
Total		31

There were transferred from the Active to the Inactive List as follows:

Out of Practice	7	
Died	6	
License cancelled	1	
Total		14

On April 30th, 1940, there were 3771 names on the register, 42 having been added during the year. Changed from one Post Office to another, in addition to those for military purposes, 59.

Technician's Course

At the special meeting of the Board in January, request was made to be allowed to hold a course for the training of technicians to fill a necessary need of the Dental Corps. Permission was granted by resolution.

On May 5th a course was begun with 59 men in attendance. It is proposed that the course will end on or before October 17th. This Board should take cognizance of the significance of this project. Detailed information of the personnel is herewith presented for your consideration.

Essex County Dental Society

Immediately after the last annual meeting a resolution was forwarded to the Secretary from the Essex County Dental Society. Reply was made stating that the resolution would be presented at the next meeting of the Board for consideration.

Application for Licence

Of the forty-five students in attendance at the Faculty of Dentistry, University of Toronto, forty-four have made application for the L.D.S. and one could not qualify under the citizenship rule. Of these thirteen entered the second year and one the final year. Several of the ad eundum students will not be entitled to receive their certificates until the required registration fee has been paid.

Licentiates Who Have Died Since Annual Meeting, 1940

In Practice in Ontario:			
1892	Wilkinson, W. R.	Kitchener	Feb. 23, 1941
1897	Sutton, J. L.	Lindsay	April 9, 1941
1899	Kennedy, H. J.	Ailsa Craig	April 16, 1941
1914	Savage, L. J.	St. Thomas	Aug. 10, 1940
1916	Oliver, E. J.	Toronto	May 7, 1941
1916	Weir, W. W.	Toronto	May 10, 1941
1917	Jarman, F. S.	Toronto	Feb. 15, 1941
1925	Staton, D. E.	Toronto	Nov. 28, 1940
1929	Fraser, F. A.	Toronto	Oct. 11, 1940
Out of Practice in Ontario:			
1892	Ross, F. B.	Hamilton	Feb. 26, 1941
1894	Cross, M. F.	Ottawa	Feb. 20, 1941
1899	Browne, Claude	London	May, 1941
Not in Ontario:			
1916	Astle, W. W.	Edmonton	April 21, 1941
1921	Thornley, G. A.	Capac, Mich.	Jan. 8, 1941
1924	Armstrong, T. V.	Calgary, Alta.	Oct. 9, 1940
1924	Massey, L. E.	Vancouver, B.C.	Jan. 15, 1941

Indentured Students

26 applications have been received from students for the purpose of indenture. Permission in each case has been granted.

Requests were made to allow students, who had completed the fourth year, to indenture in hospitals for full time where the dentist in charge was present only part time. After due consideration such requests were refused. It was not thought to be in the best interests of the students, the public nor the profession for these men to be practising without direct supervision as called for by the regulations of the Board.

Students have been permitted to indenture in hospitals where the dentist is not present at all times, under certain specific conditions.

Act and By-laws

The supply of pamphlets containing the Act and By-laws is exhausted. It is essential that a new edition be printed. In order to do this the revision of the by-laws will need to be completed at this meeting of the Board.

CANADIAN DENTAL ASSOCIATION

Resolutions Received

In addition to the resolutions presented at the last meeting of the Board, the following dental organizations have forwarded resolutions asking the Board to give increased support to the C.D.A. by increasing the annual fee:

Huron County Dental Society
Essex County Dental Society
Hamilton Dental Association
Toronto Academy of Dentistry

Letters Received

On May 5th a committee of the Canadian Dental Association sent out a letter to every member of the College suggesting that a reply be made to the Secretary of the Board expressing in opinion on the subject of increasing the licentiate fee in order to give greater financial support to the C.D.A.

This office has received 25 letters of which 15 are definitely in favour of this action. 8 are decidedly against the increase and 3 are conditional.

Plebiscite

A plebiscite was taken at the time of the election of officers at the recent Ontario Dental Convention on the following questions:

"Do you favour an increase in the annual licentiate fee to enable the Board of the R.C.D.S. to provide adequate financial support to the C.D.A. on an equal per capita basis with all other provinces?" (The Dentistry Act of Ontario permits a maximum annual licentiate fee of $10.00). Result of this plebiscite:

No. of votes cast	175
Yes	150
No	25

Plan for Dental Care

It is surprising the number of individuals and others representing many agencies who are making inquiry and seeking figures on methods of practising dentistry in some form of group basis. It would appear that more study is being given this subject outside of the profession than within. The opportunity may never arise when such a plan will be urgent but if such a time does arise the organization or agency with the more or less feasible plan in readiness to present, will probably be the one selected to carry out the arrangement. Dentistry should have a small group giving intensive study to this matter. Group medical service is functioning in this province under a plan proposed by organized medicine. Group hospital service has been organized during the past year by the hospital association. There is at least indication that dentistry may be called upon to provide some plan for dental care.

Telephone Directories

Through the co-operation of the Toronto Academy of Dentistry we have secured an agreement with the Bell Telephone Co. regarding the listing of dentists in the directories throughout the province.

The telephone company expressed great willingness to co-operate with us in any way possible. We were asked to authorize the principles as presented in time for the forthcoming issue of the directory. These principles may be altered before any issue of the directory.

The Board if it so desires should confirm this agreement by resolution.

Notices for Extra-Mural

Regulation is in force at present that the notices of these meetings be sent from this office two weeks preceding the date of the meeting. Some men have objected to sending the notices so far ahead and have suggested 10 days or one week. If the Board thinks a change advisable a motion will be necessary.

Dominion Dental Council

(1) The Secretary was requested to obtain the fee charged for registration by the other provinces. It is herewith presented along with some other details obtained at the same time.

(2) **Re Provisions** for Registering D.D.C. Certificates in Ontario. The legality of our Board making any inquiry into the preliminary qualifications of any D.D.C. certificate holder was questioned. Legal opinion on this question has been obtained.

Appointment to the Senate

The term of our appointee to the Senate expires this fall and it is in order that a new appointment be made.

The Board should have a regular attendant at the meetings of the Senate in order that we may keep informed on the matters affecting our profession coming before that body and also to exercise our right to vote.

Course in Practice Management

Funds were made available by the Board to the Toronto Academy of Dentistry for the purpose of conducting a course on Practice Management. The course was favourably received. Subsequently the course was presented at the convention of the Ontario Dental Association and at least part is to be published in the Journal of the Canadian Dental Association, in both cases by permission of the Board. Some letters of commendation for this activity of the Board from members of the profession have been received.

Registration of Men Serving in C.D.C.

By resolution at our last meeting the annual fees of all licentiates, who enlisted in any branch of the war services previous to April 30th, were remitted.

This resolution referred particularly to the year 1940. If the Board sees fit to pass a resolution continuing this patriotic action for the duration, the date when the renewal is to be issued should be definitely stated for the guidance of the Secretary. This matter should be considered both from the standpoint of those in the Corps on January 1st and those who enlist during the year.

Records

The graduates of the Royal College of Dental Surgeons should possess better records of their graduates than are now obtainable. While it will be impossible to make complete files for every graduate the situation will not improve by waiting. It will be necessary to make some expenditure for new filing cabinets suitably arranged for this purpose if we are to proceed. We ask your consideration of this matter.

THE REGISTER

The present register of the R.C.D.S. does not give the information to be usually found in the register of other licensing bodies. The Active Register should contain the complete address and qualifications of the individual concerned. The purpose of the Inactive List would be served by simply listing the names. This would necessitate a complete re-arrangement of the form of publication.

Oath of Allegiance

At the last meeting of the Board direction was given that every applicant for a license was to be sworn for an Oath of Allegiance. Through the advice of our legal advisor, a suitable form was adopted and in order to make this form strictly authentic a resolution from this Board adopting this particular form will be necessary.

Dr. M. L. Yampolsky

Dr. Yampolsky has again made application to write the examinations of the R.C.D.S. stating that his case is now clear in Alberta.

Application to Practise a Specialty

Dr. A. R. Scott has made application to practise as a Specialist in Exodontia. By resolution of the Board he must have the approval of the Board to do so. Inquiry was made as to the qualifications of the applicant which are herewith presented, together with the application.

Dr. R. E. Diprose has notified the Board by letter that he intends to open a practice limited to Exodontia in the city of Toronto this fall.

Extramural and Extension Lecture Service

During the year there have been 30 Extramural and 5 Extension Lecture meetings which were given by 17 clinicians. The proportion of Extension Lectures was slightly higher this year. There were approximately 2700 notices of the meetings mailed and in addition an endeavour was made to reach members of the Dental Corps in the vicinity of the meeting. The total attendance was 748 or an average of 21.4 per meeting. The Secretary has attended about 50% of the meetings and desires to report that the clinicians are giving splendid programmes which require a great deal of time and energy to prepare. This service is greatly appreciated and serves the dual purpose of bringing the men together and at the same time giving practical post-graduate instruction.

A complete report of the meetings is herewith presented.

EXTRAMURAL LECTURES AND CLINICS

Society and Place	Date 1940-41	Speaker	Subjects Presented	No. Present	Honorarium	Expenses

1891	M. J. Sisley	Toronto
1891	J. E. Wilkinson	Toronto
1891	W. R. Winters	Ottawa
1891	G. F. Wright	Trenton

This has been done by resolution of the Board for some years in the past. It will be necessary for this Board to make a new resolution in order to continue the custom.

Part Payment of Fees

Part payment of fee is from time to time offered. If part of the fee is accepted, the Board is placed in an awkward situation in that the individual is neither in good standing nor not in good standing. Furthermore if part of the fee were accepted it would be questionable if court action should be undertaken. The hand of the Secretary would be strengthened if the Board passed a resolution stating that all fees must be made at one time in full payment.

Registration Fees

(1) Students are registered with the R.C.D.S. at the beginning of their course. The regular fee for students is $50.00 or $10.00 per session. The fee for licentiates is $100.00. If a student fails for any reason to register with the R.C.D.S. while a student he becomes after graduation, of course, a licentiate. In the past it has been the custom to register any licentiate who has been a student at any time for the student fee. This condition destroys the financial incentive at least for student registration, if it is discovered that he can register at any time for the same fee.

(2) Ad eundum students who do not accept the opportunity to register at the time of entering the course may at a later date make request to register. Should they be allowed to do so and at what fee?

Inquiries Re License

There have been a great number of inquiries re license to practise in Ontario from England, France, United States and other countries. The present residence of the inquirer is no indication of his country of origin under present world conditions.

Publication of Prosecutions of Illegal Practitioners

The Board has been asked to submit to the Journal of the Canadian Dental Association for publication, statements regarding court actions against illegal practitioners.

Membership in C.D.A.

At the last meeting direction was requested in regard to carrying members, who are excused payment of the annual licentiate fee, as members of the C.D.A. In this group are included the men in the Dental Corps and the honourary registrations. No direction in this matter has been given as yet.

Annual Payment From University

By instruction received from the Board at the last meeting an interview was secured with the Bursar of the University in regard to the annual payment to the Board from the University. After some discussion, it was agreed and later confirmed by letter that the Board would accept $2,000 per annum.

Congress on Dental Education and Licensure

At the Congress on Dental Education and Licensure held in Chicago during the month of February, a most comprehensive summary of dental education and licensure was presented. While it would be impossible to make adequate report of the meeting there were several prominent points among which were the following:

—There exists an effort to-day to place dental education within the fold of the medical school, as represented in the Havard plan. The plan was strongly supported by its originators and met rather violent opposition during discussion as might be expected.

—The number of students entering dental school and thence the profession has been decreasing steadily since 1924. While it is true that the entrance requirements have been steadily raised during this period, it is thought that there must be other reasons why the number has lessened.

—Much attention was given to the type of student entering dentistry. Evidence was presented that for some reason dentistry has not been attracting the best students. Ways and means are to be studied in an effort to remedy this unsatisfactory condition.

—The functions of the licensing board were emphasized throughout the programme and many valuable suggestions presented.

The discussion of such subjects which after all are common to all licensing bodies tend to widen the horizon and give a better view of the whole dental structure.

This Board from the beginning until a recent date was almost continuously a member of the National Association of Dental Examiners. Many of the ideas and plans which made for the betterment of Dentistry in Ontario came originally from this connection. The interchange of thought at the meetings cannot help but give benefit to the profession. During the year, not only at this meeting but at many other times, information when asked for has been freely given and it has been with a somewhat guilty feeling on our part because we are not making any contribution.

Your representative was most heartily welcomed and extended every courtesy.

Matriculation

Your attention is directed to the entrance requirements for students into the Faculty of Dentistry for the year 1941-42 which are as follows:

The Ontario Secondary School Graduation Diploma in the General Course, and the Ontario Grade XIII certificate, or equivalent certificates, showing that he has completed satisfactorily and obtained the required standing in the following subjects:—

Secondary School Graduation Diploma

Although no subjects are definitely prescribed, a knowledge of Latin is desirable for a student in Dentistry:

Grade XIII

English
Mathematics (two of Algebra, Geometry, Trigonometry)
Science (two of Botany, Chemistry, Physics ,Zoology)
One of French
German
Greek
Italian or Spanish
Latin
One of History
A Mathematical paper not chosen elsewhere
Music
Science (two papers not chosen elsewhere)
A second subject from the preceding group.

Legal Advisor

Mr. Hellmuth who for a great many years has given faithful service and advice to this Board has forwarded his resignation owing to advanced years and his state of health.

Royal Commission on Dominion-Provincial Relations

The report on Public Health by this body was read and very little mention of dentistry was found. In Saskatchewan under the Public Health Act the Health Board of a municipality is empowered to approve contracts made by municipal councils for dental services.

In Ontario by agreement with school Boards, the local health Board may provide dental inspection. The Canadian Dental Hygiene Council is found in a list of similar organizations.

Otherwise, Dentistry is not mention.

Dental Technicians and Laboratories

During the year the position of the technician in relationship to the dentist has been a subject of more than passing interest. The technician is gradually and quietly taking over a part of the practice of dentistry in this province. The Board should be fully cognizant of this fact and study should be given to the matter. This situation is being faced and dealt with by some other Licensing Boards at the present and a definite relationship being established.

These items have been brought to the attention of the Secretary since the last meeting of the Board and are considered of enough importance to be placed before you. The presentation does not mean that action is to be necessarily taken on all of them, indeed it has often been found in the past that inaction was the best method to deal with the subject at hand.

In closing may I thank the members of the Board for the splendid co-operation they have given me during the past year.

Faithfully submitted,

DON W. GULLETT,
Secretary.

Motion:—"That the Board of the Royal College of Dental Surgeons has considered the letter of the Essex County Dental Association re the appointment of the officials of the Board. We believe the action of the Board was justified and proper in view of the very many serious problems Dentistry is facing in this province at the present time. We feel that the letter written the society by our President, Dr. Hogan, probably will explain the necessity of our action. If any further information is desired we shall be pleased to send a representative to one of the meetings of the Essex Association to discuss with them some of the questions with which the members of our college are concerned and would suggest that the Board be notified as to the date of that meeting."—Carried.

Motion:—,'That plan for Dental care be referred to committee "On Co-operation with O.D.A. and Group to promote P.D.H. Education and report at Fall Meeting."—Carried.

Motion:—"That the agreement referring to listing of Dentists in directories of the province of Ontario entered into between the Bell Telephone Co. and the Secretary of the R.C.D.S. be approved and that the appreciation of this body be forwarded to the telephone company."—Carried.

Motion:—"That notices of Extra-Mural lectures be sent out ten days in advance of such lectures instead of two weeks in advance as formerly."—Carried.

Motion:—"That Dr. Gullett be appointed the representative of the Board to the Senate of the University of Toronto."—Carried.

Motion:—"That the members of the R.C.D.S. now serving in his Majesty's Forces or who enlisted before April 30th, 1941, be granted a renewal certificate for 1941."—Carried.

Motion:—"That the Secretary proceed with a filing system of the records of the various members of the R.C.D.S."—Carried.

Motion:—"That Dr. A. R. Scott be granted permission by this Board to practice the specialty of Exodontia."—Carried.

Motion:—"That the Form No. 12, Aug. '40, 400, be adopted by this Board for the purpose of taking the Oath of Allegiance."—Carried.

Motion:—"That the Secretary be instructed to write Dr. Yampolsky that it is our opinion that his only course is to make application to the Faculty of Dentistry of the University of Toronto for a valuation of his educational qualifications."—Carried.

Motion:—"That Honorary Membership be granted to men who have been in practice for 50 years or more."—Carried.

Motion:—"That all fees must be paid at one time and in full payment."—Carried.

Motion:—"That the Journal of the Canadian Dental Association be the official journal of this Board."—Carried.

Motion:—"That the Entrance Requirements for students applying for registration with the R.C.D.S. be as follows:

Secondary School Graduation Diploma

Although no subjects are definitely prescribed, a knowledge of Latin is desirable for a student in Dentistry:

Grade XIII

English
Mathematics (two of Algebra, Geometry, Trigonometry)
Science (two of Botany, Chemistry, Physics, Zoology)
One of French
German
Greek
Italian or Spanish
Latin
One of History
A Mathematical paper not chosen elsewhere
Music
Science (two papers not chosen elsewhere)
A second subject from the preceding group

and that the same be inserted in the regulations for 1941-1942."—Carried.

Motion:—"That the resignation of I. F. Hellmuth, as solicitor of this Board be accepted and that the Secretary be instructed to write to Mr. Hellmuth expressing our appreciation of his services and our regret for the necessity of the termination of our amicable associations."—Carried.

Motion:—"That the Secretary be authorized to have printed 2600 copies of the Dentistry Act and revised By-laws of the Board."—Carried.

Motion:—"That the Secretary's report be received and adopted."—Carried.

TREASURER'S REPORT

To the Board of Directors of
the Royal College of Dental Surgeons of Ontario.
Gentlemen:

Your Treasurer presents herewith his report for 1940-41:—

Licentiate Fees

On December 16th, 1940 a notice of the annual fee being due January 1st, 1941, was sent to each licentiate practising in Ontario except to those who had been fifty or more years in practice.

Following the instructions of the Board a second notice to those who had not paid (727) was mailed on January 23rd quoting the directions as ordered by the Board:—

1. Where the fee is not paid by February 1st, a draft will be issued.
2. Where the fee is not paid by March 1st, the penalty ($5.00) as prescribed by Sect. 19 (3) of the Dentistry Act (R.S.O. 1937) and By-Law No. 9, will be added and the fee not accepted unless the penalty is included.
3. Where the fee and penalty are not paid by April 1st, court action will be taken.

On February 10th, 291 drafts were entered at the bank. In 13 instances the fee was paid direct before the draft was presented. 165 paid through the bank; 4 had enlisted; 2 had moved from Ontario; 2 were ill; 101 paid direct and 1 had been burned out and office badly damaged, (he paid later), and 3 did not pay.

On April 8th, 1941, after several communications from the Secretary with no response, three arrears with penalties added were put in Division Court. One of these has been paid since the close of the year and a judgment summons issued against the other two.

One practitioner who was ill for several months has paid the fee since the close of the year.

There are therefore two arrears with penalties for the year 1940-41, namely: W. G. Manning of Hamilton and Arch A. Stewart of Toronto.

Three 1940 fees were returned to those who had enlisted previous to April 30th, 1940, but whose enlistment was not recorded in this office at that time.

There are 223 licentiates from Ontario enlisted in the Militia. Of these 193 were not required to pay the 1941 fee; 29 who had paid and enlisted previous to April 30th, 1941, will have the fee returned.

13 of this year's graduating class have also enlisted.

Extramural and Extension Lecture Service

(See Secretary's Report for details)

The expenses for the year were:—

University for Extra-Mural Honoraria	$ 500.00
Extension Lecture Honoraria	125.00
Expenses of Speakers	930.42
Printing	80.73
Postage (included in postal charges)	27.00
	$1663.15
The appropriation for the year was	$1500.00

A refund of $300.00 was received from the University as the balance from 1939-40.

Harry R. Abbott Library Fund

During the year $512.07 has been received from the estate of the late Dorinda E. Tully—$500.00 was forwarded to the University Librarian for the purchase of books. There is a balance of $597.30 in the fund. (See Auditor's Report).

Library and Museum

Some years ago the Ontario Dental Association made a grant of $200.00 to be expended as the Librarian desired. A balance of $143.13 has been carried forward for some time. During the year a specimen for the museum has been purchased and charged to this account ($15.00) leaving a balance of $128.13.

Students' Loans

(See auditors' report and report of Committee)

Auditors

It will be necessary to appoint auditors for the ensuing year.

Auditors' Statements

Auditors' statements herewith submitted:

(a) Balance sheet showing assets and liabilities.
(b) Receipts and Disbursements of Board Account.
(c) Harry R. Abbott Memorial Library Fund.

W. E. WILLMOTT,
Treasurer.

May 26th, 1941.

Motion:—"That if the annual licentiate fee for 1941 with penalty and court costs on same of Dr. Arch A. Stewart of Toronto be not paid before June 30th, 1941, his license be suspended from that date until such time as he make payment in full."—Carried.

Motion:—"That Thorne, Mulholland, Howson and McPherson be appointed auditors for the ensuing year."—Carried.

Motion:—"That the Treasurer's report be received and entered on the minutes."—Carried.

FINANCIAL STATEMENT
(Year ended April 30th, 1941)

May 19th, 1941.

To the President,
Royal College of Dental Surgeons of Ontario.

Dear Sir:—

We have audited the books and accounts of the Royal College of Dental Surgeons of Ontario for the year ended April 30th, 1941, and submit herewith our report together with the following statements and schedules:

Balance Sheet
Receipts and Disbursements, General
Receipts and Disbursements, Harry R. Abbott Memorial Library Fund
Government, Government Guaranteed and Municipal Bonds

With reference to the loans to ex-service men, the payments on principal and interest during the year under review amounted to $1,562.52 and $54.00 respectively, and loans amounting to $2,328.54 were written off. The unpaid balances as of April 30th, 1941, less balances written off, amounted to $8,837.45 and the surplus shown on the balance sheet is subject to the realization of these accounts and the loan to a student which, with accrued interest, amounts to $469.85. The Board should approve the write-off of loans totalling $1,132.39, details of which have been furnished to the Secretary. No accrued or unpaid interest on the loans to ex-service men has been considered in the accompanying balance sheet.

The outstanding licentiate fees at April 30th, 1941, amounted to $15.00.

Respectfully submitted,
(Signed) THORNE, MULHOLLAND,HOWSON & McPHERSON
Chartered Accountants.

NURSES' PRIZES

The Dean reported that the Board's prizes for General Proficiency were awarded as follows:

1st prize to Miss I. E. Thompson

2nd prize to Miss M. M. G. Pepin.

REPORT OF DISCIPLINE COMMITTEE

The following is a condensed report of the activities of the Discipline Committee during the year:

To the Board of Directors
Royal College of Dental Surgeons.

Gentlemen:

The work of the discipline committee since the last meeting of the Board has been for the most part in prosecution of the illegal practitioner. There has not been the usual number of complaints received regarding members of the profession owing undoubtedly to the fact that men are busier and less inclined to attempt trespassing regulations.

Dr. ———

Complaint was received that this man was not fit to be a member of the profession and was a great detriment to dentistry in the area where he practises. A letter was written to Dr. ——— pointing out that the Board was fully informed of his past conduct and that while it had been decided to take no action at present, such a lenient view of any future misconduct could not be taken. Reply at length was received disclaiming any guilt and thanking the Board for their consideration.

Dr. ———

Complaint was received enclosing an account statement heading sent out by Dr. ——— which had the following words thereon printed: "Gas for extraction," "No charge for X-rays." A letter was written to him and after some further correspondence, he agreed to the justness of the Board's view and acquiesced in having the statements printed without the objectionable words.

Dr. ———

Several copies of a church calendar were forwarded to the Secretary containing a rather prominent notice in red ink of Dr. ———'s office, etc. It was pointed out by letter that this action was contrary to our regulations and Dr. ——— very graciously had the notice stamped out on all printed calendars.

Dr. ———

A dentist of Toronto was reported to be posing as a professor at the college, also that he used the convention programme to show his patients where he was giving a clinic but failed to appear at the convention, and several other minor offences of like nature. A letter was written and satisfactory reply received. Nothing further has been reported about this matter.

Dr. ———

A dentist who recently graduated in Osteopathy set up a combined practice of Dentistry and Osteopathy. Press clippings of a definitely advertising nature were received by the Secretary. On June 11th, 1940, the Secretary visited Dr. ——— and after a lengthy discussion he agreed to abide by the regulations of the College. He also revised his sign to comply with the rules of the R.C.D.S. a few days after the visit.

Dr. ———

A small card was received as a sample of those which Dr. ——— had allowed to be distributed in the village of ———. The card announced the day when he would visit this village and was addressed to "Householder." A letter was written to Dr. ——— pointing out his infraction of the regulations. A satisfactory reply was received stating that his offence was unintentional and we need have no worry as he desired to carry on in an ethical manner.

Drs. ——— ———

It was stated to the Secretary and a letter was received explaining that the above men were violating our regulations concerning the placing of professional notices in newspapers. A copy of the local paper was forwarded. The Secretary drafted a letter which was registered to each man concerned. Suitable reply was received and subsequent issues of the paper contained revised ethical cards.

Dr. ———

It was reported to the Secretary that this man was carrying on a wholesale type of dental practice and had employed assistants who were not registered. Operatives were sent to this location who reported the conditions. On the information obtained, the Secretary made a visit and found a licentiate practising who had not paid his annual fee. This matter was adjusted.

Drs. ——— ———

These men were found to be violating our regulations in that the words "Gas Extractions" appeared on their windows.

Letters were written, satisfactory replies received and in each case the sign was removed.

Many other matters relating to signs and minor indiscretions have been dealt with by telephone and personal contact. The Secretary has been able to bring many cases to a most satisfactory conclusion by conversation with the individual concerned.

Cancellation of License

At a special meeting of the Board held on January 13, 1941, the Discipline Committee presented the following report:

"That after due consideration of the evidence presented, we recommend to the Board that the license of Dr. F. J. Stodgell of Windsor be cancelled."

G. H. CAMPBELL,
Chairman of Discipline Committee.

Randolph Laboratories

An advertisement has been appearing in the personal column of many newspapers for some months. There have been a great number of complaints received about this advertisement. The wording is as follows:

"False teeth looseness corrected cheaply, easily. Build up old plates yourself overnight. Information—Randolph Laboratories, Box 23, Postal Station F., Toronto."

On the appearance of the advertisement it was immediately checked and in reply a letter was received explaining Dr. Mark's Miracle Fix which could be secured by mailing $1.00 to 22 Whitehall Road, Toronto.

The circumstances were investigated. The material is similar to the products sold by the supply houses for rebasing. As the patient does all the work we can do nothing in the matter.

Illegal Practitioners

Beland, J. Albert, Timmins

On April 22nd, 1941, J. Albert Beland appeared before Magistrate Atkinson at Timmins and pleaded guilty to the charge of practising dentistry illegally. He was fined $100.00 and costs.

Leishman, John, Toronto

On March 14th, 1941, John Leishman appeared before Magistrate Forsythe at Toronto, and was found guilty of practising dentistry illegally. This being a second offence, he was fined $200.00 or two months. The fine was paid.

Smith, Leonard K., Toronto

On April 4th, 1941, Leonard K. Smith appeared before Magistrate Prentice at Toronto and was convicted of practising dentistry illegally. As this was a second offence, he was fined $200.00 or three months in jail. The fine was paid.

Sutcliffe, James, Toronto

On April 8th, 1941, James W. Sutcliffe appeared before Magistrate Keith at York County Court, Toronto, and was convicted of practising dentistry illegally. He was fined on a first offence $100.00 or 30 days. The fine was paid.

Several other men are known to be practising dentistry illegally in this province at the present time. The committee are doing their utmost to deal with them. The co-operation of the dental societies is extremely valuable. The Timmins Dental Society is especially to be commended for the prompt and active part they played in dealing with the culprit who appeared in their vicinity. Individual dentists have also rendered great assistance in reporting information to the Secretary of the Board. The most effective work has been accomplished through such co-operative effort. On the other hand the situation is exceedingly difficult where the active help of the local dental organization or personnel is refused, as unfortunately is sometimes the case.

There has been some reason to suspect, as a result of our investigations that there may be a few foreign refugees who have some knowledge about dentistry in our midst.

All cases which have been brought to the attention of the committee have been investigated.

Respectfully submitted,

G. H. CAMPBELL,
Chairman

May 1st, 1941.

Motion:—"That the report of the Discipline Committee with regard to Dr. F. J. Stodgell be adopted and that the license of the said Dr. F. J. Stodgell be hereby cancelled from this 13th day of January, 1941."—Carried.

Motion:—"That the report of the Discipline Committee be received and entered on the minutes."—Carried.

REPORT OF DOMINION DENTAL COUNCIL

Having not had a meeting of the Dominion Dental Council, since our last meeting, there is very little to report of its activities.

The suggestion was made a few weeks ago that the Dominion Dental Council examinations be granted to any graduating students who were entering the Dental Corps, but it was felt that this was not a good precedence to establish, and the Council was not convinced that the needs of the Corps were so urgent that the extra few weeks required for students to complete their examinations

would be of any great benefit to the Corps. On the other hand, dispensing with the examinations and the few extra weeks in school might prove of some disadvantage to the students themselves, so it was decided not to relax our regulations. Consequently, the examinations for the Dominion Dental Council are proceeding as usual.

G. H. CAMPBELL,
Representative.

Motion:—"That the report of the representative of the Dominion Dental Council be adopted."—Carried.

In connection with the Dominion Dental Council, Dr. Paul presented a resolution from the Faculty Council which had been proposed by Dr. Thomas Cowling and referred from that body to this Board. The resolution dealt with the matter of combining examinations.

Motion:—"That the resolution of Dr. Thos. Cowling as approved by the Executive Committee of the Dental Faculty Council of the University of Toronto be referred to this Board's representative on the D.D.C. for further study and to report back at the fall meeting."—Carried.

WORKMEN'S COMPENSATION BOARD

To the Board of the Royal College of Dental Surgeons.
Gentlemen:

We Members of your Committee beg to report another year of happy co-operation between the Workmen's Compensation Board and the Members of the Profession in Ontario. You will find appended the report of your dental referee and it very fully explains of the duties and the difficulties that are entailed.

We recommend that this Board give consideration to the question of acrylic resins as denture bases: also the question of fractured artificial appliances in cases that come under the jurisdiction of the Workmen's Compensation Board.

We fully realize that the great body of the Profession are aware of the rules and schedule of fees of the Workmen's Compensation Board, and are most meticulous in abiding by these. There are a very few who still imagine that the Board can pay fancy fees and present ridiculous estimates. This reflects on the Profession at large and we would ask that these very few make an effort to co-operate more fully. Careful charting of all cases on the forms supplied is not only desirable, but forestalls any misunderstanding.

All of which is respectfully submitted.

HARVEY W. REID

Board of Directors of R.C.D.S.
Gentlemen:

On request of your Secretary, Dr. D. W. Gullett, I am privileged to report to you as your appointed dental referee to the Workmen's Compensation Board. This report covers the period of one year ending May 1, 1941.

During the period 36 claims have been reviewed and written reports made to the Compensation Board. Further perhaps as many more were referred verbally by telephone and assistance given in arranging settlement.

The range of problems presented vary widely as you would probably expect. Perhaps one or two observations might interest you in reviewing one's experiences: . .

1. In general, the profession in Ontario is very co-operative and helpful to the Board in rendering splendid service to the dental claimants.

2. There are, however, a few men who seem to have difficulty in realizing the Board is responsible for injuries to the teeth only as a direct result of the accident and then fail to give accurate and complete information on the Board's dental form of the condition before and after the accident. An instance of this was reported to your secretary in a copy of a report to the Board re Dr. ———.

3. On occasions men have submitted an elaborate outline of services without any apparent effort to understand the Board's tariff schedule; in such instances your referee endeavours to mediate in the interests of all parties concerned. A misapplied practice of a type of so-called dental economics might be a factor here.

4. In a few instances claimants have had injuries to their teeth and a dentist was not called in by the physician for some weeks after the accident. I have pointed this out to the Board and asked that a question be placed on the physician's report form as follows—"Has this patient injuries to his teeth?" If the answer is "Yes" the Board can then follow up and request a dental report. This, I think, is essential if the dentist is expected to report accurately the conditions arising from an accident.

5. The matter of broken removable appliances still remains a problem. As you know, compensation is not allowed for such appliances broken in an accident. A copy of a letter under date July 25, 1940, to Dr. ——— of ——— was mailed your secretary and sets out this problem fully.

6. In the construction of removable appliances, vulcanite is still the recognized base plate material. In a certain few instances your referee has recommended acrylic resin as a base on request from a dentist and the Board has allowed it. I think the Board and your referee would appreciate an opinion as to merits of this commonly used material together with a fair fee for same.

Other problems present themselves such as the analysing of dentists' reports to the Board concerning involved dental claims; the clinical examinations where the claimant is dissatisfied with dental services rendered and offering suggestions toward an amicable settlement; dealing with claims where there might seem to be a tendency to irregular practice and when such occurs it is reported to your secretary informally.

One could go on and recite the interesting phases of many cases but I understand the purpose of this report is to give you gentlemen some idea of the work of your dental referee. I would be very remiss, however, if I did not comment on the happy co-operative relations I enjoy with the Compensation Board through their Medical Aid Officer, Mr. C. G. Cameron, and further in this connection he has expressed many times the delight of the Compensation Board members for the harmonious co-operation that exists with the Board of the R.C.D.S.

Finally, may I express my personal appreciation for confidence extended to me in permitting me to act as your representative in this capacity.

Respectfully submitted,

————, D.D.S.,
Dental Referee
Workmen's Compensation Board.

May 10th, 1941.

Motion:—"That we, the Board of the R.C.D.S., recommend to the Workmen's Compensation Board that Forty Dollars be the fee for a full acrylic denture and respectfully direct their attention to our previous resolution in regard to fractured artificial appliances." —Carried.

Motion:—"That the Dental Referee to the Workmen's Compensation Board be re-appointed and that the Secretary be instructed to acquaint him of our appreciation of his services."—Carried.

Motion:—"That the reports of the Committee to the Workmen's Compensation Board and the Dental Referee be received and entered on the minutes."—Carried.

Representing the Committee of the Canadian Dental Association on National Dental Progress, Drs. C. H. M. Williams, G. V. Fisk and J. A. Bothwell met the Board and presented the following report:

REPORT OF COMMITTEE ON NATIONAL DENTAL PROGRESS OF THE C.D.A.

To the Board of Directors of the R.C.D.S.

Gentlemen:

In the resolution passed at the annual meeting May 1940, the Board of the R.C.D.S. recognized the need for more adequate support to the C.D.A. It was also indicated that an educational programme was desirable before the Board would be justified in increasing the annual licentiate fee.

This expression of opinion from the Board of the R.C.D.S. influenced the C.D.A. to re-appoint the Advisory Committee under the new name of the Committee on National Dental Progress.

The Board of the R.C.D.S. rendered greatly appreciated assistance through the appointment to our Committee of Dr. Don Gullett, whose broad knowledge of the various activities of the dental profession have been invaluable to the Committee. Upon its re-appointment, the Committee was instructed that one of its main duties would be to conduct the educational effort, as mentioned in the resolution of the Board.

To accomplish this important assignment, a uniform plan, applicable to all provinces, was developed as follows:—

1. The formation of provincial committees under the Chairman of the Board of Delegates.
2. The personal presentation of education material before local dental societies leading to resolutions favoring increased financial support to the C.D.A.
3. The publication of articles specially prepared by the Committee each month in the Journal of the C.D.A. Copies of these articles are appended.

In Ontario, with the approval of Dr. F. Blatchford, the Senior Delegate of the C.D.A. on the Board of the R.C.D.S., a letter, copy of which is appended, was sent to every dentist in the province reporting some of the recent accomplishments of the C.D.A. In this letter announcement was also made of the ballot vote which was taken at the recent meeting of the O.D.A. on the question of an increase in the annual licentiate fee to enable the Board of the R.C.D.S. to provide adequate financial support to the C.D.A.

The expression of opinion in the resolutions which have been received from a large number of the local societies and the letters from individuals is an indication of the effectiveness of our educational effort.

Our Committee is pleased to record the valuable co-operation of the Board of Governors of the O.D.A. in permitting a plebiscite at the recent annual meeting. The results of the recorded vote showing a ratio of six in favour of increasing the annual licentiate fee to one against the increase have been reported to you by your Secretary.

In the other provinces a canvass has been made of the need for educational efforts. Where required, they will be conducted upon the request of the Provincial Co-operating Committee.

Respectfully submitted,
(Signed) C. H. M. Williams, Chairman.

Motion:—"That the report of the C.D.A. Committee on National Dental Progress be received and entered on the minutes."—Carried.

REPORT ON CANADIAN DENTAL ASSOCIATION

To the Board of Directors of the
Royal College of Dental Surgeons.

Gentlemen:

Many questions have come before the C.D.A. for discussion and action since the last report was made to this Board a year ago. It would be quite impossible to go into full detail here as this report would be too long, to cover all work during the year, but to give you some of the subjects dealt with we will name a few and will later discuss two urgent matters to be dealt with by the Board.

NATIONAL WAR SERVICES.

TARIFFS: One of our own members, Dr. Bradley, has given a great deal of valuable work to Canadian Dentistry on this item. Only a few weeks ago he and the Secretary had a suggested ruling by the Customs Department changed to our advantage, in the sale of scrap gold, and the importation of required materials and appliances.

CANADIAN ARMY DENTAL CORPS: Items are constantly arising under this heading and this will continue as long as this war is in progress.

SUPPLY OF DENTISTS FOR CIVIL POPULATION.

WAR RELIEF TO DENTISTS IN ENGLAND.

The problem of Rehabilitation of the Dentists serving in the Army, how to get them back into private practice — These are just a few of the problems the C.D.A. are trying to solve for the benefit of Dentistry in Canada.

The matter of incorporation of the C.D.A. is being proceeded with and will be an accomplished fact, it is hoped, at an early date.

Great difficulty is experienced in bringing any of the various questions or problems discussed to a definite conclusion, owing to the difficulty of conducting discussions by delegates' letters. We are of the opinion that the work of the Association could be expediated by holding annual meetings. We would recommend that the Board of the R.C.D.S., representing as it does almost 50% of the dentists in Canada, give the matter of assistance and co-operation with the C.D.A. its very earnest consideration.

At its last meeting held in May 1940, a greater share of representation was given this province. It will be the duty of this Board to now elect four delegates and we trust that those delegates will do everything in their power to further the proper and efficient organization of a strong national body to represent Dentistry in the Dominion.

FRANKLIN A. BLATCHFORD,
May 1st, 1941. G. HAROLD CAMPBELL,
Representatives.

At the meeting of the Board in October Dr. Bradley presented the following report of a mail vote that had been taken in District No. 1 on the question of raising the annual fee in order to give adequate support to the Canadian Dental Association.

Report of Educational Campaign in District No. 1

The result of the poll in District No. 1 with regard to the increased annual grant to the C.D.A. was as follows:

No. of letters sent 238
No. of replies received ... 146

Of these 146 replies, 89 were favorable to the proposition, and 57 were against it.

That is, I received over 61% replies and of the 61% received, about 62% were favorable to the increase.

S. W. BRADLEY.

Resolutions requesting the Board to increase the annual fee in order to give increased financial support to the Canadian Dental Association were received during the year from the following bodies:

The Grey-Bruce-Dufferin Dental Association
The Thunder Bay Dental Association
The London Dental Association
The Sault Ste. Marie Dental Association
The Sudbury Dental Association
The North Bay Dental Society
The Huron County Dental Society
The Essex County Dental Society
The Hamilton Dental Association
The Toronto Academy of Dentistry

Previously a resolution had been received from:
The Eastern Ontario Dental Association.

A plebescite taken at the Ontario Dental Convention on the matter of the Board increasing the annual fee to give increased financial support to the Canadian Dental Association resulted in a six to one vote in favour.

The Canadian Dental Association through the Committee on National Dental Progress sent a circular letter to every dentist in the province of Ontario requesting him to make reply to the Secretary of the R.C.D.S. expressing his opinion on the matter of increasing the annual fee with a view of giving better support to the Canadian Dental Association. Of over 1900 letters sent out, only 11 men wrote the Board expressing any objection whatsoever.

Many letters had been received by the Board from individual members of the profession requesting that the Board give better support to the Canadian Dental Association.

At all meetings of the Board during the year the Directors gave much time to the consideration of the Canadian Dental Association.

Motion:—"That this Board agrees to give financial support to the Canadian Dental Association on an equal basis with all other provinces of the Dominion when they do likewise. This grant must not exced 2/5 of the total amount received by this Board from the annual licentiate fees."—Carried.

Motion:—"That this Board include a grant of one hundred dollars to the Treasurer of the C.D.A. toward defraying the expenses of sending the Journal of the C.D.A. to Licentiates of the R.C.D.S. in military service."—Carried.

Motion:—"That the vote regarding incorporation of the Canadian Dental Association taken by mail in March 1941 be confirmed by this Board."—Carried.

Motion:—"That Drs. Blatchford, Campbell, Bradley and Gullett be the delegates from this Board to the C.D.A."—Carried.

Motion:—"That in the event of any of the delegates to the C.D.A.

not being able to attend meeting of the C.D.A., the President of this Board be empowered to name an alternate or alternates."—Carried.

Motion:—"That the report of the Canadian Dental Association be received and adopted."—Carried.

REPORT OF COMMITTEE ON EX-SERVICE MEN'S LOANS

The following is a statement of the Ex-Service Men's Loan Account:

Ex-Service Men's Loan Receivable April 30th, 1940		$12,728.51
Amount paid during year	1,562.52	
Amount written off through death, etc.	2,328.54	3,891.06
Amount receivable April 30th, 1941		8,837.45

The committee requests permission of the Board to continue in their efforts to secure the best settlement possible of the remaining outsanding accounts.

HARVEY W. REID,
Chairman.

Motion:—"That the report of the committee on Ex-Service Men's Loans be received and adopted."—Carried.

REPORT OF CANADIAN RED CROSS SOCIETY
Re. — Dental Service in Ontario

To the Board of Directors,
Royal College of Dental Surgeons.

Gentlemen:—

The work of your representative on the Committee of the Canadian Red Cross Society which directs its dental services has been very pleasant for him during the past year. The main activities with which the dental profession is concerned are the dental clinic in the Red Cross Lodge at Christie Street Hospital, Toronto and the service rendered by the traveling clinic of the Red Cross Motor Coach in Northern and North-Western Ontario.

On June 22, 1940, the Army regulations requiring a certain standard of dental efficiency for enlistment were changed so that dental defects or even edentulous conditions ceased to be an obstacle for prospective recruits. This new arrangement seems to indicate confidence in the ability and proficiency of the dental corps to restore and maintain dental efficiency for the enlisted men and may well be considered a marked tribute to the dental profession. At the same time it gives some idea of the service the Red Cross Society has been supplying to men who wanted to enlist but who were not able to meet the army standards insofar as dental efficiency was concerned. The uncertainty of the future, the present limited demand for services at the Christie Street Clinic, and the fact that the Red Cross Society has a well equipped cliiic established here make it seem unwise to discontinue this service but it may become necessary to operate on a part-time basis. Such an eventuality has already been discussed with your Secretary.

In 1939, Dr. Washburn operated the dental motor coach for part of the summer in the district North and West of Fort Frances. In 1940 Dr. Strokon covered the other sections of the Rainy River District that had applied for help. This included the Kenora section of the province and other places such as Redditt, Quibell, Hudson and Sioux Lookout. Later he returned to the Port Arthur and Schrieber areas.

During the past winter, requests have been received from Whitney, the rural sections west of Copper Cliff, Blind River, the Callander district and other places near Cochrane, each of which has benefitted by these services at some previous time. In addition to these, there are a number of points along the Algoma Central Railway that are asking for help. The Red Cross Society has discussed this last-named section with the Provincial Department of Health and have been advised that the Government Railroad dental coach will not be available for this section of the province this year. The President of the Algoma Central Railway has offered the Red Cross Society the use of a flat car with transportation facilities from point to point as needed. As there are no roads in this section over which the motor coach could be driven, the offer of the Railway company will make it possible to serve the needy communities along this line from Sault Ste. Marie to Hearst. The motor coach can be detrained at Hearst and proceed back via Cochrane under its own power.

Arrangements have been made with Mr. A. B. Kaukinen to operate the motor dental clinic this season. Mr. Kaukinen hopes to graduate from the Faculty of Dentistry, University of Toronto and to receive from your Board in the very near future, his license to practice in this province. He is of Finnish ancestry, was born in Canada and comes to the Red Cross Society quite favorably recommended by your Secretary regarding his academic progress and his personal qualifications for this position.

The above is respectfully submitted for your information and consideration.

R. D. THORNTON,
Dental Representative.
Toronto Branch,
Canadian Red Cross Society.

Motion:—"That the report of the representative to the Red Cross Society be received and adopted and that Dr. Thornton be re-appointed and that the thanks of this Board be extended to him."—Carried.

REPORT ON ACTIVITIES OF THE DIRECTOR OF DENTAL SERVICES OF THE PROVINCIAL DEPARTMENT OF HEALTH

To the Directors of the
Royal College of Dental Surgeons:

I have pleasure in submitting to you a report of the activities of the Dental Director for 1940; which I shall try to make as brief as possible.

All dental clinics, at the fourteen Mental Hospitals, were inspected twice during the year. The work and treatment was discussed with the dentists in each. Nine of these clinics have a full time dentist. The work of the Psychiatric Hospital is done by the Dental Director, taking up two mornings per week. You will appreciate that the above necessitates a considerable amount of travelling.

In addition to this, the Reformatories, Training Schools, and Refugees belonging to the Department of the Provincial Secretary were inspected once during the year. The work in these is done by part time dentists.

All Institutions are well equipped dentally.

In connection with the Hospitals dental service practically all the Laboratory work is done at the Central Dental Laboratory at 999 Queen Street West. This requires the services of two technicians and is given supervision by the Dental Director.

The Dental Car, which operates from Cartier to the Manitoba boundary, took up some time, as it was necessary to locate and get a new dentist appointed. This Car is giving great service in the isolated areas along the Canadian Pacific Railway line.

During the summer, extensive preparations were made for the dental examination of British children. These did not come in the numbers expected but examinations were done on at least six hundred by the dentists of the Department and the Director of Dental Services.

Working in conjunction with the public Dental Health Committee and the Canadian Dental Hygiene Council booklets have been distributed to the different sections in which the Field Secretary has been holding meetings. Throughout the year booklets have been distributed to teachers, Secretaries of Womens' Institutes and various other organizations who have written in requesting same.

Several meetings were attended and explanations given regarding the Government grant to school dental services. New school clinics were established in Embrun, Galt, Lucknow, Richards Landing, Seaforth, Tecumseh.

A new departure this year was the dental exhibit at the Plowing Match at St. Thomas. This was very successful, and we hope to continue it this year on a larger scale. Thanks are due to the dentists of St. Thomas and vicinity for their assistance. Over 130,000 people attended the Plowing Match, and we think a goodly number of them visited the dental exhibit.

The Dental Director acts as Secretary to the Dental Advisory Committee. This Committee meets once a month and passes the accounts for emergent dental treatment for relief recipients.

In addition to this there has been considerable correspondence from dentists, Medical Officers of Health and other agencies, on a variet yof matters.

H. J. HODGINS,

May 5th, 1940 Director of Dental Services.

Motion:—"That the report of the activities of the Director of Dental Services of the Provincial Department of Health be received and adopted and that the Secretary be instructed to thank the Direcor for his co-operation."—Carried.

REPORT OF THE FIELD SECRETARY CANADIAN DENTAL HYGIENE COUNCIL

On Activities of

ONTARIO MOUTH HEALTH CAMPAIGN

For the past four years, in conjunction with your Central Committee, the Canadian Dental Hygiene Council has been conducting a Mouth Health program throughout the province of Ontario. There has been a marked change from year to year in the trend of public thought of the people whom we contacted, and during this past year—in fact during the past two years—there seems to have been a general awakening to the realization that School Dental Services, or Public School Dental Clinics, are a necessary part of the health and educational activities of any community.

In every town or city which we visited during this yast year, discussions centred around school dental services, and we observed that service clubs, women's organizations, and welfare clubs are considering these as one of their major projects. This is definitely the result of an overflow of the educational campaign which has been conducted, and it must be most gratifying to you to realize that

our efforts have not been received passively, but have inspired individuals and communities into action.

In order that this newly awakened interest may be stimulated and fostered, it is essential that the dentists both as individuals and as organized groups, should realize their responsibility, and give every practical assistance to bring these clinics into active operation.

I regret to say that all of the dentists throughout the province do not take such individual responsibility. While we are in their community conducting a campaign they are stimulated and enthusiastic, and during the past two years have given us every co-operation desired (in fact there has been a marked change in this respect), but once our campaign is over it is difficult to keep the dentist's interest aroused to a point where he will check off what is being done, and offer his assistance where it is required by these various groups and service clubs. It is taking a long while to persuade the dentist that his responsibility is not only to the individual patient, but that his professional responsibility embraces his community, and that his success in his practice and his stand in the profession depends largely upon his co-operation in community welfare projects.

Some change, therefore, must be brought about in the dentist's attitude toward his community. How are we going to bring this about? The task is not really within the duties of the Canadian Dental Hygiene Council; I feel it is the responsibility of this Board or the active Executive Committees of the profession in the province, to keep ever before the dentist the larger view of his duties, as a dentist and professional man, to his community. I would suggest that an occasional questionnaire be sent out to each dentist or local society from this office relative to Dental Public Health activities in his community, and follow this up with practical assistance where required.

During the past year we have carried on an intensive educational campaign in Oakville, Port Arthur, Fort William, Strathroy, Listowel, Timmins (not yet completed), Cochrane, Kirkland Lake, Haileybury, New Liskeard, Cobalt and Englehart. In each of these centres we had splendid co-operation from the dentists, the school inspectors, school principals and medical officers of health. The earlier organization work carried on in these communities by the Provincial Departments of Health and Education was most satisfactory. When we went into each community we found both the medical officer of health and the school inspectors and principals aware of our coming. Many of the towns and cities are eager to inaugurate school dental clinics, and we have been able to provide them with all details relative to this, and tangible results in some towns are already evident.

In Timmins, dental services are made available by the Board of Education to the children of the Protestant schools. There is, at the present time, no arrangement for taking care of the children of separate schools.

In Cochrane, the same conditions prevail as in Timmins.

In Haileybury, through arrangements made through the public health nurse, some treatment is given school children by the two dentists there.

In Cobalt, at the present time, only emergency treatment is taken care of, through arrangements made between the public health nurse and the dentists.

In Englehart and New Liskeard the same plan is carried out as in Cobalt.

These last three are all smaller towns, and it is difficult to extend the services any further under present conditions.

In Strathroy, an effort is being made under the auspices of the Lions Club and the I.O.D.E. to inaugurate school clinics there. I addressed a dental meeting there sponsored by the Lions Club and embracing the I.O.D.E., the school board, the ministers, school inspector and school principals, where a full plan for dental clinics was discussed; and I am convinced that some action will be taken to organize these very shortly.

In Oakville, an extension of the prevailing plan of school dental clinics is being considered, and in our program there we stressed the value of these and left with them outlines of plans which are being developed under the auspices of the Women's Institute and the School Board.

In the program for Fort William and Port Arthur, I had the assistance of Dr. Edmund Guest. The Canadian Dental Hygiene Council is very grateful to Dr. Guest for the time (out of his own busy practice) that he devoted to this effort. It is not necessary to add that his message was very well received on every occasion. In all, thirty-two addresses were given by the two of us in four days. For some time a strong effort has been put forth in these two cities for extension of their school dental services. The welfare organizations and service clubs are vitally interested, so are the members of the dental profession, and it is to be hoped that the assistance we gave will stimulate interest and action, and that here definite satisfactory organization will be developed. But the final satisfactory organization of school clinics will depend on the whole-hearted co-operation of every dentist in Port Arthur and Fort William. The dentists in these twin cities, headed by Dr. Blatchford, Chairman of the Board of the R.C.D.S., gave splendid leadership in this work, and much credit for the success of our efforts is due to their active participation.

This year we tried out an experiment to cut down some of the expense in organization work. Usually we make a special trip to every town to meet with the dentists only, as our first move in the campaign; in these northern Ontario towns we eliminated that this year, but this proved unsatisfactory and we have decided that we will not do it again, for we find that the contacts gained through this first meeting are of more value than the money saved.

There are many towns and smaller cities in Ontario where we have not conducted campaigns, and where we feel it is most necessary; also some larger cities where we conducted a campaign five years ago should be re-visited, but this is a matter to be decided upon by the Central Committee.

My work covering these years in Ontario has been increasingly interesting and easier. Where at first the dentists reluctantly gave their assistance, during the last two or three years they have not only willingly but enthusiastically co-operated. I found also that school boards and school principals have received our program much more graciously. Finally, I am convinced that through the campaign conducted by the Canadian Dental Hygiene Council and the dentists of Ontario during the past few years, the level of knowledge concerning Dental Health has been definitely raised.

HARRY S. THOMSON,
Secretary.

Motion:—"That the report of the Secretary of the Canadian Dental Hygiene Council be received and adopted and referred to the Committee to promote P.D.H. Education with the suggestion that a plan for follow up organization be developed."—Carried.

LIBRARIAN'S ANNUAL REPORT
1940-41

I beg to present the annual report for the year ending May 15th, 1941.

The total circulation has shown a decrease this year although some divisions have shown an increase. Because the Dental Library uses the open stack system, it is impossible to keep an accurate record of the books and periodicals consulted in the reading room. The total circulation for 1940-41, exclusive of the reading room, was 5,652; for 1939-40, it was 6,021. However, this decrease in circulation is confined to the students and can probably be explained by military training which has made heavy demands on their time. The students borrowed 4,208 books and bound journals for home use this year compared with 4,967 last year. The approximate increase of fifty per cent. in the circulation of unbound journals is encouraging; 1,172 compared with 737. 672 books and bound journals were borrowed by members of the Dental Faculty; 540 by city graduates and members of other faculties of the University. Last year's policy of housing small collections of books in various departments for the entire term was maintained: 184 books remained in the departments both years. This year, out-of-town books were sent to both extremities of the Dominion, from Kelowna, British Columbia, to Saint John, New Brunswick. 189 books were mailed compared with last year's 135.

For the benefit of out-of-town graduates, the Library has made use of a special arrangement with the Post Office where Libraries may mail books to any part of the province at reduced rates. A book weighing five pounds formerly cost the borrower eighty cents in postage; now the total cost is nine cents. The Travelling Library, designed for the out-of-town dental society, was borrowed twice this year. It was sent to Regina and to Camp Borden. Books sent to the latter were selected to meet the needs of the Canadian Army Dental Corps.

The new dictionary catalogue, in process of installation for about three years, has been in use since then. It has the advantage over the former system in that referencs can be secured on the basis of title, subject and author. Most of the bound periodicals and older valuable books still require cataloguing. We intend making additional subject headings and cross references to bring our system up-to-date.

The two most pressing needs of the library at the present time are extra assistance and more space. The Library has grown so that it is no longer possible for one assistant to do the necessary work. The minimum of extra assistance with which the Library can function is half-time assistance from September until the end of June. This year the University and Board jointly provided funds for this service for a limited period. However, the time has come when definite provision should be made to provide the Library with a half-time assistant during the ten months.

The Library's second most pressing need is space. The students and Faculty should have a reading room separate from the stacks. The present room is now frequently overcrowded. The Library refused the offer of a museum case in which to display the specimens now kept in drawers; no space large enough to hold another case could be found. Another stack will be required soon but the present room is too crowded to house it.

The Library exhibited again this year at the Convention of the Ontario Dental Association. The exhibit was large and was intended to draw to the attention of the graduates the benefits the Library

has to offer them. With this purpose in view, a coloured book list was distributed at the Convention. This listed forty of our most recent books and standard texts as well as thirty-five of our periodicals, and contained also a brief note outlining the services offered to the graduate by the Library.

The Library acknowledges with thanks the donations of books and periodicals from Dr. E. A. Grant, Dr. J. R. Porter and others. Interesting specimens were added to the museum by Dean Mason, Dr. W. E. Willmott, Dr. R. J. Godfrey, Dr. C. H. M. Williams, Dr. L. R. Dodd, Dr. J. McMulkin and others. A complete spring gold denture was also acquired through the generosity of the Board.

The assistant librarian, Miss Hilda Reid, M.A., B.L.S., appreciates the action of the representatives of the Board in making it possible for her to attend the Medical Library Association Convention in May. From the contacts made with other dental librarians and from visits to the Libraries in Ann Arbor, our Dental Library should benefit.

This report is respectfully submitted with the recommendation that for the ensuing year a grant of $300.00 be made to the Library. This will take care of the usual demands and assist in covering the cost of a half-time assistant for a period of thirty weeks at $10.00 per week.

E. W. PAUL,
Librarian.

Motion:—"That the report of the Librarian be received and adopted with the understanding that the increased grant will be considered under the budget and that Dr. Paul be re-appointed Librarian."—Carried.

REPORT OF CLINIC COMMITTEE

To the Board of Directors:

Your committee beg to report that there has been no further requests or correspondence relative to the various cases previously referred to this committee.

The committee desires to bring before you a request, in accordance with the rules laid down at the last annual meeting, from the Dominion Bridge Company to assist in procuring dental service for their employees.

The request has been brought before this committee by the Medical advisor of the above named company, who is fully cognizant of the need of the employees and desire of the company, also being qualified to act on their behalf. After consultation with the medical advisor, the committee begs to offer the following plan which it is thought will be acceptable to the company named above:

1. To the employee who needs dental attention, the Medical advisor shall supply an examination form approved by the Board.
2. The employee will be instructed to take this form to the dentist of his own choice.
3. The dentist, on presentation of the form, will make an examinations, chart his findings, make recommendations as to treatmnet and give an estimate as to cost.
4. The basis of fees for estimates shall be that as established with the Workmen's Compensation Board and as printed on the form.
5. Upon the signed approval of both the company and the employee, the company shall guarantee the payment of the account.
6. Official forms for the above purpose shall be supplied by

this Board and in case of dispute, this Board shall act as mediator.

All of which is respectfully submitted for your consideration and immediate action.

HARVEY W. REID,
J. ELMER AMOS,
DON W. GULLETT,

Motion:—"That the report of the Clinic Committee be received and adopted."—Carried.

REVISION OF REGULATIONS RE SIGNS, ETC.

The following motions were passed in regard to the above regulations:

Motion:—"That "X-ray temporarily permitted" be deleted from Section 1 of the regulations regarding signs, professional cards and announcements and that "after July 1st, 1942, X-ray will not be permitted" be substituted."—Carried.

Motion:—"That under regulations—"Signs", Part 2 (b), now read: "Not more than one of these may be an illuminated sign and if illuminated must not be intermittent, daylight, 'neon,' or 'neon type', and no color must appear in such signs other than white or black, this to be in force July 1st, 1942."—Carried.

Motion:—"That for the protection of the profession from solicited advertising, this Board prohibits any member of the Royal College of Dental Surgeon from inserting his professional card in hand bills, programmes, year books, time books or other printed matter of like character."—Carried.

As a result the Regulations of the Board regarding Signs, Professional Cards and Announcements are as follows:

Signs

A member of the Royal College of Dental Surgeons, in connection with his profession:—

1. May not display any sign containing anything other than his name, degrees and profession and in which any letters larger than four inches are used. (X-ray will not be permitted after July 1st, 1942).
2. May not display more than two signs in addition to one at or on his entrance door.
   (a) Not more than one of these may be a suspended sign.
   (b) Not more than one of these may be an illuminated sign and if illuminated must not be intermittent, "Neon" or "Neon type" and no colors shall appear in such signs other than white or black. (To be strictly enforced after July 1st, 1942).
3. May not display any sign on premises other than those in which his practice is actually carried on.

Notwithstanding the above regulations he may (using only unilluminated letters of figures not larger than two inches)

(a) Add to his entrance sign, his office hours.
(b) Add to any sign the words "Open Evenings" and (when an entrance is difficult to find) the words "Entrance on . . . "

Professional Cards and Announcements

A member of the Royal College of Dental Surgeons, in connection with his practice:—

1. May not permit to appear in any newspaper or other publication printed or written for distribution or display anything other than his professional card (which may contain at most his name,

title or degrees, profession, address, telephone number and office hours) or an announcement of his commencement of practice, change of office location, absence from or return to practice or the restriction of his practice. The announcement shall not contain any references to qualifications, procedures or equipment. The space used, for either card or announcement, must not exceed one column (13 ems) in width by two inches in length and must not be in the nature of a display.

2. He may however, observing the dignity and ethics of the profession without references to qualifications, procedures or equipment:

(a) Use private professional cards.
(b) Issue accounts and receipts.
(c) Issue appointment cards.
(d) Mail to his patients recall notices.
(e) Mail to his patients and acquaintances announcements of his commencement of practice, change of office location, absence from or return to practice or the restriction of his practice.

SOLICITED ADVERTISING

For the protection of the Profession from solicited advertising, this Board prohibits any Member of the Royal College of Dental Surgeons from inserting his professional card in hand-bills, programmes, year books, time books or other printed matter of like character.

By-law No. 11, Section 4

Sec. 4—When any member of the Royal College of Dental Surgeons takes over the practice or office of another member of the College, either by purchase or otherwise, the member so acquiring the said practice or office shall not after one year from the date of such acquisition use any sign or printed matter which suggests to the public that the retiring member was in any way associated or connected with the said practice or office.

May 27th, 1941.

SPECIALISTS

The Committee appointed at a former meeting to bring in a report upon Specialists and Specialization presented a detailed report. After much discussion of the report, the following motion was passed:

Motion:—"That the report of the committee on Specialists and Specialization be laid on the table until the Fall Meeting of this Board."—Carried.

HEALTH LEAGUE OF CANADA

A letter was received from the Health League of Canada, containing a resolution with the request that this Board forward the same to the Prime Minister of Canada. The resolution dealt with the urgent need of increased health services throughout the Dominion.

Motion:—"That Secretary of the R.C.D.S. be instructed to send from this Board a resolution as suggested by the Health League of Canada with the proper modifications to the Prime Minister."—Carried.

COURSE FOR TRAINING DENTAL TECHNICIANS

At the Special Meeting of the Board held in January, Dean Mason stated that the request had been received from the Canadian

Dental Corps, that a course of instruction be given by the Faculty of Dentistry, University of Toronto, for dental technicians to serve in the Dental Corps.

After due discussion as to the urgent need for such men in the Dental Corps at the present time, the following motion was passed:

"That whereas the Faculty of Dentistry of the University of Toronto has been requested to train a class of dental technicians for service in the C.D.C., we, the Board of the Royal College of Dental Surgeons of Ontario, sanction the holding of such a course and suggest that the candidates be chosen from men who meet the matriculation standard of this Board."—Carried.

RE RESOLUTION OF ONTARIO DENTAL ASSOCIATION

The following resolution was presented to the Board for consideration by the Ontario Dental Association asking that the Board give approval for presentation to the Minister of Education:

"That it is the considered opinion of the profession that every school Board should be required to set up dental services in all elementary schools in Ontario and that a program of education and inspection should be placed in all secondary schools and that (dental) lectures be placed on the curriculum of all Normal Schools in the province."

After due consideration, the Board passed the following resolution:

"That the resolution as passed by the P.D.H. Committee of the Ontario Dental Association as amended by this Board 'That it is the considered opinion of the Dental Health Authorities that every school Board should be encouraged to set up dental services in elementary schools in Ontario and that a program of education and inspection should be placed in all secondary schools and that dental lectures be placed on the curriculum of all normal schools in the province,' meets with the approval of this Board and to the above committee we pledge our support."—Carried.

NORWEGIAN AIR FORCE

Dr. T. L. Marsh by appointment appeared before the Board and outlined the situation whereby Norwegian Dentists proposed to carry on the practice of Dentistry at "Little Norway," Toronto, in order to care for the members of the Norwegian Air Force stationed there from time to time.

Motion:—"That whereas the Norwegian Air Force allied with our Empire forces has established a Health Service in connection with their Camp in Ontario, we, the Board of the R.C.D.S., do hereby sanction the operation of their dental clinic in connection thereof, under competent and fully qualified staff of Norwegian Dentists, and would appreciate notification of changes from time to time in personnell."—Carried.

EQUIPMENT FOR PUBLIC DENTAL HEALTH EDUCATION

As Chairman of the Public Dental Health Committee of the Ontario Dental Association, Dr. T. R. Marshall appeared before the Board and requested financial aid in order to purchase further equipment for public dental health educational purposes.

Motion:—"That this Board during the current year make a grant to a maximum amount of $600.00 to the Public Dental Health Committee of the Ontario Dental Association to assist in the purchase of material and equipment to be used for Public Dental Health Education in the Province."—Carried.

ROYAL COLLEGE OF DENTAL SURGEONS

BY-LAW NO. 69

To amend By-laws No. 1, 2, 5, 6, 7, 8 and 10.

By-law No. 1

Sect. 1—Strike out the words "and Assistant Secretary."

Sect. 2—Strike out the words "nor the Assistant Secretary" and insert the words "nor" before the words "the Treasurer."

By-law No. 2

Sect. 4, line 15—Change "representative on the Board" to "representative to the Board."

Sect. 6—Following the word "appointed" in the second line strike out the remainder of the first sentence and insert as follows: "the following committees: Executive, of five members; Accounts, of two members; Examiners and Petitions, of three members; Government and Legislation, of three persons of whom at least two shall be members of the Board."

By-law No. 5

Sect. 1 (a)—Delete and insert as follows:
"An Ontario applicant for matriculation into the Royal College of Dental Surgeons of Ontario must present certificates giving him necessary credits in such subjects of his Secondary School Graduation as may be from time to time prescribed by the regulations of the Board."

By-law No. 6

Sect. 1 (b)—line 4
Strike out the words "Pass Matriculation" and insert "Grade XII."

By-law No. 7

Sect. 2 (a)—line 1
Change "shall" to "may".

By-law No. 8

Sect. 1 (a)—Delete the words "or have signified their intention of becoming such".

Sect. 1 (j)—Delete the words "or to those licensed in Countries, Provinces or States, which admit Ontario candidates to examinations on a similar basis".

By-law No. 10

Sect. 1 line 5
Change the word "five" to "ten".

RESOLUTION TO DR. L. D. HOGAN

At the Fall Meeting of the Board, the following motion was passed:—

"That Dr. Reid and the Secretary be a committee to prepare a resolution suitably expressing our appreciation of the able leadership given this Board during his term as chairman, a copy to be sent to Dr. Hogan and the resolution spread on the minutes."

At the conclusion of the Special Meeting held in January, Dean Mason, with suitable words, presented an illuminated resolution on behalf of the Board to Dr. Hogan in recognition of his services to Dentistry while serving as a member of this Board for the past eight years.

The resolution read as follows:

RESOLUTION OF APPRECIATION
to
LEONARD DOUGLAS HOGAN, L.D.S., D.D.S.

In recognition of the valuable services you have rendered the profession of Dentistry, this Board of Directors desires to express appreciation.

During your eight years as a member of the Board, two of which serving as President, you have given faithful attention to all matters pertaining to the office you held. Your advice has been helpful to the profession of which you are a member and at all times you have made every effort to serve the best interests of Dentistry.

We, your fellow members of the Board of Directors of the Royal College of Dental Surgeons, recognize your contribution to Dentistry, realize the sacrifices you have made to this end, and desire to express our admiration of all those qualities you have so ably portrayed.

F. A. BLATCHFORD, L.D.S., D.D.S.,
Vice-President.
G. H. CAMPBELL, L.D.S., D.D.S.,
Registrar.
J. E. AMOS, L.D.S., D.D.S.
A. D. A. MASON, L.D.S., D.D.S.
C. A. NELSON, L.D.S., D.D.S.
S. W. BRADLEY, L.D.S., M.D.S., D.D.S.
HARVEY REID, L.D.S., D.D.S.
W. E. WILLMOTT, L.D.S., D.D.S.
DON W. GULLETT, L.D.S., D.D.S.,
Secretary.

December 19th, 1940.

Dr. Hogan made reply expressing appreciation of the co-operation and happy associations experienced while a member of the Board.

RESOLUTIONS OF APPRECIATION
At the Fall Meeting

Motion:—"That the Secretary be instructed to suitably convey the thanks and appreciation of this Board to the Toronto Academy of Dentistry for their kind hospitality at their opening meeting on December 21st, 1940."—Carried.

Motion:—"That the Secretary be instructed to suitably convey the thanks of this Board to Dean Mason for his kind invitation to luncheon on Ocober 22nd, 1940."—Carried.

Motion:—"That the Board express to the Public Dental Health Committee our thanks for their kind invitation to dinner at the Granite Club on the evening of October 22nd, 1940."—Carried.

Motion:—"That the thanks of the Board be extended to Dr. Hogan for his kind invitation to luncheon." (Dr. Blatchford acting as chairman).—Carried.

At the Annual Meeting, May, 1941

Motion:—"That the thanks of this Board be extended to the Faculty Council for their kindness in entertaining us at luncheon on May 30th, 1941."—Carried.

Motion:—"That the Secretary be instructed to convey to the retiring members of the Board our appreciation for past services, etc."—Carried.

Motion:—"That the Secretary be instructed to convey to Dr. McArthur, Minister of Education and Ex-officio member of this Board, our appreciation of his past co-operation with this Board and the hope that he may have a speedy recovery from his present illness."—Carried.

NOTICE RE NARCOTIC DRUGS

The profession is hereby warned to use great discretion in the matter of using all narcotic drugs. Due to the changes which have occurred in the narcotic situation since the outbreak of the war, addicts are using every means available to secure such drugs. You are advised:

(1) To **Strictly Adhere** to the Narcotic Regulations. (The Narcotic Drug Act provides severe penalties for any violation).

(2) To use narcotic drugs in your practice only where **absolutely** necessary.

(3) A prescription must only be given under the following rules:

(a) that the drug is **Essential for Medicinal Purposes ONLY.**

(b) that the name and address of the individual to whom the prescription is given is **known** by you. (if doubtful, the registration card should be inspected).

(c) that the prescription be **written in ink or indelible lead pencil, signed and dated.**

(See Secretary's report regarding this matter).

REGULATIONS

SIGNS

A member of the Royal College of Dental Surgeons, in connection with his profession:—

1. May not display any sign containing anything other than his name, degrees and profession and in which any letters larger than four inches are used. (X-ray will not be permitted after July 1st, 1942).

2. May not display more than two signs in addition to one at or on his entrance door.

   (a) Not more than one of these may be a suspended sign.

   (b) Not more than one of these may be an illuminated sign and if illuminated must not be intermittent, daylight, "Neon" or "Neon type" and no colours shall appear in such signs other than white or black. (To be strictly enforced after July 1st, 1942).

3. May not display any sign on premises other than those in which his practice is actually carried on.

Notwithstanding the above regulations he may (using only unilluminated letters or figures not larger than two inches)

(a) Add to his entrance sign, his office hours.

(b) Add to any sign the words "Open Evenings" and (when an entrance is difficult to find) the words "Entrance on . . . . . "

PROFESSIONAL CARDS AND ANNOUNCEMENTS

A member of the Royal College of Dental Surgeons, in connection with his practice:—

1. May not permit to appear in any newspaper or other publication, printed or written for distribution or display anything other than his professional card (which may contain at most his name, title or degrees, profession, address, telephone number and office hours) or an announcement of his commencement of practice, change of office location, absence from or return to practice or the restriction of his practice. The announcement shall not contain any reference to qualifications, procedures or equipment. The space used, for either card or announcement, must not exceed one column (13 ems) in width by two inches in length and must not be in the nature of a display.

2. He may, however, observing the dignity and ethics of the profession, without reference to qualifications, procedures or equipment:

   (a) Use private professional cards.
   (b) Issue accounts and receipts.
   (c) Issue appointment cards.
   (d) Mail to his patients recall notices.
   (e) Mail to his patients and acquaintances announcements of his commencement of practice, change of office location, absence from or return to practice or the restriction of his practice.

SOLICITED ADVERTISING

For the protection of the Profession from solicited advertising, this Board prohibits any Member of the Royal College of Dental Surgeons from inserting his professional card in hand-bills, programmes, year books, time books or other printed matter of like character.

BY-LAW NO. 11, SECTION 4

Sec. 4 When any member of the Royal College of Dental Surgeons takes over the practice or office of another member of the College, either by purchase or otherwise, the member so acquiring the said practice or office shall not after one year from the date of such acquisition use any sign or printed matter which suggests to the public that the retiring member was in any way associated or connected with the said practice or office.

RE LISTING OF DENTISTS IN TELEPHONE DIRECTORIES FOR PROVINCE OF ONTARIO

(1) No display advertising, of any kind.

(2) No black face listings in the yellow pages.

(3) No specialists listed under separate group headings.

(4) Mention of office hours is of no particular value, and is usually used only to increase space, therefore, to be excluded.

(5) Mention of particular facilities or equipment, such as X-ray, gas extractions, etc., not acceptable in either section.

(6) Black face listings acceptable in white pages.

(7) Residence listing on yellow pages, as well as on white pages, is acceptable.

(8) Designation as specialists, i.e., Periodontist, Exodontist, Orthodontist, etc., is acceptable in both yellow and white pages, provided that the dentist is actually a specialist.

Note:

A specialist is one whose practice is limited to one particular branch of dentistry.

Annual Report

of the

Board of Directors

The Following Is a Condensed Report of the Business Transacted by the Board During the Year:

ROYAL COLLEGE OF DENTAL
SURGEONS OF ONTARIO
1941-1942

PRESIDENT'S REPORT

Gentlemen:

I wish only to make a few general remarks as no doubt most of these topics will be discussed and be on the agenda at this meeting.

We are passing through most trying times nationally, and this applies equally to Dentistry. Within the next few months the practice of our profession may be changed almost completely from the form we are now familiar with.

We are facing many problems which are waiting for solution. The one uppermost in our minds is the impending Health Legislation. Our general plan, I understand, is to be in the hands of the Department of Health in Ottawa by June 15th.

If the plan is favorably received and each Province is asked to administer and carry out the details of such a plan, we will no doubt be asked to assist in arranging such details.

I believe that the dentists are becoming more and more educated to realize that we must be well managed if we are going to hold our own today and make any progress, and that ninety-five percent realized that to carry on more aggressively the license fee should be increased. I have found little or no criticism in this regard.

I would like if possible to see more encouragement in the field of Public Dental Health education and the problem here is—if we increase the demand, how are we going to meet that demand when almost every dentist in the province has nearly all the practice he can take care of?

I wish to thank the special Committee on Health Legislation under Dr. Reid's chairmanship for the very excellent work it has done. I am sorry that on account of distance I was not able to help you in your very arduous duties. It has meant considerable sacrifice in time and energy, yet we all realize that if we are to lead, we must be well prepared.

The Discipline Committee too have with the Secretary spent a great deal of work, many anxious moments, but with good results. I am sure that with our newly amended act, it will now be much more difficult to carry on illegal practice and the public will be better protected.

I wish to thank you all for your splendid cooperation with your duties this year. Our Secretary has been untiring and efficient in his duties and has kept me well posted with all matters concerning the Board.

He has made many valuable contacts and I would like to see him make as many visits throughout the Province as we find necessary, and to the U.S.A. I know that he absorbed much valuable information at Houston from which both he and this Board will benefit.

We are all particularly pleased to have our genial treasurer, Dr. Walter Willmott, still with us and rendering valuable assistance with his many years of experience.

In conclusiion I wish to say that we should feel very proud of our men who are serving in the armed forces and rendering such a valuable service for our King and Country.

F. A. BLATCHFORD,
President.

Motion—"That the report of the President be received and adopted."—Carried.

ANNUAL REPORT OF THE SECRETARY

The activities of the Board have been varied during the year. The amendment of the Act, the study of health legislation, and co-operation with the Dental Corps, along with regular routine matters have constituted a full programme.

Provision for civilian dental service has not improved, as can be easily understood, by the increased number of dentists in military service. There are less than 1,600 dentists in active civilian practice in Ontario at the present time, the distribution of which is most uneven. Many smaller communities have less than fifty percent of their normal service. However there is less complaint being received at this office from civilians as it is no doubt now understood that the situation is unavoidable for the duration of the war.

Owing to the demand for dentists in the Dental Corps, the Faculty of Dentistry has been requested to establish an accelerated course which will begin to operate about the middle of August. This course will cover the complete curricula as formerly, with holiday periods greatly curtailed, so that four years' work will be covered in three.

Several incidents have arisen regarding the use of narcotics. Members should be warned that narcotic regulations must be strictly adhered to at all times. NO PRESCRIPTION FOR NARCOTICS SHOULD EVER BE ISSUED UNLESS THE DRUG IS ABSOLUTELY NECESSARY. The authorities take the view that such drugs are not often necessary in the practice of dentistry. The War Measures Act Regulations affecting the sale of Codeine and its compounds require a prescription signed and dated. The Department of Pensions and National Health has requested co-operation in discouraging the use of printed prescription blanks as issued by pharmaceutical houses which require only the signature of the dentist. Addicts are constantly attempting new tricks to obtain narcotics. Due to the strict enforcement of the law dentists are being appealed to by make-believe and plausible stories. Members of the College are hereby warned and asked to give every co-operation to the Royal Canadian Mounted Police in this matter. Already it has become necessary for the authorities to deny some dentists the right to issue prescriptions for narcotics of any kind.

These are days when interests outside as well as within the profession are making inquiry about the administration and practice of dentistry. One observation has been made recently from varied sources to the effect that much attention is given as to who is allowed to enter the profession, and rightly so; but too little attention is given as to how that same individual carries on his practice throughout the years. The minutes of this Board indicate that this question has been before the Directors on many occasions. Inspection of dental offices has been the method employed in the past. Undoubtedly if carried out at frequent and irregular intervals, inspection has great merit and can be made most effective. Sanitary conditions in industry are rigidly inspected and on one or two occasions it has been suggested that the sanitary condition in a dental office was below the standard allowable in a neighbouring industry. A further or supplementary thought on this matter is that of re-qualification or re-registration whereby a member must take some form of postgraduate study rather than allow himself to "go to seed". This subject was recently brought to the attention of the Secretary and at least one member of this Board by a prominent Government health official when it was stated that unless the professions found some way of controlling this matter some other authority eventually would have to do so.

Your attention is directed to the following subjects:

Mail Matter

During the year 16,616 articles (including 3,615 personal letters) together with 27,710 enclosures have been prepared and sent out. Some 3,544 articles with 6,355 enclosures were received.

Changes in the Register

The number of annual certificates issued as of April 30th, 1942, is 2,000. This is the highest number in the history of dentistry in Ontario. To this number are to be added four who had failed to pay the annual fee on the above date:

Added to the Active List		
New Graduates	82	
Licentiates from Ontario	10	
Licentiates from Saskatchewan	1	
Total		93
Transferred to Inactive List		
Died	17	
Out of Practice	10	
		27
Increase in number on Active List		66

Military Service

On April 30th, there were 386 men from the Ontario Active Register in Military Service. While the great majority of these men who have gone overseas are in England, they are to be found wherever the Canadian Troops have been sent. It is learned with regret that one of them, namely Dr. Spence of Fort William, is now a prisoner of war at Hong Kong. Dr. W. R. Cunningham, a graduate of 1934 and a member of the Canadian Dental Corps, is also a prisoner at Hong Kong. Dr. H. J. Mullett, who graduated in 1917, a member of the staff of the Faculty of Dentistry, West China Union University, was taken prisoner at Hong Kong while on his return to China from furlough in Canada.

All of these men are members of the Dental Corps with the exception of 9 who are serving with other branches of the service. Dentistry in Ontario is now represented by 19.3 per cent of its members. The profession is proud of these members who have left the comforts of home to go forth in order to protect the liberties of the nation. In addition they are establishing a reputation for the profession as a most valuable part of the combatant services, which reacts favourably upon civilian dentistry.

Honorary Registration

The following members who have been on the Ontario Register for 50 years or more were sent honorary renewal certificates:

1871	Solon Woolverton,	London
1879	E. Hart	Brantford
1884	F. A. Denne,	Stayner
1884	A. A. Smith	Cornwall
1884	F. Kilmer	St. Catharines
1886	J. G. Bannerman,	Owen Sound
1886	J. H. Carrique	Toronto
1886	R. Haslitt,	Toronto
1886	W. Wunder,	Toronto
1887	A. H. Allen, M.D.S.,	Toronto
1888	D. Clark,	Grimsby

1888	J. H. Frain	Norwich
1888	A. J. McDonagh	Toronto
1888	J. A. Shannon	Sault Ste. Marie
1888	W. E. Willmott	Toronto
1888	R. T. Winn	Toronto
1889	G. P. Matthewman	Ottawa
1889	J. J. Kerr	Cobourg
1890	G. P. Allen	Mount Forest
1890	D. A. Black	Kingston
1890	G. F. Belden	Toronto
1890	Ira Bower	Ottawa
1890	Oliver Martin	Ottawa
1891	C. W. F. Lennox	Toronto
1891	F. R. Porter	Orillia
1891	A. H. Maybee	Gananoque
1891	M. J. Sisley	Toronto
1891	J. E. Wilkinson	Toronto
1891	W. R. Winters	Ottawa
1891	G. F. Wright	Trenton
1892	T. C. Trigger	St. Thomas
1892	G. J. Musgrove	Niagara Falls
1892	S. C. Wilson	Perth

Those eligible for this distinction beginning January 1st, 1943, are as follows:

1893	Harold Clark	Toronto
1893	J. G. Coram	Toronto
1893	G. S. Fowler	Teeswater
1893	George Hicks	Watford
1893	John H. Irwin	Collingwood
1893	W. T. McGorman	Port Arthur
1893	E. A. Peaker	Toronto
1893	D. E. Russell	Hamilton
1893	C. E. J. Smith	London

Honorary Membership

At the last annual meeting a resolution was passed granting honorary membership to those who had practised for fifty years. An application has been received from a member who has practised over fifty years but only since 1919 in this province. Reply was made that the resolution was thought to apply only to those whose names had been on the Ontario Register for the full term of years, but the matter would be presented at the next meeting of the Board.

New Registrations

Applications have been received for registration from the freshman class. Necessary information regarding registration has been presented to all ad eundum students in attendance but no attempt has been made otherwise to induce them to register.

Graduating Class

A request has been received from Colonel Lott, that this Board co-operate with the Faculty in shortening the time of the course without prejudice to quality, by granting a license to graduates as soon as they have completed the requirements of the Faculty. Dean Mason will present a plan for this purpose. It is pointed out that this action will serve both a military and a civilian purpose by allowing all members of the class to graduate earlier and not only those who desire to enlist.

Application to Practise a Specialty

Dr. R. E. Diprose has presented his qualifications, to practise the specialty of Exodontia, for the consideration of the Board.

Members Who Are Serving in Military Forces

By resolution for the past two years the members in the militia have been granted honorary registration. If the Board sees fit to continue this action a resolution for 1942 will be necessary. This resolution should include direction about membership in the C.D.A. if possible.

Collection Agency for Dentists

A submission is presented from some shareholders of several collection agencies suggesting a plan for the collection of accounts for dentists and asking assurance that the Board will not place any obstacles in the path of its operation.

Re-Registration

A Licentiate of this College who has taken up practice in another country some years ago, becoming a citizen of that country, makes application to this Board for re-registration. Under the present by-law all applicants must be Canadian citizens. The situation is presented to the Board for consideration.

Application for Registration

Several inquiries have been received during the year from students at dentistry and graduates in Great Britain. Reply has been made that it will be necessary for them to attend at least the final year in the Faculty of Dentistry and upon passing the final examination, at which time the citizenship clause will be satisfied, the Board will probably grant a license for Ontario. Percy W. Arkle, a graduate of the Glasgow Dental School, 1928, has made application and will enter the final year at the coming session. He has been engaged in research among the Eskimos for some time in connection with the International Grenfell Association.

Dr. V. Summerville, a graduate of Pittsburg University, School of Dentistry (1925) has requested information with regard to registering in Ontario. He has been a Flying Officer in the R.C.A.F. for some time acting as an instructor and expresses a desire to remain here after he is demobilized.

The entire graduating class this year applied for registration.

Certificates

The supply of L.D.S. Certificates is exhausted. Attention should be given to any change that may be desired before a new supply is ordered.

Licentiates Who Have Died Since the Annual Meeting, 1941
In Practice in Ontario:

1879	Hart, Edward	Brantford	April 5th, 1942
1888	McDonagh, Andrew J. ...	Toronto	Feb. 10th, 1942
1899	Follick, L. L.	St. Mary's	April 16th, 1942
1899	McLaren, Wallace A.	Toronto	March 4th, 1942
1902	Hayden, W. Y.	London	March 13th, 1942
1905	Forbes, Archibald W.	Toronto	March 8th, 1942
1922	MacKenzie, Ann S.	Toronto	Oct. 8th, 1941
1923	Currie, D. A.	Morrisburg ...	Sept. 22nd, 1941
1923	McLachlan, J. D.	Carleton Place ..	Nov. 18th, 1941
1923	Vrooman, W. O.	Kingston	April 29th, 1942

1925	Wood, Frederick	Hamilton	April 7th, 1942
1928	Roland, J. M.	Hamilton	July 11th, 1941
1937	Hawkins, M. C.	Port Hope	Feb. 9th, 1942

Out of Practice in Ontario:

1886	Leggo, William A.	Ottawa	Jan. 3rd, 1942
1893	Harrington, E. A.	Toronto	June 20th, 1941
1895	Brethour, W. A.	Toronto	Aug. 12th, 1941
1900	Curry, B. J.	Toronto	April 7th, 1942
1900	Michell, A. C.	Trent River	June 9th, 1941
1907	Dolson, E. A.	Toronto	Feb. 17th, 1942

Your attention is directed to the fact that two of these Licentiates died while serving in the Canadian Dental Corps in England, namely Drs. Hawkins and Vrooman.

Technicians' Course

The Faculty of Dentistry is again co-operating with the Dental Corps in conducting a course for dental technicians. Sixty men are in attendance who have been chosen with due regard for their academic qualifications.

Recommendations From the Faculty

The Faculty Council recommends that alterations be made in two former resolutions of this Board respecting the administration of the library (November, 1925) and the awarding of the proficiency prizes in Dental Nursing (October, 1932).

Election of the Board

As the biennial election of the Directors will take place this fall, any instructions deemed necessary should be given at this meeting. The election will be complicated by the fact that many members will be in Military Service.

Scrutineers for the counting of the ballots should be appointed.

Agreement Forms for Indentureship

The supply of these forms is exhausted. A copy of the form in use is presented for your consideration before ordering a new edition.

Extramural and Extension Lecture Service

Twenty-eight Extramural and two Extension Lectures have been given this year. Owing to the introduction of an accelerated course in the Faculty it has been suggested that the Extramural lectures should be curtailed as a war measure. It is also thought that the rationing of gasoline may affect the attendance at these meetings. This service has proven popular and serves a most useful purpose in both giving post-graduate education and supporting the programmes of the numerous dental societies throughout the province. If at all possible the service should be continued. In the event that the Faculty staff is too fully occupied to give time as formerly it is quite possible that the Extension Lecture Service could be carefully increased by selecting satisfactory clinicians.

A complete report of the meetings is as follows:

EXTRAMURAL LECTURES AND CLINICS

The Dentistry Act

A copy of the Bill—An Act to Amend the Dentistry Act (1942)—is presented. Particular attention must be given by the Board to drawing up regulations regarding prescriptions in accordance with Clause 3, Subsection 1 (a). In order to secure the benefits of this revision it is essential that every effort be made to enforce the members of the College to issue a prescription with each particular piece of work that leaves their offices and that the prescription shall be of a proper form.

Students at dentistry should be taught accurate prescription writing for prosthetic work so that upon graduation they will be in a position to carry out the intention of the law.

In view of the changes which have been made, should the Act be printed again this year and circulated to the members.

During the year many societies throughout the province have been visited, where discussions relating to Board matters have taken place. These visits serve to keep your Secretary informed as to the condition of dentistry in the respective areas and an effort is made to answer the various inquiries.

Every member of the Board has had increased duties to perform this year, and many sacrifices have been made by you in order to accomplish the task at hand. May I thank you for the support and encouragement you have given me at all times.

Respectfully submitted.

DON W. GULLETT,
Secretary,
R.C.D.S.

The following motions were passed on matters arising from the Secretary's Report:

"Whereas it has been brought to the attention of the Board that unethical, unsanitary and improper practices are being followed in some of the dental offices of Ontario, we hereby require that the Secretary of the R.C.D.S. initiate a systematic inspection of all offices with the view of remedying these abuses as empowered under Section 22 of the Act. When authentic written complaints are made early action is to be taken."—Carried.

"That elegibility for honorary membership be confined to Dentists who have been on the active register of the Province of Ontario for a period of 50 years."—Carried.

"That permission be given to Dr. Diprose to practise the Specialty of Exodontia."—Carried.

"That the Dentists of Ontario who are in full time active military service and those joining prior to and including the date of April 30, 1942, be retained in good standing with the Royal College of Dental Surgeons for the year 1942 without the payment of the Annual Licentiate Fee."—Carried.

"That the Secretary be instructed to acknowledge receipt of the letter of the Finance Company and contents noted and to inform them that we are primarily interested in the ethical and professional actions of the dentists of Ontario."—Carried.

"That as the R.C.D.S. of Ontario has no reciprocal arrangements with the State Board of Pennsylvania, it cannot accept at present the application of Dr. V. Summerville for registration."—Carried.

"That the Board recommends the purchase of new certificates—material and the using of registration numbers to be at the discretion of the Secretary."—Carried.

"That in the resolution of October, 1942, re Nurses' Prizes, the provisions re other prizes de deleted."—Carried.

"That in reference to letter from the Faculty Council that the words 'Faculty Executive' be changed to 'Library Committee'; also the words 'under the direction of the Faculty Librarian' be changed to 'under the direction of the Faculty of Dentistry and R. C. D. S. Board Librarian."—Carried.

"That as a war measure Licentiates of the R.C.D.S. who have not established a practising address shall be qualified to vote in the district of his home address."—Carried.

"That as a war measure Licentiates of the R.C.D.S. who have not established a home address within this province shall be allowed to vote in the district in which they are located at the time of compilation of voters' list."—Carried.

"That the Scrutineers be instructed to reject as invalid any ballot postmarked from outside the province."—Carried.

"That H. J. Bolitho and A. T. Laidlaw be appointed Scrutineers for the forthcoming election and that the Secretary be empowered to name a substitute in case either of these or both are unable to act."—Carried.

"That the Secretary be empowered to secure a supply of indenture forms."—Carried.

"That Extramural and Extension Lecture Service be maintained as far as money and Lecturers will permit."—Carried.

"That this Board recommends to the Faculty of Dentistry, University of Toronto, that the students be taught the proper method to write prescriptions or instructions to laboratories or technicians to conform to Section 20, Sub-section (1a) of the Ontario Dentistry Act, Re Prescriptions."—Carried.

"That the Board adopt the regulations re prescriptions for technicians, etc., as outlined in the Secretary's report."—Carried.

"That the Secretary be instructed to send to each licentiate in Ontario a copy of the regulations re prescriptions to technicians and laboratories; also a sample prescription pad with instructions as to their use."—Carried.

"That the Secretary's report be adopted."—Carried.

TREASURER'S REPORT

To the Board of Directors of
the Royal College of Dental Surgeons, of Ontario.

Gentlemen:

Your Treasurer herewith presents his report for 1941-42:—

Licentiate Fees

On the first of December, a notice of the Annual Fee being due January 1st, 1942, was sent to each Licentiate practising (1673) in Ontario except to those who had been fifty or more years in practice. On January 20th, a second notice was sent to 571 who had not paid. This notice called attention to the regulations of the Board.

In February 285 drafts were entered at the bank. In 22 instances the fee was paid before the draft was presented; 172 paid through the bank; 5 had enlisted; 1 is ill; 11 are out of prtctice; 4 have not paid; 70 paid direct.

On April 4th after several communications from the Secretary with no response, four arrears with penalty added were put in Divi-

sion Court, namely, W. M. Johnson, of Almonte; W. J. Carson, of Parry Sound; F. N. Regan, of Killarney; and Arch. A. Stewart, of Toronto.

Thirty-one 1941 fees were returned to those who had enlisted previous to April 30th, 1941. Fees for 1942 will be returned to twenty-eight Licentiates who enlisted up to and including April 30th, 1942.

Extramural and Extension Services

(See Secretary's Report for Details)

Expenses for the year

University for Extra Mural Honoraria	$ 500.00
Extension Lecture Honoraria	50.00
Expenses of Speakers	576.97
Printing	59.40
Postage (included in postal charges)	22.05
	$1208.42
The appropriation for the year was	$1500.00

A refund of $105.00 was received from the University as balance from 1940-41.

Harry R. Abbott Library Fund

During the year $489.24 was received from the estate of the late Dorinda E. Tully and $500.00 was forwarded to the University Librarian for the purchase of books. $8.00 was spent for group photos for class album. There is a balance of $581.55 in the fund.

Students' Loan

(See Auditors' report and report of Committee)

Auditors

It will be necessary to appoint auditors for the ensuing year.

Auditors' Statement

Auditors' Statements herewith submitted:

(a) Balance sheet showing assets and liabilities.
(b) Receipts and disbursements of Board account.
(c) Harry R. Abbot Memorial Library Fund.

W. E. WILLMOTT,
Treasurer.

Motion: "That the Treasurer be given power to destroy all receipts on files over 8 years old."—Carried.

Motion: "That if the annual licentiate fee for 1942 with penalty and court costs on same of Drs. Archie A. Stewart, of Toronto, Dr. F. N. Regan, of Killarney, Dr. W. J. Carson, of Parry Sound, Dr. W. M. Johnson, of Almonte, be not paid before June 30th, 1942, their license be suspended from that date until such time as they make payment in full."—Carried.

Motion: "That the Treasurer's report be adopted and that Thorne, Mulholland, Howson and McPherson be retained as auditors for the ensuing year."—Carried.

AUDITOR'S REPORT

May 22nd, 1942

To the President,

Royal College of Dental Surgeons of Ontario.

Dear Sir:—

We have audited the books and accounts of the Royal College of Dental Surgeons of Ontario for the year ended April 30th, 1942, and submit herewith our report together with the following statements and schedules:

Balance Sheet
Receipts and Disbursements, General
Receipts and Disbursements, Harry R. Abbott Memorial Library Fund
Government, Government Guaranteed and Municipal Bonds

With reference to the loans to ex-service men, the payments on principal during the year under review amounted to $1,355.82 and in addition $88.00 was received on account of one previously written off. During the period loans amounting to $630.00 were written off, and one for $312.00 was reinstated. The unpaid balances as of April 30th, 1942, less those written off, amounted to $7,163.63 and the surplus shown on the balance sheet is subject to the realization of these accounts. No accrued or unpaid interest on the loans to ex-service men has been considered in the accompanying balance sheet.

The outstanding licentiate fees at April 30th, 1942 amounted to $30.00.

Respectfully submitted,

(Signed) THORNE, MULHOLLAND, HOWSON & McPHERSON
Chartered Accountants.

REPORT OF EXECUTIVE COMMITTEE

To the Board of Directors:

Gentlemen:

Two principal subjects were referred to this committee by the Board during the year, namely:

(1) The advisability of amending the Dentistry Act.

(2) The continuance of a study of dental health service plans with special reference to proposed new health legislation.

The committee reports with pleasure the successful completion of the first duty. After due consideration the members of the committee felt that a revision of the Act was necessary. Study was given both to a careful drafting of the Bill and the presentation of the measure, which was passed at the recent session of the Legislature.

The amendment does for dentistry two main things, which have a most important bearing on the future of the profession in Ontario. The position of the dentist in regard to prosthetic dentistry is now clearly defined and the relationship of the dental technician to the dentist is established. These factors have been troublesome to many other Boards and it is hoped that the situation has been adequately safeguarded before it seriously threatened the profession in this province.

The study of health insurance and the relationship of dentistry to any scheme of health services has been continued. In order to broaden the scope of the work and make available the results as far as possible, the committee enlarged itself by asking that representatives of other dental bodies, including the Canadian Dental Association, the Ontario Dental Association, and the Faculty of Dentistry, University of Toronto, be appointed to sit with them. The composite committee has been given the title of Committee on Post-war Dental Reconstruction. Mr. Hugh H. Wolfenden, an authority on the subject of Health Insurance, was engaged as an advisor to the committee.

Particular attention has been given to an effort to educate the profession upon this subject. Two pamphlets entitled (1) A Memorandum for the Dental Profession on the subject of National Health and Health Insurance, (2) Principles of a Dental Health Service Plan, have been issued to all members of the College. Through the recommendation of the Canadian Dental Association all the other Provincial Boards, except Quebec, requested copies for distribution to their members. A third pamphlet entitled "An Outline of Health Insurance referring to Dentistry in Particular" has now been prepared and is in the process of being distributed.

The committee feels that the work upon this subject must be continued and is unable to predict the direction or the probable extent of activity necessary in the future. It should be emphasized that the whole character of the practice of dentistry may be quite possibly changed by the introduction of some form of health insurance and the members of this committee feel that every effort must be made to safeguard the profession.

During the year interest was taken in the proposal of the Provincial Welfare Department to extend some form of dental services to pensioners. A special committee of three, consisting of Paul, Gullett and Reid was appointed upon this matter. The matter was thoroughly investigated and the committee by resolution agreed that if possible to secure the administration of the available funds, it would be advisable to do so. A series of meetings with the officials have been held and favourable consideration has been given to our suggestion, by the various governmental authorities.

The prosecution of these activities has necessitated the holding of eight meetings of this Committee. We would welcome a full discussion of the results attained and ask for the guidance of this Board as to further action.

The Chairman desires to express his appreciation of the interest and support of all members of the committee, also their 100 percent attendance.

All of which is respectfully submitted for your approval.

HARVEY W. REID,
Chairman.

The Chairman lead a full discussion of the work covered by the committee during the year.

Motion: "That the committee as set up by Executive Committee, of the Secretary, Dr. Reid and Dr. Paul be approved and that the same committee continue to act in that capacity, to be responsible to the Executive Committee."—Carried.

Motion: "That this Board heartily approves of the way the Executive Committee has conducted the matter of Health Insurance studies and that they be appointed to continue in the same capacity."—Carried.

Motion: "That the report of the Executive Committee be adopted."—Carried.

REPORT OF DISCIPLINE COMMITTEE

To the Board of Directors,

Royal College of Dental Surgeons.

Gentlemen:

The Discipline Committee presents the following report:

(a) Members of the profession

The committee desires to report that there have been exceedingly few matters relating to the members of the profession, presented during the year. Several minor infringements of the regulations have been brought to the attention of the Secretary, who has been able to secure the co-operation of the dentists concerned with satisfactory adjustments in each case.

Some six Toronto dentists were found to be listed in the yellow pages of the telephone directory under the heading of "X-ray—Dental". This procedure being in contradiction to the regulations agreed upon with the telephone company, letters were written to each individual. Four immediately replied stating that they were writing the company notifying them to remove the listing for the next issue. These listings are all removed in the recent issue of the directory.

It was reported to the committee that a chain store had a window display in east Toronto, part of which consisted of an exhibition of extracted teeth and forcepts. The head-office of the firm was approached about the matter, and the manager of the store in question was directed to remove the articles from the window immediately.
Dr.———, of Toronto.

Discovery was made early in the year that Dr.——— was practising in the City of Toronto, not being in good standing as a member of the College, having neglected to pay the annual fee for some time. Correspondence was carried on which did not result in the payment of the amount due. The Discipline Committee was therefore called and Dr.——— summoned to appear before them on March 18th. At this meeting, after hearing the evidence, the following motion was passed: "That the Discipline Committee recommend to the Board, that Dr.——— be placed in good standing as a member of the R.C.D.S., upon the payment of fifty dollars."—Carried.
Dr.———, of ———.

At the request of the Narcotic Division, Ottawa, this committee has been informed that Dr.——— has been placed upon the restricted list as regards the issuing of prescriptions for Narcotics.
Dr.———

This man recently moved to a new address and had cards printed which were distributed from house to house by boys. The type of cards and the method of distribution were both most unethical. The matter was taken up and an apology was accepted for the action.
Drs.——— ———

Copies of a local newspaper were forwarded to the Secretary, containing unethical professional cards by dentists of the locality. After some correspondence, the cards were removed, as subsequent issues of the paper gave evidence. Letters were received from the dentists concerned stating that they had so instructed the printer.
Drs.———

The Workmen's Compensation Board forwarded information showing that two dentists had made overcharges for accident cases in violation of Section 50 subsection (6) of the Workmen's Compensation Act, thus being liable for the penalty under the said Act. These matters were taken up and satisfactory adjustment made.

Many minor matters regarding signs and other regulations have been adjusted by the Secretary.

(b) Illegal Practitioners

Reid, R. H., alias Victor White, etc.

Appeared in York County Court before Magistrate Keith on October 21st, 1941, pleading guilty to a 5th offence of practising illegally. He was fined $500.00. He immediately joined the R.C.A.F. and has been kept under observation.

Perrin, Russell D., alias Dr. Parent, of Lindsay.

This man appeared before Magistrate Gee, of Lindsay, on February 9th, 1942, and pleaded guilty to practising illegally. He was fined $500.00 and costs for a third offence. The fine was paid.

Ashton, Walter—Fonthill.

Ashton was fined $100.00 in Magistrate's Court at Welland on September 24th, 1941. The case was appealed by Ashton and came before Judge Stansbury in County Court on December 17th. The appeal was won. Owing to the fact that an amendment was before the session of the legislature at the time, the Board did not carry the case further.

Roy, Albert—Sudbury

Through the efforts of the Sudbury Dental Society, Albert Roy was prosecuted for practising without a license and fined $100.00 and costs on January 30th, 1942.

The new amendment to the Act will strengthen tremendously the case for the Board in court and also facilitate the obtaining of evidence.

Respectfully submitted.

HARVEY W. REID,
Chairman.

Motion: "That the report of the Discipline Committee be received and adopted."—Carried.

ANNUAL REPORT OF THE FACULTY OF DENTISTRY

To the Board of Directors,

Royal College of Dental Surgeons of Ontario.

Gentlemen:

The following matters relating to the Faculty of Dentistry are brought to your attention:

There are sixty enlisted men attending a Dental Technicians' Training Course that is being conducted by the Faculty during the summer months at the request of the Canadian Dental Corps. These men have been carefully selected by the Corps for the course and are reported to have matriculation qualifications which would admit them to the regular course after their discharge.

Research has been proceeding slowly. Dr. Harold K. Box has proceeded with the following investigations during the past year. (1) Certain microscopic studies were carried out on cortical enamel, a fairly compact outer coating of enamel which provides a covering for the outer ends of the enamel prisms. (2) A new investigation was undertaken on the lesion of periodontal membrane known as pericementitis fibrosa. This study, while incomplete, tends to confirm the concept enunciated some years previously. (3) Further studies "invitro" on the protective effect of fatty acid films and emul-

sions on enamel against acid attack were carried out. (4) Microscopic studies of developing calculus insitu have been completed. These will be published shortly in the Journal of the Canadian Dental Association.

Dr. W. D. P. Cavanagh reported his findings made last year on dental conditions among the Eskimos. Dr. R. G. Ellis, another member of the staff, is a candidate for the M.Sc(Dent.) degree this spring, the subject of his research being Electrodeposition and Its Application in Dentistry. Dr. James Passalis, who graduated in June, 1941, has been in attendance during this year proceeding to the degree of B.Sc(Dent.) The title of his thesis is: An investigation of Vitality of Teeth Involved in Cysts. Dr. H. S. Austin, a graduate of 1933, is recommended for the degree of B.Sc(Dent.) at the coming convocation, on the subject of: A Study of the Innervation of the Dental Area with Special Reference to the Difficulties in Procuring Local Anaesthesia. It is hoped that the Board will see fit to continue the usual grant for reasearch in the Faculty.

Accelerated Dental Course

Owing to war conditions, and the need for dental officers in the Canadian Dental Corps, the course in dentistry at the University of Toronto will be accelerated, at the request of the Dominion Government. It is expected that this accelerated programme will be in effect for the duration of the war.

Students entering the First year will register on Tuesday, September 22nd, 1942, the regular opening day of the session. The academic session for students in First Year will end on May 15th, 1943. The successful students will register in Second Year on Monday, August 23rd, 1943.

For students in the Second, Third, Fourth and Fifth Years, the course will begin on Monday, August 24th, 1942, and the session will end on Saturday, April 10th, 1943. The successful students will then proceed immediately to the next higher year of the course, beginning on Monday, April 12, 1943.

Schedule of Accelerated Course

Next academic year:
Monday, August 24th, 1942, to Saturday, April 10th, 1943.

Subsequent academic year:
Monday, April 12th, 1943, to Saturday, July 10th, 1943.

(Summer vacation)

Monday, August 23rd, 1943, to Saturday, December 18th, 1943.

The Dominion Government through the Department of Labour has made provision for loans to students requiring them, up to $300.00 per student each year. Ontario citizens must apply to the Faculty of Dentistry, University of Toronto. Students whose homes are in provinces other than Ontario must make application for government loans to the Department of Education in the various provinces. These loans are intended for students who register in the Second and Third Years of this Faculty. To procure a loan a student must signify his intention of enlisting in the Canadian Dental Corps.

Students of the Fourth and Fifth Years may enlist as privates sixteen months previous to graduation. They will then receive the regular army pay plus the sustenance allowance.

The W. K. Kellogg Foundation of Battle Creek, Michigan, has made a grant of $10,000 to this Faculty to be used for loans or scholarships to students. The Faculty Council decided that these funds should be used for loans rather than scholarships for the duration of the war.

The Fourth and Fifth Year classes registering in August, 1942, will complete the entire dental course on April 10th and December 18th, 1943, respectively. Provision should be made by the Board so that these men may be granted the license immediately after the examination results are announced in order that they may be made available for the Dental Corps.

It was recommended to the Senate of the University that the James Branston Willmott Scholarships be awarded this session as follows:

Second Year ..... Alexander Hilliard Cottick
Third Year ..... Daniel Oliver Lipman
Fourth Year ..... Walter Grenkow

It was recommended that the prizes for the Course in Dental Nursing donated by the Royal College of Dental Surgeons of Ontario be awarded as follows:

First General Proficiency Prize — Miss Edna Elizabeth Steed.
Second General Proficiency Prize — Miss Margaret Florence McAllister.

Extramural Lecture Service:

Due to the acceleration of the course, the increased amount of work the Faculty staff is called upon to perform, the loss of staff members by enlistment in the Dental Corps, and the difficulties of transportation, it may become necessary to somewhat curtail the extramural lecture service.

Respectfully submitted,

ARNOLD D. MASON,
Dean.

The Board took the following action upon the report:

Motion: "That $300.00 be granted the Faculty of Dentistry for Dental Research."—Carried.

Motion: "That this Board approves as a war measure of the new accelerated course, as presented by Dean Mason at this meeting, in the Faculty of Dentistry provided that the usual standards of teaching and examinations are maintained."—Carried.

Note:—At a special meeting called for the purpose on March 31st, Dean Mason presented the examination report of the Faculty Council regarding the final year in detail.

During discussion of the examination report, Dean Mason stated that while the date of the examinations had been advanced, in order to release the men for the Dental Corps, there had been little, if any, lessening of the actual requirements. The class consisted of 40 students, all of whom had passed the examination.

Motion: "That the following:

Ball, Arthur Harvie
Benson, Charles Ariel
Biglow, James Alexander
Brett, Richard Oliver
Burgman, Robert Burnett

Cheetham, Donald Ashenhurst
Clark, William Russell
Collins, William Charles Gordon
Cornish, Charles Martin
Craig, George Harold
de Lagran, George Albert
Fraser, Donald Cobleigh
Goffin, Douglas George
Hardy, Morley George
Hawton, Murray Park
Holmes, Ray Sherman
Kronick, Moses Bernard
Laberge, Henri Patenaude
Lacasse, Fernand Jean Gerard
Lackie, Frederick Charles
Loaring, Ernest Harold
McColl, Robert Gordon
Macdonald, John Barfoot
McGowan, James Edward Carson
McLean, James Douglas
Mason, Walter Harley Ernest
Mintz, David Benjamin
Mullett, John Harrison
Murphy, Maurice Adderley
O'Hara, Allan Wilford
Pepin, Wilfrid John
Posen, Aaron Louis
Reynolds, Clifford
Richardson, Lloyd George
Stinson, Allan Clayton
Werry, Samuel George
Woods, Charles Edmond
Woolcott, William Spencer

having satisfactorily passed their final examination, and met all requirements of this Board according to the report submitted by Dean Mason, be granted their L.D.S. certificates."—Carried.

Miss Canteenwalla, a member of the graduating class, met the Board and presented her application for a license.

Motion: "That as a war measure, clause (f), By-law No. 6, be suspended in the case of Miss T. F. Canteenwalla, for the purpose of granting her an L.D.S. certificate and that she be allowed to practice upon the payment of the required fees."—Carried (unanimously).

Motion: "That William Shih-Quon Chu be granted his L.D.S. certificate upon meeting the requirements of the Board."—Carried.

Motion: "That the report of the Faculty of Dentistry be adopted."—Carried.

LIBRARIAN'S ANNUAL REPORT
1941-42

I beg to present the annual report for the year ending May 15th, 1942.

The total circulation for the 1941-42 session has shown a decided increase. During the session, 7,689 books were borrowed for home study, compared with 5,652 for the corresponding period last year. An examination of the components of this total circulation shows that the increase was due chiefly to the larger number of books borrowed by undergraduates. 4,643 books and bound periodicals

were borrowed by students this year compared with 4,208 for a similar period last year. 605 books circulated to members of the Faculty in 1941-42: 672 in 1940-41. There is also a slight decrease in the number of books and periodicals loaned to city graduates and borrowers who do not belong to this Faculty—463 compared with 540. The increase in the circulation of unbound periodicals has continued to mount. Two years ago, only 737 unbound periodicals circulated during the session. Last year, this number had increased to 1,172 and this year it has reached 1,794. This increase is particularly gratifying; it shows a recognition of the value of current research in the dental field and a desire to keep abreast with the latest developments. 184 texts remained in departmental libraries during the current session.

This year, the list of supplementary texts in the Calendar of the Faculty of Dentistry was carefully checked. Correct titles were given and the books arranged with author's name preceding. The list of recommended books was compared with the catalogue and most of those not in the Library were added.

During the Christmas vacation, some changes were made in the physical arrangement of the Library. The periodical pigeon-holes were moved to the opposite wall. This has made the unbound periodicals accessible to borrowers without disturbing students working at the neighbouring desks. In addition, a new set of shelves to hold the dictionaries and bound volumes of the periodical index has been added. This prevents disturbing students seated at the study tables on which these volumes formerly stood. The case used to display the latest issues of our periodicals has long been inadequate in size. This has been replaced by a large periodical rack placed near the front of the Library to be readily accessible to borrowers.

On account of the increasing use of the Library, additional assistance and larger accommodation remain our problems. Considerable thought has been given to these matters and we are attempting to meet the situation. The accelerated course in Dentistry will necessitate some adjustments being made. The increased enrolment in the lower years will make the demands on the Library still heavier.

The assistant Librarian, Miss Hilda Reid, M.A., B.L.S., has been summoned to Ottawa for the duration. Miss Eileen M. Bradley, B.A., B.L.S., will continue in the Library. Because Miss Bradley has been acting as part-time assistant in the Library during this session, she is well acquainted with our special Library in addition to possessing Library School training.

This year the Library exhibited again at the Ontario Dental Convention. Because this was the seventy-fifth anniversary, we attempted to relate our display to the history of dentistry. A poster set forth the three services which the Library has to offer the graduate dentist. The Library welcomes inquiries by telephone or letter and is pleased to send out the travelling Library to Dental societies. A book-list recorded our additions during the 1941-42 session. The publication of such an annual list meets, to some extent, the demand for a printed catalogue of all books in the Library. It is impossible for any rapidly expanding Library such as ours to prepare and keep up-to-date a printed catalogue of its contents.

A library committee was appointed last autumn. This committee consists of the Faculty Librarian, the University Librarian, The Dean and Secretary **ex-officio**, and the following four members of the Council: Dr. T. Cowling, Dr. R. J. Godfrey, Dr. D. W. Gullett, and Dr. J. H. Johnson. This committee considers the purchasing of books

and the physical accommodation of the Library as well as general Library problems.

Although the new card index catalogue has been in operation for three years it still requires constant attention. The subject headings and cross references need revision. Many of the old books and periodicals have not yet been catalogued.

The Library acknowledges with thanks the donations of books and periodicals from the Ontario Dental Association, Dr. J. R. Porter, Dr. H. A. Thompson, Dr. W. Garard, the late Dr. W. Y. Hayden and others. Interesting specimens were added to the museum by Dean Mason, Dr. L. R. Dodds, Dr. W. E. Willmott, Dr. C. M. Dent and others.

The report is respectively submitted with the recommendation that for the ensuing year, a grant of $300.00 be made to the Library.

EDGAR W. PAUL,
Librarian.

Motion: "That the report of the Librarian be received and adopted." —Carried.

Motion: "That Dr. Paul be re-appointed Board Librarian." — Carried.

REPORT OF DOMINION DENTAL COUNCIL

To Board of Directors.

Gentlemen:

The Biennial meeting of the Dominion Dental Council was held in Toronto on May 15th, 16th, the seven agreeing provinces being represented. In the absence of Dr. J. M. Dixon, Calgary, Alberta, President, Dr. Heath McIntyre, Charlottetown, Prince Edward Island, Vice President of the Council presided.

The Treasurer reported the organization in sound financial condition, showing the current net revenue for the year as $1,738.11 and with a surplus of assets amounting to $17,881.80.

Considerable discussion was held regarding the admission of British Columbia and Dr. Pallen, British Columbia representative to the Canadian Dental Association (then meeting) was asked to state British Columbia's attitude regarding the Dominion Dental Council. After several points were explained, the only matter of decided difference was the fact that the Dominion Dental Council does not recognize the graduates of approved Class A. American Dental Schools as eligible to write Dominion Dental Council examinations. As most of the British Columbia citizens enrolling for dental education at present do so in American colleges, it is considered by British Columbia that these graduates should be allowed to write the Dominion Dental Council examinations and we would ask that your Board express its opinion upon this matter.

Dean Walsh, of McGill University, also appeared to request that graduates of the Faculty of Dentistry of McGill University be permitted to qualify for Dominion Dental Council examinations, and your Board is also asked to give this matter consideration.

As the several recognized dental faculties are putting on accelerated courses for their students so as to enable them to meet the demands for added numbers to our profession due to war conditions, the Dominion Dental Council is taking steps to enable graduates from those Faculties to write their Dominion Dental Council examination at or about the time of their Faculty examinations.

Considering the matter of examinations, there were some suggestions that those examinations as set by those Faculties for their final year students be recognized as the Dominion Dental Council examinations on the understanding that the papers submitted by the candidates be examined and valued by the Dominion Dental Council examiners. Regarding this, no action was taken but a discussion of this point might aid in determining your representative's attitude in the matter, as this point no doubt will be raised again at the next meeting of the Council.

The officers elected for the coming period are as follows:
President: Dr. Heath McIntyre, Charlottetown, P.E.I.
Vice President: Dr. G. H. Campbell, Orangeville.
2nd Vice President: Dr. A. E. Proctor, Winnipeg, Manitoba.
Secretary-Treasurer: Dr. A. J. Brett, Regina, Sask.
All of which is respectfully submitted.

G. H. CAMPBELL,
Representative.

Motion: "That this Board receive and adopt the report of the representative of the Dominion Dental Council."—Carried.

REPORT ON CANADIAN DENTAL ASSOCIATION

Gentlemen:

The Board of Delegates to the C.D.A. has had a busy year and has dealt with many matters of national importance, such as Tariffs, Mail Order Dentistry, Legislation revising the Constitution and By-laws of this Organization, Incorporation, the problem of Evacuee Children, War Service Fund or Regimental Fund, help to our British confreres who have been bombed out, and many more war problems.

Regarding Incorporation, our Bill at this time is before the House at Ottawa having passed through the Senate and has received the first reading. On account of so much time being taken up with war measures, it has been shelved for the time being. We hope it will receive its second and third reading and be passed at this session of Parliament or we will just have to start all over again at the next session, causing delay and expense.

Our major problem as you know is the proposed Health Legislation. We have been asked by the authorities to have our plan ready by June 15th.

A number of committees throughout Canada have given very extensive study throughout the past year, and at the regular meeting of the C.D.A. held last week, a committee was formed representing the whole of the Dominiion to give further study and draft a plan to be forwarded to the Government. This plan has been adopted by the delegates and was later adopted at an open meeting of the C.D.A.

Due to the general set up of the C.D.A. in the past, it is very difficult to carry on efficiently in transacting business of any nature as it had to be carried on through correspondence entirely and it has been very hard to arrive at definite conculsions.

Now that all Provinces have agreed to make an increased grant to the C.D.A., we are ready to go ahead and develop a much more efficient organization.

The committee on National Dental Progress set up to educate and get all the provinces to pay the increased grant did a fine piece of work. They are still acting in an advisory capacity to help setting up our permanent organization.

It has been very definitely demonstrated, especially during the past two years, that Dentistry in Canada requires a very efficient and strong organization.

S. W. BRADLEY
G. H. CAMPBELL
D. W. GULLETT
F. A. BLATCHFORD,
Chairman.

Motion: "That the report of the representatives to the Canadian Dental Association be received and adopted."—Carried.

WORKMEN'S COMPENSATION BOARD

To the Board of the Royal College of Dental Surgeons.
Gentlemen:

Your appointed referee to the Workmen's Compensation Board is privileged to submit the following report covering the period of one year ending May 1st, 1942.

(References to the Workmen's Compensation Board throughout this report will be designated "The Board").

During the year 39 claims have been reviewed and written reports submitted to the Board. In some instances, perhaps 7 or 8, clinical examinations have been made in addition to reviewing the claimant's file. Further, the Board's Medical Aid Officer has called your referee in telephone discussion in the disposition of many other claims.

As you would expect the problems arising are similar from year to year although covering a wide range of diversity. A brief tabulation and discussion of the more important points raised might be of interest to you.

In general the dental profession in Ontario fully appreciate their responsibility and co-operate splendidly with the Board in dealing with persons injured by accidents and requiring dental service.

There are still a few dentists, however, over zealous to give the claimant complete dental health service and perhaps urged on by the claimant, try to include in the report of needed attention all the service the claimant needs—e.g. copies of letters handed your Secretary. It is therefore necessary again to point out that the Board is responsible only for services needed as a result of the accident, nothing more, and will consider nothing more.

Again there are a very few occasions where the dentist is not satisfied with the fee allowance or the type of restoration allowed by the Board and on his own proceeds to encourage the claimant to subscribe to a better service at a higher fee, the difference in fee to be paid by the claimant, all of which is done without consulting the Board and getting their approval. Such procedure as this is a good way to get into difficulties with an otherwise fair and generous Board. It should be pointed out further that no dentist should proceed with any treatment without permission in writing from the Board. The Board's approval of treatment and fee must be given the dentist before proceeding.

In a recent ruling of the Board, when a person sustains a dental injury, the Board assumes a reasonable responsibility for resulting service for the life time of the claimant. This concession, of course, must not be abused. Accordingly, your referee was asked to submit a form letter to be sent all claimants when their dental service was completed. The substance of the letter follows:—
Quote:—

"Recently you have had a dental service rendered which was authorized and paid for by this Board. We understand your teeth are now comfortable and that you are pleased with the result.

The Board would like to suggest to you that proper care of your teeth is essential to get the utmost benefit from the dental restorations just completed. Neglect of your teeth can only bring you discomfort and perhaps early loss of more of your teeth. All people are liable to diseased conditions about their teeth, whether they have dental restorations such as yours or not, unless regular attention is given.

This Board is prepared to repair or replace any dental appliances or restorations supplied to claimants when shown to be needed but it is only fair to point out that it may not accept responsibility unless reasonable care is taken to keep your teeth healthy." End of quote.

Further, during the year the Board passed a ruling regarding the fracture of artificial teeth. The order follows—

"The Board orders that in those cases where t workman suffers facial injury of such severity as to be expected to damage natural teeth, and such injury causes damage to an artificial denture while same is in place in the workman's mouth, such denture may be replaced or repaired in the medical aid provisions of the act."

On occasional instances where services of a recognized dental specialist have been required your referee has interceded with the Board for a fee allowance in excess of the usual tariff. The Board has been gracious enough to concur where it was shown to be fair.

Again where jaw fractures have occurred and treatment carried out by physician or general surgeon and where deformity exists following teatment, your referee has suggested the possible advantage to the injured person if a dentist could be called in consultation in such cases. It has recently been pointed out that in the Canadian army when injuries to the face involve fractures of the jaw, the Medical Officer is directed to invite a Dental Officer in consultation at the time of fracture reduction. Your referee is still hoping the Board will take some action on this matter.

In construction of removable appliances, vulcanite bases are still the usual custom. On occasion acrylic bases are allowed, but only when sufficient reason is submitted that vulcanite is not suitable in the specific case under consideration, $40 each denture has been allowed. Any comment in connectioin with this item you gentlemen of the Board would care to make would be appreciated by your referee.

Your referee is very pleased to report that a very few irregularities or misrepresentation has come to his attention. When they do, consultation with your Secretary and his co-operative effort in every instance has brought about an apparent amicable settlement between Board and dentist concerned.

Members of the dental profession would do well to realize that the Compensation Board desires to be fair and just, even generous in many respects, in allowing dental claims. Such a fine attitude is the result of the general desire to co-operate by members of the profession on one hand and the willingness of you gentlemen of the Board of the Royal College of Dental Surgeons to deal with irregularities when they arise.

Perhaps a program of procedure that a dentist should follow when confronted with a compensation case would be in order:

1. The dentist should proceed to render such emergency treatment as is necessary to relieve distress.

2. The dentist should report to the Board on the Board's form 8b. This form is sent to the claimant immediately it is notified of the accident and the claimant is free to take it to the dentist of his choice.

3. The dentist reports conditions of the mouth prior to the accident and injuries sustained in the accident on form 8b given him by the claimant. Further, the dentist describes treatment and restorations which in his opinion are indicated with the projected cost of the service. All this information is forwarded to the Board for its approval.

4. If the Board approves, authority is given to proceed but the dentist must not proceed until authority is given.

If the above procedure is followed the service between Board, dentist and claimant will be facilitated.

One might go on in a similar vein, bringing to your attention points at issue in practically every case reviewed. Before closing, however, your referee would like to indicate the happy relations existing with the Medical Aid Officer, Mr. C. C. Cameron. He wants to deal fairly with each and every claim that comes before him and does so to the best of his ability.

Further, your referee would like to mention the kindly co-operation of Dr. Harvey W. Reid who has acted on several occasions in emergencies.

Finally, may I again express my appreciation to you for the confidence extended to me as your referee to the Workmen's Compensation Board and trust my efforts on your behalf meet with your approval.

Respectfully submitted,

——— ——— D.D.S.
Dental Referee

Motion: "That the Secretary be instructed to write Mr. Cameron of the Workmen's Compensation Board expressing to him the appreciation of this Board for his courteous consideration of all matters dealing with the dental profession in Ontario."—Carried.

Motion: "That Dr.——— be re-appointed Dental Referee to the Workmen's Compensation Board."—Carried.

Motion: "That the report of the Dental Referee to the Workmen's Compensation Board be adopted; and that the Secretary be instructed to write Dr.——— expressing our appreciation of the work he is doing and suggesting that an article concerning this work be submitted to an early edition of the Canadian Dental Journal."—Carried.

Chairman

Motion: "That the report of the Ex-Service Men's Loan be received and adopted."—Carried.

REPORT OF CANADIAN RED CROSS SOCIETY

Re.—Dental Service in Ontario

To the Board of Directors,

Royal College of Dental Surgeons.

Gentlemen:—

The duties of your representative on the Outpost Hospital Committee, Ontario Division of the Canadian Red Cross Society have been very pleasant.

Following the policy in effect in previous years, the main dental services have been conducted in the cilnic at the Red Cross Lodge, Christie Street, Toronto, and in the travelling motor coach in Northern Ontario.

In last year's report, mention was made of the change in Army Regulations which eliminated dental defects as obstacles in the way of prospective recruits. The effect of this ruling was quite noticeable in the marked reduction of applications to the Red Cross for extractions and prosthetic restorations.

As the present war progresses, men discharged from our fighting forces will increase in number. While it is devoutly to be hoped that these men may rapidly be comfortably and satisfactorily re-established in civilian life, it is quite conceivable that a number of them may find some difficulties in this transitional period. The Red Cross stands ready to assist them with their dental problems. The high standard of dental service supplied at the Red Cross Lodge, Christie St., should give excellent satisfaction to these veterans.

Last summer and autumn, the Red Cross Dental Coach was in charge of Dr. A. B. Kaukinen, a 1941 graduate of the University of Toronto whose academic record and personal qualifications for this position had been approved by your Secretary.

The Algoma Central Railway placed a flat car at the disposal of the Red Cross Society and transported it, with the dental coach on board, from point to point along its line from Sault Ste. Marie to Hearst. The Red Cross Society had previously arranged with the Provincial Department of Health so that this itinerary would not encroach upon any service being planned for the Government Railroad Dental Coach. A few of Dr. Kaukinen's monthly reports, enclosed herewith, clearly indicate that, with the exception of a very few adult emergency cases, the service was confined to children. Adults were, of course, welcomed to the dental health lectures.

After detraining at Hearst, Dr. Kaukinen motored to many public and separate schools until he finally reached Whitney about the end of November. Severe weather conditions forced him to close the clinic and leave for Toronto December 15th.

A summary of the October report will give some idea of the work accomplished. The clinic was in operation twenty-three days in this month and 638 children were examined. 1,523 defective deciduous teeth and 1,203 defective permanent teeth were recorded. 454 deciduous and 73 permanent teeth were extracted and 468 restorations were made. Dr. Kaukinen's remarks on his report sheets indicate that sickness, impassable roads and other factors interfere considerably with progress.

Many other observations might be made. Suffice it to say that the Red Cross Society's policy of making a mouth inspection available for each child who attends its clinics; of referring to local dentists, those children whose parents are able to provide dental care for them; of treating those who are considered by local authorities to be deserv-

ing of this service and of disseminating knowledge regarding dental health to children and adults seems to merit future support for this splendid branch of the work of the Canadian Red Cross Society.

This report is respectfully submitted for your information and consideration.

R. D. THORNTON,
Dental Representative,
Outpost Hospital Committee,
Ontario Division,
Canadian Red Cross Society

In a letter which accompanied the above report, Dr. Thornton resigned his position as the Board's Representative to the Red Cross, his resignation being due to the fact that he has retired from practice and taken up residence some distance from the city.

Motion: "That the report of the Dental Representative to the Red Cross be received and adopted and that the Secretary be instructed to write Dr. Thornton accepting his resignation and expressing to him the thanks of this Board."—Carried.

Motion: "That this Board appoint Dr. E. C. Veitch as representative to the Red Cross Executive."—Carried.

REPORT TO THE BOARD OF ROYAL COLLEGE OF DENTAL SURGEONS ON MOUTH HEALTH CAMPAIGN IN ONTARIO

During the past year the Canadian Dental Hygience Council has, conjointly with the Central Committee of Ontario dentists, carried out a program of Dental Health in certain sections of the province.

This year's effort has not been as extensive as we had anticipated because certain districts were unable to arrange for such a program as had been considered by them last Fall.

Some phase of Public Dental Health work, addresses, etc., was carrried out in the following places:

Woodstock, Paris, Guelph, Galt and Peterborough, and Simcoe County.

During the past year we have conducted an experimental program in rural districts. Working in conjunction with the Director of Dental Services of the Department of Health, the Department of Education, and the Central Committee representing the dentists of Ontario, a program of twelve meetings was conducted in rural communities of Simcoe County, Ontario. This program was arranged in the first instance by the Director of Community Life Training Institute, and in several communities the meetings were held under many sponsors, such as Farm Federation, Women's Institute and the Co-operative Group. These groups had been studying community health during the past winter, and the establishment of rural dental school clinics was the main topic at our meetings. I consider this one of the most fruitful programmes that we have taken part in for some time. The people in these rural districts evidenced a very intelligent and enthusiastic interest in Dental Health, and I think the keenness displayed at these meetings justifies the extension of this work in rural districts, so that we may take out into the country some of the educational and clinical advantages that have been enjoyed for many years by the children in the cities.

Tangible results are already apparent from this particular effort, as several school districts have already voted the necessary authority to inaugurate dental services in their community for the public school children. I am deeply impressed with the importance of

extending our programme in rural areas, particularly those programmes pertaining to school dental clinics. Sufficient interest has been aroused through our programs in the past so that many of the rural districts are ready to discuss and arrange for these school dental clinics. When these clinics are in operation and financed, the Ontario Government will make a grant of one third of the cost, back to the community. This applies in both large and small school groups. In some instances clinics are being established where there are only 24 pupils. The procedure is that at the request of some organization from the district, frequently a Women's Institute or Farm organization, we, as official representatives of the Dental and Health organizations, visit the community and explain the health value and financial saving to be expected as a result of the establishment of these services. Dr. Hodgins, from the Dept. of Health, explains the financial set-up necessary. The community then asks the dentist from the nearest point to make a survey of the school children and an estimate of the cost of correcting dental defects. On this basis we can then, in conjunction with Dr. Hodgins, give them definite figures as to the financial outlay necessary.

May I once again express my conviction that an extension of educational work in these rural communities will bring very beneficial results to them and to the profession of Dentistry itself.

Respectfully submitted,

H. S. THOMSON,
Field Secretary,
Canadian Dental Hygiene Council.

Motion: "That the report of the Mouth Health Campaign in Ontario be received and adopted and that the thanks of this Board be extended to Dr. Thomson and the Canadian Dental Hygiene Council."—Carried.

REPORT OF DIRECTOR OF DENTAL SERVICES ONTARIO DEPARTMENT OF HEALTH

To the Directors of the Royal College of Dental Surgeons:—
Gentlemen:

May I present to you a report of the activities of the Director of Dental Services, for 1941.

As formerly, the dental clinics in the Mental Hospitals were inspected twice during the year. Equipment is checked, some of the completed work inspected, and treatment recommendations and probblems reviewed with the dentist in charge. A monthly report of the dental clinic is sent in by each hospital and these are checked by the Director. Owing to the enlistment of three of our full time dentists there were changes in the dental staff this year.

The Central Laboratory for the Ontario Hospital laboratory work was moved to better quarters and remodelled to modern sttndards, during the year. Besides repairs, rebases, etc., there were 237 full dentures made. The Director supervises the work done in this laboratory.

Attendance at the Psychiatric Hospital clinic two mornings a week is a part of the duties of the Dental Director.

Reformatories, Training Schools and Refuges under the jurisdiction of the Provincial Secretary were also inspected.

This year, by Order-in-Council, the Director of Dental Services was appointed to inspect the dental clinics in all Sanatoria and public general hospitals. Most of the Sanatoria and a great many of the

general hospitals have been visited. The patients in Sanatoria are generally well taken care of, and the clinics well-equipped. The public general hospitals vary considerably in the matter of equipment, time spent by the dentists and location of the clinic.

In the unorganized territory of Kenora the Dental Car has done good work; treating approximately twelve hundred school children. A monthly report of the work done is submitted to the Director by the dentist in charge of the car. During the year a great deal has been accomplished in the way of public dental health education.

The Director of Dental Services spent as much time as possible in the dental display booth set up by the Public Dental Health Committees at the Canadian National Exhibition, in agreement with the Ontario Educational Association.

Along with members of the Public Dental Health Committees of the Canadian Dental Hygiene Council and the Ontario Dental Association, the Director has attended a great many meetings held under such auspices as Women's Institutes, Community Life Training Institute, Service Clubs, etc. While dental health was the main topic at these meetings, and pictures were usually shown, the Director was always asked to explain the plan of Government Grants for School Dental Services. New School dental clinics have been established this year in Hespeler, Kemptville, Orillia Township,, Russell Township, Peterborough and Timmins.

Charts for use in a dental survey, and educational booklets, have been distributed to dentists, teachers, Women's Institutes, etc., upon request.

The Ploughing Match was held this year at Peterborough, where the attendance was 100,000. Motion pictures were shown, and information in respect to dental health and school dental services was dispensed by the Dental Director and members of the Public Dental Health Committees. The dentists of Peterborough and district gave every assistance in making this a worth-while exhibit.

The plan of emergent dental treatment for relief recipients was carried on as usual. Naturally, owing to present conditions, there are not the numbers of accounts to be reviewed by the Dental Advisory Committee, as heretofore. However, we are expecting new developments in this field.

Correspondence on a variety of subjects, from Dentists, Medical Officers of Health and other agencies, has taken up a fair proportion of the Director's time.

From the above report you will realize the extensive mileage covered in the course of the year.

H. J. HODGINS,
Director of Dental Services,
Provincial Department of Health.

Motion: "That the report of the Director of Dental Services (Ontario Department of Health) be received and adopted."—Carried.

MINISTER OF HEALTH

The Hon. Mr. Kirby, Minister of Health, and Dr. McGhie, Deputy Minister of Health, appeared by appointment before the Board at the October meeting.

Mr. Kirby spoke of the co-operation his department desired to give the dental profession. Dr. McGhie said that dentistry was receiving an increasing amount of attention in the Department of Health; that before any change in regulations affecting any of the health professions are made, the profession affected will always be

consulted; that it is the policy of the department to work harmoniously with the health professions.

The Board members discussed at length the position of dentistry relating to public health services with the Minister.

SPECIALISTS AND SPECIALIZATION

For several meetings of the Board reports have been presented with the object of regulating Specialists and Specialization. The Board has had a special committee appointed upon this subject for some time, which has reported at several meetings. The Specialists have also presented reports to the Board. At the Annual Meeting this year representatives of each specialty appeared before the Board presenting reports for suggested action.

The Board has not seen fit to adopt any of these reports owing to the fact that agreement upon satisfactory regulations to all concerned has not been found as yet.

ANNUAL LICENSE FEE FOR MEMBERS OF GRADUATING CLASS

Motion: "That those graduates in the spring of 1942 being granted their L.D.S. certificates, be given the 1942 license on payment of one-half the annual fee, and that for this purpose, By-law No. 10 be suspended. Any regulation governing enlistment to be observed."—Carried.

DR. F. J. STODGELL OF WINDSOR

Dr. F. J. Stodgell appeared before the Board at the Special meeting in October and asked the Directors to give consideration to the immediate restoration of his license. The Board gave serious consideration to the matter both in conference with Dr. Stodgell and after his retirement.

Motion: "That subject to favourable reports from the proper authorities, the license of Dr. F. J. Stodgell, of Windsor, be restored to him on January 1st, 1942, on the payment of the 1942 license fee." —Carried.

RE TEACHING OF ECONOMICS AND MECHANICS TO DENTAL STUDENTS

Dr. Bradley brought forward for discussion the subject of the present training of dental students under the headings of; Economics and the Development of Mechanical Ability. After considerable discussion the following motion was passed:

"That Dr. Bradley's suggestions regarding the teaching of the mechanical part of dentistry and economics to dental students be received and action taken by Dr. Paul to refer for discussion with the Faculty Council."—Carried.

REGULATIONS

SIGNS

A member of the Royal College of Dental Surgeons, in connection with his profession:—

1. May not display any sign containing anything other than his name, degrees and profession and in which any letters larger than four inches are used.

2. May not display more than two signs in addition to one at or on his entrance door.

   (a) Not more than one of these may be a suspended sign.
   (b) Not more than one of these may be an illuminated sign and if illuminated must not be intermittent, daylight, "Neon" or "Neon type" and no colours shall appear in such signs other than white or black.

3. May not display any sign on premises other than those in which his practice is actually carried on.

Notwithstanding the above regulations he may (using only unilluminated letters or figures not larger than two inches).

(a) Add to his entrance sign, his office hours.

(b) Add to any sign the words "Open Evenings" and (when an entrance is difficult to find) the words "Entrance on . . . . "

PROFESSIONAL CARDS AND ANNOUNCEMENTS

A member of the Royal College of Dental Surgeons, in connection with his practice:—

1. May not permit to appear in any newspaper or other publication, printed or written for distribution or display anything other than his professional card (which may contain at most his name, title or degrees, profession, address, telephone number and office hours) or an announcement of his commencement of practice, change of office location, absence from or return to practice or the restriction of his practice. The announcement shall not contain any reference to qualifications, procedures or equipment. The space used, for either card or announcement, must not exceed one column (13 ems) in width by two inches in length and must not be in the nature of a display.

2. He may, however, observing the dignity and ethics of the profession, without reference to qualifications, procedures or equipment:

   (a) Use private professional cards.
   (b) Issue accounts and receipts.
   (c) Issue appointment cards.
   (d) Mail to his patients recall notices.
   (e) Mail to his patients and acquaintances announcements of his commencement of practice, change of office location, absence from or return to practice or the restriction of his practice.

SOLICITED ADVERTISING

For the protection of the Profession from solicited advertising, this Board prohibits any Member of the Royal College of Dental Surgeons from inserting his profession card in hand-bills, programmes, year books or other printed matter of like character.

By-Law No. 11, Section 4. When any member of the Royal College of Dental Surgeons takes over the practice or office of another member of the College, either by purchase or otherwise, the member so acquiring the said practice or office shall not after one year from the date of such acquisition use any sign or printed matter which suggests to the public that the retiring member was in any way associated or connected with the said practice or office.

RE LISTING OF DENTISTS IN TELEPHONE DIRECTORIES FOR PROVINCE OF ONTARIO

(1) No display advertising of any kind.

(2) No black face listings in the yellow pages.

(3) No specialists listed under separate group headings.

(4) Mention of office hours is of no particular value, and is usually used only to increase space, therefore, to be excluded.

(5) Mention of particular facilities or equipment, such as X-ray, gas extractions, etc., not acceptable in either section.

(6) Black face listings acceptable in white pages.

(7) Residence listing on yellow pages, as well as on white pages, is acceptable.

(8) Designation as specialists, i.e., Periodontist, Exodontist, Orthodontist, etc., is acceptable in both yellow and white pages, provided that the dentist is actually a specialist.

NOTE:

A specialist is one whose practice is limited to one particular branch of dentistry.

Annual Report

of the

Board of Directors

The Following Is a Condensed Report of the Business Transacted by the Board During the Year:

ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO

1942-1943

REPORT OF THE PAST PRESIDENT

To the Board of Directors of the Royal College of Dental Surgeons.
Gentlemen:

It has been a great honor for me to serve on this Board for the past eight years, and to be President for the last two.

Our meetings of late years have been longer than the past average due perhaps to more items of business on our Agenda, and to the aggressive spirit of our new Secretary, Dr. Gullett; also in my term of office, the added problems brought before us on account of the War. In any case I have not thought it good policy to rush our business through without most careful consideration. Each member of the Board has had an opportunity to give his views before motions were put, and you have all given me your fullest co-operation to expedite matters consistent with your good judgement.

A few major items worthy of note dealt with during my term of office are:

1. The increased financial support given the C.D.A. which, along with equal contributions from the other Provinces, have placed the National Body on a greatly improved basis for Unity and Service.

2. The annual fee was increased, with little opposition by our Confreres as nearly all the Members of the R.C.D.S. were well informed in advance of the necessity for the increase.

3. We spent many hours revising our By-laws to bring them up to date, and the Act was also changed to make it more difficult to carry on illegal practice in the Province.

4. The survey conducted under the chairmanship of our Member, Dr. Harvey Reid, in regard to Procurement and Assignment, was carried out in a most creditable manner and was successful in obtaining one hundred percent report. He and all those connected with this undertaking are to be congratulated on this fine piece of work.

5. This Board upon request has made an intensive study of all known Dental Health plans throughout the world and in conjunction with the Canadian Dental Association has submitted our suggestions to the Government at Ottawa for their consideration.

I feel that further study should be given the subject of Specialists and Specialization in our profession, and at this meeting we should lay down a plan for Rehabilitation of our many Members who are serving with great distinction to themselves and doing such great honor to our Profession. Another problem arising, on account of the large number who are now serving with the armed forces, is to have as even a distribution of Services throughout the Province from the remaining Dentists as is possible, to take care of Civilian demands. This problem will become more acute as the War continues.

The services rendered by our Secretary, Dr. Gullett, and Treasurer, Dr. Willmott, have in every way been most satisfactory. These men at this time are doing a great deal for Dentistry during a most critical period in our history.

I am pleased to have been returned again by the Electors of my District and hope I can still be of service to the Board and our Profession in Ontario and the Dominion.

Thanks for your many acts of kindness, courtesies and co-operation you have always given to me during my term of office.

F. A. BLATCHFORD,
Past-President.

May 11th, 1943.

Motion:—"That the report of the Past-President be received and adopted."—Carried.

ANNUAL REPORT OF THE SECRETARY

Gentlemen:

The Directors of this Board have had added responsibilities placed upon them during the past year. Due to the direct relationship of the Board to the Canadian Dental Association, the responsibility of national dental affairs rests upon the elected members of the provincial Board. Dental problems of national aspect are numerous today. Consequently, the election of a member of the profession to the Board takes on a new significance.

The continuance of the war will create serious problems for dentistry which must be faced. The statistical data of the survey which has just been concluded should give a firm basis for future decisions. Dental service for civilians has not improved, there being now 75% of the dental manpower left for civilians as compared with the pre-war year 1938. At the same time there exists an increased demand for dental services due to full employment and less available goods for purchase.

Dental health insurance has become increasingly important during the past year. If the present proposed federal legislation is enacted the matter will immediately become a provincial responsibility and the dental Board will occupy the important position of regulating the practice of dentistry under health insurance. In the event that an arrangement for health insurance is made effective the dental profession will be in the most critical position that has occurred for many years.

In spite of the repeated warnings issued, some dentists in this province have found themselves in serious difficulty due to violating the Narcotic Regulations. The careless writing of narcotic prescriptions by dentists is still a serious matter. Emphasis was laid upon this point in the last issue of the annual proceedings but some dentists persist in writing such prescriptions for people they do not even know.

Gasoline rationing has caused considerable disturbance amongst the members of the profession. While dentists express themselves as willing to cooperate in every way for the national interest, there is a distinct feeling that the health service of the dentist is not being properly recognized in comparison with other essential occupations.

Many other war regulations are interfering with the practice of dentistry and every effort is being made to solve in a cooperative manner the problems as they arise.

The proposed amended by-laws of the Canadian Dental Association are presented at this meeting of the Board. It is pointed out that under the present C.D.A. By-laws, it is necessary to have the approval of the provincial boards before any amendment can be made. As a consequence, the Board will necessarily need to deal with this matter if any action is to be approved at the next meeting of the C.D.A. delegates.

At the meeting of the National Association of Dental Examiners, a change was made in the constitution of that body to permit the full active participation by the representatives of any dental board of the Americas. Many problems of licensing boards, especially those arising from war conditions, were discussed. Acceleration in dental education was stated to mean a definite lowering of standards. Under the report upon foreign colleges, statements were made to the effect that in dealing with refugee dentists, the professional background

must always be considered; such persons must be required to complete their education to our standards; and any radical changes on their behalf are to be avoided if at all possible. It was shown that foreign colleges require attendance at their schools before registration. The Council on Dental Education of the A.D.A. is beginning a new survey of the 39 dental schools in United States for purposes of issuing an approved list. Kentucky is the 35th state in United States to introduce a law for dental hygienists.

The registration of the first year in the Faculty of Dentistry, University of Toronto, was conducted upon a different basis than in former years. Owing to the large number of applications it became necessary to reduce the number to be admitted due to the restrictions in securing necessary materials for teaching purposes and lack of accommodation. This was done by means of a series of aptitude tests. Consideration must be given to the method and number to be admitted in the future. The Board took an active part in this action and must assume its share of responsibility both for what has been done and any future contemplated action.

CHANGES IN REGISTER

At this time, when there is such an apparent need for dentists, it is well to keep in mind the number on the Active Register and the relationship of this situation to the post war rehabilitation period. The number stood at approximately 1,900 from 1935 to 1940. Since then, there has been a yearly increase. As of April 30th, 1943, there were 2,033 license renewals issued, of which 555 were honorary. To this number is to be added one who has failed to pay the annual fee on the above date.

Changes during the year have been as follows:

Added to the Active List		
New Graduates	52	
Licentiate from Ohio	1	
Licentiate from Manitoba	1	
Licentiates from Ontario	7	
Total		61
Transferred to Inactive List		
Died	27	
Out of Practice	5	
Total		32
Increase in number on Active List		29

MAIL MATTER

During the year, 19,204 articles (including 3,636 personal letters), together with 35,840 enclosures have been prepared and sent out. Some 3,909 articles with 6,344 enclosures were received, making a total of 65,297 pieces of mail handled during the year.

LICENTIATES IN MILITARY SERVICE

On April 30th, 1943, there were 520 men from the Ontario Active Register in Military Service. Of this number, there are 11 who are in services other than the Canadian Dental Corps. During the

year Major T. E. Hayhurst was killed at Dieppe, while serving with his regiment, the Essex Scottish, and Capt. H. R. F. Richardson was accidentally killed in a civilian accident which occurred in the Province of Nova Scotia. Dr. Spence of Fort William is still a prisoner of war at Hong Kong as far as is known.

The profession in Ontario is now represented in the forces by 25.58 per cent of its members.

Enlistment of Ontario Licentiates since beginning of War

Total number enlisted in Dental Corps	530
Total number in other Military Services	11
Total	541
Number of Deaths and Retirements	21
Total number now in Military Service	520

HONORARY REGISTRATION FOR LICENTIATES SERVING IN MILITARY FORCES

The Board has seen fit to grant honorary registration to members serving in the military forces for the past three years. If the Board desires to continue this practice, a resolution for 1944 will be necessary.

PRESCRIPTIONS FOR TECHNICIANS

A copy of the Dental Act together with a specimen prescription pad and instructions were mailed to each member as directed at the annual meeting. While there has undoubtedly been some criticism, absolutely none has been received at this office. Many letters received from members of the profession both within and without the province and also from dental technicians have been of a congratulatory nature.

Undoubtedly the prescription feature would be strengthened if the form were made official by the Board. This procedure is favoured by other licensing Boards which have adopted the prescription. However, it is debatable whether it would be a wise procedure until more educational work is done.

Several dental organizations have signified their intention of helping the Board in educating their members. The Secretary wrote the editors of the three Journals requesting them, if they saw fit, to assist the Board by supporting the amendment in the writing of editorials or otherwise in their respective Journals, which was done.

LICENTIATES WHO HAVE DIED SINCE THE ANNUAL MEETING, 1942

In Practice in Ontario:

1884	Smith, A.A.	Cornwall	Nov. 10th, 1942
1886	Wunder, W. W.	Toronto	Dec. 10th, 1942
1886	Haslitt, Robert	Toronto	Feb. 7th, 1943
1893	Hicks, George	Watford	Aug. 17th, 1942
1895	Emmett, George	Toronto	Jan. 9th, 1943
1896	Burnet, W.	Galt	Nov. 15th, 1942
1898	Waugh, Freeman	Kingston	July 7th, 1942
1899	Laker, W. J. W.	Toronto	Jan. 1st, 1943
1900	Bonnycastle, G. C.	Bowmanville	Feb. 28th, 1943
1902	Leacy, J. J.	Ottawa	July 13th, 1942
1902	Shaver, A. E.	Brockville	Sept. 16th, 1942
1902	Reeves, Benjamin	Fort Frances	Dec. 28th, 1942
1903	Wickett, W. C.	Cochrane	Oct. 17th, 1942
1905	Hambly, E. J.	Willowdale	Nov. 5th, 1942
1907	Wilson, Ghent	Toronto	July 4th, 1943
1910	Richardson, Harold	Toronto	March 9th, 1943
1913	Harris, G. W.	Windsor	April 8th, 1943
1914	Ionson, S. S.	Port Rowan	Sept. 6th, 1942
1914	Boyle, L. R.	Toronto	April 30th, 1943
1916	Brown, J. W. E.	Caledonia	May 20th, 1942
1916	Smith, H. L.	Toronto	Feb. 21st, 1943
1919	Godwin, W. O.	Port Colborne	Sept. 23rd, 1942
1919	Barbour, F. W.	Toronto	Nov. 18th, 1942
1922	Jaques, L. A.	Oakville	June 8th, 1942
1922	Richardson, H. R. F.	Toronto	April 7th, 1943
1924	Bisnett, A. M.	Windsor	Aug. 12th, 1942
1929	Hayhurst, T. E.	Windsor	Aug. 19th, 1942

Out of Practice in Ontario:

1896	Hutchison, O. H.	Ottawa	Dec. 31st, 1942
1898	Beaton, D. H.	Toronto	June 3rd, 1942
1899	Ross, R. R.	Seaforth	June 5th, 1942
1899	Henderson, E. H.	Toronto	Feb. 20th, 1943
1902	Cummer, W. E.	Toronto	May 14th, 1942
1909	Cosgrove, R. T.	Ottawa	June 6th, 1942
1909	O'Callaghan, M. J.	Belleville	Jan. 5th, 1943
1919	Lavine, J. J.	Toronto	Dec. 5th, 1942
1922	Shultis, J. M.	St. Catharines	Sept. 9th, 1942

Not in Ontario:

1891	Frith, S. W.	Edmonton, Alta.	May 6th, 1942
1901	Harvey, W. P.	Calgary, Alta.	June 4th, 1942
1912	Sandercock, F. E.	Drumheller, Alta.	Oct. 27th, 1942
1923	Mann, S. C.	Olds, Alta.	March 6th, 1943

Your attention is directed to the fact that two of these Licentiates died while serving in the Military Services, namely Drs. T. E. Hayhurst and H. R. F. Richardson.

HONORARY REGISTRATION

The following members who have been on the Ontario Register for 50 years or more were sent honorary renewal certificates:

1871	Solon Woolverton	London
1884	F. A. Denne	Stayner
1884	F. Kilmer	St. Catharines
1886	J. C. Bannerman	Owen Sound
1886	J. H. Carrique	Toronto
1887	A. H. Allen, M.D.S.	Toronto
1888	D. Clark	Grimsby
1888	J. H. Frain	Norwich
1888	J. A. Shannon	Sault Ste. Marie
1888	W. E. Willmott	Toronto
1888	R. T. Winn	Toronto
1889	C. P. Matthewman	Ottawa
1889	J. J. Kerr	Cobourg
1890	G. P. Allen	Mount Forest
1890	D. A. Black	Kingston
1890	G. F. Belden	Toronto
1890	Ira Bower	Ottawa
1890	Oliver Martin	Ottawa
1891	C. W. F. Lennox	Bracebridge
1891	F. R. Porter	Orillia
1891	A. H. Mabee	Gananoque
1891	M. J. Sisley	Toronto
1891	J. E. Wilkinson	Toronto
1891	C. F. Wright	Trenton
1891	W. R. Winters	Ottawa
1892	T. C. Trigger	St. Thomas
1892	G. J. Musgrove	Niagara Falls
1892	S. C. Wilson	Perth
1893	Harold Clark	Toronto
1893	G. S. Fowler	Teeswater
1893	John H. Irwin	Collingwood
1893	W. T. McGorman	Port Arthur
1893	E. A. Peaker	Toronto
1893	D. E. Russell	Hamilton
1893	C. E. J. Smith	London

Those eligible for this distinction beginning January 1st, 1944, are as follows:

1894	C. N. Abbott	London
1894	J. Wick Bell	Hamilton
1894	J. D. Cameron	Renfrew
1894	D. Davidson	Woodstock

Due to the accelerated course, two classes will graduate during the present calendar year. As a result attention should be given to the amount to be expended for grants given by the Board for the Willmott Scholarship and the Nurses' Prizes.

Social changes are being proposed which, if developed, will affect all vocations, including dentistry. All executive bodies representing the professions must be prepared to meet sanely social adjustments as they become necessary. The recognition of the importance of dental services was never higher than it is today. Discussions of how to adjust dental services to the dental needs of the Canadian populace, are taking place not only within the ranks of the profession but outside as well. All the matters that have been discussed by organized dentistry during past years relative to the required number of dentists and the relationship of associated dental personnel are before us today. One provincial legislature this year has had a bill before it to separate the practice of dentistry into two parts. The introduction of legislation relative to dental nurses or hygienists is contemplated for the first time in Canada by one Provincial Dental Board. A most frequent question is how do we propose to increase the number of dentists if proposed health insurance is enacted. These and other kindred subjects have to do with the extension of dental services to a larger number of the population and must be given careful consideration.

Every member of this Board has been called upon to make many sacrifices in the interests of the profession during the year. As secretary, may I thank you for your cooperation. No member has refused to undertake his allotted task; indeed, all have exceeded the distributed proportion which has made the executive task a pleasant one.

All of which is submitted for your consideration.

DON W. GULLETT,
Secretary.

Motion: "That this Board by resolution recommend to the Executive of the C.D.A. that a request be made to the Dominion Government that a Procurement and Assignment Committee be formed to assist the government in the better geographic disposition of dental service. We suggest that this committee include secretaries of the respective Dental Boards across Canada." Carried.

Motion: "That a general letter be sent to all members of our profession drawing to their attention: (1) The necessity of stabilizing fees under present conditions; (2) The necessity of giving as extensive service as possible without depreciating quality of service; (3) The advisability of seeking full information before adopting in any way recommendations made by commercial enterprises, e.g. rubber stamp literature recently issued." Carried.

Motion: "That this Board go on record as deploring the fact that, despite the representations that have been made, the profession of Dentistry being an essential health service, has been given no recognition by the Oil Controller in the matter of gas rationing as has been given to other health groups." Carried.

Motion: "That this Board grant honorary registration for 1944 to those members in the military forces providing that hostilities have not ceased before January 1st, 1944, and also to those enlisting between January 1st, 1944, and April 30th, 1944." Carried.

Motion: "That the following having been fifty years on the active register of the Royal College of Dental Surgeons of Ontario be granted honorary registration. (9 additional names as in Secretary's report)." Carried.

Motion: "That the annual report of the Secretary be received and adopted." Carried.

TREASURER'S REPORT

To the Board of Directors of the Royal College of Dental Surgeons of Ontario.

Gentlemen:

Your Treasurer herewith presents his report for 1942-43:—

Licentiate Fees

On December 1st, 1942, 1,900 first notices regarding the annual licentiate fee being due January 1st, 1943, were mailed.

460 second notices were sent out January 20th, 1943.

In February, 219 drafts were entered at the bank, of which 174 were paid through the bank. Three licentiates had enlisted, one had retired from practice. One has not paid and the remainder paid direct.

Twenty-seven 1942 fees were returned to those who had paid and had enlisted previous to May 1st, 1943; and one 1943 was returned to the widow of a dentist who died in December, 1942; fees for 1943 will be returned to six licentiates who had paid and who enlisted previous to May 1st, 1943.

Extramural and Extension Lecture Service

(See Secretary's report for details)

These services were given at 22 centres as against 29 centres last year.

Expenses for the year:—

University of Toronto for Honoraria	300.00
Extension Lecture Honoraria	75.00
Expenses of speakers	407.18
Printing	70.83
Postage (included in postal expense)	20.33
	873.34
The appropriation for the year was	1000.00

A refund of $90.00 was received from the University as balance from 1941-42.

Harry R. Abbott Library

(See Librarian's and auditor's reports for details)

Auditors

It will be necessary to appoint auditors for next year.

Auditor's Statements herewith submitted:

(a) Balance Sheet showing Assets and Liabilities.
(b) Receipts and disbursements on Board Account.
(c) Receipts and disbursements on Harry R. Abbott Memorial Library Fund.
(d) List of securities.

W. E. WILLMOTT,
Treasurer.

Motion: "That the Board give the President power to authorize the payment of necessary accounts for year 1943-44." Carried.

Motion: "That the firm of Thorne, Mulholland, Howson and McPherson be appointed auditors for the present year." Carried.

Motion: "That the Treasurer's report be received and adopted." Carried.

ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO
FINANCIAL STATEMENT
YEAR ENDED APRIL 30th, 1943

To the President,

ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO.

Dear Sir:—

We have audited the books and accounts of the ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO for the year ended April 30th, 1943, and submit herewith our report together with the following statements and schedules:

Balance Sheet .....
Receipts and Disbursements, General .....
Receipts and Disbursements, Harry R. Abbott Memorial Library Fund .....
Government, Government Guaranteed and Municipal Bonds .....

With reference to the loans to ex-service men, the payments on principal during the year under review amounted to $1,331.07 and in addition $291.28 was received on account of interest. During the period loans amounting to $625.00 were written off of which $25.00 has yet to be approved. The unpaid balances as of April 30th, 1943, less those written off, amounted to $5,207.56 and the surplus shown on the balance sheet is subject to the realization of these accounts. No accrued or unpaid interest on these loans has been considered in the accompanying balance sheet.

Respectfully submitted,

(Signed) THORNE, MULHOLLAND, HOWSON & McPHERSON
Chartered Accountants

REPORT OF EXECUTIVE COMMITTEE

To the Board of Directors:

Royal College of Dental Surgeons

Gentlemen:

The meetings of the Executive Committee have been concerned with two main subjects: (1) Health Insurance; (2) Procurement and Assignment.

A detailed study of the provisions of the proposed draft bill for the enactment of Health Insurance has been made and recommendations for alterations forwarded to the C.D.A. Committee on Federal Health Insurance. The committee is pleased to report that most of these recommendations were adopted by the C.D.A. Committee and that committee was able to secure the incorporation of many of the main features of these recommendations into the proposed Bill. Before making any recommendations, legal advice was obtained regarding the same.

In the event of health insurance legislation being enacted in the present proposed form, this Board will play a vital part in adapting

the dental services provided under the terms of the proposed bill to the needs of the population of this province. Members of the Board should give serious thought to the responsibilities likely to be entrusted to them.

At the request of the C.D.A. committee on Procurement and Assignment for a survey of dentists and dental technical personnel, the Executive Committee discussed ways and means of conducting the same to the best advantage. After discussions, it was agreed that the Board should assume the full responsibility for the survey, each District Representative being responsible for his own electoral district. It was also decided that the Ontario Dental Association and Faculty of Dentistry, University of Toronto, should be requested to appoint two members each to act in an advisory capacity.

The committee has also acted upon recommendations, requiring the authority of the Board, which were forwarded from the Ontario Advisory Committee on Procurement and Assignment. These actions were ratified at a special meeting of the Board held at a subsequent date.

The sub-committee appointed to look into the matter of dental services for pensioners (old age, Mother's Allowance, etc.) has been in touch with provincial government authorities during the year. A conference was held on September 17th, with the Minister of Welfare and the committee, by request, appeared before the executive of the Ontario Medical Association on October 8th. These meetings have clarified our position in the matter. It was plainly stated that the dental profession felt the necessity of administering those services appertaining to dentistry.

Due to the exigencies of the war, this committee sanctioned the use of parchment paper for L.D.S. certificates in place of the sheepskins formerly used. We recommend that this action be ratified by the Board.

All of which is respectfully submitted.

HARVEY W. REID,
Chairman.

Motion: "That the report of the Executive Committee be received and adopted as read and that the action of the Executive Committee re parchment paper for L.D.S. certificates be confirmed." — Carried.

REPORT OF DISCIPLINE COMMITTEE

To the Board of Directors,

Royal College of Dental Surgeons.

Gentlemen:

The Discipline Committee begs to report that there have been exceptionally few matters referred to it for action since the last meeting of the Board. The Committee desires to congratulate the members of the profession upon this most desirable record.

Several minor matters have been brought to the attention of the committee and these have all been settled amicably. Many of these complaints have arisen due to the tension under which members of the profession are operating to-day and when any shortcomings are pointed out, adjustments are generally readily made by the dentist concerned.

Investigations have been carried on continuously regarding all reports of illegal practice. There is evidence that some illegal practitioners are again plying their trade. The tendency is for these offenders to enlist in the military services when they find that evidence

has been secured against them. The committee is in possession of sufficient evidence against two old offenders, one of whom is before the courts at the present time.

Daniel Russell Perrin, Lindsay

This man was convicted before Magistrate Gee on August 27th, 1942, at Haliburton, being his fourth offence. He was fined $500 and costs. Perrin disappeared the day next preceding the trial and a warrant has been issued since for his arrest. There is evidence to the effect that he has taken up residence in British Columbia. It was the second conviction against Perrin within the period of seven months.

Respectfully submitted.
HARVEY W. REID,
Chairman.

Motion: "That the report of the Discipline Committee be received and adopted." — Carried.

REPORT OF THE FACULTY OF DENTISTRY

A REPORT TO THE BOARD OF DIRECTORS OF R.C.D.S. WITH REFERENCE TO REGISTRATION IN THE FACULTY OF DENTISTRY, UNIVERSITY OF TORONTO.

(Presented at the October Meeting)

For the past several years too few students to meet the need for dental service have applied for registration in this Faculty. This September the number of applications for admission to the First Year exceeded by over threefold the usual number.

Arrangements for dental instruments and materials necessary for teaching dental students have to be made months in advance and this is especially true during war time. The Faculty had suggested that dental dealers order dental instruments and materials for the usual number of students. The actual situation was, however, that 139 applications were received by the Registrar's Office, but 58 of these were eliminated because of lateness in applying, that is, after September 10th, and because of the fact that some had made application also in another faculty. This reduced the number of applicants to be considered to 80.

Besides the lack of instruments and materials, there was not sufficient accommodation and equipment in the Dental Building to permit of the acceptance of this entire number.

It was arranged, therefore, that practical aptitude tests would be given by members of the Faculty and also that each applicant would be personally interviewed by the Faculty Committee on Admissions, together with the Secretary of the Board of the Royal College of Dental Surgeons of Ontario, who is also a member of the Faculty.

The 80 applicants were provisionally registered for the First Year on September 22nd and signed an undertaking that they would withdraw if not selected. The tests and interviews were carried on for ten days. Fifty-four students were then selected and are now enrolled in the First Year.

The Faculty regrets that certain applicants who had chosen to prepare for Dentistry as their life work should be disappointed.

It will be necessary for this Board and the Faculty Council to consider the question as to how a similar situation should be met in the future.

We understand that it is the intention of the Dominion Government to give, if possible, increased dental service to the people of Canada as a social measure. If this service is established it will be

necessary to increase the number of dentists licensed in the Dominion. The Board of the Royal College of Dental Surgeons of Ontario realizes that at the conclusion of the war many dentists now serving in the forces (approximately 1000) will have to be helped to re-establish themselves in civilian life. There will doubtless be a sufficient number of these returning dentists to supply the dental services that will be immediately required by the government under the new health programme. This will be particularly true during the inauguration of this programme.

Probably many of the hundreds of young men serving as technicians and chairside assistants in the Canadian Dental Corps will wish to enter the course in Dentistry after the war. As these larger classes wold graduate, doubtless a sufficient number would be available to meet the increasing need for dentists in the Dominion Dental Service.

We believe, therefore, that the immediate requirements for dentists in the Province of Ontario can be met if a normal quota of about 60 students be graduated each academic year under the accelerated plan.

We think that the aptitude tests given to the First Year applicants this session were satisfactory and that it would be desirable in the future to continue them and to make a selection of the applicants by a board of examiners as was done in he emergency this year.

SESSION 1942-43

80

After aptitude tests given, 54 accepted.
(52 actually registered)
(2 pending).

October 21st, 1942.

ARNOLD D. MASON,
Dean.

Motion: "Be it resolved that:
Whereas approximately 25% of the members of the Dental profession of this province are serving in the Active Forces and that it will be necessary to absorb them into civilian practice on demobilization, and
Whereas the majority of the other ranks serving in the Canadian Dental Corps have full matriculation requirements for and have signified their intention of entering the Faculty of Dentistry during or at the terimnation of hostilities, and
Whereas it can reasonably be assumed by the experience after the last war that there will be a large accumulated de-

mand for registration in the Faculty of Dentistry from other students whose education has been interrupted by the war and that these numbers will be enhanced by the re-habilitation plans of the Federal Government, and,
Whereas it is imperative that the present high standards of education be maintained, and,
While fully cognizant of the plans of the Dominion Government for increased Dental Health Services after the war, it is the considered opinion of this Board that the demand for increased dental service will be met by the increased numbers of the profession due to the reasons above stated and we recommend to the Faculty of Dentistry that the number of students entering the first year be limited to a number approximating the number accepted this year and that the candidates be chosen on a basis of their academic standards and their aptitude, character and capacity to become competent dental surgeons." — Carried.

Motion: "That the Board of the Royal College of Dental Surgeons expresses its approval of the institution of the aptitude tests and scrutiny of the candidates for the course in Dentistry as applied by the Faculty of Dentistry of the University of Toronto. We would suggest that such a scheme of tests and examinations be continued and improved as far as possible and that the Registrar of this Board or his representative be retained on the committtee of Examiners." — Carried.

Motion: "That the Board of the Royal College of Dental Surgeons commend the action of the Faculty in the establishment of a chair in Dental Public Health." — Carried.

Motion: "That the report of the Faculty as presented by Dean Mason be received and adopted." — Carried.

REPORT OF THE FACULTY OF DENTISTRY

(Presented at the Annual Meeting)

To the Board of Directors,
Royal College of Dental Surgeons of Ontario.

Gentlemen:

The Board of Governors of the University of Toronto approved the Faculty recommendation that the number of First Year students entering this Faculty for session 1943-44 be limited to approximately fifty and that the results of a practical aptitude test be taken into consideration in their selection.

A pamphlet has been issued covering an announcement of the Wartime Accelerated Course for 1943-44.

The ad eundem students will be chosen from the applications received up to August 2nd, 1943, in accordance with the announcement. A letter was sent to the secretaries of the Dental Boards of the provinces of Manitoba, Saskatchewan and British Columbia and it is hoped that these boards will co-operate with the Faculty in this matter. The following are excerpts from this letter:

"You may note from the pamphlet that the number of students registered in the Second Year is necessarily limited. This means that applicants for this Faculty from the Western provinces will have to be selected and for session 1943-44 this is to be based on their academic standing.

"It might be desirable for your Board to take further steps with reference to the selection of students who are preparing to practise Denistry. We would suggest, there-

fore, that students who desire to practise in a given province register with the Board at the commencement of their dental studies. This procedure is now required by the licensing body (Royal College of Dental Surgeons of Ontario) for the province of Ontario.

"We would also suggest that applicants for admission to the Faculty of Dentistry, University of Toronto, be interviewed by a represetnative of your Board with the idea of judging their suitability from the standpoint of physical fitness and personal qualifications for the practise of Dentistry. If a report on prospective candidates were forwarded to this Faculty by your Board, it would be a great help in the consideration of applications."

On April 12th, 1943, 53 members of the graduating class were awarded their degrees. The enlisted men were given their commissions in the Canadian Dental Corps and the remainder have been assigned by the Procurement Board to various places for civilian practice.

The following awards of

SCHOLARSHIPS AND PRIZES, 1942-43, have been made:

James Branston Willmott Scholarship, to
K. A. Hetherington — Second Year
S. Boroditsky — Third Year
R. O. Green — Fourth Year

The Albert E. Webster Memorial Scholarship, to
W. Grenkow — Fifth Year

The Wallace Seccombe General Proficiency Prize, to
D. S. Moore — Fifth Year

The Wallace Seccombe Memorial Scholarship, to
D. S. Moore — Fifth Year; by reversion to
G. A. Redford — Fifth Year

The Oral Health Theses Prizes, to
P. W. Arkle — Fifth Year — First Oral Health Prize
W. H. Feasby — Fifth Year, Second Oral Health Prize

The W. G. Switzer Memorial Award, to
G. A. Redford — Fifth Year

The Students' Parliament Scholarship, to
D. G. Langmaid — First Year
A. Schwartz — Second Year
L. O. Lind — Third Year
K. N. Morrison — Fourth Year
L. H. Chapman — Fifth Year

Course in Dental Nursing:
First General Proficiency Prize—Miss M. L. S. Stephens
Second General Proficiency Prize — Miss J. M. Mason
The Dental Nurses' Alumnae Prize—Miss L. M. Gerrow

During the session the following loans were made to students of this Faculty: $5,375.00 to 30 students through the War Service Loan Fund by grants from the Dominion Government, and $1,882.00 to 7 students through the W. K. Kellogg Foundation Loan Fund established by a grant of $10,000. from that Foundation.

On the request of Judge Manson of Vancouver, B.C., to the Hon. Ian MacKenzie, Minister of Health and Pensions, Ottawa, the Faculty was asked if 19 Canadian students now attending the North Pacific Dental School, at Portland, Orgeon, could, owing to the war conditions, transfer to this Faculty. A reply was sent that these students

might be accepted provided that their standing was satisfactory and that they were eligible to enter the Third, Fourth and Fifth Years.

The following members of the Faculty have enlisted:

Dr. W. D. Cavanagh, Associate in Dentistry — May 9, 1942.
Acting Captain, C.D.C.

Dr. L. A. Kilburn, Associate in Dental Praxis — April 6, 1942.
Captain, C.D.C.

Dr. J. W. Graham, Associate in Dentistry — July 2, 1942.
R.C.N.V.R.

Dr. J. H. G. Harwood, Associate in Dentistry — August 1, 1942.
Acting Captain, C.D.C.

Dr. J. Kreutzer, Associate in Preventive Dentistry — March 8, 1943.
Acting Captain, C.D.C.

Dr. F. M. Lott, Professor of Prosthetic Dentistry—November 1, 1939.
Brigadier, Canadian Dental Corps and Director of Dental Service, Department of National Defence, Ottawa.

Dr. W. G. McIntosh, Associate in Periodontology — April 20, 1942.
Captain, R. C. A. F., C. D. C.

Mr. C. C. Rous, B.Sc., Secretary of the Faculty — December 1, 1939.
Major, Stores Officer, C.D.C., Ottawa.

Dr. G. W. Spinks, Associate in Dental Anatomy — October 10, 1942.
Captain, C.D.C.

Dr. R. L. Twible, Associate in Dentistry — November 30, 1941.
Lieutenant, C.D.C.

Dr. F. M. Tanner, Associate in Dentistry — May, 1940.
Captain, C.D.C. — overseas.

also

W. Butt, M.D., in R.C. Medical Corps, formerly Demonstrator in First Aid,

and Warren Aylward in Merchant Marines.

This has made the duties of the remaining members very heavy as it is not possible to substitute teachers who are experienced although they may have been very successful as dental practitioners.

Brigadier F. M. Lott has written me as follows: "The Canadian Dental Corps has a comparatively large number of sergeant assistants and technicians with University entrance qualifications who have now had considerable service in the Corps. In addition to this, 120 technicians now have had a six-months' course in prosthetic technology at the University of Toronto that embodied the laboratory content of the Second and Third years of the regular course.

"With the above information in mind, you are requested to answer the following questions to assist this Headquarters in arriving at a decision as to the type of proposal to submit to Defence Headquarters for approval.

(a) Do you consider it possible under the above conditions to grant advanced standing to these prospective students? In other words, will you agree in the present emergency to complete a dental course for these men in three academic years involving between two and three calendar years? It is understood, of course, that the students will have completed entrance requirements.

(b) If this plan is proceeded with, what is the maximum number you could accommodate?

(c) On what date should they report?"

This letter will be submitted to the Faculty Council for consideration.

Dr. Harold K. Box and Dr. Roy G. Ellis have made progress in research during the past year.

Dr. Box continued his work on local factors related to calculus formation and dental caries. A study of sub-gingival calculus forma-

tion based on histological, clinical and physico-chemical findings was submitted. Further experiments and clinical tests were carried out on the protection afforded by emulsion films against decalcifying processes. These films are apparently formed from certain constituents of saliva and from certain components in foods. Further studies on the nature of these substances are being made.

Dr. Roy G. Ellis continued his studies on the problem of the application of the process of Electrodeposition to Dental Procedures. In May 1942 a thesis was presented by him on this subject reporting the progress made up to that time. Since then, further developments on this subject have been reported in the dental literature.

Dr. Ellis has several studies under way in the field of Clinical Dentistry. One of these concerns an enquiry into "The Differentiation of Radiolucent Areas at the Apex of Non-Vital Teeth". A second study is being made of "The Circulation of the Pulp of the Tooth and Its Relationship to Tooth Vitality and Tests for Vitality." "Idiopathic Absorption of the Roots of Teeth and Its Relationship to Perforating Hyperplasia" is also under consideration.

May I request that the Board provide for an appropriation of $200. for the Faculty Contingent Fund and also make a grant for Research?

Respectfully submitted,

ARNOLD D. MASON,

Dean.

Motion: "That the Executive Committee of this Board and the Registrar be the representatives of this Board to confer and act with the Faculty of Dentistry, University of Toronto, to formulate and outline the course of studies to be taken by applicants who have served in the armed services." — Carried.

Motion: "That the Board of the R.C.D.S. ask the Faculty of Dentistry to introduce an aptitude test for ad eundum students on a principle similar to that required of first year students of this Faculty." — Carried.

Motion: "That this Board being desirous of assisting to the fullest in every war effort and at the same time wishing to avoid some of the regrettable after effects of the last war, and whereas the training of students in various branches of dentistry is the legal prerogative of the College, this Board wishes to emphasize the fact that the addition of classes, or increase of students for various branches of training should be carefully considered in order to avoid the future detriment of the individual and anv menace to the public or profession generally, and that the Faculty of Dentistry of the U. of T. be so notified." — Carried.

GRANTING OF L.D.S. CERTIFICATES FOR ONTARIO

At the Special Meeting held on March 11th, 1943, Dean Mason, Faculty of Dentistry, University of Toronto, presented the report of the Faculty Council on the examinations of the final year. He stated that there were:

56 members in the class;
of these
53 had passed the examinations (11 with honours)
that
3 had failed in Clinical Dentistry;
and that the requirements of the department of Clinical Dentistry must be met by these three men before they will be allowed to graduate.

Discussion ensued regarding the details of the examinations and respecting individual members of the class.

Motion: "That the report of the Faculty Council respecting the final year examination as presented by Dean Mason be received." —Carried.

Consideration of the Report

Motion: "That the report of the Faculty Council as presented by the Dean be adopted and the following having met the full requirements of this Board be granted the L.D.S. Certificates of the R.C.D.S. of Ontario:

Appleby, Irving David
Bateman, John Philip Rudkin
Carson, Edgar Harris
Chapman, Lloyd Harold
Chapple, William Donald
Chernen, Nick
Clee, Donald Charles
Coleman, William Hugh
Copp, Robert Alonzo
Corcoran, John Sanford
Craigie, Lawrence Glenn
Devine, James Leonard
Diner, Allan Erwin
Faulkner, James Alan
Feasby, Wilfrid Harold
Fitz-Gerald, James Lionel
Fletcher, William Reginald
Freeman, John Frederick
Galvin, Kenneth Russell
Grainger, Robert Moore
Grandy, John Richard
Grenkow, Walter
Histrop, Arthur Ernest
Holbrook, John Grant
Hunt, Arthur Murray
Irons, Lloyd William
Jackson, Roe Billington
Johns, Edward Earl
Kapusta, Michael
Kellam, Frederick Gordon
Levita, Harold
Leyland, Hal Everett
Lunau, Alfred Lloyd
McCartney, Jack Gordon

McColl, Donald Charles
Macfarlane, Phillip Robert
Merritt, John Eugene
Moore, Donald Samuel
Parks, Lester
Redford, Gordon Ackland
Schmeltz, Elmer Frederick
Schwalm, Russell George
Scott, Robert Lorne
Sibbald, Claude Victor
Skudwick, Abraham
Smyth, Byron Ralph
Spink, Roy Gordon
Spivak, Samuel
Wood, Arthur William Stephen."
— Carried.

Re — Edwin Charles Schneider

American citizen in Graduating Class.

A recommendation was presented from the Ontario Dental Advisory Committee that in view of the fact that this man has been in uniform at the expense of the government for several months, consideration should be given by the Board as to his registration. A certificate of registration from a licensing Board is a necessity and must be forwarded with every application for a commission in the Corps.

Motion: "That E. C. Schneider be granted an L.D.S. certificate for the purpose of receiving a commission in the C.D.C. and for that purpose, By-Law No. 8, Section (1), Subsection (a), be suspended." — Carried unanimously.

Re — Percy Wilkins Arkle

A British Subject in Graduating Class.

A graduate of Glasgow Dental School who has been in attendance during the final year session of the Faculty of Dentistry, University of Toronto, and passed the final year examinations.

Motion: "That Percy Wilkins Arkle be granted an L.D.S. certificate and that for the purpose By-Law No. 8, Section (1), subsection (a) be suspended." — Carried.

Re — Whitman LeRoy Goodwin

A British Subject in Graduating Class.

An application for registration of W. L. Goodwin, a British Subject from Newfoundland, was presented. The applicant is Category E and intends to return to Newfoundland to practise.

Motion: "That Whitman LeRoy Goodwin be granted his L.D.S. certificate in R.C.D.S. and for that purpose By-Law No. 8, Section (1), Subsection (a) be suspended." — Carried unanimously.

Re — Nelson Barlow, Abraham Louis Rothstein and David Joseph Shapira

These individuals failed to obtain the required standing in Clinical Dentistry.

Motion: "That Nelson Barlow, A. L. Rothstein and D. J. Shapira on each fulfilling the requirements of the Faculty Council be granted L.D.S. Certificates in the R.C.D.S. of Ontario." Carried.

ONTARIO DENTAL ADVISORY COMMITTEE
on
PROCUREMENT AND ASSIGNMENT

To the Board of Directors.
Royal College of Dental Surgeons
Gentlemen:

After discussion with the Canadian Medical Procurement and Assignment Board at Ottawa in January, the Canadian Dental Association formed a Committee to conduct a survey of the Dental Profession and Dental Technical Personnel across Canada. The Board of the R.C.D.S. was requested to form a Dental Advisory Committee to conduct this survey in the Province of Ontario. The Province was divided according to the Electoral Districts with the Board representative from the respective Districts as Chairman of a Regional Committee made up of representative Dentists of the District. The Chairmen of the eight Regional Committees and the Feculty Representative make up the Ontario Advisory Committee on Procurement and Assignment and are assisted by two advisory members appointed by the Ontario Dental Association and two by the Council of the Faculty of Dentistry and one by the Ontario Laboratory Association.

Each Regional Committee proceeded to make a complete inventory of the dental personnel in their respective district and to study the needs of the civilian population for minimum dental service. This task was performed in a most thorough manner at considerable sacrifice of time and energy on the part of the District Chairmen and of those members of the profession who so generously assisted in this survey. The District Reports give detailed information as to the population, geographic features, needs for dental service, and details regarding dental personnel of every hamlet and municipality in the Province of Ontario. These results have been all tabulated and with the information received from the C.D.A. questionnaire cards, form a valuable fund of information relative to the Dentists and Dental Technical Personnel of the Province. This accumulated data is the basis for consideration of matters pertaining to Procurement and Assignment. It will also be of inestimable value in the work of Rehabilitation.

The needs of the Canadian Dental Corps have been paramount in the plans of this Committee and with the information at hand the Committtee is in a position to recommend where personnel may be safely spared.

The Advisory Committee has held four meetings at which the whole plan of survey was worked out and a system of uniform reports devised. Recommendations were drawn up and presented to the C.D.A. Committee for presentation at Ottawa.

The status of five dentists has been referred to the Committee by the Mobilization Board and they have been duly assigned. The Canadian Dental Corps has referred ten Dentists and one technician for recommendation as to disposal. Five Dentists have been assigned to locations in civilian practice. The Committee is in continuous communication with the Mobilization Board, the Selective Service Boards, and other Government Departments relative to dental service and dental personnel. All requests from municipalities for dental service are referred to this Committee. The work of the Committee will become increasingly difficult in direct proportion to the duration of the war.

The Chairman desires to extend his thanks and that of the members of this Committee to the Chairman of the Mobilization Board and

to Brigadier Lott and the Headquarters Officers of the Canadian Dental Corps for their excellent co-operation. It is also his wish to congratulate the Chairman and Members of the Regional Committees for the major part they played in attaining a 100% return of the C.D.A. Questionnaire cards. The whole-hearted co-operation of the members of the Committee, the advisors to the Committee, and the Secretary of the Board is gratefully acknowledged.

All of which is respectfully submitted.

HARVEY W. REID
Chairman.

Motion: "That the report of the Ontario Dental Advisory Committee on Procurement and Assignment be received and adopted and the Chairman of said Committee be heartily commended for a splendid piece of work therewith." — Carried.

LIBRARIAN'S ANNUAL REPORT, 1942-43

To the Board of Directors,
Royal College of Dental Surgeons
Gentlemen:

I beg to present the annual report for the year ending May 15th, 1943. The total circulation of books and periodicals again shows an increase over the 1941-42 session. During the year 8,155 books were loaned out as compared with 7,689 for a similar period last year. This increase is due mainly to the greater use of the library by the undergraduates. A total of 5,278 books and periodicals were borrowed during the term as compared to 4,643 for the last session. These figures indicate that the accelerated courses as far as the students are concerned have made a great demand on the resources of the library. This was noted particularly at Christmas when a total of 200 books were loaned out over the holidays as compared to 50 last year. There is however, a decrease in the number of books and journals lent to the Faculty and graduates: 816 for 1942-43 against 1,068 for 1941-42. The out-of-town circulation now consists chiefly of mailing periodicals and books to the armed forces. During the year the library sent books as far west as British Columbia and as far east as Nova Scotia. It also handled requests from several parts of the United States as well as one from South America.

Physical changes in the library this year have been extensive. The enlarged student body and the inadequacy of the library to look after efficiently and completely the needs of the Faculty, students and graduates made it necessary this year to expand. The back part of the hall outside the library was converted into a stack room, thus leaving the original library as a reading room. The catalogue was moved from its former position to the new stackroom so that it might be as near as possible to the books. A new opening was cut on the west side of the counter around the assistant librarian's desk in order that the telephone and catalogue might be easily accessible. Specimen cases and museum cupboards were moved. Four tables and eight chairs were added to the reading room. Even with these measures the seating capacity of the library is still often taxed, especially before examinations and while the students are working on theses.

This year the library exchanged journals with Marquette University, Milwaukee, and the Medical-Dental Library, Seattle. This consisted of sending material for which the library has no further need and receiving in exchange journals and periodicals in which the library files are incomplete. This is a splendid method of keeping the journals up to date without accumulating unnecessary material.

An innovation in the library this year was gathering together some of the old textbooks which duplicated material already on the shelves. This material had no importance as far as the library was concerned and was in addition taking up valuable shelf space in the downstairs stack room. The books were placed out where the students could see them with a sign to the effect that they might carry away whatever they wished. Of the 105 books put out all but two were taken.

Now that the catalogue is in fair working order, the library has undertaken the compilation of a shelf-list. This is a record of the books as they stand on the shelf and is mainly for the use of the librarian. So far the library has been without a list which means that it is impossible to have an annual stock-taking for the books bought by the Harry R. Abbott Memorial fund. As this undertaking is carried out only in the Assistant Librarian's slack time, it will be quite some time before it is completed and an inventory of the books and journals accomplished.

The library again exhibited at the Ontario Dental Convention. An effort was made this year to relate the use of the library to the war. Books were chosen for the display in order to show what the library has and how it is prepared to help not only dentists in civilian life but also members of the armed services anywhere across Canada. The annual book list recording our accessions for 1942-43 was prepared and distributed at the Convention. The interest in this yearly list indicates the number of dentists who look upon it as a means of keeping up with the recent additions to the library. Throughout the year it is generally the books as found in this list which are in greatest demand.

At present the largest use of the library is by the undergraduate body. Because of the accelerated schedule most of our time is taken up with the daily routine of circulation and reference work. This means that much vital work is left undone. Many of our old historical books have still to be cataloguel, a revision of out of date books on the shelves made and many other things which must wait until time is not so pressing.

The library acknowledges with thanks the donation of books and periodicals from Dr. T. E. C. Butler, Dr. E. A. Grant, Dr. Gerald Smith, Dr. John Ross, Capt. C. E. Toll, The Connaught Laboratories, University of Toronto, and many others.

Our arrangement with the Faculty of Dentistry whereby, for the time being, we assumed equal responsibility with them of payment for the services of a half-time assistant in the Library, was disturbed somewhat this year on account of the accelerated course. However, any inequalities will be adjusted by the Dean and your Librarian. Another book for the placing or holding of photographs of the Graduating Class had to be secured. Since Dr. Kennedy inaugurated this procedure, two large books have been filled. Such books are paid for by the Board. However, to his memory and his credit, these memorials are being preserved for posterity.

We would recommend and appreciate a grant for the ensuing year of $300.00.

This report is respectfully submitted.

E. W. PAUL,
Librarian.

Motion: "That Dr. E. W. Paul be appointed Librarian for the ensuing year." — Carried.

Motion: "That the Librarian's report be received and adopted." — Carried.

REPORT OF DOMINION DENTAL COUNCIL

To the Board of Directors
Royal College of Dental Surgeons
Gentlemen:

Your representative to the Dominion Dental Council begs leave to report that the financial statement of this organization shows a very satisfactory condition. The gross revenue for the year was $4695.01 and the gross expenses were $3435.49, showing a net revenue of $1184.36. The net assets of the Council as to December 31st, 1942, totalled $19,066.16.

In 1942, thirty-four candidates wrote and passed their examinations and three failed. One candidate who passed in 1923 paid his fees and was given a certificate.

The matter of coincidental examinations will no doubt be one of the important questions to be settled at the next meeting of he Council, which will be held in 1944. All the agreeing Provinces, with the exception of Ontario, are in favour of such a plan but Ontario's position in this matter is so entirely different from that of the other associated Provinces that I believe we are quite justified in withholding agreement of introduction of this scheme for the present. Your representative, as instructed by the Board at its October meeting, forwarded a letter to Dr. Brett, Secretary of the Dominion Dental Council, explaining our postition in this matter which I trust may meet with your approval.

Dr. Paul, who has been the Examiner for the Dominion Dental Council on the subject of Dental Surgery and Anaesthesia for many years, has recently given up that position and Dr. J. H. Johnson of the Faculty of Dentistry, University of Toronto, has been appointed to take his place, which appointment should meet with your approval.

No progress has been made in the matter of the Province of British Columbia associating itself with the Council but some arrangement will probably be asked for at the next meeting of the organizations.

All of which is respectfully submitted.

G. H. CAMPBELL,
Representative.

Motion: "That Dr. G. H. Campbell be representative to the Dominion Dental Council." — Carried.

Motion: "That the report of the representative to the Dominion Dental Council be received and adopted." — Carried.

The subject of co-incidental examinations has been under discussion between the Dominion Dental Council and the Faculty of Dentistry, University of Toronto. The Faculty Council made reply to the Dominion Dental Council in the form of the following resolution, a copy of which was forwarded to this Board:

"That this Executive Committee approves of the principle of co-incidental examinations, provided the Dental Faculty of the University of Toronto retain the privilege of preparing and evaluating the examination papers to be used within such Faculty; after which they are to be handed over to the officials of the Dominion Dental Council for further assessment." — Carried.

Action of the Board

Motion: "That this Board instruct their representative to the Dominion Dental Council that at the present time they do not approve of the principle of co-incidental examinations." — Carried.

October 21st, 1942.

CANADIAN DENTAL ASSOCIATION REPORT

To the Board of Directors of the Royal College of Dental Surgeons.

Gentlemen:

Just a year ago the Canadian Dental Association in session in this city was re-organized and with the increased receipts from the different Provinces was placed on a much more active and satisfactory basis.

For considerable time the great problem was to obtain a suitable Secretary. We on this Board were particularly interested in the selection as all the Delegates, the Advisory Committee and the new President wanted the Secretary of this Board. After much discussion, the R.C.D.S. Board compromised by agreeing to allow Dr. Gullett to serve the C.D.A. for half time, providing he was given necessary office assistance. This proposition was accepted and Dr. Gullett took on this additional work. This arrangement is not ideal but was considered the most satisfactory to the C.D.A. for the present.

A great portion of the Secretary's time has been taken up with matters affecting our Board as much as the C.D.A. Much of his time has been employed on two matters which are still under consideration; namely, the Public Health Insurance Plan, and Procurement and Assignment. Very valuable data has been obtained in regard to each of these matters and in connection with the latter work, it is the first time that a real complete survey has been made of Canadian dentistry, and when completed a great deal of very valuable information will be compiled. This report includes not only the Dentists of Canada but also the Technical Personnel.

You are, I know, familiar with the Public Health Legislation. We cannot report anything of a final word on this now as the Government at Ottawa has not yet fully dealt with this Legislation, and many details must still be worked out before anything will be put into operation. At the present time a special House of Commons Committee is sitting twice a week, studying this question.

The Dental Progress Committee selected over two years ago by Dr. S. A. Moore, then the President of the C.D.A., deserves special mention for their valuable work and suggestions in an advisory capacity to assist in solving many of the problems confronting the C.D.A.

Dr. S. Bradley has been diligent in watching our interests regarding all legistlation affecting us at Ottawa.

The Dental Corps under Brigadier Lott, Colonel Geo. Cameron, and other officers is continuing to give great service to the armed forces in Canada and overseas.

Dr. Bagnall, the former Secretary of the C.D.A., piloted this Association through many difficult situations for the past eighteen lean years. He always gave such fine leadership and his presence and counsel will be sadly missed at future meetings of the C.D.A.

F. A. BLATCHFORD,
G. H. CAMPBELL,
S. W. BRADLEY,
D. W. GULLETT,
Delegates

Motion: "That the Secretary be instructed to write Dr. Stanley Bagnall expressing the appreciation of this Board for his unselfish and efficient service as Secretary of the C.D.A." — Carried.

Motion: "That the report of the delegates to the Canadian Dental Association be received and adopted." — Carried.

The following report of the C.D.A. Committee on National Dental Progress was made to the Board at the October meetings:

Gentlemen:

At a meeting of the committee on National Dental Progress convened by President Walsh on August 31st, at which were present a representative number of dentists of Ontario and Quebec, the following motion was unanimously carried:—

Motion: "That the meeting called for the purpose of discussing the problems of securing a full time executive officer for the Canadian Dental Association, request the Board of the R.C.D.S. that Dr. Don Gullett be given leave of absence for a period of two years in order to undertake the duties of Secretary of the C.D.A. and that Dr. Harold Campbell represent this meeting at the meeting of the Board of the R.C.D.S. to discuss this matter." — Carried.

While the members present fully appreciate the sacrifice upon the part of the Board of the R.C.D.S. that the above request entails, they were unanimous in their expression of opinion. Dr. Gullett is eminently qualified to undertake the duties of full time executive officer for the C.D.A. As you are well aware, serious problems which demand immediate attention confront the national dental body. I trust, therefore, that our request may receive consideration.

G. H. CAMPBELL,
C.D.A. Representative.

October 21st, 1942.

Motion: "That the recommendation of the National Dental Progress Committee as presented by Dr. Campbell be received and that this Board by resolution direct:—'That at this time, as it is not in the best interests of the profession for Dr. Gullett to completely sever his connections with this Board, we express to the Committee of National Dental Progress of the C.D.A. our willingness to share the services of Dr. Gullett on an equal basis with the C.D.A. as to time and remuneration. It is understood that Dr. Gullett must be assured of adequate and efficient assistance and that this arrangement be for a two year period.' " — Carried.

A committee was appointed to meet the C.D.A. Committee for the purpose of formulating an agreement. An arrangement in harmony with the above motion was agreed upon which took effect on January 1st, 1943.

WORKMEN'S COMPENSATION BOARD

Board of Royal College of Dental Surgeons.

Gentlemen:

As your appointed referee to the Workmen's Compensation Board, I beg to submit the following report for the year ending May 1, 1943.

As you might expect there has been evidence of an increased number of industrial accidents including injuries to the jaws and teeth. In spite of the increased demands upon dentists for service there has been practically complete cooperation in giving care to claimants of the Compensation Board. Your referee has been in continual touch with Mr. C. G. Cameron, Medical Aid Officer, throughout the year and at his request 41 written reports have been rendered, some following clinical examination of claimants, others from review of the Board's files.

There has been little complaint regarding fee allowance of the Board. There has been an increase in recommendations for acrylic resin bases for dentures instead of rubber; however, in most cases dentists have been willing to use rubber, thus your direction to keep within the Board's schedule of tariff as much as possible in compliance with the request of the Wartime Prices and Trade Board, has been carried out.

This is the first year that the Board has allowed replacements or repair of fractured artificial appliances broken in an accident while in the oral cavity. As far as can be observed there has been no abuse of this newly accepted responsibility by the Board.

The Board has granted another concession to the dental profession during the year. Your referee in previous reports has indicated discussions with Mr. Cameron relative to jaw fractures treated by physicians and finally ending up in the dentist's care. The Board now invites the physician or general surgeons reporting a jaw fracture to call in a dentist in consultation in such cases. This is a commendable gesture for the Board to make as there is no reason why dentist and physician cannot work together for the benefit of the patient.

In concluding this report I would like to indicate to your Board again the fine co-operation I receive with Mr. C. G. Cameron of the Compensation Board. He is a most conscientious administrator and continues to be more than reasonable in all his decisions. I would be remiss, too, if I did not express appreciation of advise from your Secretary, Dr. Gullett, and the chairman of your Executive Committee, Dr. Harvey Reid.

As this is the close of another year's activity as your representative, may I thank you for your confidence and support and again trust my efforts have met with your approval.

Respectfully submitted,

_____ _____

Dental Referee.

Motion: "That the Dental Referee, Dr ——— ———, appointed by this Board to the Workmen's Compensation Board, be highly commended for his worthy effort and be re-appointed for the coming year." — Carried.

Motion: "That the report of the Dental Referee to the Workmen's Compensation Board be received and adopted." — Carried.

REPORT OF REPRESENTATIVE TO RED CROSS SOCIETY

To the Board of Directors,

Royal College of Dental Surgeons.

Gentlemen:

It was with sincere appreciation and a deep sense of responsibility that I accepted the appointment of Dental Representative to the Ontario Division of the Canadian Red Cross, which you made at your last Annual Meeting, following the retirement of Dr. R. W. Thornton.

Immediately following your notification of my appointment, I was telephoned by Dr. Caldwell of the Red Cross and informed that I had been appointed to their Outpost Hospital and Dental Services Committee which would meet that afternoon and requested to attend as denal matters were to be discussed. I arranged to be present and was graciously received and introduced by the chairman, Mr. Leather. Thereafter your representative was periodically consulted in all matters pertaining to the dental activities of the Red Cross in Ontario.

Early in the year it became apparent that it would not be possible to secure a dentist to man the Dental Coach for service to the remote districts of he Norh Counry. It was therefore reluctantly decided to temporarily discontinue this much needed summer service. The Coach was later loaned to the Blood Donors' Clinic but was found unsatisfactory for the purpose and is now available for its original purpose.

Recently the Director of Dental Services in the Department of Health, Province of Ontario, has been urged by several unserved communities to make some dental service available and he is anxious to cooperate with the Red Cross in some plan for the relief of these distressing conditions. His sincere concern should produce results but it would appear to be necessary to offer greater remuneration or better working conditions, or probably both, in order to secure the services of a dentist for this work.

The Denture Clinic for Ex-Service Men which has previously been conducted at the Red Cross Lodge, Christie Street Hospital, has undergone some changes. The Toronto Branch which owns the Lodge requested our Committee to provide other accommodation for the Clinic as they required the space for other purposes. The following possibilities were considered and rejected:

(1) To establish the Clinic in other quarters.
(2) To have the work done in private offices.
(3) To have the work done in hospital clinics.
(4) To abandon the service.

Owing to the fact that the need had for the time being definitely diminished, it was decided, as a temporary measure, to have Dr. B. L. Washburn continue this service from September 1st, 1942, in an office at 15A St. Clair Avenue West, for which one-half of the cost of rent and telephone would be borne by the Red Cross and a per operation fee paid to Dr. Washburn, the Doctor's salary being guaranteed to the end of the year.

The following service was rendered from May 1st, 1942, to April 30th, 1943.

Dentures (provided)	182
Dentures (repaired)	27
Extractions	162
Visits	638

During the years that this Clinic has been in operation, the demands on it have fluctuated very widely and its future is equally uncertain, dependent largely on social and economic adjustments and the participation of our Governments in dental health measures. Unquestionably it has filled and is filling a need and it is desirable that it should continue to be available for service.

Respectfully submitted.

ERNEST C. VEITCH,
Dental Representative,
Outpost Hospital and Dental Services
Committee, Ontario Division,
Canadian Red Cross Society.

Motion: "That the report of the representative to the Canadian Red Cross Society be received and adopted." — Carried.

REPORT OF DENTAL PUBLIC ACTIVITIES OF THE JOINT COMMITTEE

To the Board of Directors of the Royal College of Dental Surgeons.

Gentlemen:

The dental health programme conducted during the past year by the Canadian Dental Hygiene Council under the auspices of the Central Committee, of which your Board is a part, was not an extensive one, for two particular reasons, both of which you are familiar with, and I only need refer to them.

First — Because of the shortage of dentists throughout the entire Dominion, due to the war.

Second — Because of the difficulty the dentists remaining in practice have of stretching out all of their available time to take care of civilian needs, leaving them no time to co-operate in any public dental health effort, much as they may desire to do so.

Under the auspices of the Joint Committee, and working with Dr. Hodgins, Director of Dental Services, Provincial Department of Health, we continued with the programme in Simcoe County last June. This involved only three meetings. The campaign in Simcoe County was a decided success, measured by the tangible results achieved. Something over fifteen dental clinics for school children were established in that county.

In the month of November a campaign was conducted in the city of Brantford. This was organized by Dr. Linscott, Director of Dental Services for the Brantford Department of Health, and a very pretentious programme of dental education was completed.

In January of this year, at the request of Dr. McCartney, Chairman of the Board of Education for Secondary Schools, Ottawa, we conducted an educational campaign to all students of the Secondary Schools. A complete mouth survey of these students had been previously conducted by the School Board, and charts showing mouth conditions sent in to their homes. A permanent plan has been established for Ottawa, which reflects great credit upon not only their School Board but upon the co-operation given by the Ottawa Dental Society and by Dr. McCartney, Chairman.

A large number of requests have come into the office of the Canadian Dental Hygiene Council from all parts of Ontario. Those that had to do with dental clinics were turned over to Dr. Hodgins of the Department of Health, and those for literature were taken care of by our own organization.

The future of dental health educational work depends largely upon the plan now being developed for a Federal Health Insurance Scheme. Those of us who are particularly interested in dental health education believe that perhaps the most important part of any public health programme should be the education of all the people in general public health, and dental public health in particular.

The interest of your Board in this work over a period of years, and your financial support, has been in inspiration to those of us actively interested, and it is hoped that your interest may continue, as there is still an unlimited need of this work.

HARRY S. THOMSON,
Field Secretary,
Canadian Dental Hygiene Council.

Motion: "That the report of the dental public activities of the Joint Committee on Dental Public Health as presented by Dr. Thomson be received and adopted." — Carried.

REPORT OF JOINT COMMITTEE ON DENTAL PUBLIC HEALTH

To the Board of Directors,
Royal College of Dental Surgeons,
Gentlemen:

The committee met on occasion to discuss policy of promoting dental public health in Ontario. The difficulty of decreased dental personnel throughout the province and the prospect of a National Health Insurance Plan including certain dental benefits made it necessary to consider our changing outlook.

It was pointed out that this committee was originally constituted to conduct definite prescribed dental health campaigns in certain centres. This seemed out of the question this year. Again it was pointed out that this committee representing as it does your Board, the Director of Dental Services of the Province of Ontario, Faculty of Dentistry, Canadian Dental Hygiene Council, and the Dental Public Health Committee of the O.D.A., should act in an advisory capacity determining policy for all Dental Public Health programmes in Ontario. The position of this Committee at the moment still seems obscure, yet, as Chairman, I feel that the whole problem of Dental Public Health has immense possibilities and a new horizon may soon appear for many new approaches.

This year's seeming inactivity should not be construed by your Board as lack of interest. It is true we have not spent our entire appropriation for last year, yet I would urge your Budget Committee to keep us in mind up to the point at least that our usual grant could be made available if it was needed.

Respectfully submitted
by Chairman on behalf of Committee,
Frank Martin.

Joint Committee Members.

Director of Dental Services, Province of Ontario
Dr. H. J. Hodgins

Board of R.C.D.S. Representatives
Dr. Harvey W. Reid

Motion: "That the report of the Joint Committee on Dental Public Health be received and adopted." — Carried.

REPORT OF O.D.A. COMMITTEE ON DENTAL PUBLIC HEALTH

Board of Directors,

Royal College of Dental Surgeons.

Gentlemen:

As chairman of the Dental Public Health Committee of the Ontario Dental Association, I would like to acknowledge your Board's interest in the work of dental health education in Ontario. Your contribution of $300 to be used in the purchase of educational material and equipment is gratefully acknowledged. The manner in which it has been used will give you some idea of the investment you made. During the year 1942-43 our committee purchased a new motion picture film with sound track at a cost of $55. A projector and set of coloured slides has been presented to the Canadian Dental Corps for use in Military Districts No. 1, 2 and 3, at an approximate cost of $75. A booklet for Primary School teachers, as an aid in teaching dental health to Grade VII and Grade VIII pupils has been prepared in cooperation with the Department of Education, at an approximate cost of $100. It is expected this book will be printed and distributed by the Provincial Government. Another booklet for distribution to women's groups dealing with dental health for the expectant mother and the pre-school child has been prepared at a cost of about $100. It is anticipated that the Provincial Department of Health may be sufficiently interested in this to publish and distribute it.

These are just some of the items of expenditure in this connection and I hope you may concur in the judgment of our committee.

When your Board considers financial commitments for the incoming year, I hope you will be in a position to continue your support of the work of the Public Dental Health Committee of the Ontario Dental Association.

Respectfully submitted.

T. R. MARSHALL,

Chairman.

Motion: "That the report of the O.D.A. Committee on Dental Public Health be received and adopted." — Carried.

REPORT OF THE ACTIVITIES OF THE DIRECTOR OF PROVINCIAL DENTAL SERVICES

To the Board of Directors,

Royal College of Dental Surgeons

Gentlemen:

I have pleasure in submitting a report of the activities of the Director of Dental Services, for the year 1942.

Public Dental Health Education has been the keynote of the activities of the Division this year, and in line with this, talks were given on the value of school dental services, at Stroud, Allenwood, Guthrie, Stayner, Bond Head, Loretto, Minesing, Penetang, New Lowell, Coldwater, Wyevale, and Ivy. The meetings were arranged by the Director of the Community Life Training Institute in Simcoe County, and considerable interest was shown by Women's Institutes, Farm Federations, etc. Films, loaned by the Ontario Dental Association, were shown and the Director was usually accompanied by a member of the Public Dental Health Committees of the Canadian Dental Hygiene Council and the Ontario Dental Association who gave a talk on dental health.

It is regretted that the activities were cancelled in connection with the Canadian National Exhibition and the Ploughing Match.

School Clinics have been established this year at Depot Harbor, East York Township, Guelph, Georgina Township, Medonte Township, Mountain Township, Niagara-on-the-Lake, Nottawasaga Township and the Village of Swansea.

In Brantford the Junior Board of Trade, the School Dental Officer, the local Dental Society and the local Board of Health sponsored a dental health campaign, and the Division gave considerable assistance.

During the year the Director attended the meetings of the Northern Dental Association at North Bay; the Eastern Dental Society at Brockville; Grey and Dufferin Dental Society at Owen Sound and Quinte Dental Society at Belleville. Generally there was discussion of social health services and nutrition.

The local Boards at Niagara-on-the-Lake and Thornhill invited the Director to attend their meetings and advise them on establishing their dental services.

In conjunction with the Public Dental Health Committee of the Ontario Dental Association a new pamphlet "What You Can Do To Give Your Child Good Teeth", setting forth the advantages of school dental service, was issued this year. It was distributed along with "Mouth Hygiene" and "Treasure House" booklets. Dentists making school dental surveys were supplied with Mouth Inspection charts.

The Director gratefully acknowledges the assistance and co-operation of the Canadian Dental Hygiene Council, the Public Dental Health Committee of the Ontario Dental Association, and the Board of Directors, in all the public dental health activities.

At the Convention of the Ontario Educational Association this year the Dental Director was present at the meetings, and was appointed Vice-President of the School Health Section.

Operation of the hospital clinics was somewhat handicapped due to the fact that two more of our staff have joined the Armed Forces and one has resigned. However, routine examination and necessary treatments have been carried on in an entirely satisfactory manner. Inspection of the dental clinic in the various Ontario Hospitals was made twice during the year. Institutions under the Provincial Secretary (such as, Guelph Reformatory, Burwash Industrial Farm, Mercer Reformatory, St. John's Industrial School at Alfred, etc.) were also inspected, as well as the new dental clinic at the Girls' Training School at Cobourg transferred from Galt.

The Director also attends the clinic at the Psychiatric Hospital two mornings a week.

Supervision of the work at the Central Laboratory is one of the duties of the Director. The prosthetic work of all the institutions is sent in to the Laboratory. This year there have been 260 dentures made and 403 repairs to dentures.

Owing to numerous requests for dental care coming from the Temiskaming district, the Dental Car was transferred to the T. & N.O. Railway. While on the Canadian Pacific Railways during this year about one thousand children were given treatment, and the reports submitted to the Director would indicate that the dentist in charge of the car is doing good work.

The plan for emergent dental treatment for relief recipients is continuing, although the demand for such treatment is very little.

Correspondence has taken up considerable of the Director's time this year. As well as the usual letters from dentists, Medical Officers of Health and others, there have been so many interested in school dental services the volume of correspondence has been noticeably increased.

H. J. HODGINS.

Motion: "That the report of the Director of Provincial Dental Services be received and adopted." — Carried.

APPLICATIONS FOR ONTARIO LICENSE

Consideration was given the following applications for license to practise dentistry in Ontario.

Dr. Minocher S.N. Ginwalla of India, a graduate of the Faculty of Dentistry, McGill University.

Montreal a graduate from Faculty of Dentistry, McGill University.

ing proof of proper matriculation requirements, be required to take one academic year in the Faculty of Dentistry, University of Toronto, and after passing the examinations in the final year, and paying the required fee, be admitted to membership in the Royal College of Dental Surgeons." — Carried.

Dr. Harry Gladstone Benson, a practitioner in the city of Montreal a graduate of Faculty of Dentistry, McGill University.

Motion: "That Dr. Benson be required to take the final year of the Faculty of Dentistry of the University of Toronto, and to pass the examinations thereof, and on payment of the required fees, Dr. Benson may be registered in the Royal College of Dental Surgeons." — Carried.

Dr. William Raymond Williamson, formerly practised at Trail, B.C., a graduate of North Pacific Dental College.

Motion: "That Dr. William Raymond Williamson, formerly of Trail, B.C., be required to take one academic year in the Faculty of Dentistry of the University of Toronto, and on the successful completion of the examinations of the final year and paying the required fee, be made a member of the Royal College of Dental Surgeons of Ontario." — Carried.

Ernest Bustin, a refugee and internee from Vienna, Austria, and a graduate of the University of Vienna.

Motion: "That Ernest Bustin be required to obtain Canadian citizenship, matriculate in the Royal College of Dental Surgeons, take two years in the Faculty of Dentistry of the University of Toronto, pass the prescribed examinations required for graduation therefrom, and pay all necessary fees before being admitted as an L.D.S. in Ontario." — Carried.

Dr. Jacob Hammel, a German refugee and a graduate of University of Vienna.

Motion: "That Jacob Hammel be required to obtain Canadian citizenship, matriculate in the Royal College of Dental Surgeons, take two years in the Faculty of Dentistry of the University of Toronto, pass the prescribed examinations for graduation therefrom, and pay all necessary fees before being admitted as an L.D.S. in Ontario." — Carried.

Leo Dault, a student in attendance at the Faculty of Dentistry, University of Montreal.

Motion: "That Leo Dault be required to matriculate in the Royal College of Dental Surgeons, take at least two years in the

Faculty of Dentistry of the University of Toronto, pass the necessary examinations for graduation therefrom and pay the required fees before being admitted as an L.D.S. in Ontario." — Carried.

Many other inquiries regarding the acquiring of an Ontario license were dealt with by the Registrar during the year.

SPECIALISTS AND SPECIALIZATION

The matter of regulating Specialists and Specialization was given serious consideration at the meetings of the Board this past year. The subject has now been before the Directors for several consecutive meetings. Reports were received from the various Specialist Groups during the year requesting the Board to take some action toward the certification of Specialists. It is felt that the proposal to introduce some form of health insurance legislation makes the matter even more urgent.

The Board is desirous of finding a solution to the problem which will prove satisfactory to all concerned.

Motion: "That the special committee on Specialists and Specialization under the chairmanship of Dr. Paul be instructed to continue their deliberations with the representatives of the Specialist groups and to draft a by-law that will embrace the views of the interested groups to be presented at the next meeting of the Board." — Carried.

Motion: "That this Board express its appreciation of the very constructive suggestions as to the formation of a plan to regulate specialists in Dentistry received from Specialists Groups, and ask that their valued help may be available to the committee appointed from the Board to consider this question." — Carried.

DENTAL NURSES' ALUMNAE ASSOCIATION

A request was received from the Dental Nurses' Alumnae Association that the Board give consideration to the registration of graduate dental nurses.

Motion: "That this Board favours the principle proposed by the Dental Nurses' Alumnae Association re registration and hereby appoints the committee on Government and Legislation to submit a plan to further this end." — Carried.

BY-LAW NO. 70

By-Law No. 70 was passed at the October Meeting of the Board. This by-law contained several amendments which had been contemplated for some time by the Directors. The amended by-laws are enclosed with this copy of the proceedings.

PRESENTATION TO DR. F. A. BLATCHFORD

At the termination of the October meeting, Dr. Batchford stated that it was probably the last meeting of the Board over which he would preside as President. He expressed his thanks to all the members for their splendid co-operation throughout his term of office.

Dr. Campbell, Vice-President, spoke on behalf of the Board members, fittingly observing the splendid leadership that had been rendered by our President and expressing the desire of all the members that Dr. Batchford should seek re-election at the approaching election. He then presented the President with the gavel used during his term of office which had been suitably engraved.

REGISTER

Licentiates in Good Standing, April 30th, 1944	61
Dominion Dental Council Certificates Registered in Ontario	89
Licentiates Deceased or Not in Practice in Ontario or Annual Fee Not Paid April 30th, 1944	90

ITEMS OF SPECIAL INTEREST

The report of the Executive Committee should be carefully read by every member of the profession.

Two paragraphs of the Discipline Committee report are printed in capitals to indicate the seriousness of the subjects discussed.

The report of the Committee on Legislation contains the result of several years' study respecting the matter of specialists and specialization.

The full names and addresses are given in the register this year for the first time. There has been considerable difficulty in obtaining the full names. Undoubtedly mistakes are present in the list. Your co-operation in making any corrections will be appreciated.

Address all communcations to:

The Secretary, Royal College of Dental Surgeons,
Phone: Ki. 0134. 211 Huron St., Toronto, 5.

1943-1944

REGULATIONS

SIGNS

A member of the Royal College of Dental Surgeons, in connection with his profession:—

1. May not display any sign containing anything other than his name, degrees and profession and in which any letters larger than four inches are used.

2. May not display more than two signs in addition to one at or on his entrance door.

(a) Not more than one of these may be a suspended sign.

(b) Not more than one of these may be an illuminated sign and if illuminated must not be intermittent, daylight, "Neon" or "Neon type" and no colours shall appear in such signs other than white or black.

3. May not display any sign on premises other than those in which his practice is actually carried on.

Notwithstanding the above regulations he may (using only unilluminated letters or figures not larger than two inches).

(a) Add to his entrance sign, his office hours.

(b) Add to any sign the words "Open Evenings" and (when an entrance is difficult to find) the words "Entrance on . . ."

PROFESSIONAL CARDS AND ANNOUNCEMENTS

A member of the Royal College of Dental Surgeons, in connection with his practice:—

1. May not permit to appear in any newspaper or other publication, printed or written for distribution or display anything other than his professional card (which may contain at most his name, title or degrees, profession, address, telephone number and office hours) or an announcement of his commencement or practice, change of office location, absence from or return to practice or the restriction of his practice. The announcement shall not contain any reference to qualifications, procedures or equipment. The space used. for either card or announcement, must not exceed one column (13 ems) in width by two inches in length and must not be in the nature of a display.

2. He may, however, observing the dignity and ethics of the profession, without reference to qualifications, procedures or equipment:

(a) Use private professional cards.

(b) Issue accounts and receipts.

(c) Issue appointment cards.

(d) Mail to his patients recall notices.

(e) Mail to his patients and acquaintances announcements of his commencement of practice, change of office location, absence from or return to practice or the restriction of his practice.

SOLICITED ADVERTISING

For the protection of the Profession from solicited advertising, this Board prohibits any Member of the Royal College of Dental Surgeons from inserting his profession card in hand-bills, programmes, year books or other printed matter of like character.

TAKING OVER A PRACTICE

By-Law No. 11, Section 4. When any member of the Royal College of Dental Surgeons takes over the practice or office of another member of the College, either by purchase or otherwise, the member so acquiring the said practice or office shall not after one year from the date of such acquisition use any sign or printed matter which suggests to the public that the retiring member was in any way associated or connected with the said practice or office.

RE LISTING OF DENTISTS IN TELEPHONE DIRECTORIES FOR PROVINCE OF ONTARIO.

(1) No display advertising of any kind.

(2) No black face listings in the yellow pages.

(3) No specialists listed under separate group headings.

(4) Mention of office hours is of no particular value, and is usually used only to increase space, therefore, to be excluded.

(5) Mention of particular facilities or equipment, such as X-ray, gas extractions, etc., not aceptable in either section.

(6) Black face listings acceptable in white pages.

(7) Residence listing on yellow pages, as well as on white pages, is acceptable.

(8) Designation as specialists, i.e., Periodontist, Exodontist, Orthodontist, etc., is acceptable in both yellow and white pages, provided that the dentist is actually a specialist.

NOTE:

A specialist is one whose practice is limited to one particular branch of dentistry.

Annual Report

of the

Board of Directors

The Following Is a Condensed Report of the Business Transacted by the Board During the Year:

ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO

1943-1944

PRESIDENT'S REPORT

To the Board of Directors of the Royal College of Dental Surgeons.

Gentlemen:

My first duty is to thank each and every member of the Board for their willing and painstaking effort in carrying on the work of the Board for the past year. Quite naturally the stress of national and world events have had a very great effect on all professions and avocations but in none has there been a greater interference with normal conditions than in Dentistry.

To supply the ever increasing demands for services to the armed forces has necessarily been our first responsibility and as a consequence almost all the members of our profession within military requirements as to age and condition and in the C. D. Corps. With only a very few exceptions the graduating classes of the past four years have entered this branch of war service which is establishing for Canadian Dentistry a splendid record of achievement.

Lacking this complement of normal recruits, the responsibility of service to our civilian population has fallen heavily upon the shoulders of our depleted numbers and the history of Canadian Dentistry will contain few pages more bright or splendid than those which record the long hours of earnest and unselfish effort during this crisis. The greater spending power of our people together with their increased public contacts and health consciousness have multiplied the demands for dentistry and few have been denied at least reasonably adequate service.

For some years past our people have become more and more health conscious and governments, municipal, provincial and national, are seeking to interpret this setiment and satisfy it through the introduction of various legislative measures.

It has been the duty and privilege of your Board to assist at various times in the formation and direction of this Legislation and at all times your chief consideration has been the welfare of our patients and the safeguarding of the high principles and ideals of our profession. This implied confidence has not and must not be betrayed and it will be the duty of the Board and College to endeavour at all times with courtesy and integrity to carry out Dentistry's share of any acceptable plan in which we may be called upon to assist.

This can be accomplished only by the employment of plans which will harmonize with the highest ideals of our profession and the proper preparation of our members to carry out those plans. For that purpose it would appear that some branches of training of students should be greatly emphasized and that post graduate refresher courses should be made available. The notable success of the short course in Dentistry for children recently carried on through the efforts of the Faculty, the Canadian Dental Hygiene Council, and the Board demonstratd the demand for courses of this type and should be further developed. To facilitate measures of this kind, immediate thought should be given to the provision of the accommodation and equipment necessary for this work and the Faculty of Dentistry of the University of Toronto and Provincial Governments should be invited to participate in a coordinated programme to this end.

More ample housing and equipment will be needed also for the proper handling of the large classes which are certain to apply for education in Dentistry for a period of years after the termination of the war. The demand for a larger number of recruits in our professional ranks which will in all probability be necessary in an ever

broadening Dental Health programme must also be anticipated.

Some consideration has been given to an adequate scheme of rehabilitation and no effort should be spared to perfect such a plan. To that end, we should bespeak and expect closer cooperation with the Canadian Dental Corps as an effective plan would require the co-ordinated efforts of that organization and your Board.

The completion of plans for the creation and regulation of groups of specialists within our profession may soon be expected and should be of great benefit in post war adjustment. The time has come when some definite policy must be devised to determine and define the relative positions of the Dental Nursing and Dental Technicians groups with our body and the greatest care must be taken in the establishment of these.

G. H. CAMPBELL,
President.

Motion:—"That the President's report be adopted and that the Executive Committee be instructed to study the problem of post-graduate and refresher courses and to confer with the Faculty of Dentistry, the Departments of Health and Education of this province, with the view of instituting plans toward the development of same." Carried.

ANNUAL REPORT OF THE REGISTRAR-SECRETARY

To the Board of Directors of the Royal College of Dental Surgeons

Gentlemen:

The past year has been a most active one for this Board The many dental matters relating to the war, together with the various governmental proposals for changes in the methods of rendering health services, have given cause for much serious consideration.

Any of the contemplated proposals for changes in health services will create new problems for dentistry and alter old ones in abundance. The matter of auxiliary personnel is a most difficult problem for solution. The present inquiries directed toward the finding of economical adjustments of dental practice in order to render services to greater numbers of the population is fertile ground for the splitting up of dental practice. Up to the present in Ontario a definite line of demarcation has been drawn whereby the dentist renders all necessary services within the oral cavity and the auxiliary personnel performs the ancillary services required outside the orifice of the mouth. This specific dividing line has been considered valuable from the legal standpoint. Once the barrier is broken down it is difficult to know where the next division of services can be established.

The legislation introducing the use of the prescription established a definite legal relationship between the member of the profession and the technician in this province. The value of this change in the act is not fully realized by the whole profession. In some parts of Ontario the prescription is used one hundred per cent. by all members of the college in the area while in other parts the legal requirement is ignored. (Section 20, sub-section 1a Dentistry Act.)

In view of the increased responsibilities that organized dentistry has asked for and likely will be requested to assume under any new arrangment for dental services, thought should be given as to the obligations of dentistry. The quality of service and academic knowledge of the average general practitioner is a definite responsibility of this Board. A real contribution is made in this regard through the Extramural and Extension Lecture Service. Members of the profession are requesting further refresher courses of sufficient length to cover thoroughly particular parts of dentistry. Such courses should be self-supporting financially but they could be probably more definitely established if underwritten by this Board.

Your attention is directed to the fact that the next class will graduate from the Faculty at the end of July next which will necessitate a meeting of the Board at that time.

CHANGES IN REGISTER

The number on the Active Register as of April 30th, 1944, in good standing is as follows:

Annual fee paid	1,439
On 50 year Honourary list	39
In Military Services	579
Total	2,057

To this number is to be added one who has not paid the annual fee on the above date and which fee is now being collected through Division Court.

Changes during the year have been as follows:

Added to the Active List

New Graduates	48	
From Manitoba (D.D.C.)	1	
From Alberta (D.D.C.)	1	
Licentiate from Sackatchewan	1	
Licentiates from Ontario	8	59

Transferred to Inactive List:

Died	26	
Out of Practice	9	35

Increase in total on Active List 24

A further addition to the active register will be made this year in August when approximately 60 will graduate from the Faculty.

MAIL MATTER

During the year, 13,210 articles (including 1,762 personal letters), together with 23,062 enclosures have been prepared and sent out. Some 3,150 articles with 9,659 enclosures were received, making a total of 49,081 pieces of mail handled during the year.

REFRESHER COURSE ON DENTISTRY FOR CHILDREN

On February 28th, 29th and March 1st, a refresher course on Dentistry for Children was held at the Faculty of Dentistry, University of Toronto.

Seventy-four practitioners representing all parts of the province were in attendance. Great satisfaction was expressed by all those present respecting the course. The Canadian Dental Hygiene Council was responsible for bringing an outside clinician while the other financial obligations were underwritten by this Board. The Faculty of Dentistry supplied personnel and accommodation. The success of this effort is most gratifying to all those concerned. Further consideration should be given to the matter of continuing education for the profession upon this important subject.

APPOINTMENT OF SCRUTINEERS

In accordance with By-Law No. 12, section 13, the Board shall appoint two scrutineers for the forthcoming election of directors.

X-RAY SIGNS

Through the continuous effort of this Board over a great number of years the signs of the Ontario dental profession have gradually assumed an ethical character. Regulation was drafted at the 1942 annual meeting, removing the last vestige of commercialism from signs, whereby the word "x-ray" was disallowed. In the proceedings of that year statement was made that "x-ray will not be permitted after July 1st, 1942."

Creditably, signs were immediately altered where necessary except in a few areas. Many complaints have been received respecting those remaining signs which are not in conformity with the by-laws.

Honorary Registration for Licentiates Serving in Military Forces

Since the beginning of the war this Board has passed a resolution each year, granting honourary registration to all licentiates in the military services. A resolution for the year 1945 will be necessary if the Board sees fit to continue this creditable action.

Extramural and Extension Lecture Service

Owing to the accelerated course in the Faculty and due to the fact that clinicians who have private practices are exceptionally busy, some difficulty has been found in supplying the number of clinicians requested by societies this year. However, even under such difficult circumstances the following report shows an increase in the number of clinics over the preceding year. This has been made possible by personal sacrifice on the part of the clinicians who have made a real contribution to dentistry though their efforts which is recognized and appreciated by this Board.

May I thank each member of the Board for the splendid co-operation which has been so freely given this year. All have been most willing to perform any allotted task which has made the work of this office most pleasant.

All of which is submitted for your consideration.

DON W. GULLETT,
Registrar-Secretary.

Motion: "That the comprehensive report of the Registrar-Secretary be adopted and that action on various items be taken as follows:

"That a letter be sent to all members of the College again calling attention to the regulations re signs, and also stressing the use of prescriptions for every case sent to the Dental Laboratory."

"That the Board recommends that the Faculty of Dentistry should be asked to make plans for a refresher course on Dentistry for Children with the understanding that any expense incurred should be underwritten by this Board but recommending that a fee be charged each applicant to that the course could be self-supporting financially. We further recommend that courses in other branches of dentistry be given consideration by the Faculty of Dentistry."

"That Mr. Laidlaw and Dr. Gordon McLean be appointed scrutineers for the forthcoming elections.

"That this Board grant honorary registration for 1945 to to those members in the military forces providing that hostilities have not ceased before January 1st, 1945, and also to those enlisting between Jan. 1st, 1945, and April 30th, 1945."

"That the following having been fifty years on the active register of the R.C.D.S. of Ontario be granted honorary registration."
(Names appear in report above.)

"That the publishing of honoraria and expenses of clinicians in the annual report be discontinued and that when a clinician requires more than one day on a trip, he be paid at the rate of $20.00 per day for the second and each succeeding day."

"That this Board express to the Faculty of Dentistry its appreciation for the excellent course in "Dentistry for Children" presented at the Refresher Course on Feb. 28th, 29th, and March 1st."

"That this Board express to the Canadian Dental Hygiene Council its appreciation of their valuable cntribution is making the Refresher Course in "Dentistry for Children" such a success."

"That the Secretary be instructed to investigate a card index system to record the annual fees and if in his opinion considered wise, that he inaugurate such a system."

"That the Secretary be instructed to ascertain the approximate cost of a certificate for the fifty year honorary members and report at the October meeting." Carried.

TREASURER'S REPORT

To the Board of Directors of the Royal College of Dental Surgeons of Ontario.

Gentlemen:

Your Treasurer herewith presents his report for 1943-44:—

Licentiate Fees

On December 1st, 1943, 1450 first notices regarding the annual licentiate fee being due January 1st, 1944, were mailed.

486 second notices were sest out January 20th, 1944.

In February, 209 drafts were entered at the bank of which 118 were paid through the bank, one licentiate had enlisted, two had retired from practice, one fee was returned to the widow of a licentiate who died early in January, 1944, and one has not paid. The remainder paid direct to this office. Fees for 1943 were returned to six lincentiates who had paid and who enlisted previous to April 30th, 1943. Fees for 1944 will be returned to two licentiates who had paid and who enlisted previous to May 1st, 1944.

Extramural and Extension Lecture Service

(See Secretary's report for details)

These services were given at 19 centres as against 16 centres last year, and at a refresher course at the Faculty of Dentistry.

Expenses for the year:—

Universiy of Toronto for Honoraria	$500.00
Extension Lecture Honoraria	215.00
Expenses of Speakers	486.56
Printing	64.80
Postage	23.85
	$1,390.21
The appropriation for the year was	$1,000.00

A refund of $100.00 was received from the University as balance from 1942-43.

Harry R. Abbott Library

(See Librarian's and Auditor's reports for details)

It will be necessary to appoint auditors for next year.

Auditor's Statements herewith submitted:

(a) Balance Sheet showing Assets asd Liabilities.

(b) Receipts and disbursements on Board Account.

(c) Receipts and disbursements on Harry R. Abbott Memorial Library Fund.

(d) List of securities.

W. E. WILLMOTT,
Treasurer.

Motion: "That Thorne, Mulholland, Howson and McPherson be appointed auditors for the ensuing year." Carried.

Motion: "That the Treasurer's report be adopted." Carried.

Motion: "That the Auditor's report be adopted." Carried.

ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO

Financial Statement Year Ended April 30th, 1944

ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO
FINANCIAL STATEMENT

Year Ended April 30th, 1944

May 19th, 1944

To the President,

ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO

Dear Sir:

We have audited the books and accounts of the ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO for the year ended April 30th, 1944 and submit herewith our report together with the following statements and schedules:

Balance Sheet .....
Receipts and Disbursements, General .....
Receipts and Disbursements, Harry R. Abbott Memorial Library Fund .....
Government, Government Guaranteed and Municipal Bonds .....

With reference to the loans to ex-service men, the payments received during the year under review amounted to $1,297.54 on principal, $1,458.56 on account of interest and $50.00 on account of a loan previously written off. The unpaid balance as of April 30th, 1944, less those written off, amounted to $3,510.02 and the surplus shown on the balance sheet is subject to the realization of these accounts. No accrued or unpaid interest on these loans has been considered in the accompanying balance sheet.

Respectfully submitted,

THORNE, MULHOLLAND, HOWSON & McPHERSON,
Chartered Accountants.

REPORT OF EXECUTIVE COMMITTEE

To the Board of Directors:

Gentlemen:

At the November meeting of the Board which was attended by the Hon. R. P. Vivian, M.D., Minister of Health, and Drs. McGhie and Phair of the Department of Health, when at the suggestion of the Minister a plan for dental care of pre-school and elementary school children was drafted, the task of presenting the plan and necessary future action on the same was delegated to this committee.

As suggested by the Board, a meeting was immediately held with representatives of the Ontario Dental Association in order to discuss in detail the suggested plan before presentation.

On December 2nd last, the adopted plan which follows was presented to the officials of the Ontario Department of Health.

Proposed Plan for Dental Health Program

General Statement:

The representatives of the dental profession of the Province of Ontario desire to state that in their opinion the following fundamental facts must be obtained if the proposed plan is to succeed.

(1) That personnel must have the confidence of the public and the profession.

(2) That in order to obtain such personnel, adequate recompense must be provided with commitments for the future.

(3) That the time has arrived when a definite division must be made between public health services and dental treatment.

(4) That the general practitioner is the individual around whom the services must be built and consequently should render the treatment services.

(5) That the G.P. must be adequately recompensed in order that he may be supported economically in directing his treatment services toward the control (prevention) of dental diseases.

(6) That provision must be made to instruct the G.P. in order that he may efficiently render the required services in the new dentistry of the future.

(7) That the curriculum of the dental school must be revised with specific directions toward the control of dental disease in harmony with this proposed program.

(8) That scope must be arranged in the organization of the services for the active cooperation of the representatives of organized dentistry in the formation and the further development of the plan.

All of which means a revision in the objective of dental practice which has been deterred in the past by economic consideration. Adequate financial support and full cooperation of the dental profession are both necessary for the success of this programme. The responsibility for the former rests upon the government and the latter lies with organized dentistry. In our opinion the following proposal is the best possible approach toward the control of dental diseases and further if adopted, would be the most advanced proposal known in dealing with the most widely spread of all diseases.

PROVINCIAL HEALTH COMMISSION

Medicine | Hospitals | Nursing | B. of Directors R.C. of D. Surgeons —

Director of Dental Services - - - 1. Advisory 2. Discipline

Duties

1. To direct and supervise D.P.H. Program.
2. To direct and supervise dental services in institutions controlled or assisted by the provincial government.
3. To consult with B. of Directors, R.C.D.S., re appointments, etc
4. To make reports as required including Board of R.C.D.S.

D.H.O. | D.H.O. | D.H.O. | D.H.O. | D.H.O. | D.H.O. | D.H.O.

Duties

1. Leadership — public and profession.
2. Clinical examination twice a year of all pre-school and of all elementary school.
3. Education.
   (a) Pre-natal and post-natal.
   (b) Pre-school
   (c) Primary school.
4. Records and references.
5. Cooperation with teacher, nurse, physician and social services.
6. Checking of accounts.

D.H.O.—Dental Health Officer for each Health District.

Personnel

Satisfactory appointment of personnel is vital to the success of plan. The appointee should be carefully selected in each instance and have qualifications in public health as well as the confidence of the profession.

The Director of Dental Services must have executive ability and a real knowledge of dental public health matters.

The Dental Health Officer should become a recognized authority and capable of giving leadership in the respective health district. In order to attain this objective he will require postgraduate education with refresher courses from time to time under university authority.

All personnel will need to be adequately recompensed in order to secure the desired type of individual..

Treatment Services to be Rendered.

1. A dental examination shall be given once every six months.
2. Prophylactic treatment shall be given once every six months, when necessary.
3. Plastic filling materials shall be used in restorative work.
4. Provision shall be made for the use of special materials and appliances for the treatment of accident cases.
5. Extraction and necessary dental surgery to be performed when necessary.
6. Anaesthetics shall be used where necessary.
7. Arrangements shall be made available whereby the patient may be referred for special services.
8. Radiograms to be used where considered necessary.
9. Provision shall be made for the use of such other materials as may be required in carrying out the usual procedures in the practice of dentistry for children.

Basis of Payment

The basis of payment to be upon a fee schedule as recommended by the Dental Board.

Dental Health Officers to be paid on salary basis for full time..

Sparsely Settled Areas

1. More railway cars (the great majority of children are found in those municipalities along the railroads).
2. Dentists may have to be subsidized in certain areas.
3. Interne service of new graduates may be possible for the future.

Education

In a post-war health programme dental educationalists will be faced with two problems; the first being the uncertainty as to how many dentists will be required to meet the proposed health service to be provided by the Provincial Government; the second, the rehabilitation after the war of graduates who have served in the armed forces and students who will be returning from active service and who are desirous of entering the study of Dentistry.

There are, therefore, various groups to be educated; first, the older graduates who may desire to take post-graduate instruction to rehabilitate them in general practice or prepare them for specialties in dental practice; second, the dentists who have graduated since the war began but who have never been in private practice and may desire refresher courses; third, high school graduates who have been serving in the forces and who desire to study dentistry; fourth, the high school students who have just completed their Ontario Grade XIII examinations.

These conditions will necessitate the establishment of a post-graduate school and staff in this Faculty, and, also, provision will have to be made for increased numbers of undergraduates.

The Act respecting Dentistry in the Province of Ontario provides that dental education shall be given under the direction of the Royal College of Dental Surgeons of Ontario and the University of Toronto. Since 1925 when the Royal College gave the School of Dentistry to the University of Toronto, the University has assumed responsibility for formal dental education. The official organization of dental schools of Canada and the United States, known as the American Association of Dental Schools, accepts in its membership only dental schools which are integral parts of a university. It is thought desirable that dental education in the province of Ontario should continue to be under university direction.

With our present equipment it would be possible to enrol in the undergraduate group three classes of eighty students each.. .Two classes would enter the First Year, and one class would be a combination of the First and Second Year Courses. This latter class might be granted some credits in Prosthodontia as it would be comprised of men who had served as dental technicians in the Canadian Dental Corps, but these students would be required to take courses in the sciences of the First Year in addition to Second Year subjects.

It was unfortunate that, some years ago, the Government found it necessary to discontinue grants for research to the Faculy of Dentistry and, if a progressive programme is to be re-established, grants for this purpose will be very essential.. There are many problems requiring further investigation in the field of dentistry which have a bearing on the prevention of dental disease and the maintenance of dental health.

If the plan for additional dental health services as proposed by the government is to go into effect, there will be a need for more dentists and the number of students in the Faculty must necessarily be greatly increased. To meet this situation, more space and equipment will have to be added to our present facilities and further appointments made to the teaching staff. I would suggest, therefore, that a wing be added to the present building to provide approximately 20,000 square feet of floor space.

Such an addition would be the minimum requirement of the needed facilities. The present building has been by no means adequate for some years owing to the increasing developments in various departments, and the pressing need for additional space. This building had a large addition after the last war, in 1920, and has been readjusted interiorly several times at intervals to improve the accommodation. It might be deemed advisable to have an entirely new building where due consideration could be given to an improvement in the planning of the building so that interrelated departments could be placed more conveniently.

- - - oOo - - -

Early in April, at the request of the Minister of Health, a meeting of the committee was held in his office. In addition to the committee, the President of the O.D.A. and Dean Mason were in attendance at this meeting. A summary of the points discussed at this meeting was later submitted in the following letter:

Dr. D. W. Gullett, April 18, 1944
Secretary, Royal College of Dental Surgeons,
211 Huron Street, Toronto 5.

My Dear Doctor Gullett:

Confirming our conversation of Monday last, might I say that the Department shares with your organization an interest in the following matters:

First, the question of prepaid dental care which might be implemented under the recently passed MUNICIPAL HEALTH SERVICES ACT. As I stated, any municipality or combination of municipalities may, by vote of the resident electors, commit themselves to a scheme wherely dental care for all of the residents is made available out of tax-collected funds. In view of the difficulties of implementing such a programme at the moment, the Department is merely suggesting to you that you give consideration to how best such a service could be supplied, what should constitute the scope of the service and what it would cost.

The second matter of interest is — in the absence of any plan for prepaid dental care, how best the dental care needs of that substantial cross-section of the population who could be described as dentally indigent, can be met. Reference was made yesterday to the plan now in effect whereby emergency service of a very limited character is extended to those known to be indigent. From my experience and your comments, this type of programme is obviously not in the best interests of either the public or the profession. We should be glad to have any opinion that you may care to express as to how this situation can be met.

As I implied, our immediate concern is in the matter of how provision can be made for the necessary treatment in those cases among the pre-school and elementary school age groups which are uncovered as the result of the inspecional activities of the dental officer who is associated with the proposed public health unit. As I stated, these units will comprise either an entire county or a part of county, the suggested population being between 30,000 and 35,000. In this population group there will be between 5,000—6,000 school children and some 3,000 children between the ages of three and five. The dental officer, who will be a full-time, salaried member of the staff, will be responsible for the promotion of public interest in mouth health and the routine examination of these children for dental defects, as well as carrying out any other generally accepted preventive procedures.

The acceptance of this type of service as being desirable would appear from our experience to be contingent upon some provision for supplying the treatment necessary to correct the conditions uncovered. If we are correct in this presumption then we want to know how most economically and efficiently can this be carried out —by salaried dentists operating clinics set up at readily accessible parts of the units, or by an arrangement with the dentists in the area on a free-for-service basis? Before any commitment is made, we would appreciate knowing something about the costs involved. As I have already stated, while we would welcome information regarding the first two of our problems at your early convenience, we are desirous of securing some statement in respect to the third at the earliest possible moment in that, as was implied at yesterday's meeting, we are already engaged in the promotion of this unit program.

Yours sincerely,
R. P. Vivian, M.D.,
Minister of Health.

Immediately after receiving the above communication, copies were forwtrded to each District Representative, with instructions to call a meeting of his respective district commitee in order to give study to this letter in preparation for a meeing of the committee on the matter.

For the purpose of considering this communcation, a special meeting of the committee was called on May 10th, at which there were in attendance in addition to the committee, Dean Mason and for representatives of the O.D.A., namely Drs. Duff, Grant, Lowery and Honey. At this meeting it was decided to deal with the matter of dental health services for elementary and pre-school children first as requested in the Minister's letter. After lengthy discussion, during which it was stated that all recommendations made were to be prefaced by a statement to the effect that the profession must be allowed room for experimentation rather than the making of definite commitments, the following resolutions were **passed unanimously:**

"That it is the opinion of this committee that the pre-school and elementary school children should be examined twice a year."

"That duties of Dental Public Health Officer be as stated in our recommendation to the Minister of Health of previous date and shall not include rendering of any treatment service."

"That each Dental Officer be supplied with a dental nurse or qualified assistant."

"That the basis of salary of the Dental Public Health Officer be the same as that of the Medical Public Health Officer and that he be given the opportunity to take postgraduate courses, attend conventions, take regular holidays.

"That it is the considered opinion of the committee that the most satisfactory manner for carrying on treatment is that it shall be done in the private office on a fee for service basis on a schedule of fees approved by the Board of the R.C.D.S."

"That Drs. Mason, Lowery, Grant and Gullett be appointed a committee to prepare a brief to be presented to the Minister of Health, replying to his letter of April 18th."

As a result of the last resolution, the sub-committee appointed drew up the following reply to the Minister's letter which is based upon the decisions reached through the discussions of the above meetings:

Reply to the Honourable R. P. Vivian, M.D.

In making reply to your communication of April 18th, may we refer you to the proposed plan for a dental health program as submitted to your department on December 2nd, 1943. The recommendations herein expressed are based upon this former outline submission.

General Statement:

As representing the dental profession of Ontario we desire to state:

(1) that the profession must be allowed room for experimentation rather than the making of definite commitments.

(2) that the dental profession has no desire to enter into an arrangements in which the requirements for dental services are such that the profession has no means of supplying, even if the financial outlay required were underwritten.

(3) that in our considered opinion the quality of services to be rendered must be of first importance and the first interest of the profession is toward the development of further improved services.

(4) that the objective of the plan shall be directed toward the control of dental diseases through the early years of life rather than the placing of emphasis upon the treatment phase of later years.

(5) That as a result of the findings secured from accurate surveys of dental personnel which have been recently conducted under procurement and assignment activities by organized dentistry, we know that wherever dentists are now located, their services are at a great premium and further, that any effort to concentrate an increased number of dentists in certain areas in order to introduce an extensive plan for dental services would cause hardship to areas in which the said dentists are presently located, therefore we are of the opin ion that such a proposed plan should be considered as a post-war project rather than one to be put into immediate operation.

(6) that dental care can not be introduced to a large group of beneficiaries on the same basis as other health services for the reason that upwards of 95% of the group will require dental services; this means an immediate increase in dental personnel, in the area adopting a proposal for dental services and in order to supply such a demand fundamental provision would need to be made toward the supplying of properly qualified dental personnel which in turn gives rise to the question of the present supply and the future needs of the profession.

Cost and Efficiency of Dental Care:

The principal question asked in your letter is whether "salaried dentists operating clinics set up at readily accessible parts of the units, or by an arrangement with dentists in the area on a fee-for-service basis" should be adopted. You have asked us to discuss this matter from two viewpoints namely, efficiency and economy.

Firstly, it should be stated that the dental profession stand unreservedly for the rendering of dental services on a fee-for-service basis. When services were only to be rendered to the so-called indigents the basis of payment was not of such great importance but now when it is proposed to include all children in an area the method of payment becomes a most important factor because the dentists' living is rather drastically interfered with through the feature of total inclusion. Furthermore, the profession is of the opinion and has advocated the gradual lifting of the age limit year by year so as to include more and more of the population as rapidly as possible which means the gradual inclusion of an increased number of the people, under whatever arrangement is adopted in the first instance.

(a) **Efficiency:**

THE SUCCESS OF ANY ADOPTED PLAN WILL DEPEND UPON THE APPOINTMENT OF A PROPERLY QUALIFIED DENTAL HEALTH OFFICER FOR THE UNIT. The specific duties of this officer in outline to be as follows:

1. Leadership—public and profession.
2. Clinical examination twice a year of all pre-school and of all elementary school children.
3. Education:
    (a) Pre-Natal and post-natal
    (b) Pre-school
    (c) Primary school.
4. Records and references.
5. Cooperation with teacher, nurse, physician, social services.
6. Checking of accounts.

The Dental Health Officer is to be supplied with a dental nurse or qualified assistant to assit him in making the required examinations. Such other proper facilities as may be required for the carrying out of his executive duties are to be made available.

This officer is to use all the means at his disposal to see that

every pre-school and elementary school child receives all necessary treatment. Several larger centres in the province have established dental school clinics and we see no reason why these should be disturbed if an arrangement is developed whereby no child is forced to attend such a clinic in order to receive the dental benefit which belongs rightly to the said child.

The dental profession desire to see an arrangement adopted whereby all may cooperate. The adoption of a plan whereby salaried dentists operated clinics would exclude the great majority of successful dentists in practice which would be a distinct loss to the beneficiaries. The general practitioner is aware of the present trend of emphasis on dentistry for children through the activities of organized dentistry and by the cooperative effort of the professional bodies through special refresher courses and other means, the whole dental body could be carried into the movement.

We do not see any great difficulty in the rendering of accounts upon a fee-for service basis. It is perhaps true that the dental profession possesses a small percentage who would take advantage of the trust imposed in them, perhaps equally under any system of payment. Averages in general for dental services to children are well-known and any Dental Health Officer would quickly develop averages for the respective area so that any practitioner rendering accounts out of line would be quickly recognized.

The retention of the individualism of the dentist whereby the amount of his income depends directly upon the type of services rendered means a great deal to the future health services. Advantages are undoubtedly to be accrued in the type of service given by a general practitioner who is capable of establishing himself independently. The recruitment to the profession must be kept in mind for more and better dentists are required for the future and the removal of the independence for opportunity would result in a diminishing number of students as well as a definite lowering of calibre amongst the applicants.

Arrangements whereby children would be allowed time out of school for dental appointments would be necessary. In the past the attempt to render dental services for children at the end of the day has been fair neither to the dentist nor the child. We are of the opinion that the dentists of this province in the great majority are ready and willing to so arrange their practices that time will be made available for children on a preferred basis. This attitude is due at least partially to the efforts within organized dentistry on the subject of dental public health education. The average dentist only asks fair financial return. He can hardly be expected to render satisfactory services if not properly recompensed under any system.

Dentistry on this continent has become recognizezd as the best in the world and this efficiency has been developed through the general practitioner in private practice. We believe that the general public will anticipate dental services being rendered in the future upon a similar basis to that of the past. In our opinion the foundation of future dental health services must be built around the general practitioner and it will be best to retain his independence in private practice for the purpose.

Economy:

Dentistry has not had the advantage of voluntary systems of dental health insurance in order to create statistics for guidance. Figures have been stedied in great detail as presented by established clinics and the cost to the patient of having services rendered in the private office are well known. Broadly speaking, we are of the

opinion that if the figures are carefully produced on an actuarial basis by qualified actuaries, there will be little difference in the cost when the two systems are accurately compared.

Available figures for clinic plans are most difficult to compare owing to the fact that they vary greatly as to basis of payment to operator, type of services rendered and the specific group of patients covered. In the great majority of cases such clinics have been operated on a partially charitable basis whereby the dentist made contribution by giving a part of his time on a reduced rate of pay. Consequently, the reports as to finances are not applicable to the present situation.

Costs of rendering dental services are to be divided into initial and maintenance categories. Due to the existent back-log of dental need, the initial cost is a difficult problem which is practically insurmountable amongst adults and has deterred the institution of insurance plans for dental services. The younger the age group, the lower is the cost of initial dental care. Maintenance dental care cost depends upon the regularity of inspection and treatment care. From a purely economic consideration the introduction of some measure of compulsion would prove the most thrifty. However, such a drastic measure would give rise to other difficulties. The number taking advantage of voluntary prepaid dental services depends upon the existent appreciation of dental health services. The increase in the percentage depends on the amount of dental public health education and the quality of the services rendered.

The introduction of a programme such as proposed in an area would for a number of years include many for initial care each year. The objective would be to increase the number for regular maintenance care and gradually decrease the number appearing for initial care. The annual report of the successful Dental Health Officer should indicate such as progress.

Actual costs are difficult to compute for reasons already stated. However, in our opinion, fairly accurate estimates can be made. The proposed area has been stated to contain a population of 30,000 to 35,000 of which 8,000 more or less will be children. The following estimated cost is based upon **the ideal of every child receiving adequate dental care** by a general practitioner in private practice:

No one can predict the percentage of children who would initially accept dental health care when the financial barrier is removed.

Population of health unit .....30,000 to 35,000
Approximate number of pre-school age children 3,000
Approximate number of elementary school children.....5,000
Total number of children in program 8,000

Estimated cost

Average estimated number of operations required per child..4
Average cost per operation per child.....1.75
Average cost per child 4 x 1.75—7.00 per annum.
8,000 children at 7.00—$56,000.
(Specialists' services to be added).

It is obvious that no matter how perfect the system may be which is introduced a percentage of the children in the area will not avail themselves of the opportunity offered. The cost, being predicated upon the unit for service basis, will be in proportion to the number receiving treatment.

This estimate is supplied for purposes of arriving at some round figure rather than making a definite statement. In the event that a plan were introduced on a fee-for-service basis, the dentists of Ontario ask only that the payment for the service rendered be fair

no more and no less. In view of the lack of concrete evidence it appears self-evident that such a new experiment as proposed would have to leave ample room for adjustment. We are not prepared to state definitely whether the above sum is too much or too little but we are ready to state that if the amount is upon trial found to be in excess of fair remuneration, the dental profession does not desire any part of the surplus while on the other hand, if found to be insufficient proper adjustments would be expected.

Statistical information respecting the rendering of dental services for children, prepared upon a proper actuarial basis, has not been readily available. Recently extensive studies upon his whole subject of costs of dental care have been published by Mrs. Dorothy Fahs Beck under the auspices of the Sicio-economic committee of the American College of Dentitsts. The studies are extensive, thorough and the most authentic now available. A summary table from these studies is produced below upon the time and cost of dental care for children as found in the various experiments both in clinics and private offices. Any comparative analysis between figures quoted is exteremly dangerous as the underlying conditions are very different but some ideas can be garnered relative to costs of such care under the varying arrangements. In our opinion the best long term plan of dental care for children is being carried out under the Kellogg Foundation in the State of Michigan. The findings quoted in this table are only preliminary for this plan. The report of this foundation for the first eleven years states: "There are no clinics" and the treament services are rendered in the private offices of the dentists.

STUDIES OF TIME AND COST OF DENTAL CARE FOR CHILDREN

Study and Type of Average	Type of Cases Analyzed	Average Time or Cost per Case (actual or est.)	Type of Child to whom aver. applies	Basic Qualifications
1. Initial Care: as to Time				
1. Guggenheim Den. Clin. Analysis (McCall)	New Patients admitted in 1939	8 hr., 20 min.	1-13 yr.	Time estimate based on average number of visits by new patients, multiplied by average length of visit for all patients; excludes special services—root canal treatment, pulpotomy, postoperative treatment, etc.
2. Kellogg Found. Mich. Study (Morris)	Children in Mich; initial care under Kellogg program.	1hr. 46 min., (approximate preliminary report).	2-10 yr.	Time figure based on amount of chair time required to put children's mouths in healthy condition. (Quoted figures read from a chart)
3. Missouri and So. Ill. Survey. (Brandhorst)	St. Louis and other parts of Mo., and in Ill.	5.2 hr. Kindergarten. 6.4 hr. rural grade 10.6 hr. vocational (white) 8.8 hr. high school		Time estimate based on statistics as to initial needs and on data from 9 dentists on time for various services; includes laboratory for new needs during first year of service.
1. Initial Care: as to Cost				
1. Guggenheim Den. Clin. analysis. (McCall)	New patients admitted in 1939.	$20.01	1-13 yr.	Cost estimate based on average number of visits per new case multiplied by average cost per visit for all cases: represents cost to clinic; patients pay-no fees includes all types of costs except depreciation and interest or building and taxes; excludes cost of special services.

2. Kellogg Found. Mich. Study (Morris)	Children in Mich.; initial care under Kellogg program.	$7.50	1-7 yer	Costs based on payments to private dentists for initial service at $3.00 per hour for fillings, extractions and prophylaxis, plus 1.50 for initial examination with bitewing x-rays. Average based on unpublished data for 1935-40
3. Estimate of Lon W. Morrey.	Budget for nationwide WPA project.	$7.50—$8.00	Indigent and near indigent elementary school	Cost estimate assumes compensation to dentists of $3.00 or $3.50 per hour; no allowance for expenses; limitation of service primarily to fillings and educational work.
II. Maintenance Care: as to Time (Annual)				
1. Guggenheim Den. Clin. analysis. (McCall)	Recall patients during 1939	2hr. 45 minutes per recall case; time between recalls about 9 mo. (average)	1-13 yr.	Time estimate based on average number of visits by average length of visit for all cases. Time between recalls usually 6 to 12 mo. No root canal, pulpotomy, post-operative treatment, etc., included .
2. Kellogg Found. Mich. Study (Morris)	Recheck cases in Mich.; on Kellogg program	1 hr., 6 min. per recheck case; time between rechecks about 9 mo. (av.)	2-10 yr.	Time figure based on preliminary report on chair time required to complete recheck cases; time between rechecks irregular usually about 9 mo. (average)
3. Analysis of personal private practice records (Sweet)	Regular maintenance care from age 2 year.	2.0 hr. per year 3.5 hr. per year	2-12 yr. 12-22 yr.	Averages based on 110 children, include full care exclusive of extractions, other oral surgery, and orthodontics. Fourth of children received plastic fillings only; three-fourths gold fillings; with occasional plastics. Rechecks every 3 mos.

Study and Type of Average	Type of Cases Analyzed	Average Time or Cost per Case (actual or est.)	Type of Child to whom aver. applies	Basic Qualifications
4. Estimate of U.S. Public Health Service. (Klein, Palmer, Knutson)	Findings in Hagerstown, Md.	1 hr. 26 mins. yearly. Fillings in permanent teeth only)	Elementary School	Time estimate applies to partial care only—fillings of new increment of carious surfaces in permanent teeth only; based on prevalance date, not on timing of operative procedures.
5. Estimate on Com. on Costs of Med. Care. (Lee-Jones)	Data on prevalence and on opinions of dentists.	1 hr. 56 min. annually; 3 hr. 55 min. annually	Under 4 year 5-17 yr.	Estimates include time for laboratory, specialist, prophylactic and x-ray services, also some orthodontics; and assume prior completion of all initial cost clude cost of special services.
II. Maintenance Care: as to Cost (Annual)				
1. Guggenheim Den. Clin. analysis (McCall)	Recall patients during 1939.	$8.70 per recall case; time between recalls about 9 mo. (ave.)	1-13 yr	Cost estimate based on average number of visits by recall cases multiplied by average cost per visit for all patients. Time between recalls usually 6 to 12 mo. Figure represents cost to clinic; patients pay no fees; includes all types of costs except depreciation and interest on building and taxes; exclude cost of special services.
2. Kellogg Found. Mich. Study (Morris)	Recheck cases in Mich.; on Kellogg program	$3.56 per recall case; time between recalls about 9 mo. (average)	1-10 yr.	Costs based on payment to private dentists for maintenance service at $3.00 per hr.; includes examination, fillings, extractions, and two bitewing films in about 75 per cent of cases. Estimated nine-month average recall period; based on unpublished data for 1935-40

3. Project in Lake Forest, Ill. (Morrey)	Public school auspices (1925-26)	$4.33 per school year (excluding summer).	Elementary school.	Cost average represents essentially maintenance care, consisting primarily of inexpensive fillings, prophylaxis, examinations, and educational work; remuneration for dentist at rate of $7.50 per half day included; cost of rent and electricity excluded.
4. Estimate of Dep. of Health N. Y. City (Strusser)	Not given	$10 annually during early years. $5 after establishment of systematic care.	N.Y. City	Cost estimate includes 40 min. prophylaxis and 3 hrs. operative procedures per child per year; assumes prophylaxis in schools, all other work in private offices of dentists.. Remuneration for dentists assumed to be at rate of $15.00 per half-time; no allowance for expense other than supplies.
5. Estimate (Sandler)	Several Surveys by U.S. Public Health Service	$86 for whole chidlhood regardless when care started; $6.14 per per yr. for care yearly from age 3 to 17	New York City age 3 to 17	Cost estimate includes extractions, fillings, x-rays, prophylaxis, excludes orthodontics, major surgery, artificial restorations; assumes care in private offices at gross remuneration rate of $4 per hour; no allowances for original capitalization costs.
6. Estimate	Not given	$10 annually durearly years of program; less later.	All children	Cost estimate assumes complete care for those beginning program under 4 year; limited care for all other children.

Two other circumstances are referred to in your communication.

First, the providing of dental services under the recently passed Municipal Health Services Act. We wish to record our view that any attempt to provide dental services for the whole population of any specific area would not be practical nor in the best interests of all concerned. The dental profession has stated elsewhere on many occasions their viewpoint upon this subject and the conclusion has been accepted that the whole problem of dental diseases can only be properly approached through the child. Any attempt to enlarge the program so as to include the whole population with the available personnel would only be detrimental to the main objective and prove to be a most costly experiment both financially and physically in the ultimate end.

Second, the provision of dental services for those indicated as the dentally indigent. The limited scope of the plan now in effect has neither been of much benefit to the recipients nor a creditable one to the government or dental profession. As rapidly as dental personnel will permit, we are of the opinion that these citizens should receive proper dental care, on the basis of payment as set forth in the Workmen's Compensation Board dental fee schedule which has been adopted by that Board and approved by the Board of the Royal College of Dental Surgeons. However ,it should be pointed out that the dental health program for children is to be considered the foremost objective as directed toward the control of dental diseases and other groups should be secondary in importance to this essentially preventive program.

The statements contained in this submission are believed to express the view of the dental profession in Ontario upon the subjects presented in your letter. The various questions can not be fully discussed in a short reply and we welcome any further discussion of the various points.

———— :: ————

The committee requests the ratification of all actions presented in this report and the consideration and ratification if deemed advisable of all actions taken by the committee since the last meeting of this Board.

All of which is respectfully submitted.

G. H. CAMPBELL
E. W. PAUL
S. J. PHILLIPS
H. L. FIELD
HARVEY W. REID, Chairman

Motion: "That the report of the Executive Committee be adopted and ratification be given to the actions of the Executive Committee since the last annual meeting of the Board as outlined in the minutes thereof. Carried unanimously.

REPORT OF DISCIPLINE COMMITTEE

To the Board of Directors,
Royal College of Dental Surgeons.

Gentlemen:

Your committee begs to report that during the year a considerable number of matters have been referred to the committee.

A special meeting was called to deal with a complaint against a member of the College of charging an exorbitant fee for professional services. After due consideration is was found that both

parties had been at fault in the lack of any discussion respecting the fee involved previous to the rendering of the services and as a result the committee refused to take action in the matter.

The use of narcotics by several members was brought to the attention of the committee by governmental authorities with the request that necessary action be taken. Direct warning was issued to each accused member to the effect that any further violation would necessitate the suspension of licence.

THE COMMITTEE DESIRES TO POINT OUT TO THE PROFESSION AT LARGE THE SERIOUSNESS OF INDISCREET WRITING OF PRESCRIPTONS. IT MUST BE BORNE IN MIND AT ALL TIMES THAT THE PRESCRIPTION WRITTEN IS FOR DRUGS TO BE USED BY THE PATIENT UNDER TREATMENT. FURTHERMORE, THE CONTENTS OF THE PRESCRIPTION MUST BE SPECIFICALLY RELATED TO THE TREATMENT SERVICE BEING RENDERED BY THE DENTIST CONCERNED. GRAVE CONCERN IS EXPRESSED BY EMINENT AUTHORITIES RESPECTING THE INDISCRIMINATE PRESCRIBING OF NOT ONLY NARCOTIC DRUGS BUT OF THOSE DRUGS OF RECENT DEVELOPMENT, MANY OF WHICH ARE STILL IN THE EXPERIMENTAL STAGE.

AN ALARMINGLY INCREASED NUMBER OF COMPLAINTS HAVE BEEN RECEIVED FROM PATIENTS COMPLAINING OF UNSATISFACTORY SERVICE. EXORBITANT FEES, AND LACK OF PROFESSIONAL COURTESY IN DEALING WITH PATIENTS. ALTHOUGH FULLY COGNIZANT OF THE STRAIN UNDER WHICH MEN ARE PRACTISING TODAY, YOUR COMMITTEE TAKES A SERIOUS VIEW OF SUCH UNPROFESSIONAL CONDUCT, AND RECOMMENDS TO THE BOARD THAT THOUGHT BE GIVEN TO WAYS AND MEANS OF CORRECTING THESE UNETHICAL PRACTICES, WHICH ARE BRINGING DISCREDIT TO THE PROFESSION.

The citizens of some municipalities have brought to the attention of the Board that in some specific instances members of the College have attempted to practise their profession while in an intoxicated condition.. At the direction of the Board, the committee has dealt effectively with these cases.

Continuous investigation has been conducted respecting illegal practice. The committee has information to the effect that several are thus engaged at the present time. The operations of these individuals are being carefully watched, and evidence collected whereby legal proceedings will be instituted in due course.

Following prosecutions have been made since the last report:

Tyrrel, Graydon, Toronto

Appeared before Magistrate Prentice at Toronto on June 18th, 1943, being charged with a fourth offence. Although evidence considered sufficient was presented against him, he was not convicted.

Andrews, Roy, Toronto

Appeared before Magistrate Prentice at Toronto on January 28th, 1944, on a charge of practising illegally and was convicted.

He was fined $$100 or 30 days. Subsequently he applied for executive clemency which was denied and he served the jail term.

Dewar, Alexander, Toronto

Appeared before Magistrate Gullen at Toronto on February 9th, 1944, on a charge of practising illegally and was convicted. Several other charges were laid against him and he was sentenced to serve a penitentiary term, all sentences to run concurrently.

All of which is respectfully submitted.

HARVEY W. REID,
Chairman.

Motion: "That in view of the many complaints received by the Board in regard to unprofessional conduct, which reflect on all members of the College and bring the profession into disrepute, the Board recommend in these cases summary action be taken by the Discipline Committee." — Carried.

Motion: "That the report of the Discipline Committee be adopted." — Carried.

REPORT TO THE ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO BY DEAN MASON, FACULTY OF DENTISTRY, UNIVERSITY OF TORONTO

To the Board of Directors,
Royal College of Dental Surgeons of Ontario.

Gentlemen:

I am pleased to make another annual report on affairs of the Faculty of Dentistry of the University of Toronto, which may be of interest to the Board and other members of the Royal College of Dental Surgeons of Ontario. The most cordial relationships have existed between the Board and the Faculty throughout the year.

As the present Fifth Year course will end on July 15th, 1944, the Faculty Council meeting to pass upon the examination results will be held on Friday, July 28th. It will be necessary, therefore, for the Board to make arrangements to consider these results for the purpose of granting licenses to those candidates who qualify for the practice of Dentistry in Ontario.

A pamphlet on the Wartime Accelerated Courses for 1944-45 has been issued, a copy of which you have already received. Class instruction will be resumed on September 18th, 1944, and will continue until June 30th, 1945. The Fifth Year course, however, will end on May 5th, 1945. The First Year course will be given, as previously during the usual academic year, from Tuesday, September 26th, 1944, to Saturday, May 19th, 1945. After this year, it is the intention of the Faculty to give instruction from approximately the first of September until the end of June.

By a ruling of the Board of Governors of the University, registration in the First Year for 1944-45 will be limited to approximately fifty students.

I would draw to your attention the change announced in the pamphlet and which will be included in the Faculty Calendar for 1944-45, which makes Physics and Chemistry the compulsory science subjects of Ontario Grade XIII for admission to this Faculty.

During the session nine dentists attended for short periods of individual post-graduate instruction. All were graduates of this Faculty except one from British Columbia and he was a graduate of North Pacific College at Oregon.

A post-graduate course in dentistry for Children was held by

the Faculty in co-operation with the Board of the Royal College of Dental Surgeons of Ontario and the Canadian Dental Hygiene Council for the three days, February 28th, 29th and March 1st. Seventy-four dentists, the majority from the smaller centres in Ontario, attended and expressed much appreciation for the benefit derived from the course. On behalf of the Faculty, I thank the Board for their financial support which made this course possible.

During this session the University Senate established the Diploma of Dental Public Health and approved of the course of instruction to be given by the Faculty of Dentistry in co-operation with the School of Hygiene.

One graduate, Dr. S. Lee Honey, is proceeding to this diploma.

Dr. P. W. Arkle, a graduate of the Glasgow Dental School, who attended this Faculty last year and obtained the D.D.S. degree, will this year be a candidate for the B.Sc. (Dent.) degree. He has submitted a thesis entitled: "The Dental Condition and Foods of the Indians of James Bay, Northeastern Canada."

Owing to war conditions, it has been difficult to meet the requests for Extramural Lectures. However, if the Board desires, the Faculty will be pleased to co-operate to the fullest possible extent.

Twenty-six young women have attended the course in Dental Nursing during the session and the graduation exercises will take place in Convocation Hall on Wednesday, June 7th.

I would request that a Register of the graduate Dental Nurses be kept by the Royal College of Dental Surgeons of Ontario so that any legal matters that may arise may be dealt with by the licensing body. As the Faculty has the records of the Dental Nurses as students, it would continue to keep the Employment Register.

Research has been carried on under the direction of Dr. Harold K. Box with reference to a study of the causes of dental caries and also in the development of the pocket in periodontal disease.

The Faculty of Dentistry in co-operation with the Department of Health of the Province of Ontario, has for some time been conducting the first dental survey of its kind in Ontario. Investigations are being carried out in certain localities in the relationship of the incidence of tooth decay to the water supply and soil conditions. Among these districts is the village of Ripley, and the surrounding countryside where the caries findings were found to be unusually good. Other districts have shown varying degrees of freedom from tooth decay, and the cause of these variations is the object of this investigation.

It is generally known that fluorine in certain concentrations in the drinking water appears to be associated with a reduction in the amount of dental caries in many localities. How fluorine acts to protect the enamel from caries is at present not thoroughly understood.

From experimental evidence it would appear that other factors in certain diets can protect teeth from acids. The study of relative freedom from decay in a community where fluorine is absent from the drinking water will be of value in appraising these other factors that protect the enamel against acid attack. Fluorine is a very toxic agent even in relatively small doses and it is clear that its internal use in preventive dentistry is not without hazard. The developing teeth are especially sensitive to the harmful effects of fluorine and only one part in a million is sufficient to cause the dental defect known as mottling of the enamel. At the present time we have no thought of recommending the addition of fluorine to the drinking water or through supplements in the regular diet.

To carry on these investigations has involved expenditures both

for travelling and experimentation in the laboratories. Your grant to the Dental Research Fund assisted in defraying these expenses and it is hoped that the Board will make a grant of $500. this year.

I trust that the Board will make its usual grant to the Faculty Contingent Fund.

Will the Board kindly accept my thanks and sincere appreciation of their action in supplying funds for the painting of my portrait by the late Curtis Williamson. I had known Mr. Williamson for many years and he is recognized in art circles as one of Canada's outstanding portrait painters. I was indeed deeply moved when Mr. Williamson passed away so soon after the completion of this, his last portrait. I personally, am pleased with the splendid effort he has attained, and this portrait will maintain the record of the Deans in Dentistry in Ontario.

ARNOLD D. MASON,
Dean,
Faculty of Dentistry,
University of Toronto.

May 23rd, 1944.

Motion: "That the report of the Faculty of Dentistry be adopted." — Carried.

GRANTING OF L.D.S. CERTIFICATE

At a Special Meeting held on December 21st, 1943, Dean Mason, Faculty of Dentistry, University of Toronto, presented the report of the Faculty Council on the examinations of the final year.

It was reported that there were 47 members in the class, all of which were successful in the examination.

The report of the Faculty Council was discussed in detail.

Motion: "That the following members of the Graduating Class of December, 1943, of the Faculty of Dentistry, as presented by the Faculty Council, be granted L.D.S. Certificates in the R.C.D.S. of Ontario:

Banfield, Harry Sommerville
Beatty, William Thompson
Butcher, Norman Arthur
Channell, Louis Rex
Chernin, Solomon
Cordone, Joseph
Craig, Charles Everett
Crouch, John Thomas
Cummings, James Clayton
Dexter, Ruth Stern
Ferguson, Wilfred Vickery
Goldberg Malcolm
Gorchynski, Joseph Albert
Graham, George Alexander
Green, Robert Oakley
Hambley, William John
Hooks, Elmer Brown
Katz, Samuel
Leo, Frances Theresa
Lipman, Daniel
Loucks, Floyd James
McIntosh, Homer Everette
Malkin, Alex
Mallock, Wilfred Bruce
Margolese, Sheppard
Martin, Ronald Laidlaw
Morrison, Kenneth Nelson
Newell, James Edward
Peterson, Charles Thomas
Porteous, William Sydney
Quigley, William Arthur Emmett
Reid, Letitia Jean
Riben, Peter
Samuels, Mervyn Michael
Sawchenko, Taras
Seetner, Samuel Harold
Sproul, Norman Buster
Sussman, Leo Matthew
Tanton, John Campbell
Taylor, James Bruce
Tully, Ronald Cope
Tureck, Edward John
Wallace, Donald Meyers
Wills, John Nelson
Wilson, John Andrew
Witchel, Jesse
Woods, John Gilbert."

— Carried.

REPORT OF THE COMMITTEE ON LEGISLATION

To the Board of Directors.

Gentlemen:

Two matters were referred to this Committee during the past year for consideration.

(1) **Registration of Graduate Dental Nurses**

At the last annual meeting a petition was received from the Dental Nurses Alumnae Association, requesting that this Board give consideration to arranging some feasible manner for the purpose of registration of graduate dental nurses.

The Committee has given study and secured legal advice upon this subject. As a result, recommendation is made that a register for graduate dental nurses be opened containing names of all those qualified on a date to be specified, who wish to be included in such register. The names for registration in the first instance are to be submitted to the Registrar by the said Association. Registration shall be upon a voluntary basis for the time being, and names shall be maintained upon the annual register from year to year only if an annual registration fee of $1.00 is paid in each year on or before a date to be specified, by each person desiring to continue to be included in such register.

(2) **Certification of Specialists**

A resolution was passed at the November meeting of the Board, requesting this Committee to formulate a by-law and regulations for specialists and specialization, and to report at this annual meeting.

By-Law to Regulate Specialists and Specialization

No member of the said College shall announce or hold himself out to the public as a specialist, or as being specially qualified in any particular branch of dentistry, or as giving special attention to any branch of dentistry, or limiting his practice to any branch of dentistry, unless he has complied with additional requirements established by the Board of the Royal College of Dental Surgeons of Ontario, and is the holder of an unrevoked Certificate of Qualification as a specialist. The Board is hereby empowered to give such examination as it may deem necessary to determine the qualifications of applicants, and may secure such assistance as the Board may deen advisable in determining the qualifictions of applicants. Every member of the College receiving a license to practise must as a condition of qualification, limit his practice to the specialty to the exclusion of general practice. Every such certificate of qualification issued by the Board shall be subject to revocation by the Board at any time, in case it shall determine in its sole judgment that a candidate who has received his certificate either was not qualified to receive it, or has become disqualified since its receipt.

Rules and Regulations for the Certification of Specialists

I. A member of the College who prior to June 1st, 1944, has confined his practice to a specialty and has been recognized by the Board of the Royal College of Dental Surgeons as so doing, upon satisfying the Board to qualifications, good character and ethical conduct, and upon the payment of a registration fee of $25.00 shall upon application be granted a certificate qualifying him to practise as a specialist.

II. New candidates for license as a specialist must show evidence of each of the following:

1. Membership in the Royal College of Dental Surgeons.

2. Completion of one of the following:
   (a) Three years in the practice of dentistry.
   (b) Three years of service in an approved dental clinic on a part-time basis of not less than 20 hours a week.
   (c) Two years of full time service in an approved dental clinic.
   (d) Forty-eight consecutive weeks' indentureship with a regularly qualified specialist approved by the Board.
   (e) Two school years as demonstrator or clinician in a dental school recognized by the Board.
   (f) Other experience considered by the Board to be of equal value.

3. Completion of a post-graduate course in the specialty designated, in any dental school or institution approved by the Board, consisting of not less than thirty-two continuous weeks of instruction, or the equivalent of such a course.

4. Of having passed written and clinical examinations upon the subjects appertaining to the special branch of dentistry designated as may be determined by the Board, and having paid an examination fee of $50.00.

5. Good character and satisfactory behaviour in the previous practice of dentistry.

III. All applications to practise any specialty shall be made upon a special form as provided by the Board.

IV. The following special branches of dental practice are recognized by the Board:

Orthodontics
Periodontia
Dental Oral Surgery

The licensee in the said specialties shall be known only as an Orthodontist, Periodontist, or Dental Oral Surgeon, as the case may be.

V. Upon satisfactory completion of all requirements and upon payment by the application of a registration fee of $25.00, the Board may issue a special license, to the applicant to practise the branch of dentistry designated.

VI. The said license shall be renewed each year at the time when the annual fee of the College is due and every recipient of the annual certificate of such license, shall pay the College one dollar in order to defray the cost of issuing the same.

VII. The Board may require periodic proof of the qualifications of a specialist.

VIII. The giving or receiving of commissions or splitting of fees shall be deemed to be unprofessional conduct.

IX. The annual register shall contain a separate list of the names of the recognized specialists, indicating under which specialty each is recognized.

All of which is respectfully submitted.

EDGAR W. PAUL,
Chairman.

Motion: "That the report of the Committee on Legislation be adopted."—Carried.

ONTARIO ADVISORY COMMITTEE on PROCUREMENT, ASSIGNMENT AND REHABILITATION

To the Board of Directors,
Royal College of Dental Surgeons.
Gentlemen:

This committee was formed by the Board at the request of the Procurement and Assignment Committee of the Canadian Dental Association. The primary purpose of the committee was to conduct a survey of dentists, dental technical personnel and distribution of dental services in Ontario. Through the efforts of the District Representatives and their district committees, this survey was completed, together with recommendations, which became a part of the national dental survey. Eventually this report was tabled in the House of Commons. Up to the present time no action has been taken by the Federal Government upon the recommendations contained in the report. The survey figures are being constantly adjusted as changes occur.

The prime purpose of the committee is to make as equitable as possible distribution of the available dental personnel and dental technical personnel between military and civilian dental needs. The work has been made effective through the splendid co-operation given by the Mobilization Boards, the Canadian Dental Corps, and Selective Service.

As a result of the work of the committee, dental services have been maintained in many areas that would have otherwise been denuded. At all times the military need has been given preference in making assignments. Several municipalities which were without dental services have been supplied personnel through the efforts of the committee.

Since the inception of this work the committee has had under review the status of some 56 members of the profession. Thorough investigation was made of each case by the respective district committee and all information and recommendations forwarded to the Advisory Committee where they were again considered before final assignment was made.

Dental services were seriously threatened throughout the province with the elevation of the draft age which involved a large number of senior dental technicians. Through the immediate action of this committee some 30 key technicians were retained in their civilian capacity.

Many duties relevant to this work have devolved upon the committee, all of which has necessitated many meetings. In addition the committee has been requested to study the problem of rehabilitation and much thought has been given to this matter.

The Chairman desires to extend his thanks and that of the members of the committee to the members of the Mobilization Boards, the Canadian Dental Corps and Selective Service officials for their splendid co-operation and to the representatives to this committee from the Ontario Dental Association, the Faculty of Dentistry, the Dental Corps, and the Ontario Technicians' Association whose interest and advice has been most valuable. It is also his desire to acknowledge gratefully the valuable assistance given by the members of the district committees.

The gracious manner in which the decisions of the committee have been accepted by those concerned is gratefully acknowledged.

All of which is respectfully submitted.

HARVEY W. REID,
Chairman.

Motion: "That the report of the Ontario Advisory Committee on

Procurement, Assignment and Rehabilitation be adopted and the actions of this committee since the last meeting of this Board be ratified." — Carried.

LIBRARIAN'S ANNUAL REPORT

To the Board of Directors.

Gentlemen:

I beg to present the annual report for the year ending May 15, 1944. The total circulation of books and periodicals again showed a large increase over the 1942-43 session. During the year a total of 9,190 loans were made as compared to 8,155 for the preceding year. These statistics show a continued and increasing interest in the library.

An inventory of the Harry R. Abbott books was taken in January and seventeen were found missing from the shelves. As this is the first time such an inventory has been made the number of books lost is reasonably low. An effort is now being made to locate these books which eventually will have to be replaced.

During the year, the library purchased seventy-four new books of which twenty-four were bought by the Harry R. Abbott fund. A total of $315.51 was spent on books and periodicals and $71.00 on binding from the fund.

The library this year exchanged material with the Thomas W. Evans Museum and Dental Institute, Baltimore, and the American Dental Association, Chicago.

As is to be expected, the library is used to the greatest extent by the undergraduate student body. This means that most of the library hours are devoted to the needs of the students: direction in the use of the library, help in locating material for theses, and general circulation routine. The increased demand has made it necessary to employ full-time assistance. Miss Phyllis M. Smith, B.A., B.L.S., was appointed in January to the staff as a full-time temporary assistant in the library. The arrangement as endorsed by this Board for the 1943-44 season regarding the assistant librarian's salary has been carried out and will mean an outlay of $400.00. We would suggest that for the session of 1944-45, a lump sum of money be paid the Bursar, and that the University pay the assistant librarian's salary throughout the session.

Your Librarian has found it necessary to secure another book to contain the photos of the graduating classes of the Faculty of Dentistry. This book is now on order.

The library acknowledges with thanks the donation of books and periodicals from: Dr. E. A. Grant, Dr. H. K. Davey, Dr. C. A. Corrigan, Miss Gertrude Whitehead, and many others; and museum specimens from: Dr. C. M. Finlay, Dr. Charles E. Pearson, Dr. H. V. Pogue, and the late Dr. Harold Clark.

This report is respectfully submitted with the recommendation that for the ensuing year a grant of $150.00 be made.

EDGAR W. PAUL,
Librarian.

Motion: "That the report of the Librarian be adopted and that Dr. E. W. Paul be re-appointed as Librarian."

REPORT OF DOMINION DENTAL COUNCIL

To the Board of Directors of the
Royal College of Dental Surgeons.

Gentlemen:

Your representative to the Dominion Dental Council begs leave to report as follows. The financial statement of this organization

shows a very satisfactory condition. The gross revenue for the year was $5,274.13 and the gross expenses and depreciation were $2,702.25, showing a net revenue of $2,671.88. The net assets of the Council up to December 31st, 1943, were $21,738.00.

The following examinations were held in 1943.

January—

Halifax—2 wrote and passed. All Class A.
Edmonton—15 wrote and passed. All Class A.

March—

Toronto—13 wrote, and 1 failed. All Class A.
Saskatoon—3 wrote and passed. Class D.
Winnipeg—1 wrote and passed. Class D.
Vancouver—1 wrote and passed. Class A.

September—

Halifax—8 wrote and 7 passed. All Class A.
This man wrote supplemental later and passed.
Saskatoon—4 wrote and passed. Class D.
Edmonton—8 wrote and 7 passed. All Class A.
This man wrote supplemental in December and passed.

December—

Toronto—15 wrote and 14 passed. All class A.

Regina—3 wrote and 2 passed. 1 Class A and 2 Class D.

No doubt many of the men at present in the various branches of the armed services may be anxious to try the D.D.C. examinations before establishing themselves in civilian practice again and the question of modifying requirements for candidature may be discussed at the next meeting.

A meeting has been arranged to be held in Charlottetown, P.E.I., on July 6th and 7th next and doubtless a number of matters of considerable importance will be discussed at that time.

A notice of motion has already been given regarding the introduction of more stringent disciplinary measures within the ranks of the D.D.C. Certificate holders. This appears to be an excellent move as within this province several cases have recently arisen where action of this kind was indicated.

As this organization has accumulated a very considerable surplus which is steadily increasing, the question of the reduction of examination fees or devoting the proceeds to some useful purpose will no doubt be discussed.

The Council has appointed its Secretary-Treasurer, Dr. A. J. Brett, as its representative to the newly formed committee of the Canadian Dental Association on Dental Education. Dr. Brett was appointed because of his intimate knowledge of, and long experience in C.D.A. affairs and is the only member of the Council who would be likely to be continuing in the organization for any length of time. Unfortunately, for this very important work representatives have generally been appointed from the various Provincial Governing bodies, personnel of which is frequently changing and at every meeting much valuable time is lost educating the new members of the Council. Moreover, it is difficult to establish any continuity of policy because of these changes.

Negotiations are still being conducted with a view of having British Columbia associate itself with the Council but as there is a very definite demand from some quarters in that province for the recognition of the graduates of the United States schools as candi-

dates for the Council examinations, and as the inception of a policy of this kind might lead to very serious complications, it is doubtful whether any progress can be made.

All of which is respectfully submitted.

G. H. CAMPBELL,
D.D.C. Representative.

Motion: "That the report of the representative to the Dominion Dental Council be adopted and that we express to him our confidence in his standing on matters in connection therewith." — Carried.

REPORT OF DELEGATES TO THE CANADIAN DENTAL ASSOCIATION

To Board of Directors of R.C.D.S.

Gentlemen:

Your delegates are happy to report a year of progress in the affairs of the Association.

The finances have been improved by all provinces paying in full for members in the armed forces. This has been a step forward and the means of balancing the budget of the Association for the ensuing year. There is much that could be done if the Association had sufficient finances. Thought must be given to increased grants by the several provinces.

An outstanding meeting of the delegates was held in Montreal in October last. The four days were featured by the enthusiasm and earnestness of all to make the Association stronger and of more service to the public and the profession.

The Health Insurance Committee has continued its work with the Federal Government and although the progress of any Health Insurance enactment has been slow it has been necessary for the committee to be eternally vigilant. The Chairman of the committee has made several trips to Ottawa. A pamphlet reviewing the different presentations made, has been printed and distributed to all dentists in Canada and those in the armed forces overseas.

The Public Health Committee have had printed and distributed a very fine treatise on "Your Baby's Teeth." The subject matter was prepared by the Dental Public Health Committee of the O.D.A. and very kindly presented to the C.D.A. Committee. This is a very excellent presentation of the subject expressed in the layman's language and attractively illustrated and bound. It should be very favorably received.

The work of the Procurement and Assignment Committee and the provincial committees has been carried on in a very efficient manner. Although relying entirely on the co-operation of the profession the committees have been able to keep civilian dental services fairly adequately distributed and at the same time supply personnel to the Canadian Dental Corps. Much study has been given to the rehabilitation of the men in the Corps.

The Research Committee has been quite active and their efforts will undoubtedly lead to better progress in the field of dental research in Canada.

The Journal of the Association in its attractive new cover maintains its high standards. The Committee, Editors, Business Manager and contributors are to be congratulated on the success of their efforts.

The profession throughout Canada will no doubt realize that the various vital questions being dealt with by the Canadian Association from time to time are forming and changing so rapidly that

it is impossible to give them the consideration worthy of their importance through biennial meetings such as have been held in the past. Your delegates believe that these serious matters demand more frequent meetings of the Board and that the time has come when the delegates from the various provinces should meet at least once a year.

Amendments of the C.D.A. by-laws are submitted for your approval.

The Secretary of the Association has been untiring in his efforts and merits the thanks of all members of the profession in Canada.

Respectfully submitted.

S. W. BRADLEY,
G. H. CAMPBELL,
FRANK BLATCHFORD,
H. W. REID.

Motion: "That the committee of the whole to discuss the proposed amendments to the C.D.A. by-laws do now arise and report unanimous approval of such changes." — Carried.

Motion: "That the report of the committee of Delegates to the C.D.A. be adopted, and approval given to the proposed changes as laid down in their report." — Carried.

REPORT OF SPECIAL COMMITTEE ON REVISION OF FEE SCHEDULE OF WORKMEN'S COMPENSATION BOARD

To the Board of Directors,
Royal College of Dental Surgeons.
Gentlemen:

The committee met at 7.30 p.m. Sunday, February 6th, in the Royal York Hotel. Present by invitation were Drs. Reid, Marshall and Gullett, with your committee of Drs. Campbell, Giffen and Field.

A study was made of the whole fee schedule item by item, and comparisons made with schedules collected from men in various parts of the whole province. All revisions were unanimously agreed upon by those present, and the meeting adjourned at 11.30 p.m.

Monday at 10.00 a.m. the committee met with Mr. Cameron of the Workmen's Compensation Board and went over the suggested changes with him. He was quite in accord with our suggestions, except the section on X-rays. He requested that we leave this unchanged, until a revision of the whole X-ray problem (the bulk of which lies in the medical field) was made. He promised that we would be consulted at that time.

Your committee, with Dr. Gullett, met the Board of the Workmen's Compensation Board at 2.00 p.m. We were accorded a very favorable hearing and Chairman William Morrison, K.C., was most friendly toward us. The schedule was gone over by your Chairman item by item, and after hearing our presentation, the Board asked time to consider it.

We are happy to announce that our presentation of changes in the schedule were agreed upon 100% by the Workmen's Compensation Board. This should be a source of satisfaction to every dentist, as we now have a fee schedule set up which may be of extreme value as a pattern in any health plans in the future. A copy of the adopted fee schedule is attached.

As Chairman, may I express my satisfaction with the results obtained, my great appreciation to Dr. Campbell, and Dr. Giffen of this

Committee, to Drs. Marshall, Reid and Gullett for their fine help, and lastly, to every member of the Board for their fine cooperation in submitting fee scheules from their respective districts. In closing, I want to say what a good friend we have in Mr. Cameron of the Workmen's Compensation Board. His help throughout has been invaluable.

Respectfully submitted.
HERBERT L. FIELD,
Chairman.

Motion: "That the report of the special committee on Revision of the fee schedule of the Workmen's Compensation Board be adopted and that we express to the Workmen's Compensation Board our appreviation of their very fine cooperation in this matter." Carried.

The Workmen's Compensation Act, Ontario

SCHEDULE OF DENTAL FEES

Adopted by The Workmen's Compensation Board and approved by The Royal College of Dental Surgeons of Ontario

Treatment under the act is limited to necessary repair or replacement of teeth damaged or removed as a result of the injury.

General Provisions:

1. The fees under items 9 to 12 in this Schedule are for the emergent treatment only.
2. The lump sum fees in this Schedule cover supplies, appliances and necessary treatment.
3. In exceptional cases where complications arise, additional allowances may be made dependent upon details justifying them being submitted to the Board first for approval.
4. Workmen receiving dental treatment are not allowed to change to another dentist without good reason and permission or approval of the Board.
5. The fees allowed cover necessary dental reports. These should be mailed direct to the Board.
6. Approval of accounts by the Board will be based solely and finally on information given in the written reports and itemized estimates furnished to the Board.
7. Accounts are to be rendered promptly on close of treatment on Form No. 34 provided by the Board.
8. **SCHEDULE 2 CASES.** In cases under Schedule 2 of the Act (Railway, Steamship, Municipal Corporations, etc.) it is the employer and not the Board that the dentist must look to for payment.
9. Emergent Treatment.
   - (a) Gum Laceration
     - (I) First treatment 2.00
     - (II) Subsequent treatment 1.00
   - (b) Repair of Fractured Denture
     - Vulcanite 4.00
     - Acrylic Resin 6.00
     - (Plus $1.00 for each tooth supplied.)
   - (c) Repair of Broken Facing
     - According to type .....$3.00 to 6.00
10. Administration of gas for extraction 5.00
11. Extraction per tooth (while under gas anaesthesia) 1.00
12. Extraction one tooth with local anaesthesia 2.00

Each additional tooth	1.00
(Fee allowed in each case to cover post--operative treatment where necessary.)	
13. Devitalization of pulp and filling of root canal	8.00
14. Crown Restorations	
(a) Gold	12.00
(b) Richmond type	15.00
(c) Cast three-quarter or full:	
(I) With silicate facing	15.00
(II) With acrylic resin facing	18.00
15. Gold inlay where specially indicated	10.00
16. Silicate porcelain filling	3.00
17. Amalgam fillings, simple or compound (specify)	2.00 to 4.00
18. Cement lining	1.00
19. Fixed Bridge Restoration	
Abutment	15.00
Pontic	10.00
Dentures	
20. Complete upper or lower vulcanite	30.00
21. Complete upper and lower acrylic resin	40.00
22. Partial denture service	$20.00 to 35.00
23. Partial lower—gold bar with two clasps	45.00
24. Reline Denture	
Vulcanite	10.00
Acrylic resin	15.00
X-ray	
25. Teeth—¼ set—1 to 3 teeth	2.00
½ set—the whole upper or lower or one side upper and lower	3.50
Full set—all of teeth	6.00

Effective March 1, 1944

WORKMEN'S COMPENSATION BOARD REPORT OF DENTAL REFEREE

Board of the Royal College of Dental Surgeons

Gentlemen:

As your appointed referee to the Workmen's Compensation Board of Ontario I beg to report as follows for the year ending April 30, 1944.

The number of industrial accidents involving injuries to the jaws and teeth continue high owing to the tempo of wartime industrial activity. In spite of the fact dentists in all industrial centres are deluged with demands for their services, I know of no incidence where a compensation claimant has not readily been given service. The profession everywhere gives excellent co-operation.

You gentlemen realize, of course, that your referee does not review every claim for dental injuries. Most claims are settled by the Medical Aid Officer, Mr. C. G. Cameron. Only those cases where the claim is confused or fees asked are out of line with the Board's tariff are referred to me in consultation. In some cases the claimant presents for clinical examination and a report of dental conditions as they affect general disability is requested.

During the year, I have been in constant touch with Mr. Cameron by telephone and given what advice I could; in addition, I have made 29 written reports following review of Board, records and as mentioned above, in some instances after clinical examination of the claimant's injuries.

The Board's willingness to co-operate with the dental profession has been splendidly demonstrated by their acceptance in total of your committee's revised tariff schedule. In this gesture the Compensation Board has shown its appreciation of dental problems and the profession's desire to co-operate with them. Further, I am satisfied the best relations will continue between all parties concerned. I have found the Board very fair in allowing a higher fee than indicated in the regular tariff when it has been demonstrated that greater than ordinary skill and service is necessary to give satisfaction to the claimant. It might be pointed out that the Board insists on good dental service and I believe you will agree this is a commendable attitude. In a few instances, claimants have tried to take advantage of this feature to secure luxury service.

In concluding this report may I again record the fine co-operation I receive from the Board through their Medical Aid Officer, Mr. C. G. Cameron. He is always reasonable and fair in his negotiaions. He is a great disciple of the Golden Rule, at least I have found him so. I too would like to acknowledge good counsel from time to time given by your Secretary, Dr. Gullett, and the Chairman of your Executive Committee, Dr. Reid.

Thanking you again for your confidence and support in the past year and trusting my services have met with your approval.

Respectfully submitted,

Dental Referee

Motion: "That the report of the Dental Referee to the Workmen's Compensation Board be adopted and that———— be again appointed and that the Board express to———— our appreciation of his services." Carried.

REPORT OF THE REPRESENTATIVE TO THE RED CROSS

To the Board of Directors,
Royal College of Dental Surgeons of Ontario.

Gentlemen:

The dental activities of the Ontario Division of the Canadian Red Cross Society, have, since the annual meeting in 1943, been conducted by a separate Dental Committee under the chairmanship of Dr. E. A. Grant. Your representative has had the opporunity of sitting on that committee.

At the outset it was agreed that the Red Cross should give consideration to he supplying of dental services only under emergent conditions and to such areas and people which, for the time, might not otherwise be served and only so long as those more directly responsible for the supplying of that service are not prepared to assume the obligation.

Owing to lack of dental personnel and uncertainty as to impending Government health legislation, a policy of watchful waiting was adopted.

The denture clinic for ex-service men was continued throughout the year under Dr. B. L. Washburn who inserted some 141 dentures for such men during the period from May 1, 1943, to April 30, 1944. It has been thought wise to continue this service and recommendations have been made that better restorations be provided and that the clinician receive more adequate remuneration.

Respectfully submitted,
ERNEST C. VEITCH,
Representative to Ontario Division of the Canadian Red Cross Society.

Motion: "That the report of the representative of the Red Cross as presented by Dr. E. C. Veitch be received and adopted." Carried.

REPORT OF DENTAL PUBLIC HEALTH COMMITTEE of the ONTARIO DENTAL ASSOCIATION

To the Board of Directors of the
Royal College of Dental Surgeons.

Gentlemen:

In the realm of Dental Health Education as in all other areas of education, the intangible results perhaps outweigh the tangible It is just possible though that the efforts of our committee have played some part in the awakened health consciousness of our people. We have endeavoured at all times to encourage our profession as individuals to participate in this programme and report, sirs, that we have ample evidence that this has been accomplished to a very encouraging degree.

The farmer knows his field will produce, he also knows that production will be in direct ratio to his nuturing of that field. The ground is fertilized and plowed. The plow has to be a good plow and has to be guided. Gentlemen, we know the profession of dentistry is good soil. We know that dentists as a whole are worthy members of their profession. The objective of our committee has been to guide the plow of dental health education. We hope to some extent at least that our efforts, on your behalf, have been in keeping with your endeavours, in relation to a united profession.

We appreciate your interest, as exemplified by your grant, and bespeak your continued co-operation in this regard. Might I just mention one or two items of expense which we believe have been in keeping with your wishes. Teaching guides for grades VII and VIII. Expense shared equally by Department of Education, Department of Health and Dental Public Health Committee. Completion of booklet, "Your Baby's Teeth", which was taken over by the Canadian Dental Association. I would like to pay tribute to Dr. Owen Yule for his untiring efforts, to the completion of this remarkable achievement.

Purchase of projector, $160.00

Purchase of additional fifty slides from Chicago.

We have spent about $500.00 on new equipment and materials.

Once again may I refer to the farmer. His plow was sufficient for a field or two but he has enlarged his productive area and now must necessarily enlarge his equipment and personnel. To take care of his added responsibilities, he will necessarily have to spend all or part of his time in administration. My personal opinion is sirs, that the time has come when your board should assume direction of this very important phase of activity. And that regardless of what our government might do, our profession must act with a united front and this necessarily requires central direction. Our committee comprised of practising dentists are finding it more and more impossible to do justice to both this programme and our practices.

Thanking you once again for your very friendly co-operation, and wishing for your continued success, I am,

Fraternally Yours,
R. P. LOWERY,
Chairman, D.P.H. Committee,
1943-44,
Ontario Dental Association.

Motion: "That the report of Dental Public Health Committee of the Ontario Dental Association be adopted and that the appreciation of this Board for the work they have accomplished be extended to Dr. R. P. Lowery and his committee." Carried.

REPORT OF THE ACTIVITIES OF THE DIRECTOR OF DENTAL SERVICES

To the Board of Directors of the
Royal College of Dental Surgeons of Ontario.

Gentlemen:

I have pleasure in submitting the report of the Activities of the Director of Dental Services for the year 1943.

The year has seen a marked progress in dental public health activities. Interest in the establishment of school dental services continues to increase, especially in the rural districts. During the year approval of arrangements for school dental service has been granted to—Oakville, Milton and Ripley; and to the Townships of Essa, Innisfil, Ramsay, Thessalon, East Gwillimbury, North Gwillimbury, Kinloss, Maryborough, Ashfield, Huron and Peel; also to the Manor Park district of Westminster Township. In connection with the last named, a unique ceremony took place when the Director officially opened the school dental clinic. After the ceremony a dinner was served at which, amongst others present, was your representative from London. This school clinic deserves special mention as it is housed in a building specially constructed for medical and dental services, the cost being paid by money raised by residents of the Manor Park district.

Requests for information in regard to school dental service were received from over forty other interested centres, and we expect that some of these will be in operation before long.

Farm Federations, Women's Institutes, etc., have been particularly active in stimulating interest in health problems in their communities, and at a number of their meetings the Director was asked to show educational films and give a talk. In this he was given the assistance of the Canadian Dental Hygiene Council and the Dental Public Health Committee of the Ontario Dental Association. In this connection it might be noted that there seems to be more interest in rural areas than in urban.

The Director attended numerous meetings, upon request of local School Boards and Boards of Health, to advise upon establishment of dental service to suit the needs of the respective communities. Meetings of the Committee of the Red Cross were also attended.

The Director attended meetings of the Northern Ontario Dental Society at Sudbury; the Eastern Ontario Dental Society at Ottawa; and the Grey and Dufferin Dental Society at Owen Sound. Dental Public Health and the new Social Legislation was the theme at all these meetings.

The Director of Dental Services has cooperated with the Ontario Dental Association throughout the year. One project is a matter

of gratification to the Director—the publication of the Manual on Dental Health for Teachers in Grades VII and VIII. This publication is the result of the joint efforts of the Department of Education, the Ontario Dental Association and the Department of Health, working through a special committee composed of the Dental Public Health Committee of the Ontario Dental Association, Mr. C. A. Brown, official representative of the Department of Education, and the Director of the Division of Dental Services, Department of Health.

In cooperation with the Research Department of the Faculty of Dentistry, under Dr. Harold K. Box, investigation is being conducted into the relationship—in selected areas—between the incidence of dental caries and certain factors in drinking water and diet; among these factors are flourine and phosphorus. This project has entailed considerable time and travel, as the communities are widely separated. Investigations are in progress in the districts around South Mountain, Orillia, Ripley and Madoc.

During the first part of the year the Dental Car was travelling along the T. & N. O Railway, as there was a great need for this service in the Temiskaming district. During the summer the car was renovated and then returned to the Canadian Pacific Railway lines, starting at the Manitoba boundary and working eastward. Over twelve hundred children came to the car for treatment.

Regular inspection of the dental clinics in the Ontario hospitals was made. Routine examination of patients upon admission, and treatment when necessary, is being carried on. Due to wartime contions there have been several changes in the dental staff but the patients are being cared for in a satisfactory manner, and credit should be given the staff dentists for the way they have taken on the extra work involved.

The Central Dental Laboratory is located at the Queen Street Hospital, Toronto, and supervision of the work is given by the Director. All other Ontario Hospitals send their dental laboratory work to this centre. During the year 1943 there have been 264 dentures and 341 repairs to dentures alone made at the Laboratory.

The plan of emergent dental treatment for relief recipients is still available for those requiring extractions or repairs to dentures; the number of people taking advantage of the services this year has notably diminished.

This, Gentlemen, is a brief resume of the activities of the Dental Division, Ontario Department of Health.

H. J. HODGINS,
Director of Dental Services.

Motion: "That the report of the Director of Dental Services of the Department of Health be adopted and our thanks expressed for his cooperation with this Board." Carried.

REPORT TO THE ROYAL COLLEGE OF DENTAL SURGEONS from THE CANADIAN DENTAL HYGIENE COUNCIL, MAY, 1944

Gentlemen:

Dental Public Health education in Ontario has made progress during the past year, under the guidance of the Provincial Department of Health, and the Dental Public Health Committee of the Ontario Dental Association.

The Canadian Dental Hygiene Council has continued to give assistance in Dental Health education wherever needed.

One project that deserves special mention is the continuation

of the programme inaugurated three years ago by the Provincial Department of Health leading to the establishment of school dental services in rural areas. This has been continued during the past year under Dr. H. J. Hodgins, Director of Dental Services of the Provincial Department of Health, and gratifying results have been recorded. You will see from Dr. Hodgins' report that during 1943 ninety-one rural schools in Ontario have taken advantage of the plan and have established school dental services. The financial responsibility for maintaining these is assumed by the municipality, with a grant to the municipality from the Provincial Department of Health to the extent of one-third of the cost. Through this arrangement, complete dental services are available to children living in country districts, equal in extent to those given in the school clinics of the larger cities.

Notwithstanding the shortage of dentists, and the increased demand for dental services made upon every dentist, it is gratifying to all of us that it has been possible to find sufficient dentists in the districts involved who are willing to take on the extra load of giving dental treatment to rural school children. In doing his, I am sure they are motivated by their desire to serve their community better and to raise the standard of Dental Health. I think, if it is practicable, that these men might be thanked personally by your board for this manifestation of their interest in Dental Public Health.

The Field Secretary of the Canadian Hygiene Council has had a part in promoting the educational work in this rural school scheme. This embraced addresses at meetings to farm forums, co-operatives, women's institutes, school boards and county councils. In their co-operation in this rural school clinic programme, the Canadian Dental Hygiene Council has continued to carry on under the Joint Committee on which your Board is represented. While that Committee has not met formally during the past year the Field Secretary has discussed these projects personally with the Chairman of that committee, and was assured that as the scheme was a continuation of our earlier approved plans, it would have the support of the full Committee.

The uncertainty of the inauguration of the Federal Health Insurance Plan leaves us in doubt as to just when any educational programmes under that scheme will be put into effect. Because of this it is essential that we maintain our contacts with the groups and districts which are at the present time actively interested, because we realize that education of the public must continue to be increasingly important in any national or provincial health scheme. Therefore the co-operation of your Board in keeping alive the interest aroused through educational programmes in the province will prove of great benefit.

A four day programme of Dental Health education was carried out again this year in the city of Ottawa by the Field Secretary of the Canadian Dental Hygiene Council. Dental Health addresses were given to all the pupils of four Collegiates—over 4,200 pupils—and also to two Service Clubs. A group comprised of a joint committee of the Service Clubs, the Children's Aid, and the Ottawa Health League, working through the Ottawa Health Department, is providing the equipment for a dental clinic for pre-school age children, the financial support to maintain it to be be supplied by the city of Ottawa. This clinic is more or less considered by the groups interested, as a demonstration clinic to prove the need for an extension of the present Dental Health services in the Ottawa Department of Health.

I wish to thank this Board for the enthusiasm with which they

entered into the post Graduate Course on Children's Denistry for practising dentists which was condutced jointly with the Dental Faculty, the Board of the R.C.D.S. and the Canadian Dental Hygiene Council the first week in March of this year. I am sure you were gratified with the widespread representation from different parts of the province, and with the fact that the greater proportion of those taking the course were the younger men of the profession. This was actually our hope when promoting this course. The Canadian Dental Hygiene Council has received many letters from the dentists who took the course, expressing their thanks and appreciation.

May I again express the thanks of the Canadian Dental Hygiene Council for the continued interest of your Board in its programmes, and once again assure you that the Council is always ready to give its services in any scheme to extend Dental Public Health education in your province.

HARRY S. THOMSON,
Field Secretary,
Canadian Dental Hygiene Council.

Motion: "That the report of the Canadian Dental Hygiene Council as presented by Dr. Harry S. Thomson be received and adopted." Carried.

APPLICATIONS FOR LICENSES

Lewis Neville Poch

Motion: "That Louis Neville Poch be granted a certificate by this Board, on the successful completion of the final year in the Faculty of Dentistry, University of Toronto." Carried.

Julius Abrahamsen

Motion: "That in the case of Abrahamsen, it will be necessary to meet the requirements of By-law No. 8 for the purpose of obtaining of license." Carried.

Dr. Seigbert Meyer

Motion: "That in the case of Dr. Meyer, until he fulfils entrance requirements, passes all the required examinations of the Faculty of Dentistry, and satisfies the citizenship requirements, his application for license be refused." Carried

Mr. Edward Donaghey

Motion: "That in the case of Mr. Donaghey, in view of the fact that he cannot meet the requirements of this Board, his application for license be refused." Carried.

A. Parkes

Motion: "That since A. Parkes cannot comply with the requirements of this Board, his application for a license be refused." Carried.

REGULATIONS

SIGNS

A member of the Royal College of Dental Surgeons, in connection with his profession:—

1. May not display any sign containing anything other than his name, degrees and profession and in which any letters larger than four inches are used.

2. May not display more than two signs in addition to one at or on his entrance door.

(a) Not more than one of these may be a suspended sign.

(b) Not more than one of these may be an illuminated sign and if illuminated must not be intermittent, daylight, "Neon" or "Neon type" and no colours shall appear in such signs other than white or black.

3. May not display any sign on premises other than those in which his practice is actually carried on.

Notwithstanding the above regulations he may (using only unilluminated letters or figures not larger than two inches).

(a) Add to his entrance sign, his office hours.

(b) Add to any sign the words "Open Evenings" and (when an entrance is difficult to find) the words "Entrance on . . ."

PROFESSIONAL CARDS AND ANNOUNCEMENTS

A member of the Royal College of Dental Surgeons, in connection with his practice:—

1. May not permit to appear in any newspaper or other publication, printed or written for distribution or display anything other than his professional card (which may contain at most his name, title or degrees, profession, address, telephone number and office hours) or an announcement of his commencement of practice, change of office location, absence from or return to practice or the restriction of his practice. The announcement shall not contain any reference to qualifications, procedures or equipment. The space used, for either card or announcement, must not exceed one column (13 ems) in width by two inches in length and must not be in the nature of a display.

2. He may, however, observing the dignity and ethics of the profession, without reference to qualifications, procedures or equipment:

(a) Use private professional cards.

(b) Issue accounts and receipts.

(c) Issue appointment cards.

(d) Mail to his patients recall notices.

(e) Mail to his patients and acquaintances announcements of his commencement of practice, change of office location, absence from or return to practice or the restriction of his practice.

SOLICITED ADVERTISING

For the protection of the Profession from solicited advertising, this Board prohibits any Member of the Royal College of Dental Surgeons from inserting his professional card in hand-bills, programmes, year books or other printed matter of like character.

TAKING OVER A PRACTICE

When any member of the Royal College of Dental Surgeons takes over the practice or office of another member of the College, either by purchase or otherwise, the member so acquiring the said practice or office shall not after one year from the date of such acquisition use any sign or printed matter which suggests to the public that the retiring member was in any way associated or connected with the said practice or office.

RE LISTING OF DENTISTS IN TELEPHONE DIRECTORIES FOR PROVINCE OF ONTARIO

(1) No display advertising of any kind.

(2) No black face listings in the yellow pages.

(3) No specialists listed under separate group headings.

(4) Mention of office hours is of no particular value, and is usually used only to increase space, therefore, to be excluded.

(5) Mention of particular facilities or equipment, such as X-ray, gas extractions, etc., not acceptable in either section.

(6) Black face listings acceptable in white pages.

(7) Residence listing on yellow pages, as well as on white pages, is acceptable.

(8) Designation as specialists, i.e., Periodontist, Dental Oral Surgeon, Orthodontist, etc., is acceptable in both yellow and white pages, provided that the dentist is a certified specialist.

Annual Report

of the

Board of Directors

The Following Is a Condensed Report of the Business Transacted by the Board During the Year:

ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO

1944-1945

SECRETARY'S REPORT RE ELECTION

To Board of Directors,
Royal College of Dental Surgeons.
Gentlemen:

In accordance with the provisions of the Dentistry Act and of the By-laws of the College, an election of the Board of Directors for the Royal College of Dental Surgeons was held in October to December, 1944.

On the twentieth of October nominations were called for by circular letter addressed to each member of the College resident in Ontario.

Valid nominations were received as follows:

District No. 1—S. W. Bradley, Ottawa
District No. 2—S. J. Phillips, Oshawa
District No. 3—F. A. Blatchford, Fort William
District No. 4—Harvey W. Reid, Toronto
District No. 5—G. H. Campbell, Orangeville
District No. 6—J. F. Giffen, London
District No. 7—J. E. Amos, Brantford
District No. 8—H. L. Field, Hamilton

As a result the representatives from all districts were declared elected by acclamation.

Faculty Representative

A communication was received from the Faculty of Dentistry stating that at a meeting of the Faculty Council held on November 27h, 1944, E. W. Paul was re-elected as representative to the Board.

A search of the records indicates that this constitutes the first time in the hisory of this Board that all members have been returned by acclamation.

DON W. GULLETT,
Secretary.

REPORT OF THE PAST-PRESIDENT

To the Board of Directors of the Royal College of Dental Surgeons.
Gentlemen:

Once again the time has come for your presiding officer to pass on the gavel to another. I do this with somewhat mixed feelings. First, pleasure and satisfaction, knowing that you have chosen for this position a man who ranks high in the esteem of the entire college and a man in whose integrity and progressive spirit, every member of the Board has the greatest confidence. On the other hand, the unvarying kindness, consideration, and co-operation of the entire Board has made my term of office so pleasant that the relinquishment of this position naturally carries its regrets.

It is to me a great honor that I am again permitted to serve as representative of District 5, and the fact that every member of the old Board has again been returned in one which affords me great pleasure.

During the past two years, the work undertaken by the Board has been of the greatest importance to our College and while future conditions may bring about changes and modifications, I believe successive boards will agree that your term of office has borne much good fruit.

War conditions have made your tasks most difficult. Depleted personnel and finances have imposed great handicaps but notwithstanding this, much progress has been made.

Notable among your achievements have been:

1. The regulation of specializing and specialists within our profession.

2. The guidance given the Technicians Association in the formation of a mutually acceptable organization.

3. The very important part played by your Board in the progress of the C.D.A. which is rapidly assuming great importance as a truly national body.

4. The splendid foundation laid for a scheme of post graduate and refresher courses which when completed should prove to be one of the great milestones in the history of our profession.

5. The preparation of proper rehabilitation schemes.

These together with the thought and attention given to the many matters of ethics, discipline and economics have made the past term a very busy one indeed and I feel your Board may look back with deep feelings of satisfaction of having done a great deal of work, well.

Your Board has been greatly assisted in its work by various groups of our professional confreres and also by the members of our college appointed to represent us in various organizations. It is impossible at this time to give all of them the thanks they deserve but in passing I would like to take this opportunity of thanking the committee of the O.D.A., appointed to co-operate with us, and also the special committee appointed to the post graduate scheme survey.

In closing allow me to say that we cannot give too much credit to our Secretary, Dr. Gullett, for the very important part he has played in our programme. While he has been able to devote with grand results, part of his time to the development of C.D.A.

Affairs, the interests of our Ontario organization have never suffered. His perseverance, energy, wise counsel and extraordinary powers of organization have enabled your Board to carry on its work with harmony and expedition.

I wish the incoming president every success and am firm in the belief that he can be assured of the untiring efforts and unswerving loyalty of every member of this Board.

All of which is respectfully submitted.

G. H. CAMPBELL,
Past-President.

Motion: "That the report of the Past-President, Dr. G. Harrold Campbell, be received and adopted." Carried.

ANNUAL REPORT OF THE REGISTRAR-SECRETARY

To the Board of Directors of the Royal College of Dental Surgeons.
Gentlemen:

According to present indications the return to civilian practice of many members of the College who have been serving in the Military Forces can be expected in the not too distant future. Organized dentistry has a definite responsibility in doing all possible in facilitating the establishment of these members in civilian dental practice. Adjustments will be necessary in order to accommodate an increased number of dentists in this province, as will be shown later in this report. Approximately 300 graduates of the Faculty of Dentistry, University of Toronto, received appointments in the Corps upon graduation and have not practised in civilian life.

Several postgraduate courses have been held in the Faculty during the past year. The fact that a waiting list for admittance to these courses exists is evidence of the demand for postgraduate education among graduates. This is most gratifying to all concerned.

Applications for specialists' certificates have now been received from the great majority of those who have been engaged in the practice of a specialty in the past. The registration of specialists has been favourably received. The next issue of the names appearing on the register will contain the names of those who have been issued a specialist's certificate in a separate list. Cards for the current year certifying as to registration were issued to each registrant. The Faculty has been giving consideration to formulating proper courses for the specialties designated.

Some 140 graduate dental nurses have applied for registration submitting the proper fee. Cards were issued to each, certifying as to registration for the current year. These names will appear in the forthcoming issue of the proceedings.

New registers have been opened during the year for the recording of those registered as specialists and for those registered as graduate dental nurses.

A new card index system for the recording of the annual fees has been installed which is proving to be efficient.

The regular monthly meetings of The Municipal Health Services Board have been attended. The work, during the year, has been mainly concerned with surveys in the various health services in an effort to determine costs. As a result of these activities estimated costs have been arrived at for hospital, medical, dental and nursing services together with the services to be included in each case. The dental survey submitted was favourably received by that board.

This Board should take some note regarding the action of two prominent dental schools on this continent respecting the relationship of medicine and dentistry in education. A few years ago Harvard University embarked upon a program integrating dental and medical education. Columbia University has now announced a new arrangement whereby the dental faculty becomes a part of the medical faculty. Both these actions have received vociferous protests from various dental organizations in the United States. The outcome of this action will be observed with a great deal of interest.

Some difficulties have arisen during the year in respect to certain types of dental instruction as covered in Section 20, subsection (3) of the Act. Review of the present policy of the Board should be made for the instruction of the Secretary.

CHANGES IN REGISTER

The number on the Active List as of April 30, 1945, in good standing is as follows:

Annual fee paid	1417
On 50 year Honorary List	42
In Military Services	627
Total	2086

To this number is to be added two who have not paid the annual fee and which are now being collected through Division Court.

Changes during the year have been as follows:

Added to Active List		
New graduates	47	
Licentiates from Ontario	5	
Licentiate from Newfoundland	1	53
Transferred to Inactive List		
Died	21	
Out of Practice	3	24
Actual Increase on Active List		29

Fifty-six members of the present graduating class have made application for registration and those accepted are to be added.

During the year the total number upon the register passed the four thousand mark. The first registration with this Board occurred in the year 1868 and the total number of registrations up to April 30th, 1945, is 4020.

The total number of dentists practising in Ontario has increased during recent years as follows:

1920—1522
1925—1755
1930—1800
1935—1890
1940—1900
1945—2088 (to this number will be added those granted registration in the present graduating class)

Inclusion of the present applicants makes an increase of approximately 12.7% on the Active List, when compared to the year 1940, who are eligible to practise in Ontario.

APPLICATION FOR LICENCE

Of the 58 members of the graduating class of the faculty, 56 have made application for an Ontario licence.

The home address of these applicants by provinces is as follows:

Ontario	29
New Brunswick	1
Manitoba	10
Saskatchewan	10
Alberta	4
British Columbia	2
Total	56

Of the applicants 27 were admitted to the dental course in the first year, 28 in the second year and one in the fourth year.

Forty-eight of the class are in military uniform and when granted registration will receive appointments in the Dental Corps. The remaining eight, two of which are women, will be available for civilian practice.

During the year there have been a greater number of inquiries respecting qualifications for an Ontario licence than in the preceding years. Such inquiries have been upon a world-wide basis, but for the most part from Great Britain, and the United States.

EXTRAMURAL AND EXTENSION LECTURE SERVICE

An average number of clinics were given during the year. Many letters have been received indicating an appreciation of this service. Restrictions as to the use of the automobile have made transportation for clinicians more difficult but the attendance at the meetings has been good. Undoubtedly this service gives a most practicable postgraduate form of continuing education for the members of the College.

1896	Sihler, A. T.	Simcoe
1896	Smith, P. St. C.	Toronto

MAIL MATTER

During the year, 11,219 (including 1,421 personal letters) together with 18,414 enclosures have been prepared and sent out. Some 2,836 articles with 4,819 enclosures were received, making a total of 37,288 pieces of mail handled during the year.

Again may I express my thanks to every member of the Board for the splendid co-operation given during the year.

All of which is respectfully submitted.

DON W. GULLETT,
Registrar-Secretary.

Motions: "That the names of 12 dentists as listed in the report of the Registrar-Secretary be added to the Honorary List for 1946." Carried.

"That the Secretary be instructed to procure a suitable safe for the Board's records." Carried.

"That the annual report of the Registrar-Secretary be adopted." Carried.

TREASURER'S REPORT

To the Board of Directors of the Royal College of Dental Surgeons of Ontario.
Gentlemen:

Your Treasurer herewith presents his report for 1944-45:—

Licentiate Fees

On December 1st, 1944, 1428 first notices regarding the annual licentiate fee being due January 1st, 1945, were mailed.

394 second notices were sent out January 20th, 1945.

In February, 154 drafts were entered at the bank of which 117 were paid through the bank, one licentiate had retired from practice, and one has not paid. The remainder paid direct to this office.

Extramural and Extension Lectures

(See Secretary's Report for Details)

25 meetings were held at 20 centres as against 28 meetings at 19 centres last year.

Expenses for the year:—

University of Toronto for Honoraria	$500.00
Extension Lecture Honorarian	220.00
Expenses of Speakers	480.59
Printing	54.00
Postage	25.00
	$1254.59

The appropriation for the year was $1500.00

A refund of $380.00 was received from the University as balance from 1943-44.

Harry R. Abbott Library

(See Librarian's and Auditor's Reports for Details)

It will be necessary to appoint auditors for next year.

Auditor's Statements herewith submitted:

(a) Balance Sheet showing Assets and Liabilities.
(b) Receipts and disbursements on Board Account.
(c) Receipts and disbursements on Harry R. Abbott Memorial Library Fund.
(d) List of securities.

W. E. WILLMOTT,
Treasurer.

Motions: "That the firm of Thorne, Mulholland, Howson and McPherson be appointed auditors for the ensuing year."
Carried.
"That the Treasurer's report be received and adopted."
Carried.

ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO

Financial Statement Year Ended April 30th, 1945

—•—

ROYAL COLLEGE OF DENTAL SURGEONS FOR ONTARIO
FINANCIAL STATEMENT

May 2nd, 1945.

To the President,

ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO

Dear Sir:—

We have audited the books and accounts of the ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO for the year ended April 30th, 1945, and submit herewith our report together with the following statements and schedules:

Balance Sheet .....
Receipts and Disbursements, General .....
Receipts and Disbursements, Harry R. Abbott Memorial Library Fund .....
Government Bonds .....

With reference to the loans to ex-service men, the payments received during the year under review amounted to $1,071.65 on principal, $95.70 on account of interest and $211.00 on account of a loan previously written off. The unpaid balances as of April, 30th, 1945, less those written off, amounted to $1,453.31 and the surplus shown on the balance sheet is subject to the realization of these accounts. No accrued or unpaid interest on these loans has been considered in the accompanying balance sheet.

Respectfully submitted,
THORNE, MULHOLLAND, HOWSON & McPHERSON
Chartered Accountants.

REPORT OF EXECUTIVE COMMITTEE

Mr. President and Gentlemen:

Since the last annual meeting of the Board, four meetings have been held by your Executive Committee.

The first meeting was held to deal with the request of the Minister of Health, contained in a letter, to submit three names of Dental Practitioners from whom representation could be chosen on the Municipal Health Services Board and appointed by the Lieutenant-Governor in Council. The Ontario Dental Association was asked to send representation to this meeting and Drs. Duff, Lowery and Martin attended. After discussion the names of Drs. Campbell, Gullett and Lowery were agreed upon for submission to the Minister. In due course Dr. Gullett was appointed our representative.

Following out the instructions given at the last Board Meeting, a lengthy discussion took place re the esablishment of refresher and post-graduate courses. A motion was passed that the Board finance a committee of three men from the Faculty staff to investigate undergraduate and post-graduate teaching in various Dental schools of the United States and to report back to this Board. The report from these men was presented at the fall meeting.

The second meeting was called to deal with a resolution from the Dental Public Health Committee of the Ontario Dental Association to the Executive of the Ontario Dental Association and by them forwarded to this Board. The following were named as a Committee by the Ontario Dental Association Executive to confer with this Board: Drs. Martin, Duff, Lowery and Honey. Lengthy discussion took place at the first meeting as to the broad principles to be followed in Dental Public Health in this Province. No action was taken and the resolution was tabled for further action. Also presented at this meeting was a request from the Municipal Health Services Board for a survey of children up to and including age 14 in the Kirkland Lake area and in the Timmins area. Also included in the request was for an estimate of the cost of supplying needed dental service to the children in these areas according to age groups. After consideration of the size of the respective area, accessibility of schools and the dental personnel in each area, it was decided to recommend to the Municipal Health Services Board that the survey be done in the Timmins area. On motion of this joint committee it was agreed to ask the Dental Public Health Committee of the Ontario Dental Association to study ways and means of making this survey and to report back, also to estimate the cost of same. A motion was made and passed unanimously that this Board arrange with the Provincial Department of Health re financing this project.

The Dental Public Health Committee, after thorough discussion of the problems involved, appointed Dr. T. R. Marshall to go to Timmins to meet the dentists of the area and discuss methods of making the survey. He was assured of their cooperation; also that of the Medical Officer of Health, School inspectors, etc. A copy of Dr. Marshall's report, the suggestions of the Dental Public Health Committee of the O.D.A. for making the survey, and an estimate of the cost of conducting same and compiling the information received, is appended.

At the third meeting of your Committee to which were invited the four members from the Ontario Dental Association, the above mentioned reports were received and after careful study were adopted. Authority has been issued to proceed with the survey and arrangements are now all completed.

The Secretary of our Board as our representative on the Municipal Health Services Board, has carried on negotiations re the financing of this project. This phase will be included in his report.

A fourth meeting was held to deal with routine Board matters otherwise presented in these proceedings.

The Joint Committee consisting of this committee and four appointees of the Ontario Dental Association met and gave full consideration to the Timmins Survey Report. The report was afterwards adopted for presentation to the Ontario Municipal Health Services Board.

During the year several meetings of the Joint Committee have been held which have been most successful and this committee recommends the continuance of this arrangement for the discussion of mutual matters.

All of which is respectfully submitted for your ratification.

HARVEY W. REID,
Chairman.

(The dental survey referred to in this report was published in the May issue of the Journal of the Canadian Dental Association).

Motions: "That the action of the Executive Committee in undertaking the survey in the Timmins area be ratified and the financial expenditure incidental to the above survey be underwritten up to an amount not exceeding $2000.00." Carried.

"That the action of the Executive Committee in appointing a committee to secure information regarding Dental Education be ratified and the financial obligation therewith amounting to $1200.15 be assumed by the Board." Carried.

"That the report of the Executive Committee be adopted and their actions ratified." Carried.

REPORT OF DISCIPLINE COMMITTEE

Mr. President and Gentlemen:

The Discipline Committee has had a great number of complaints referred during the year, many of which have been adjusted by mutual agreement between the dentist and the patient concerned. Complaints have increased in number during recent years and this increase is undoubtedly due to the stress of the times. However, the committee fails to see any reason why a member of the profession should treat a patient any differently in a professional respect during war years than formerly.

Among the more serious complaints were the following:

Dr. — — — was accused of using language unbecoming to a professional man while rendering services for the patient. After negotiation the matter was settled mutually.

Dr. — — — was found guilty of informing the patient that an extraction had been completed whereas the operation was not finished. The dentist was instructed respecting the error in not informing the patient as to the true condition.

Dr. — — — was accused of not rendering satisfactory denture service. Upon full investigation it was found that the patient had been given every consideration.

Many other matters of a similar nature to the above were dealt with during the year.

Dr. R. D. McNally, Toronto, appeared before the Discipline Committee on April 25th last to answer the fololwing charge:

"It is charged that you are guilty, under Section 22 of the Dentistry Act of Ontario, of disgraceful or improper conduct in a professional respect in that you did on or about the year 1928 obtain a licence to practise dentistry in the State of Ohio under false pretenses; did practise the profession of dentistry in the said state for a period of fifteen years more or less under such circumstances and furthermore did apply and receive re-instatement as a member of the Royal College of Dental Surgeons of Ontario in the year 1942 under false statement."

After hearing the evidence, the committee passed the following motion:

"That in view of the admission of guilt in the charges preferred against him in the matter of false declaration and unethical conduct, that this Discipline Committee recommend to the Board of the R.C.D.S. that the licence of Dr. R. D. McNally be suspended for a period of three months from June 15th to September 15th providing that at that date Dr. McNally can satisfy the Board that in that interim and in future his conduct has been and will be strictly ethical."

Dr. R. D. Crooker, formerly of Tillsonburg, was reported to have ignored the court order to pay the amount owing the Board and was now said to be practising dentistry at Port Burwell. The committee makes the following recommendation:

"That this committee recommend to the Board that the name of R. D. Crooker be erased from the register unless he is in good standing by the time of the annual meeting of the Board."

Dr. F. R. Watson, Georgetown, appeared before the committee on April 25th last to answer the following charge:

"It is charged that you are guilty, under Section 22 of The Dentistry Act of Ontario, of disgraceful or improper conduct in a professional respect in that you did on or about December 15th, 1944, perform professional services for a Mr. Belyea of Simcoe Island (near Kingston) Ontario, in a manner which was both disgraceful and improper in a professional respect."

The evidence was heard and the following action recommended:

"That this committee recommend to the Board of the R.C.D.S. that in the case of W. H. Belyea's complaint against Dr. F. R. Watson, that Dr. Watson be advised to return the fee of twenty-five dollars and that Mr. Belyea be so notified."

"That the Discipline Committee recommend to the Board that Dr. Watson be advised that whereas the evidence presented in the complaint of Mr. W. H. Belyea proves he failed to complete the operation involved and would indicate that as the technique employed in this case is so contrary to accepted dental practice and continued use of it might result in serious consequences to him and the public, that Dr. Watson be warned to exercise great discretion in the use of it as future complaint of this kind would be viewed wih disfavour by the Board. Furthermore, we would advise Dr. Watson that the Board deplores his evident acceptance of direction from a chiropractor in cases of this kind."

Illegal Practice

Nagy, Sergeant William F., a member of the Canadian Dental Corps, appeared before Magistrate Strike at Ottawa on May 26th,

1944, on a charge of practising dentistry illegally. He was found guilty of a first offence and fined $100. The fine was paid.

The committee has under surveillance several who are suspected of illegal practice at the present time.

All of which is respectfully submitted for your consideration.

HARVEY W. REID,
Chairman.

Motions: "That in view of evidence presented and admission of guilt regarding false declaration and unethical conduct by Dr. R. D. McNally, his licence be suspended for a period of three months, from June 15th to Sept. 15th next inclusive, and that he be reinstated at the latter date providing that he shall satisfy the Board that in the interim his conduct has been, and in the future will be, strictly ethical." Carried.

"That after considering the recommendation of the Discipline Committee, re Dr. R. D. Crooker, that since the licence of Dr. R. D. Crooker has lapsed that his name be erased from the register." Carried.

"That Dr. Watson of Georgetown be directed to return to Mr. Belyea $25.00, being the fee charged by him for an uncompleted operation and that Mr. Belyea be so notified." Carried.

"After considering the report of the Discipline Committee, this Board finds that in the complaint of Mr. Belyea against Dr. Watson from Georgetown, that from the evidence submitted, Dr. Watson failed to complete the operation involved and gave a false impression to the patient that he had successfully completed the said operation. The Board is of the opinion that the technique employed was so contrary to accepted dental procedure that the Board warns Dr. Watson that continued use of it might result in serious consequences to the public and himself; and that Dr. Watson be advised to exercise greater discretion in the use of it as further complaints of this kind will be viewed with grave concern by this Board. Furthermore, Dr. Watson is advised that the Board deplores his evident acceptance of direction from a chiropractor in cases of this kind." Carried.

"That the report of the Discipline Committee as amended be adopted and their recommendations be acted upon." Carried.

REPORT TO THE ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO by DEAN MASON,

Faculty of Dentistry, University of Toronto.

To the Board of Directors,
Royal College of Dental Surgeons of Ontario.
Gentlemen:

Registration

The registration in the Faculty during session 1944-45 was 236 including 8 women and 25 student dental nurses.

The Second Year finished their course at the end of April and the successful students are being registered in the Third Year on May 8th. These students will be the last group to be carried through to graduation on the Wartime Accelerated Plan.

Convocation for the Fifth Year will be on Wednesday, May 9th, and there will be, therefore, only one class in the Infirmary until February, 1946.

Many applications are being received from ex-service personnel who are being discharged from the armed forces. Some of these applicants have the full qualifications for admission to the course in Dentistry while others are preparing themselves at the Rehabilitation Centre on Gould Street, to enter this Faculty next September. We are anticipating a large registration in the First Year.

Last September two graduates of this Faculty were registered in the course proceeding to the Diploma in Dental Public Health. It is anticipated that many Dental Corps Officers will be applying for admission to this course on their discharge.

The Committee of the University of honorary degrees saw fit to confer the degree of Doctor of Laws (honoris causa) on Dr. Ashley W. Lindsay, Dean of the Faculty of Dentistry, West China Union University, at Chengtu. This degree will be conferred on Dr. Lindsay at the June Convocation.

Post-Graduate Courses

A post-graduate programme is being planned by the Faculty in order to provide two-week courses for dentists returning to civil practice after service with the Armed Forces, together with others who wish to become conversant with the more recent developments in dental service.

As tentatively scheduled, the courses are: Ceramics, Dental Oral Surgery and Anaesthetics, Operative Dentistry, Operative and Interpretative Radiodontics, Orthodontics, Periodontology, Preventive Dentistry and Dentistry for Children, Full Denture Prothesis, Partial Dental Prosthesis, Crown and Bridge Prothesis, Pulp Conservation and Root Canal Therapy.

Lecture, demonstration and clinical instruction will be given by members of the teaching staff and others who are outstanding in the various dental fields.

In February, March and April post-graduate courses were given respectively in Children's Dentistry, Periodontology and Minor Oral Surgery. In the first-named course 18 were enrolled, in the second 16 and in the third, 18. Many applications had to be refused, and it was finally decided to repeat the courses in the fall. The three-day course in Children's Dentistry will be extended to a week at that time, and the fee to $25 to conform to the other two courses. The dates set for the courses are, Periodontology, October 22-26, Children's Dentistry, October 29-November 2, and Oral Surgery, November 5-9.

Extramural Lectures

As there will be only one class in the Clinic during most of next winter, it will be possible for the Faculty to carry on the Extramural Lectures.

Consultation Service

Many dentists availed themselves of the Graduate Consultation Service during the past year. The Department of Preventive Dentistry has made arrangements to give further service with reference to the lactobacillus acidophilus tests for dental carries susceptibility. As this service entails considerable expense it is intended to make a charge of $5.00 to cover the cost of the service.

Kellogg Scholarships

Through the munificence of the W. K. Kellogg Foundation of Battle Creek, Michigan, there were established in the Faculty, eight scholarships (apportioned respectively to the eight R.C.D.S. electoral districts) of the value of $625, payable in five annual in-

stalments. Applications were received from candidates from only four of the electoral districts, and the candidates from one district had too low a standing to qualify. Those to whom scholarships were awarded were:

D. L. Anderson, Orillia (District No. 5)
E. W. P. Luxford, Walkerville (District No. 6)
Miss R. E. Wise, St. Catharines (District No. 8)

Specialists Certificates

Following the receipt of your letter with reference to the new by-law providing for the certification of specialists, a Faculty Committee was appointed to consider the possibilities of providing qualifying courses for candidates desiring to prepare for specialists' certificates.

Believing that any such courses should prepare the candidates to become the future leaders and teachers of Dentistry, the Committee has given the matter the most serious consideration, and consequently it has not yet handed in any final report, and is still holding meetings.

However, agreement has already been reached on one or two essential points, viz., first, that courses to prepare dental graduates to qualify for the R.C.D.S. Specialists' Certificates should be established; secondly, that the fee for any one course should be $500; thirdly, that at present, due to the lack of more adequate facilities, the registration in each of these courses will have to be strictly limited.

Research

The application of the principles of electrochemistry in the field of Dentistry, by Dr. R. G. Ellis, proceeding to the Ph.D. degree. As minor study: The Circulation of the pulp of the tooth and its relationship to tooth vitality.

A classification of partial dentures, by Dr. R. J. Godfrey proceeding to the M.Sc. (Dent.) degree. As minor study: Educational method, under direction of Dean Lewis of the Ontario College of Education.

Dentistry in the Field of Public Health Service is the title of the thesis Dr. S. Lee Honey is working upon for presentation as a candidate for the B.Sc. (Dent.) degree. This year, however, Dr. Honey is devoting most of his time to the course for the Diploma in Dental Public Health: Dr. F. L. Kohli is also taking this course.

On dental caries, Dr. P. W. Arkle will submit a thesis for the M.Sc. (Dent.) degree, titled: A detailed examination of present day theories in the light of studies by the author on prehistoric and modern highly immune primitive groups.

Determination of centres of rotation of the mandible in function is the research problem of Dr. Charles H. Moses of Hamilton is working upon two days each week at the college.

Dr. Effie M. Milner, of Chatham, is proceeding with a study on infants suffering from coeliac disease from the standpoint of tooth and bone development, and on a control group of patients of similar age not suffering from coeliac disease and not having had the special coeliac diet. This research work is under the direction of Dr. G. V. Fisk of the Department of Orthodontia, in collaboration with Dr. Alan Brown, Dr. F. F. Tisdall, Dr. J. H. Ebbs of the Hospital for Sick Children and Dr. Norma Ford of the University Department of Zoology, and also Dr. R. G. Ellis, Director of the Dental Clinic of the Faculty.

Dr. R. G. Ellis is continuing his studies on children referred by the Kiwanis Club. Twenty-six boys and girls have been examined this year which is the fifth group receiving an annual examination.

The number of defects per child in the initial examination is similar to the figures established for the four groups of Kiwanis boys previously examined, that is, 5 or 6 defects per child. At the first recall of each group the defects averaged 3.5 per child. At the second recall of each group the defects averaged: 2.7 per child. Subsequent recalls indicate that the number of defects level off at this figure of 2.7.

Dr. Harold K. Box continued his studies on the histopathology of periodontal disease and demonstrated that pocket deepening can take place through necrosis of the epithelial attachment. In a paper published in October, 1944, it was suggested that the infection in this form of periodontitis was specific rather than non-specific in character. In a later paper (May, 1945) the term "necrotic Periodontitis" was proposed to designate this disease. Further studies on the bacteriology of periodontal pockets are being carried out. Experimental work has been continuing on the mechanisms concerned in protecting human enamel "in vitro" against the action of acids.

New Dental Building

Following the report of your Special Dental Education Committee, and its consideration by the Board and by the Council, the joint Committee on Dental Education was created and has had a number of meetings. A submission on the need of a new Dental Building was prepared by it and forwarded to the Board of Governors.

On Thursday, May 3rd, 1945, the Committee appeared before the Property Committee of the Board of Governors, and presented the case for the new building. While, of course, no definite declaration was made, it was evident that the Property Committee was interested, and assurance was given that due and sympathetic consideration would be used in dealing with the matter.

The Faculty request that the Board support research by a donation to the Faculty Research Fund.

The Faculty would request that the Board support in the usual way the Faculty Contingent Fund.

A. D. A. MASON,
Dean.

Motions: "That this Board, being fully aware of the approaching demobilization of members of the profession in the armed forces, and anticipating a demand for the training of specialists under the Rehabilitation Plans of the Dominion Government, do recommend to the Faculty of Dentistry, University of Toronto, that such courses be set up at the earliest possible moment." Carried.
"That the report of the Faculty of Dentistry, University of Toronto, as presented by Dean Mason, be adopted." Carried.

GRANTING OF L.D.S. CERTIFICATE

At a Special Meeting of the Board, held on July 28th, 1944, Dean Mason, Faculty of Dentistry, University of Toronto, presented a report of the Faculty Council on the examinations of a graduating class.

It was reported that 61 members of the class wrote the examinations. The results were as follows: 8 obtained honours, 48 passed, 4 required to write supplementals and 1 required to re-write all subjects.

After full discussion of the report the following motions were passed:

Motions: "That the report of the Faculty on Final Year examinations as presented by Dean Mason be received." Carried.
"That the report of the Faculty Council as presented by Dean Mason be adopted and that the following having met the full requirements of this Board, be granted the L.D.S. certificate of the R.C.D.S.:

Allan, John Alfred
Ante, Erve Harrington
Atnikov, Bernard
Blue, Albert Clarke
Bobok, Walter Fred
Borden, Samuel Mooney
Branch, William Arthur
Britton, Garnet Lyons
Brook, Max
Brown, Allan Gordon
Butler, John Graham

Tranter, Roy Augustus
Waldman, Roy
Watson, Vernon Lorraine
Wertman, Murray
White, Elsel Seymour
Winograd, Neville Arthur
Wright, William David McLean
Yorsh, Ralph Irving

Carried.

"That at such time as they fulfil all the requirements of the Faculty of Dentistry, that

Back, Max
Boyd, Samuel Howard
Freeman, Herschel Barry
Mady, David Charles Albert
Thompson, Joseph Toler

be granted their L.D.S. certificates." Carried.

One student, being an American citizen, did not apply for licence.

At the Annual Meeting of the Board, held on May 8th, 1945, Dean Mason, Faculty of Dentistry, University of Toronto, presented a report of the Faculty Council on the examinations of a graduating class.

It was reported that 58 members of the class wrote the examinations. The results were as follows: 5 obtained honours and 53 passed.

The report was carefully discussed in detail and the following motions passed:

Motions: "That the report on examinations of the graduating class of the Faculty of Dentistry given by Dean Mason be received and adopted." Carried.
"That the following, having fulfilled the requirements of

the R.C.D.S. Board for Ontario licensure, be granted their L.D.S. certificates:

Bergman, John Maxwell
Blond, Edward Sidney
Brooks, Lorne Kenneth
Buckwold, Allan Kivan
Buder, Harold Edwin

Wallace, Russell Ernest
Waterhouse, David Wilbur
Webster, Samuel Robert
Weiser, Jarmila Charlotte
Young, Margaret Frances
Zener, Bernard Robert

Carried.

REPORT OF COMMITTEE ON LEGISLATION

Registered Dental Nurses

A Register for the Registered Dental Nurses is to be set up and will be included in the Annual Report of the Board. A card has been prepared for renewal of annual registration. The Nurses' Association have submitted a list of Five Hundred and Twelve (512) names of members.

The Nurses' Association have asked for consideration of further recognition such as registration of the term "Registered Dental Nurse", the nurses' pin and the nurses' band. In view of the difficulties which present themselves, your Committee recommend that, at the present time, no action be taken.

Specialists and Specialization

In accordance with the by-law and regulations governing this matter, an application form has been prepared and has been submitted for your approval.

Of the applications received during the year for certification as a specialist, the following applicants are recommended for Specialist Certificates in the specialty designated:

Dental Oral Surgeons

Dr. C. T. Moyle, Hamilton
Dr. W. W. Breslin, Toronto
Dr. G. A. Morgan, Toronto
Dr. J. P. Coupland, Ottawa
Dr. J. F. M. Kennedy, London
Dr H. G. Robb, Toronto
Dr. A. R. Scott, Toronto
Dr. J. H. Johnson, Toronto
Dr. E. W. Paul, Toronto
Dr. S. L. Frawley, Toronto
Dr. G. L. Frawley, Toronto
Dr. R. W. Matchett, Toronto
Dr. R. E. Diprose, Toronto
Dr. J. M. Cation, Toronto
Dr. W. A. Crich, Grimsby Beach
Dr. W. L. Chalmers, Toronto
Dr. J. Q. Crabbe, Toronto
Dr. S. W. Leslie, Toronto

Orthodontists

Dr. S. A. Moore, London
Dr. Saul Simon, Toronto
Dr. S. S. Crouch, Toronto
Dr. G. V. Fisk, Toronto
Dr. C. H. Juvet, Ottawa
Dr. M. L. Simon, Toronto
Dr. Holly Halderson, Toronto
Dr. C. A. Corrigan, Toronto
Dr. H. E. Leslie, Toronto
Dr. F. J. Furlong, Windsor
Dr. Margaret I. Cowan, Toronto
Dr. H. C. Bliss, Toronto
Dr. S. W. Bradley, Ottawa
Dr. M. R. Culbert, Toronto
Dr. Braithwaite Dixon, Ottawa
Dr. W. G. Foster, Hamilton

Periodontists

Dr. H. M. Robb, Toronto
Dr. G. C. Squire, London
Dr. C. H. M. Williams, Toronto
Dr. H. K. Box, Toronto
Dr. M. A. R. Thomas, Toronto
Dr. J. G. Dormer, Ottawa
Dr. C. A. Snell, Toronto
Dr. J. S. Girvin, Ottawa
Dr. W. G. McIntosh, Toronto

It is brought to the attention of the Board that in a recent court action, a member of the profession had lost a suit for payment for professional services on the basis that any account of forty dollars or over was not collectable unless (1) a definite written contract was made; (2) some payment was made on the contract; (3) the appliances are accepted by the patient.

EDGAR W. PAUL,
Chairman.

Motions: "That the report of the Committee on Legislation be received and adopted." Carried.
"That the members of the College recommended in the above report be granted specialist certificates in the designated specialties." Carried.
"That the special committee on Specialists and Specialization be instructed to take the necessary steps to set up, in conjunction with the Faculty of Dentistry of the University of Toronto and other interested groups, the examination machinery to qualify those applying for specialists' certificates, who were not otherwise qualified under our regulations." Carried.

LIBRARIAN'S ANNUAL REPORT, 1944-45

Board of Directors,
Royal College of Dental Surgeons.
Gentlemen:

I beg to present the annual report for the year ending April 30th, 1945. The total circulation of books and periodicals show a decrease over the 1943-44 session. During the year a total of 8,-714 loans were made as compared to 9,190 the preceding year. An analysis of these figures indicate that the drop is due to decreased

borrowing among the staff and students, as the circulation of material to graduates and other borrowers is slightly higher.

During the year, the library purchased seventy-five new books, of which thirty-five were bought by the Harry R. Abbott fund. Seven new periodicals were added to the journal subscription list. A total of $325.66 was spent from the Harry R. Abbott fund for books and periodicals and $86.47 on binding.

The variety of Library activities throughout the last year is indicated by the following summary. The annual book list of recent additions to the library was prepared and distributed last Spring as one important means of keeping graduates informed on publications newly acquired by the library.

During the summer, the duplicate material in the library was checked and a list of the journals no longer needed in the library was prepared and sent to the Medical Library Association Exchange. By this method of exchange the accumulation of unused material in the library was reduced to a minimum and at the same time missing numbers in our own files were acquired.

In September the library placed out for the staff and students a large group of duplicate textbooks no longer needed in the library. The interest in this material was quite evident and nearly all of the two hundred books were taken.

For the Horace Wells centenial celebration, the library purchased an extensive series of photostats of rare material on the discovery of Anaesthesia. These were exhibited in December and are now being bound into a book which will be of historic as well as reference value in the library.

Since Christmas, work in the library has been proceeding slowly on the catalogue. An attempt has been made to revise and bring up to date work begun some time ago and never completed. Library of Congress cards are being used wherever possible so that all entries might be uniform and of the greatest value to users.

The library will again exhibit in the forthcoming Ontario Dental Association convention the end of May.

The library acknowledges with thanks the donation of museum specimens by Dr. P. L. Day and Dr. H. A. Ross and of books and periodicals by Dr. E. A. Grant, Dr. C. A. Corrigan, Dr. P. W. Arkle and many others.

This report is respectfully submitted with the recommendation that for the ensuing year a grant of $150.00 be made to the Librarian.

EDGAR W. PAUL,
Librarian.

Motions: "That the report of the Librarian be adopted." Carried.
"That Dr. E. W. Paul be appointed Librarian." Carried.

REPORT OF THE DOMINION DENTAL COUNCIL

To the Board of the Royal College of Dental Surgeons.

As your representative of the Dominion Dental Council it gives me pleasure to report as follows:

Our Council has enjoyed another very satisfactory and progressive year. During this time, six applicants wrote in Halifax and passed, 15 wrote in Alberta and passed, 1 wrote in Victoria and passed, 36 wrote in Toronto and four failed, 1 wrote a supplemental in Quebec and passed.

The finances of the organization are also in a very satisfactory condition as shown in the following auditors' statement.

REVENUE AND EXPENDITURE

The net revenue for the year was $213.57, made up as follows:

Gross Revenue		$6,455.13
Deduct Expenses		6,085.51
		369.62
Less depreciation on furniture at 10%		156.05
Net Revenue		213.57

A grant of $1,000.00 was made to the research committee of the Canadian Dental Association to be used for research and is included in the expenses.

BALANCE SHEET

Cash on hand $37.91 by count and cash in bank $319.20 (Bank of Toronto, Regina).

Bonds are all registered with the exception of $2,000.00 Canadian National Railway bonds. During this year, Dominion of Canada Bonds for $2,000.00 were purchased. The total bonds held have a face value of $20,600.00.

New office equipment consisting of a Dictaphone was purchased this year.

There are no outstanding liabilities.

The books and accounts have been kept in good order.

—O—

In July, 1944, we held our regular biennial meeting in Charlottetown, Prince Edward Island, at which meeting all the agreeing provinces were represented. Matters of importance were discussed and among these the following items should be of interest to your Board and the members of the College.

1. The subject of co-incidental examinations was thoroughly discussed but it was decided that at present no further action would be taken in the matter.

2. It was decided that the D.D.C. would allow graduates of recognized schools and Universities of Great Britain in good ethical standing and presenting proper educational qualifications, to write the examinations of the Council, providing that a similar concession were extended by the governing body of that country to holders of D.D.C. certificates.

3. The matter of educating a group of hygienists was discussed at some length, and was approved by all the Provinces with the exception of Ontario. However, it was decided to take no action in the matter before our next meeting.

4. It was decided by the Council that the various Provinces be asked to appoint representatives for as long a period as possible since the valuable experience gained in a few years association with the Council is lost too often from frequent changes of the personnel of the Council.

5. The matter of ethics was also discussed at length and while it was felt that the definition of ethics as adopted by Lord Esher, Master of the Rolls, in the leading case of Allison vs. the General Council of Medical Education, might well be adopted by the Council. It was felt that at the present time the existing code should be maintained and strengthened so they proposed that the following clause be added to Article 2, subsection A.

"Every member of the Dental Profession is bound as such to maintain the honour and integrity of the profession. To this end

he should himself be upright and courteous in his intercourse with the public and his professional brethren. While fully conscious of the rights and privilege conferred on him by law he should be equally aware of, and conform to the voluntary restrictions which from time to time, the profession has imposed on itself as rules of conduct for the guidance of its members. The more important of these rules are specified in sections B. C. D. and E. of this article."

6. It was felt that the examinations set by the Council should not in any way be lowered but the standards should be increased from time to time and the ethical requirements so firmly insisted upon that any of the agreeing Provinces would not only be satisfied to accept any holders of a D.D.C. certificate but would be glad to welcome such a one to the personnel of its professional ranks.

7. The matter of the admission of Quebec and British Columbia was also dealt with and while no progress can yet be reported in the matter of Quebec, it is felt that some mutually agreeable arrangement can be made with British Columbia. It is an established fact that British Columbia is already recognizing the D.D.C. certificates issued subsequent to June, 1934. We are considering inviting representation from British Columbia to our next Council meeting with the idea that our differences may thoroughly be discussed and properly understood.

8. The Secretary was also instructed to write the Dental Educational Committee of the Canadian Dental Association asking them to use every effort to standardize the pre-dental educational requirements of the accepted Faculties. It was also agreed that news letters be issued at regular intervals and copies of these be sent to the Registrars of the agreeing Provinces, and that correspondence between the members of the Board be made common to all.

The by-laws were revised and changes were made in a number of them. Many of these concern administrative matters. Among those of general interest are the following:

1. In the last line of Section 12, the last line should read "subject or subjects in which they have been exempt."

2. Section 24, subsection D, should read "porcelain or acrylic crown."

3. On page 17, the two notes at present there are to be struck out.

4. Section 24, Division 2, subsection A, should read "the completion of a partial denture, using vulcanite or acrylic saddles and clasp retention". Note: For Class A. candidates the Council may accept the clinical marks of the Faculty of the school from which he graduates.

4. Section 26 will read as follows: "written examinations, minimum 50%, average 65% . . .

Clinical examinations, minimum 75%.

The report of the presiding examiner on clinical examinations shall be final.

The following motions were presented:

1. That the D.D.C. contribute $5000.00 to the research committee of the C.D.A. to be paid at the rate of $1000.00 annually, to be used for research at the discretion of that committee, if and when required. Passed.

2. That the Secretary be instructed to write the Dental Educational Committee of the Canadian Dental Association to have them endeavour to standardize the predental educational requirements of the recognized faculties. Passed.

3. That news letters be issued four times yearly by the Secretary to each council representative and to each Provincial Registrar covering all council business and special correspondence. Passed.

4. Resolved that Canadians who are citizen residents, in agreeing provinces, and who can produce a diploma or certificate of graduation from a Class A dental school be permitted to write the D.D.C. examinations. Motion failed to pass.

It will be seen from these that we have done considerable to bring the examinations, particularly in technical matters, up to date and raise the standard. The examiners are being advised not to be too lenient in marking papers but to insure the Council that every applicant passing the examination is thoroughly qualified.

All of which is respectfully submitted.

G. H. CAMPBELL,
Representative to
Dominion Dental Council.

Motions: "That this Board commends highly the action of the Dominion Dental Council in contributing $5000 to the research fund of the Canadian Dental Association." Carried. "That this Board adopts the report of the Dominion Dental Council representative, taking exception to the section (2) of the report dealing with reciprocal arrangements with the Dental Board of the United Kingdom." Carried. "That the Board of the R.C.D.S. advise the Dominion Dental Council that they do not approve of the reciprocal arrangement with the Dental Board of the United Kingdom as it does not fulfil the requirements of our College as set out in By-Law No. 8 of the R.C.D.S. However, this Board is prepared to accept a Dominion Dental Council Certificate obtained by passing the required D.D.C. examination after taking the final year and passing the final examinations in the Faculty of Dentistry of Dalhousie, Alberta, or Toronto Universities." Carried.

REPORT OF THE DELEGATES TO THE CANADIAN DENTAL ASSOCIATION

Mr. President and Gentlemen:

Since the last annual meeting of this Board there have been many important and urgent matters that have had the attention of the Delegates of the Canadian Dental Association. It is our privilege to report that much progress has been made in the solution of these problems.

The Executive Committee of the Canadian Dental Association has held two meetings in Ottawa in the past year.

(1) In July, to meet with representatives of the Department of Veterans' Affairs and Department of Defence to consider the Fee Schedules for dental services rendered under these departments. As a result of this meeting some of the items on the schedule were revised upward but on the whole the result was unsatisfactory.

(2) In January, to consider a proposal by the Department of Defence to form a Dental Advisory Board. The text of this proposal was not forthcoming, so the Committee could not arrive at any conclusion on the matter.

—An interview was held with the Deputy Minister of Veterans' Affairs re the Dental Fee Schedule. As a result of this, a new schedule of fees, more in keeping with present day costs of supplying dental service, was adopted by the department.

—The Honourable Mr. Claxton, Minister of Health and Welfare, spent some time with the Committee and outlined his plans for the new department.

—Mr. Jamieson of the Rehabilitation Branch of the Department of Veterans Affairs appeared before the committee and outlined the educational benefits available to returning veterans.

—Several other matters concerning Rehabilitation and civilian dental service were discussed.

—Plans were made for the Delegates' Meeting in Winnipeg in June.

During the year the Resarch Committee of the Canadian Dental Association has been particularly active and through their efforts an Associate Committee on Dental Research has been formed by the National Research Council at Ottawa. This makes available to Dental Research facilities not previously at the disposal of the Dental Profession.

The Dominion Dental Council has voted Five Thousand Dollars ($5000.00) to be paid One Thousand Dollars ($1000.00) a year to the funds of the Research Committee of the Canadian Dental Association. This is a very timely gift and will of great value in furthering the work of the Committee.

The Committee on Rehabilitation has been active in the interests of our Members now in the Military Forces. They have produced a booklet containing information of use to members of the profession in the armed forces in making plans to return to civilian practice. These have been forwarded to all dentists in the Corps and in other branches of the services. Suggestions re returning veterans have been sent to the heads of all dental organizations across Canada. The replies to the questionnaires, which were sent the men in the corps, have been studied and the results tabulated. This information has been very valuable in ascertaining the desires of the men in the services.

The Educational Committee of the Canadian Dental Association has been engaged in a study of facilities, courses of study, etc., to be made available to the dental veterans on their retirement from the armed forces. This Committe is meeting in Winnipeg previous to the Delegates' Meeting.

The Advisory Committee has finally the approval of all Boards across Canada to the new by-laws and it is anticipated that they will be adopted at the June Meeting of the Association.

The Journal of the Association continues to improve and year by year finds a more necessary and important place in our National Dental Life. All those responsible in the producing of the Journal merit the thanks of the Dentists of Canada.

The Canadian Dental Association has strengthened its position in our National life during the past year. The Executive Officers have found an increased spirit of cooperation existent between the Association and various other national organizations and Government officials and this has proven beneficial to the Profession as a whole.

S. W. BRADLEY,
G. H. CAMPBELL,
F. A. BLATCHFORD,
H. W. REID,
Delegates.

Motion: "That the report of the Delegates to the Canadian Dental Association as reported by Dr. Harvey Reid be adopted." Carried.

REPORT OF WORKMEN'S COMPENSATION BOARD, 1944-45

Gentlemen:

In reporting the stewardship of your dental referee, there seems little to record that is not routine. There has been the usual consultations with the Board's Medical Aid Officer, Mr. C. G. Cameron, respecting many varied problems all of which seem to have been satisfactorily settled. For the most part, there seems to be an increasing satisfaction among members of our profession with both the Board's tariff allowance and its policy of authorizing dental treatment.

In two or three instances during the year, a dentist has been too busy to be interested in serving Compensation Board claimants because of its tariff schedule but generally speaking the profession, including our best men, is pleased to be of service in these cases.

As you know, the Board assumes responsibility only for service needed as a result of the accident. In certain incidents, a dentist has implied that the Board did not provide good service by suggesting the claimant pay an additional fee for something better. It should be understood the Board will not allow this and further it resents any inference that the dental service provided is not good dentistry. It is claimed that the tariff schedule was prepared with the approval of the Royal College of Dental Surgeons and therefore should be adequate compensation. The Board has, however, been agreeable to allow a dentist to render a health service at all times. e.g. If a patient has two upper incisors injured in an accident and the dentist reports the other teeth diseased necessitating removal, the Board will appraise its responsibility and allow the dentist to apply its award to a complete service for the claimant if the claimant agrees.

During the year the problem arose with respect to the Board's continued responsibility for dental service following a dental injury. e.g. A claimant had a fixed bridge appliance placed ten years ago as a result of an injury. It became loose on one abutment which resulted from neglected caries and the tooth had to be extracted. Was the Board responsible after ten years? The Board sought to ararnge a policy for settling such cases but such seemed impossible to be fair with everyone. It was decided to settle each case on its own merits.

In closing this report, I am pleased to state that relations between your referee and the Board continue to be most congenial due in great part to a sense of fairness exhibited at all times by Mr. Cameron, the Medical Claims Officer. In all my contacts with the Board's officials, co-operation and understanding is always evident. Further, I would like to express my appreciation of assistance from the chairman of the R.C.D.S. Board Executive Committee, Dr. Harvey Reid, and your secretary, Dr. Don Gullett, in all difficult decisions.

Finally, I am deeply appreciative of your Board's committing to me this duty of public professional relations on your behalf.

Respectfully submitted,

Motions: "That the report of the Dental Referee on Workmen's Compensation Board matters be adopted." Carried.
"That — — — — — be appointed Dental Referee to the Workmen's Compensation Board, and that our appreciation be extended to — — — — for his services rendered." Carried.

DENTAL PUBLIC HEALTH COMMITTEE

To Board of Directors.
Gentlemen:

The achievements of this committee during the year have been somewhat different than usual. The outstanding project was the organization and completion of a survey of dental service need among primary school children in the Porcupine district of Northern Ontario. From this survey, a study of the dental service problems was made and a report prepared setting forth the findings and recommendations of this committee. This report appears in the Journal of the Canadian Dental Association, May issue, 1945.

During the year, reresentatives of the committee have attended meetings in North Bay, Ottawa and Kingston, and presented addresses considering problems of Dental Public Health.

There has been an increase in the number of enquiries regarding the institution of dental services for children received from dentists and others interested in promoting dental health. The Secretary has dealt with these enquiries individually and has endeavoured to promote a policy in keeping with the principles submitted by the Canadian Dental Association to the Federal Government and of your Board to the Provincial Government.

There has been considerable use of our educational equipment and materials during the year. Indeed, there seems to be an increasing wide-spread interest in our work by dentists everywhere in the province. Quite a lot of material recently available from the American Dental Association has been placed in our library. Some new slides have also been secured. At the present time, a new pamphlet for use in secondary schools is being prepared.

The committee sent its Secretary to Chicago in February to attend some of the sessions of the Council on Dental Health of the American Dental Association. He reported interviews with many outstanding authorities with respect to social and dental economic problems.

The committee is planning a program for the Ontario Dental Association Convention designed to keep Ontario dentists informed of dental public health progress. e.g. A breakfast meeting is being sponsored for members of the Dental Public Health Council of Ontario and a forum discussion is being arranged on the subject . . . "Dental Care of the Pre-School Child." A dental public health luncheon is also being arranged and Group Captain Fred Tisdale will be the speaker.

Our Dental Public Health Section in the Ontario Dental Association is winning wide approval. Appreciation of our committee is extended to Dr. S. A. MacGregor for his efforts in this connection.

The ramification of the interests of this committee are difficult to enumerate in a brief report. The scope of possible operation ever continues to widen. In these busy days, it is difficult to explore even reasonably well the possible avenues of services but an effort is made to serve the interests of dental health within our limitations.

Respectfully submitted,
R. P. LOWERY,
Chairman.

Motion: "That the report of the Dental Public Health Committee be adopted; that the Secretary be instructed to notify the Committee that this Board appreciates the full and comprehensive report of the survey of the Porcupine District of Northern Ontario, and the full cooperation received from the Committee." Carried.

REPORT OF THE RED CROSS

Mr. President and Gentlemen:

The Ontario Division of the Canadian Red Cross Society, during the year 1944-45, confined its activities in the dental field to the denture clinic for war veterans. This part-time clinic which since its inception has been very ably conducted by Dr. B. L. Washburn, provided 158 dentures and 6 repairs with only 155 extractions, necessary in mouth preparation. This service was completed with a total of 521 appointments.

It is regrettable that no improvement has been made in the financial arrangement with Dr. Washburn and that the provision of acrylic restorations has therefore been impossible. It is the hope of your representative that a revision of the entire arrangement may be made in the very near future.

E. C. VEITCH,
Representative.

Motions: "That the report of our representative to the Red Cross Society be received and adopted and the appreciation of this Board be expressed to Dr. E. C. Veitch." Carried.
"That Dr. E. C. Veitch be the representative of this Board to the Red Cross." Carried.

COMMITTEE ON INVESTIGATION OF DENTAL EDUCATION

At the instigation of the Board, a committee of members of the staff of the Faculty of Dentistry, University of Toronto, was appointed to study dental education. Instructions were given the committee to visit various dental schools where it was thought information of value could be obtained. After extended travel and study this committee under the chairmanship of Dr. R. G. Ellis presented a voluminous report to the Board at a special meeting held in November.

The Board took the following action on the report:

Consideration of Report of Special Committee on the Investigation of Dental Education

Motion: That the following resolution be adopted:
Be it resolved that

Whereas at the instigation of this Board a committee was appointed to study dental education in a selected group of Dental Schools in the United States, and

Whereas this committee has presented their report to this Board, Be it further resolved,

That this Board express to the members of the committee on Investigation of Dental Education their sincere thanks for the efficient and business-like manner in which they carried out their task and the all embracing and thought-provoking report that has been produced, and that this Board after due consideration do heartily recommend to the Faculty Council

(1) That the teaching of general anaesthesia in the undergraduate course be continued and improved in any way found possible after a conference of the heads of departments concerned in teaching this subject;

(2) That close cooperation with and more facilities for teaching be provided in the hospitals;

(3) That due to the present demand and the evidence in possession of this Board that large numbers of graduates in the Armed Forces on their retirement desire refresher, post-graduate and specialist courses, we recommend to the Dean and the Faculty Council that a separate department be created in the Faculty of Dentistry to meet this demand and that a Director be appointed at the earliest possible

moment to organize this department, and that a curriculum and syllabus of study in each subject be prepared at once in order that replies may be made to these inquiries;

(4) That a new Dental Building is urgently needed and of paramount importance in meeting the demand and post-war demand for undergraduate and post-graduate education, and that this Board, the Faculty of Dentistry, The Ontario Dental Association, the Dental Alumnae Association, appoint members to a committee to wait upon the proper authorities to expedite the carrying out of this recommendation;

(5) That further consideration and study be given to the advisability of training dental hygienists and that this be the responsibility of the Executive Committee;

(6) That a broad general training in all Dental subjects be supplied to all students. (This Board does not favour specialization in the undergraduate course);

(7) That no action be taken re training of dental technicians until the proposed Dental Technicians' Act has been further discussed and action taken;

(8) That action be taken by the Faculty Council to study carefully the recommendations contained in the report that concern the Faculty primarily;

(9) That all other matters contained in the report not previously covered in this resolution be tabled for further reference;

and be is further resolved:

That copies of this report be furnished to the President of the University of Toronto, and the Dean of the Faculty of Dentistry.

Motion: That the transmission of the resolution on the report of the Committee on the Investigation of Dental Education be withheld until the report of the Faculty Council in relation thereto be received, which report shall be included therewith. Carried.

Motion: That Dr. Reid, Dr. Campbell and Dr. Gullett be the Board's committee to act with three members of the Faculty of Dentistry of the University of Toronto, one member from the Ontario Dental Association, and one member from the Dental Alumnae of the University of Toronto, and such others as in their judgment may be of assistance to present "The resolution re Dental Education Committee's Report" to the authorities concerned, Dean Mason to convene the committee. Carried unanimously.

The report together with the action taken by the Board was then carefully studied at several special meetings of the Faculty Council resulting in the following action by the Council, which was forwarded to the Board:

"WHEREAS the Council of the Faculty of Dentistry has considered fully at its several special meetings convened for the purpose, the Report of the Special Dental Education Committee appointed by the Board of Directors of the Royal College of Dental Surgeons of Ontario, and presented on November 23rd, 1944.

Council Minutes 559-56

BE IT RESOLVED: That in the opinion of this Faculty'

(1) There is no basis in fact for the statement that the teaching of restorative measures in dentistry has been over-emphasized at the expense of the biological phases.

(2) There is doubtful wisdom shown in the proposal to transfer the teaching of such subjects as dental histology, dental pathology and dental bacteriology to University Departments. 560

560 (3) Due to the present lack of accommodation for undergraduate instruction, it would be inadvisable to enter upon a campaign for recrutiing students to the dental course, as suggested in the Report.

560 (4) Manual dexterity as a determining factor in selecting students in the dental course should not be undervalued.

562 (5) A Department of Oral Diagnosis should not be established within the Faculty.

563 (6) Elective courses in Orthodontics for undergraduates be not approved.

560,566 (7) The present time is not opportune for discontinuing the First Year of the Five Year Course in Dentistry.

574 (8) Negotiations be entered into with the University authorities for the purpose of procuring a new dental building, rather than an extension of the present one, as a means of providing the accommodation needed for instructing the larger classes expected on the termination of the present world conflict.

ADDITIONAL MATTERS

DENTAL HYGIENISTS

A brief was presented by Dr. C. H. M. Williams outlining in detail the course of study and position of the "dental hygienist" in the practice of dentistry. It was suggested that the title "registered dental nurse" was preferable and that the Board study the desirability of licensing such nurses in the Province of Ontario. The matter was referred to the executive committee for consideration.

DENTAL TECHNICIANS

During the year the Board was requested by the Ontario Technicians' Association to give consideration to a proposed bill to be known as The Ontario Technicians' Act. Several committee meetings were held with the representatives of the technicians. As yet the bill has not been introduced in the legislature.

ERASURES

F. N. Regan

Motion: That the name of F. N. Regan be erased from the register of the Royal College of Dental Surgeons of Ontario. Carried.

R. D. Crooker

Motion: That after considering the recommendation of the Discipline Committee re Dr. R. D. Crooker, and that since the licence of Dr. R. D. Crooker has lapsed, his name be erased from the register. Carried.

PROCUREMENT, ASSIGNMENT and REHABILITATION

The Chairman reported that the work of this committee had consisted for the most part in securing further deferments for those prevoiusly considered, together with some applications for Labour Exit Permits and that matters relating to rehabilitation were being dealt with based upon the information contained in the surveys as made by the committee.

REGULATIONS

SIGNS

A member of the Royal College of Dental Surgeons, in connection with his profession:—

1. May not display any sign containing anything other than his name, degrees and profession and in which any letters larger than four inches are used.

2. May not display more than two signs in addition to one at or on his entrance door.

   (a) Not more than one of these may be a suspended sign.

   (b) Not more than one of these may be an illuminated sign and if illuminated must not be intermittent, daylight, "Neon" or "Neon type" and no colours shall appear in such signs other than white or black.

3. May not display any sign on premises other than those in which his practice is actually carried on.

Notwithstanding the above regulations he may (using only unilluminated letters or figures not larger than two inches).

   (a) Add to his entrance sign, his office hours.

   (b) Add to any sign the words "Open Evenings" and (when an entrance is difficult to find) the words "Entrance on . . ."

PROFESSIONAL CARDS AND ANNOUNCEMENTS

A member of the Royal College of Dental Surgeons, in connection with his practice:—

1. May not permit to appear in any newspaper or other publication, printed or written for distribution or display anything other than his professional card (which may contain at most his name, title or degrees, profession, address, telephone number and office hours) or an announcement of his commencement of practice, change of office location, absence from or return to practice or the restriction of his practice. The announcement shall not contain any reference to qualifications, procedures or equipment. The space used, for either card or announcement, must not exceed one column (13 ems) in width by two inches in length and must not be in the nature of a display.

2. He may, however, observing the dignity and ethics of the profession, without reference to qualifications, procedures or equipment:

   (a) Use private professional cards.

   (b) Issue accounts and receipts.

   (c) Issue appointment cards.

   (d) Mail to his patients recall notices.

   (e) Mail to his patients and acquaintances announcements of his commencement of practice, change of office location, absence from or return to practice or the restriction of his practice.

SOLICITED ADVERTISING

For the protection of the Profession from solicited advertising, this Board prohibits any Member of the Royal College of Dental Surgeons from inserting his professional card in hand-bills, programmes, year books or other printed matter of like character.

TAKING OVER A PRACTICE

When any member of the Royal College of Dental Surgeons takes over the practice or office of another member of the College, either by purchase or otherwise, the member so acquiring the said practice or office shall not after one year from the date of such acquisition use any sign or printed matter which suggests to the public that the retiring member was in any way associated or connected with the said practice or office.

RE LISTING OF DENTISTS IN TELEPHONE DIRECTORIES FOR PROVINCE OF ONTARIO

(1) No display advertising of any kind.

(2) No black face listings in the yellow pages.

(3) No specialists listed under separate group headings.

(4) Mention of office hours is of no particular value, and is usually used only to increase space, therefore, to be excluded.

(5) Mention of particular facilities or equipment, such as X-ray, gas extractions, etc., not acceptable in either section.

(6) Black face listings acceptable in white pages.

(7) Residence listing on yellow pages, as well as on white pages, is acceptable.

(8) Designation as specialists, i.e., Periodontist, Dental Oral Surgeon, Orthodontist, etc., is acceptable in both yellow and white pages, provided that the dentist is a certified specialist.

Annual Report

of the

Board of Directors

The Following Is a Condensed Report of the Business Transacted by the Board During the Year:

ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO

1945-1946

RESOLUTOIN RE CESSATION OF HOSTILITIES

Be it resolved that

Whereas this is the first meeting of the Board of Directors of the Royal College of Dental Surgeons since the cessation of hostilities, And whereas this Board desires to record their thankfulness that the years of suspense, anxiety and mental anguish have passed,

And whereas so many of the members of this College have given conspicuous service in the armed forces in all the theatres of war,

And whereas members of this College have made the supreme sacrifice in their line of duty,

Be it resolved that this Board of Directors re-dedicate themselves to the task of advancing the Dental Profession and so inspire the members of this College that they may to the fullest appreciate their opportunities for service,

And be it further resolved that we all pledge our lives to the cause of peace.

REPORT OF THE PRESIDENT TO THE BOARD OF DIRECTORS OF THE ROYAL COLLEGE OF DENTAL SURGEONS

Gentlemen:

This is our first annual meeting since peace was declared closing the world-wide struggle which started September 3rd, 1939.

The scene has changed. Our foes have been vanquished: the din and destruction of war are gone, but much desolation still remains. Science and invention which made such remarkable progress in methods of destruction during the war are now striving to apply the knowledge and experience so gained to the development of peace time aids to good living.

It is true that harmony and good-will among the nations seem impossible of attainment: that the great states cannot adjust their different ways of thought and living so that friendly relations between them may be established, but surely from the lessons learned from two devastating wars within a period of little more than three decades they must know that wars do not pay, that no nation or nations really win, that war is Hell on earth.

It is fitting at this time that we pay tribute to the valor of our relatives and friends who served so heroically and gave their lives for those principles dear to them and in which they believed so sincerely. May the memory of their moral courage, suffering and sacrifice be indelibly printed on every mind.

Let us now consider our work during the past year. Altogether satisfactory progress has been made.

The Discipline Committee under the able Chairmanship of Dr. Field has handled several difficult cases satisfactorily.

Progress has been made towards training at the Dental Faculty for graduates who wish to specialize in Orthodontics, Periodontia, and Dental Oral Surgery.

The harmonious co-operation between the Ontario Dental Association and our Board is appreciated. This joint effort resulted in the splendid dental survey of the Porcupine District of Northern Ontario.

Our relations with the Workmen's Compensation Board have been satisfactory and harmonious.

An Act was passed by the Provincial legislature this Spring providing for a Governing Board to make regulations governing the qualification, discipline and control of Dental Technicians carrying on business in Ontario. Any regulations made by this Board are to be submitted to the Board of the Royal College of Dental Surgeons for their approval before being submitted to the Lieutenant Governor in Council for his sanction.

We are to consider a motion of the Board of Governors of the Ontario Dental Association regarding the inconsistency of office permits issued to medical and dental personnel by the L. C. B. D.

Our Investment and Accounts Committee would like direction as to their duties and responsibilities. They wish to know if the bonds held by this Board are registered or coupon bearing? Is it their duty to examine these bonds? The present amount of Bond for the security of the Treasurer is $2000. Should this amount be increased?

Our Board has expressed its stand regarding holders of certificates from the Dental Board of the United Kingdom taking the D.D.C. examinations.

At the October meeting our Board reaffirmed the principles laid down in 1940 and 1941 regarding Industrial Dentistry.

Dental practice as carried on in certain clinics during the past few years has impressed me strongly that the public will be best cared for in the office of the private practitioner; that the family dentist must be considered an important factor of any dental health programme.

Individual desire to improve and excel and reap the rewards of such excellence must not be denied the members of our profession if the public is to get the best service.

I would indeed be remiss if I neglected to give credit to our Secretary-Registrar, Dr. Gullett, for his splendid co-operation and instruction during the past year. Dr. Gullett spoke before the Orthodontic group at the recent joint meeting of the C.D.A. and O.D.A. and impressed me with his broad and deep knowledge of dentistry. His short talk was an inspiration to all those who had the privilege of hearing him.

May I too pay tribute to the work done by Dr. Reid, our Vice-President. Although his many duties as President of the Canadian Dental Association took a great deal of his time he did not in any way forget or neglect his interest in the affairs of the Board of the Royal College of Dental Surgeons.

To all the Chairmen of Committees and to each of you individually let me express my thanks for your interest and kind co-operation during the year gone by.

All of which is respectfully submitted.

SYDNEY W. BRADLEY, President.

Motion: "That the report of the President be received and adopted." Carried.

REPORT OF THE REGISTRAR-SECRETARY

To the Board of Directors.

Gentlemen:

Great difficulty is being experienced in tracing licentiates after their retirement from military service. These members are not all locating in Ontario and consequently it will be difficult to produce accurate lists until the movement from military to civilian life becomes more settled. It is estimated that over two-thirds of the members of the College who were in military service were retired at the end of the year. (April 30th.)

Attention has been brought to the fact that members of the College employed on salary basis with certain institutions are being pressed to become members of labour unions. Request by our members has been made respecting the attitude of this Board toward this matter.

Many inquiries regarding the requirements for a licence to practise in Ontario have been made during the year. The greater number have been received from dentists of Great Britian although the inquiries have been world-wide, including United States, Holland, Australia, and numerous other countries.

On May 16th, 1946, the Federal Government passed an Act respecting Citizenship. Legal advice has been sought respecting any effect this act may have upon the by-laws of the College.

The distribution of dental services throughout Ontario is of concern. Members retired from the military forces, for the most part, have chosen locations for practice in the larger centres. Larger municipalities now have as many or more dentists as compared to pre-war years, while rural areas are in need of dental services. The difficulty of securing office space remains a real problem. The increase of Ontario dental personnel of approximately 11% since 1939 means that most towns and cities will eventually have more dentists than before the war.

The wording of the Technicians Act passed at the last session of the legislature indicates the advisability and foresight of the Board in securing the 1942 amendment to the Dentistry Act respecting the prescripton. Looking forward to the future adjustments in health services, it is important that the law not only exist but that the members of the College be educated to its importance and actual use in all instances.

The introduction of dental hygienists in Ontario has been discussed at several meetings of dental organizations during the year. The Province of Quebec amended the dentistry act of that province, to permit the organization of a body of auxiliary hygienists specialized in dentistry, at the last session of the Quebec Legislature.

Forty-eight annual renewals for certification as specialists have been issued this year, one holder of which has since died. Several applications for certification are to be presented at this meeting. The proper regulation of the certification of specialsts should do much to elevate the standing of the whole profession.

Owing to the great demand for admission to the Faculty this fall, it is quite probable that many of this year's graduates from secondary schools will have to be refused admission. Priority will be given undoubtedly to ex-service personnel. Those who are refused may seek admittance to dental schools elsewhere and after graduation make application to this Board for license. Requests have been received as to

conditions under which such applicants may obtain a licence to practise. Quite understandably, these students desire to know their position before beginning the study of dentistry.

The biennial election of the Board occurs this fall. The issuing of accurate electoral lists will be difficult owing to the present transition period. Scrutineers are to be appointed at this meeting.

CHANGES IN REGISTER

As of April 30th, 1946, the number issued with renewal certificates for the current year is as follows:

Annual fee paid	1614
Honorary re 50 year list	51
Honorary re military service	419
Total	2084

To this number is to be added one whose fee is not paid and the new graduates in July next of approximately 50.

Changes during the year have been as follows:

Added to Active List		
New graduates	53	
Licentiates from Ontario	2	
Licentiates from Manitoba	2	
Licentiate from British Columbia	1	58
Transferred to Inactive List		
Died	22	
Out of practice in Ontario	29	51
Increase on active list		7.

The latter figures given are not accurate owing to the fact that long delays occur between the retirement of Dental officers from the Military Forces and the obtaining of information as to where licentiates locate in civilian practice.

EXTRAMURAL AND EXTENSION LECTURE SERVICE

The number of meetings held under the lecture service were slightly under the average this past year. This was due, at least to some extent, to the great demand for dental services at present. The extension lecture service could quite probably be increased by the publication of a list of clinicians and subjects.

1896	McMillan, J. F.	Toronto

1896	Pearson, C. E.	Toronto
1896	Revell, R. L.	Woodstock
1896	Sihler, A. T.	Simcoe
1896	Smith, P. St. C.	Toronto

Members Eligible for Honorary Registration January 1st, 1947, are as follows:

1897	Baird, David H.	Ottawa
1897	Brereton, E. L.	Barrie
1897	Cummings, A. E.	Thornbury
1897	Foster, S. E.	Wiarton
1897	Graham, W. H.	Ottawa
1897	Henderson, C. K.	Hespeler
1897	Kennedy, G. T.	St. Thomas
1897	Kinsman, A. R.	London
1897	Maclean, W. A.	St. Catharines
1897	McLean, A. H.	Orillia

All of which is respectfully submitted.

DON W. GULLETT, Registrar-Secretary

Motions: "That the problem of introducing Dental Hygienists as an auxiliary service be referred to the Executive Committee for further study and that this committee be prepared to make a report at our Fall meeting." Carried.

"That whereas the members of the College are members of a Health profession, and whereas under the Dentistry Act of Ontario the Board of the Royal College of Dental Surgeons of Ontario is empowered to make such by-laws as it may deem necessary for the government, discipline and regulation of the members of the College and the profession of dental surgery, and whereas becoming members of a trade union and becoming subject to its rules and regulations are contrary to the By-Laws of this Board, be it resolved that this Board do not countenance the association of any member of the College with any trade union and be it further resolved that this Board take the necessary steps to have all members of the College exempted from membership in any trade unions." Carried.

"That Dr. Gordon McLean and Mr. Laidlaw be appointed scrutineers for the forthcoming election." Carried.

"That the following licentiates be granted honorary registration in the R.C.D.S. on January 1st, 1947:

David H. Baird
E. L. Brereton
A. E. Cummings
S. E. Foster
W. H. Graham
C. K. Henderson
G. T. Kennedy
A. R. Kinsman
W. A. Maclean
A. H. McLean

Carried.

"That the report of the Registrar-Secretary be adopted." Carried.

REPORT OF TREASURER

To the Board of Directors.
Gentlemen:

The auditor's financial statement herewith presented contains in detail the revenues and expenditures for the year.

Licentiate Fees

First fee notices were sent out on December 1st last, second notices were mailed on January 21st, and drafts issued upon those who had not paid on March 1st. As a result, the fee of Dr. H. C. Pritchard, Athens, is the only one not paid at the end of the year. On April 5th, Dr. Pritchard's account was placed in division court for collection.

Extramural and Extension Lecture Service

24 meetings were held at 17 centres, as compared to 25 meetings at 20 centres last year, at a total cost of $1,063.04.

The expenses were made up as follows:

Paid University of Toronto for Honoraria	$500.00
Extension Lecture Honoraria	25.00
Expenses of Lecturers	538.04
	$1063.04

Printing and postage costs for this service are included under those items.

Harry R. Abbott Library

The receipts from the Harry R. Abbott Fund for the year were $446.38 and the expenditures were $517.48, leaving $71.10 less in this account than at the end of last year.

Government Bonds

As recommended, 2000 Alberta bonds were sold and replaced by 2000 Dominion of Canada, leaving the par value of bonds held at the same amount. The market value of the bonds held has increased appreciably during the year, being 4,585 dollars above actual cost at the end of the year. Interest received being within 11.00 dollars of that obtained last year.

The system of bookkeeping is being reorganized with the advice of the auditor.

Auditors for the next year should be appointed.

DON W. GULLETT, Treasurer.

Motions: "That Thorne, Mulholland, Howson and McPherson be appointed auditors for the ensuing year." Carried.

"That the report of the Treasurer be adopted." Carried.

AUDITORS' REPORT

We have audited the books and accounts of the Royal College of Dental Surgeons of Ontario for the year ended April 30, 1946. All our requirements, as auditors, have been complied with and we report that the above Balance Sheet is in accordance with the books, and, in our opinion, is properly drawn up so as to exhibit a true and correct view of the financial position of the College as at April 30, 1946.

REPORT OF EXECUTIVE COMMITTEE

Gentlemen:

Since the last meeting of this Board, your Executive Committee has held one meeting.

This meeting was convened to consider the appointment of an inspector and investigator and after due deliberation the following resolutions were passed:

"That this committee recommend to the Board that immediate action be taken in the matter of engaging the services of Mr. G. Monahan to act as inspector and investigator for this Board in conjunction with the College of Physicans and Surgeons of Ontario at a cost to the Board of the Royal College of Dental Surgeons not exceeding one hundred dollars ($100.00) per month plus expenses, incurred in the prosecution of his duties."

Motion: "That the secretary be instructed to negotiate with the College of Physicians and Surgeons and if deemed advisable to engage the services of Mr. Monahan as a joint inspector and investigator for both boards, for a term of one year, at a cost to this Board not exceeding $100.00 salary per month plus necessary expenses incurred in prosecuting his duties for this Board." Carried

Pursuant to these resolutions Mr. Monahan was engaged and entered upon his duties on April 8th, 1946. A report of his activities will be presented at this meeting.

All of which is respectfullv submitted for your ratification.

H. W. REID, Chairman.

Motion: "That the report of the Executive Committee be received and adopted." Carried.

REPORT OF THE DISCIPLINE COMMITTEE

Mr. President and Gentlemen:

There have been a large number of complaints regarding overcharges on fees; some appear justifiable, and some not. It must be kept in mind that these complaints reflect on the profession and that a day of reckoning may come.

The matter of signs is again before us. Certain returned men are displaying "X-ray", not knowing the ruling as of July 1st, 1942.

Dr. — — — is giving us trouble again. This is introduced to discuss his particular case as to whether action should be taken or not.

Members of the College in — — — protested a sign displayed by Dr. — — —, "Denture Specialist". The Secretary was instructed to write to Dr. — — — and this matter has been cleaned up satisfactorily.

Another complaint has been made regarding the method of procedure of Dr. — — — who has been before Committee previously.

Dr. — — — whose fee has not been paid is ill with a broken hip and from information received by your chairman will not likely practise again.

Complaint from the Department of Health from information received from the Detective Department of the ——— Police that the office, and the dentist himself, were in a filthy condition. This member has since died.

Dr. — — — has made the refund to the patient, Mr. — — —, as directed by the Board, not having completed satisfactorily the operation in dispute. This licentiate is evidently carrying on as before, and your Chairman feels that some action should be taken to curb this man before he becomes a menace to the public.

Dr. — — — appeared before the Secretary, and took the necessary steps to re-instate himself on September 15th.

Dr. A. Gott, Toronto, appeared before the Discipline Committee

at a meeting called for the purpose, on January 17th, last, to answer the following charge:

"A charge that you have, in the months of April, May, June and July, 1945, been guilty of infamous, disgraceful or improper conduct in a professional respect, in that you have failed to use sufficient care and skill to avoid unnecessary hemorrhage in connection with the extraction of teeth by you, and that you have failed to provide necessary post-operative care to control hemorrhage for patients whose teeth you have extracted."

Evidence was presented supporting the charge by one witness and several communications. Dr. Gott was questioned at length by the members of the Committee. After full consideration this Committee recommends to the Board that in the case of Dr. A. Gott, that Dr. Gott be found guilty of improper conduct in a professional respect in that he failed to provide necessary post-operative care to control hemorrhage for patients for whom he extracted teeth.

It is our pleasure to report the employment on a half-time basis, in co-operation with the Board of the College of Physicians and Surgeons of Ontario with Mr. G. Monahan instead of Mr. W. J. McCullough as recommended at a half-time salary of $87.50 per month and necessary expenses. We trust that the Board will concur in this matter.

Many complaints of a minor nature have been handled most satisfactorily by the Secretary.

Our solicitor has set up a definite legal procedure for the guidance of this Committee. This deals with the matter of bringing a member of the College before the Committee, from the time a complaint is laid, with all steps to be taken, to the completion of the case.

Illegal Practice

F. N. Regan, Wa Wa, appeared before the Magistrate at Sault Ste. Marie on November 28, 1945, and was charged with practising dentistry illegally. He was found guilty and fined one hundred dollars or fifteen days. He served the gaol sentence.

Clarence E. Bishop, Toronto, appeared before Magistrate Tinker on September 14th, 1945. He pleaded guilty and was fined $500.00, or thirty days. The fine was paid.

It is apparent that we are confronting a definite increase in illegal practice. It is impossible for the Secretary to investigate all these cases and the engaging of an Inspector has been absolutely necessary.

Respectfully submitted,

HERBERT L. FIELD, Chairman

Motions: "That this Board confirm the findings of the Discipline Committee that Dr. A. Gott has been guilty of improper conduct in a professional respect and that Dr. A. Gott be informed that this Board will take a serious view of any further complaints of a like nature."
Carried.

"That the report of the Discipline Committee be adopted."
Carried.

REPORT OF FACULTY OF DENTISTRY, UNIVERSITY OF TORONTO

To the Board of Directors,

Royal College of Dental Surgeons of Ontario.
Gentlemen:

The registration in the Faculty during session 1945-46 was 378, including 8 women and 25 student dental nurses. Of the 170 students in First Year seven men who had served as dental technicians in the Canadian Dental Corps were allowed certain subjects of the First Year and were registered in a Combined Course of the First and Second Years. Next session they will complete their Third Year, and the essential subjects of the Second Year that they have not taken. Four students withdrew voluntarily from the First Year, and two ad eundem students from the Second Year. Twenty-three of the student dental nurses completed the year successfully while two were unsuccessful and failed the the year. For session 1946-47, 117 applications were received for the course in Dental Nursing. Preference was given to ex-service women, and the twenty-five young women selected for the class have all had active service.

The Wartime Accelerated Course has now been discontinued for the First, Second and Third Years. The present Fifth Year will graduate on July 11, 1946, and the present Fourth Year will write their Annual Examinations in November, 1946. The successful candidates will register in the Fifth Year on December 2nd, and will graduate in July, 1947. Owing to the deceleration of the course, there will be no Third Year from February, 1946, until September 23rd, 1946.

By a ruling of the Board of Governors of the University, registration in the pre-dental year for session 1946-47 will be offered to 175 students and the total registration in the First Dental Year will be 200. Discharged personnel will be given priority but it is suggested that a limited number of applications from recent High School graduates with high scholastic standing be considered by the Committee on Admissions.

During the session nine post-graduate courses were given in the following subjects: Pedodontia, Periodontology, Prosthodontia, and Dental Surgery and Anaesthesia. Some of these courses were of one week's duration, others were of five weeks' duration. Fifty-one dentists attended, and showed great enthusiasm for the instruction given.

Two graduates were registered in the course leading to a diploma in Dental Public Health. Three dentists were registered in the graduate course in Dental Surgery and Anaesthesia, and one graduate in the course in Orthodontics, leading to a University diploma. There were no applications for the course in Periodontology. A separate report on these courses will be given in detail.

Research

Research investigations which are being carried out by members of this Faculty and which are being financed by the Canadian National Research Council:

(1) An investigation of the chemical mechanisms involved in the decrease of dental caries by fluorides. (Department of Chemistry, direction of Dr. J. J. Rae, for the Department of Periodontology).

(2) Composition of Nitrous Oxide Mixtures in Dental Anaesthesia. (Department of Pharmacology, University of Toronto, by Dr. R. J. Tickle, a graduate of the Faculty of Dentistry, under the direction of Dr. G. H. W. Lucas).

(3) To improve certain properties of the packing materials used by the Canadian Dental Corps in the treatment of Periodontal disease. (Major W. J. Linghorne, under the direction of Dr. Harold K. Box.) (This research problem was sponsored by the Canadian Dental Corps and the

National Research Council, and is now being transferred to this Faculty.
(4) Acrylic as a new denture base material. (Dr. R. L. Twible, in collaboration with the Ontario Research Foundation under Dr. H. B. Speakman).

Investigations which are being carried on, or suggested in this Faculty in the Department of Periodontology, under the direction of Dr. Harold K. Box.

(a) Further studies in the Histo-pathology and Bacteriology of Necrotic Periodontitis.

(b) The Development of a non-injurious agent, for the dissolution of Dental Calculus, and a Suitable Method for its Clinical Application.
(c) The Effect of Penicillin on the Bacterial Flora of Deep Periodontal Pockets as Revealed by the Light and Electron Microscopes.
(d) Further studies on the Protective Action of Certain Organic Substances against Enamel Decalcification.

(e) An Investigation Concerning the Nature of Dental Caries Involving New Etiological Factors.

Investigations bv members of the Faculty under the direction of Dr. Box.
(a) A Study of the Reactions of the Gingival Capillaries to various Stimuli. Dr. H. A. Hunter.)
(b) Investigation of the Influence of Certain Agents in the Gingival Crevice on the Crest of the Alveolar Bone. (Dr. H. A. Hunter.)
(c) A Study of the Acid Effect of Chlorides in the Interprismatic Substances of Enamel. (Mr. A. F. Fenton, under the direction of Dr. H. K. Box.)
(d) An Investigation into the Bacteriology and Pathology of the Gingival Conditions of Children as Related to Adult Periodontal Disease. (Dr. W. G. McIntosh, under the Direction of Dr. H. K. Box.)
(e) Dr. C. H. M. Williams (Chairman, group study being conducted in conjunction with Dr. Alan Brown, Department of Pediatrics, and Hospital for Sick Children).

A study of the Influence on Dental Caries of Fluorine in Bone Meal.
(f) Determination of the Centres of Rotation of the Mandible in Function. (Dr. C. H. Moses, direction of Dr. Box, and Dr. Godfrey.)
(g) The Construction of a Mechanical Robot simulating the Head and Neck with reference to Bone, Joints, and Muscles in order to study: (1) Anatomical movements of the mandible; (2) wear of the teeth; (3) arrangement of the teeth. (Dr. C. H. Moses).
(h) Animal experiments to study the effects of normal function, lack of function and overfunction on the bony structures and soft tissues. (Dr. C. H. Moses, — Drs. Box and Godfrey.)
(i) A Study of the Dental Conditions of the Children of the city of Brantford before and immediately after the addition of fluorine to the drinking water. (Dr. H. A. Hunter, under the direction of Dr. R. G. Ellis.)
(j) A Study on infants suffering from coeliac disease from the standpoint of tooth and bone development, and on a control group of patients of similar age not suffering from coeliac disease and not having had the special coeliac diet.
(Dr. Effiie M. Milner — research work in the Department of Orthodontics, and the Hospital for Sick Children).
(k) Study of the relation of Diabetic Disease to Periodontal Conditions. (Dr. H. J. Wildfong.)

M.Sc.(Dent.)

Dr. R. J. Godfrey, Professor of Prosthetic Dentistry, has been granted the degree of Master of Science in Dentistry. The title of Dr. Godfrey's thesis was, "A Classification of Partial Dentures".

Extramural Lectures

Extramural Lectures and demonstrations have been presented before 24 dental societies throughout the province. A lecturer was also provided for the Northern Ontario Dental Association meeting. The continued interest in this service over the years is very gratifying. The Faculty has also, through this Service, co-operated with the Dental Public Health Committee of the Ontario Dental Association in stimulating interest in dentistry for children among the dentists practising in the Niagara Peninsula.

Kellogg Foundation

We are communicating with the W. K. Kellogg Foundation with the expectation that the Foundation will support the Faculty financially in developing a graduate and post-graduate department.

The scholarships donated by the W. K. Kellogg Foundation to the value of $625 are still available in five of the eight R.C.D.S. electoral districts.

Scholarships

The Faculty is very grateful for the splendid presentation of $3,500 from the Class of 1923, the income from which is to be used for scholarship purposes; and to the Denco Company for the sum of $300 annually for the establishment of a scholarship in memory of Mr. Henry Thompson, the founder of the company.

Hospital for Sick Children

The Faculty Committee on Hospital Relationship is continuing its negotiations with the Building Committee of the Hospital for Sick Children with reference to the establishment of a dental clinic in the hospital, and also with respect to building facilities.

The Faculty is indeed grateful at the honour extended to Dr. E. W. Paul, Professor of Dental Surgery and Anaesthesia, and Librarian, by his confreres in the dental profession. Dr. Paul has been the founder of the Department of Dental Surgery and Anaesthesia in this Faculty, and it is fitting, therefore, that his portrait should be hung in the Dental Building in recognition of his contribution to the teaching of Dentistry.

Of the 13 members of the Faculty staff who served in the active forces during the war the following have returned and have been re-instated: Doctors Tanner, Spinks, Kilburn, Graham, Kreutzer, Twible, McIntosh, Harwood, Cavanagh and Purves, and Mr. Rous, the Secretary of the Faculty. I regret that Dr. Lott, Professor of Prosthetic Dentistry, did not return to his position on the staff. He has accepted an appointment as Director of Professional Research with a commercial dental concern in New York.

The Faculty would respectfully request that the Board make the following grants:

Extramural Lecture Service,

Research,
and a donation to the Faculty Contingent Account.

All this is respectfully submited.

ARNOLD D. MASON, Dean.

Following is a report submitted to the President of the University in December, 1945, which is a summary of the need for a new dental building in the University of Toronto.

THE NEED FOR A NEW DENTAL BUILDING IN THE UNIVERSITY OF TORONTO

The Status of Dental Education

1. With the general trend among the health professions toward a broadening national outlook, the science and practice of dentistry is being readjusted. New responsibilities place on dental education new demands. Chief among these demands is adequate preparation of dental practitioners in whom has been kindled, by means of extension of research facilities, the vision of better national health through modern measures of maintenance of normal health and prevention of disease.

2. Teaching facilities to cope with this situation in many dental faculties throughout the United States and Canada have become inadequate to meet the demands of the new expanded program.

"In addition to the above-outlined new buildings and additions (in 12 schools), which will, in all probability, be erected within five years after materials are available, long range plans are being considered for new buildings in enlarged medical-dental centers in several other institutions, including (5 then named)." Report of the Council on Dental Education, J.A.D.A., Vol. 32, No. 13, July 1, 1945, pp. 892 et seq.

Of the 5 Canadian dental schools, the University of Montreal already has a new building, and the University of Alberta and McGill University have immediate expansion programs under consideration.

3. There is general agreement among universities that there should be a closer association between medical and dental faculties, and this consensus is being reflected in their various expansion programs.

A Study of the Situation As It Pertains to the Faculty of Dentistry

4. Through the generosity of the Royal College of Dental Surgeons of Ontario (the Licensing Body) a Committee, composed of members of the staff of the Faculty of Dentistry of the University of Toronto, visited many of the more outstanding dental schools on this continent, studied their courses of instruction and physical accommodation and submitted a detailed report of their findings. Many special meetings of the Faculty Council were held at which this report was discussed clause by clause.

5. Arising out of the study made of the situation, the following points are stressed:

(a) The present situation in the Faculty of Dentistry is considered critical. Not only are physical facilities inadequate for normal expansion of the undergraduate dental educational program, but they are also inadequate for research and post-graduate education.
(b) As the oldest Faculty of Dentistry in Canada, and because of its central location, this Faculty is looked to by all Canadian universities and by the dental profession to give leadership in undergraduate dental education and to provide post-graduate instruction and research facilities. With the very inadequate facilities now available many research projects are being carried on: with proper facilities this number would be greatly increased.

(c) In addition to the demands of the regular undergraduate and post-graduate courses, there are those created by the request of the Board of Directors of the Royal College of Dental Surgeons of Ontario for the establishment of courses for candidates desiring to qualify for Specialist Certificates, from which has resulted the request of the Faculty Council for the establishment of certain diploma courses.

(d) To retain its status among the health professions and to be ready to give leadership in the field of dental health in a national

health program, dental education must look to expansion in the preventive field, both from the standpoint of teaching and of research.

(e) It is considered essential that this Faculty should so integrate the medical and dental phases of the curriculum that the dental graduates will be prepared for closer co-operation between the two professions in fields of mutual interest. It is therefore considered imperative that the facilities of teaching hospitals should be more readily available to dental students, by closer proximity to the Banting Institute, School of Hygiene and the teaching hospitals, e.g., the new Hospital for Sick Children and Child Health Centre, Toronto General Hospital and Mt. Sinai Hospital when approved.
(f) The Hospital for Sick Children in its new development as a Child Health Centre will not only care for sick children but plan for and study the various problems of all children, either well or sick, with special emphasis on preventive measures. Also in dentistry it is planned to study not only the teeth, but the whole child, with the object of preventing dental disease and promoting normal growth of both teeth and jaws.

This, it is hoped, will eliminate much of the restoration treatment of later years. In the meantime the endeavour will be to strive to attain a high standard in restorative treatment (in adults) so that students may be prepared to meet these needs of the present day.

(g) The Physician-in-Chief of the Hospital for Sick Children, Dr. Alan Brown, in appearances before the Faculty Committee has expressed himself as being desirous of having the best possible dental service for the new Health Centre. With this in view the Hospital is prepared to allot the necessary space for such a service, to provide all necessary laboratory facilities, to provide dental wards, and in every way to make possible dental research both as an entity and in co-operation with other departments of the Hospital. In order to secure the maximum results from the program, Dr. Brown is desirous of having the Faculty of Dentistry housed in a building in close proximity to the new Hospital Building, with a connecting corridor, and if assurance of this proximity is given, the Hospital is prepared to include in its heating plant sufficient capacity to heat the Dental Building, thus saving the University the cost of installation of a heating plant.

(h) Such a program would give dental undergraduates and graduate interns an opportunity to attend autopsies, observe operations, and generally to have available the teaching facilities of the Hospital which would be of benefit to dental students — a highly desirable arrangement from the standpoint of the Faculty. And in addition, the dental teaching desired by the Hospital could be given to medical students and medical nurses.
(i) The inadequacy of the facilities for classes of normal size has already been pointed out. With the abnormally large classes (both undergraduate and graduate) of the post-war period already enrolled and indicated for the future by the number of applications now being received, the situation is untenable, first from the standpoint of actual floor space, and secondly from the standpoint of arrangement.

(j) Additional facilities are required to provide post-graduate training for Dental Officers upon retirement from the Armed Services and to provide a full dental course for those men returning from the Forces who enter the undergraduate course. Previous to this session the accommodation of the Dental Building was taxed to a

point where it was difficult to maintain the desired standard of training for the students. The increased registration this session due to the cessation of hostilities has greatly aggravated the situation. With the further increase in registration anticipated next session. the position will be untenable when these classes reach the clinical years.

(k) The feeling of the Faculty is that it cannot be too strongly urged that there is a constantly growing demand for post-graduate and graduate courses and that if because of the lack of proper accommodation and facilities the demand is not adequately met here, this work will be given elsewhere to the serious detriment of the standing of this Faculty of the University.

6. Because of the reasons stated above it is the considered unanimous opinion of the members of the Council of the Faculty of Dentistry that a new building is essential. (The Board of Directors of the Royal College of Dental Surgeons of Ontario have unanimously favored this action.)

The New Dental Building

7. A new Dental Building is needed to provide the facilities demanded by:

(a) Orientation of dental education in keeping with present trends.
(b) Research on a greatly expanded basis.
(c) Post-graduate studies.
(d) Courses leading to diplomas for certification of specialists.
(e) Expanding demands of Dental Nurses' classes.
(f) Expanded dental-medical and medical-dental teaching.
(g) Increased enrolment during the post-war years.

The Relationship of the New Building to the Immediate Emergency

8. The increased facilities requested are essentially required for peace-time needs. However, by judicious planning, the post-war emergency period can be tided over without too much embarrassment by the temporary allocation of research and post-graduate space to under-graduate uses.

Location of the New Building

9. If dental-medical teaching is to be integrated and greater co-operation between the health professions is to be encouraged in the minds of the students of both faculties, it would seem desirable to have the new building in close proximity to the teaching hospitals.

Necessity for Prompt Action

10. Because of the facts submitted, it is considered that early action should be taken to provide the new building.

Motions: "That the amended report of the Faculty Council as presented by Dean Mason be adopted." Carried.

"That this Board extend congratulations to Dr. R. J. Godfrey on his being granted the M.Sc.(Dent.) degree and commend him for his efforts to increase his efficiency as a teacher in the Faculty of Dentistry." Carried.

REPORT OF THE COMMITTEE ON PETITIONS AND EXAMINERS

Mr. Chairman and Gentlemen:

Our Committee first met in the Board Room, January 16th, 1946, All members were present, together with Drs. S. W. Bradley, ex-officio, and Don W. Gullett, our secretary.

The purpose of this meeting was to discuss the proposed curricula for the three Specialists' Courses, as submitted by Dean Mason.

Representatives of the Specialists' Organizations met the Board in the persons of Dr. W. Breslin, representing the Dental Oral Surgeons, and Dr. G. V. Fisk, representing the Orthodontists. A letter was read from Dr. C. H. M. Williams of the Periodontists' Group. Dean Mason, being ill, was represented by Assistant Dean Cowling.

After considerable discussion, recommendations were made in the form of suggested amendments to the curricula.

After Drs. Cowling, Breslin and Fisk retired, the following motions were unanimously passed.

(1) "That having made a study of a submission by Dean Mason re Specialists' Courses, that this committee recommend to the Board that same be approved, subject to suggested amendments, and that the examination paper and marks obtained by each candidate be submitted to the Board." Carried.

(2) "This committee recommends that students taking courses qualifying for Specialists' certificates in other universities be required to submit their complete examination report including question papers."

The second meeting of our committee was held during the Joint Convention of the Ontario Dental Association and the Canadian Dental Association in the Royal York Hotel. All members were present, together with Dr. Don W. Gullett.

During the year thirteen applications for Specialists' certificates were received, and the qualifications of the applicants were evaluated, and we recommend to the Board that Specialists' Certificates be issued to the following applicants:

In Dental Oral Surgery —

Dr. D. J. Ferguson, London;
Dr. D. M. Tanner, Toronto.

In Orthodontics —

Dr. I. W. Hamilton, Ottawa;
Dr. W. R. Hendry, Toronto;
Dr. S. J. Lesco, Toronto;
Dr. W. J. McEwen, Hamilton.

In Periodontia —

Dr. W. J. Linghorne, Toronto.

The following recommendations were made to the Board for their consideration and we ask that a definite policy be laid down by the Board for each recommendation.

(1) That a candidate be permitted to take a post-graduate course in a recognized Specialty, immediately upon graduation (providing the course is acceptable to the Board), and then after spending three years in general practice, be given a Specialists' Certificate, if all other requirements are according to our Regulations, namely, professional conduct, etc.

(2) That the same training and qualifications be required of ex-service men wishing to specialize as from those who have been in civilian life.

(3) That the final examination papers of the fifth year of the Faculty of Dentistry, University of Toronto, together with the marks obtained in each subject be placed in the hands of the Board Members for their

consideration previous to the time those applicants are passed upon to practise Dentistry in the Province of Ontario.

A communication from Dr. S. A. MacGregor, Toronto, was presented requesting that arrangements be made for the certification of Pedodontists as specialists and that he be considered as an applicant.

Applications for licence were presented from G. F. R. Cole of Austraila; Major E. B. Hansen, a graduate of Western Reserve University; Capt. L. W. Patrick, a graduate of University of Pittsburg, and Leo Dault, a graduate of the University of Montreal.

The curricula for the courses as conducted by the Faculty of Dentistry, University of Toronto, for the academic requirement under the regulations governing certification for specialists are attached together with the examination papers of this course for the current year.

Respectfully submitted,

Edgar W. Paul,
J. Elmer Amos,
J. Frank Giffen, *Chairman.*

Motions: "That Dr. William John Linghorne be granted a certificate to practise the specialty of Periodontia." Carried.

"That Dr. William Roy Hendry be granted a certificate to practise the specialty of Orthodontics." Carried.

"That Dr. Stephen Joseph Lesco be granted a specialists' certificate in Orthodontics." Carried.

"That Dr. William James McEwen be granted a specialists' certificate in Orthodontics." Carried.

"That Dr. Douglas McGill Tanner be granted a specialists' certificate to practise the specialty of Dental Oral Surgery." Carried.

"That Dr. Duncan James Ferguson be granted certification as a specialist in Dental Oral Surgery." Carried.

"That Dr. Ira Wilson Hamilton be granted certification as a specialist in Orthodontics." Carried.

"That Dr. S. A. MacGregor be informed that he will be meeting the requirements of this Board if he informs his patients that he is limiting his practice to children and that he be asked to postpone his request for certification as a Pedodontist until there are better facilities in the Faculty for training other applicants to the specialty of Pedodontia." Carried.

"That in the case of G. F. R. Cole, the citizenship clause be waived and if he successfully completes his course in the Faculty of Dentistry, University of Toronto, and meets all other requirements of this Board, he be granted his L. D. S. certificate." Carried.

"That in the matter of the application of Dr. Hansen for registration in the Royal College of Dental Surgeons, no action be taken until requirements of By-Law No. 8 be complied with." Carried.

"That in the matter of Captain Patrick, it will be necessary for him to fulfil the requirements of By-Law No. 8 for admission to membership in the Royal College of Dental Surgeons." Carried.

"Re application of Leo Dault for licence to practise dentistry in Ontario, that the previous resolution concerning him passed October 22nd, 1942, be rescinded and that if he meets the matriculation and other requirements of this Board, he be granted a licence to practise in Ontario." Carried.

"That the amended report of the committee on Petitions and Examiners be adopted." Carried.

REPORT OF THE COMMITTEE ON LEGISLATION

To the Board of Directors,

Royal College of Dental Surgeons.

Gentlemen:

I beg to report on the Bill No. 128 — "An Act respecting Dental Technicians", an Act which received its 3rd reading on April 5th, 1946, and shall come in force on a day to be named by the Lieutenant-Governor by his Proclamation and known as "The Dental Technicians Act, 1946".

You will remember in the draft of the Act, your board were not in agreement with:

(a) Definition of Technician;
(b) The improvement of the practice of the art of Dental Technicians, etc.;
(c) The Association and the Public;
(d) How the Board of Directors were to be composed;
(e) Profession titles;
(f) Power given to Technicians' Board.

The objections above and others were corrected and the whole Act is much shorter.

The following is a brief summary of the Act:

1. Board

There shall be a Governing Board of Dental Technicians of five persons appointed by the Lieutenant-Governor in council and after the first appointments, the members shall be elected for two years and vacancies filled for the remainder of the term by the members of the Board.

There shall be a chairman, vice-chairman, and a secretary-treasurer elected by the Board from amongst its members.

2. Regulations

All the Dental Technicians in the Province of Ontario are to be registered at a fee not exceeding $25.00. The regulations also provide for qualifications, discipline control, investigation, cancellations and suspensions of all members within the Act. Finally, for payment of reasonable fees for discharge of duties of the Board.

3. Submission to College

All regulations made by the Board shall be submitted in writing to the Royal College of Dental Surgeons not less than thirty days before being submitted to the Lieutenant-Governor in council for approval.

4. Registered Dental Technicians

All registered dental technicians shall have the right to use this term, also nothing in this act shall be deemed to prohibit any person from working as an employee of a legally qualified dentist.

5. Performance of work by others

Nothing in the Act shall be deemed to prohibit:

(a) A dentist within the meaning of "The Dentistry Act";
(b) A physician within the meaning of "The Medical Act";
(c) A hospital dispensary, university, or municipal clinic acting upon the prescription or order of a legally qualified dentist or physician; or
(d) Apprenticed dental technicians and other persons working as employees of a registered dental technician;

from performing work or services ordinarily performed by a Dental Technician.

6. Dentistry Act

Nothing in this Act or the regulations shall limit, alter, affect, the application of any provision of "The Dentistry Act" or of any by-law made thereunder.

7. Penalties

There is also covered in the Act, penalties, proof of registration, etc. Penalties imposed under this Act shall be recoverable under "The Summary Conviction Act".

8. Entitlement to Registration

Any person carrying on business as a dental technician on the 31st day of March, 1946, shall be entitled as of right to registration upon applying to the Board for registration and paying the fee for registration presented by the regulations.

A copy of the proposed regulations under the Ontario Technicians' Act, as submitted by the Ontario Technicians' Association, are herewith presented for the approval of this Board.

All of which is respectfully submitted.

E. W. PAUL,
F. A. BLATCHFORD,
S. J. PHILLIPS, *Chairman.*

Motions: "That this Board approve the regulations submitted in connection with the Dental Technicians Act." Carried.
"That the report of the Committee on Legislation be adopted." Carried.

LIBRARIAN'S ANNUAL REPORT, 1945-46

Gentlemen:

I beg to present the annual report for the year ending May 31st, 1946.

We take great pleasure this year in reporting the encouraging increase in the library not only by the staff and students of the Faculty, but by the graduates as well. The number of dentists who have written or come in to the library seeking books and information is almost double that of former years. At present the greatest number of requests come from men re-establishing their practices or from members of the armed srvices who are looking towards the day of their discharge.

A comparison of the circulation figures with last year indicates this increase to some extent. During the year a total of 9,345 books and journals were loaned out as compared to 8,714 for the previous year.

The library added 80 new books this year of which 38 were purchased by the Harry R. Abbott Fund. Four new periodical subscriptions were added to the list and several rare bound volumes were purchased to complete our files of early journals. Several chairs and tables were purchased and increased the Library's facilities.

A duplicate list of journal material was again prepared and published in the American Medical exchange list. As a result material was exchanged with twenty-two medical and dental libraries in Canada and the United States. Valuable contacts were made with such libraries as: New York Academy of Medicine, Boston Medical Library, Rudolph Matas Medical Library, Evans Institute and Mayo Clinic.

Through the courtesy of the University of Michigan dental library, we were able to borrow the very rare copy of Horace Wells' "Essay On Teeth" in order to make a typescript copy. This is now being bound and will be on display in the library in the fall.

One of the most serious problems to be met this year was the ever-growing number of books needing repairs. With the advice and under the guidance of the bindery department of the University library, we have, this year, undertaken our own mending of worn books. In this respect we would like to acknowledge the kindness and encouragement of the staff of the bindery department during the autumn months when the project was first suggested.

As requested by this Board, an inventory of the Harry R. Abbott Library and Museum has been undertaken. We have a catalogue of all Harry R. Abbott Library books but the listing and evaluating of the specimens and pieces in the museum has not been completed and presents

considerable difficulty. During the summer the library staff hope to give this undertaking considerable attention.

The library acknowledges with gratitude the donations of books and journals from Dr. C. E. Sutton, Dr. G. W. Grieve, Dr. T. E. C. Butler, Dr. W. K. Prendergast, and Dr. H. C. Bayne.

This report is respectfully submitted with the recommendation that for the ensuing year a grant of $150.00 be made.

DR. E. W. PAUL, *Librarian.*

Motions: "That the Librarian's report be adopted." Carried.
"That Dr. Paul be appointed librarian for this year." Carried.

REPORT OF THE DOMINION DENTAL COUNCIL

At Fall Meeting

Dr. Campbell presented a verbal report concerning several matters before the Dominion Dental Council.

The Boad opposed the idea of the D.D.C. accepting for certification Canadian citizens who have graduated from Class A schools of the United States.

Motion: "That this Board does not approve of the principle of allowing citizens of Canada resident in this country prior to beginning the study of dentistry, who present a certificate of qualification from Class 'A' American dental schools being permitted to write D.D.C. examinations." Carried.

At the Annual Meeting

To the President and Board of the
Royal College of Dental Surgeons of Ontario.
Gentlemen:

Your representative on the Dominion Dental Council begs leave to report.

The financial position of the Council is an excellent one and shows a net surplus for the past year of over $1,000 and net assets of over $22,000.

During the year 1945 examinations were held as follows:

January—
Edmonton: 14 tried (Class A, 13; Class D, 1). 13 were successful. 1 wrote supplemental—passed.

May—
Toronto: 49 tried (Class A, 46; Class D, 3). 45 were successful. 3 rewrote—passed.

July—
Halifax: 5 tried (Class A, 4; Class D, 1). 3 were successful. 1 rewrote—passed.
Victoria: 3 tried (Class D). 2 were successful.
Edmonton: 2 tried (Class D). 1 was successful.
Overseas: 11 tried. 11 were successful.

September—
Edmonton: 7 tried. 6 were successful. 1 failed, low average.
Saskatoon: 2 tried (Class D). 2 were successful.
Toronto: 1 tried (Class D). Successful.
Halifax: 3 tried (Wrote Sups.). 2 passed, 1 failed.

There will be only one examination held this year at Toronto, July 15th to 20th.

(Dr. Box resigned as examiner in Oral Medicine. Dr. W. G. McIntosh was appointed with Dr. Box as Associate.)

Owing to the fact that classes were graduating at different times from the three faculties and an examination was set to accommodate the men overseas in the Dental Corps, the year was a particularly heavy one but all exams passed off quite harmoniously.

In the fall of 1945 British Columbia asked to be associated with the Council and as all the other provinces agreed this province was admitted and elected as its representative Dr. Emory Jones of New Westminster.

On May 25th, 26th, 27th last, a meeting of the Council was held in

Toronto, all agreeing provinces being represented. During the meeting a deputation from the province of Quebec was received and after a lengthy discussion a fairly definite understanding was arrived at which is hoped may lead to the inclusion of that province in the Council.

A number of notices of motion to amend the constitution and by-laws having been presented, a thorough revision of these articles was undertaken and while the final results of this work will not be available for several months, some of the more important items might be reported at this time.

Constitution, Section 3, Amended to read—

The Dominion Dental Council of Canada shall consist of one representative from each province elected or appointed by the incorporated dental registering body of each province which agrees to accept the standards of professional examination and certificate of qualification for dental surgeons issued by the Dominion Dental Council—after the first day of January following the year in which the province enters the Dominion Dental Council . . . etc.

B. Notice of the proposed admission of any applying province to the Dominion Dental Council shall be sent by the Secretary of the provincial board of the applying province to the secretary of the Dominion Dental Council by registered mail. This notice of application shall then be published in one issue of the Canada Gazette by the Secretary of the Dominion Dental Council. A copy of the proposed admission shall also be sent by the Secretary of the Dominion Dental Council to the Secretary of the provincial board in all the agreeing provinces. Each provincial Secretary must then notify the Secretary of the Dominion Dental Council regarding the decision of his provincial board. If the provinces are unanimous in consenting to the proposed admission, the admission shall take place immediately and the Secretary of the applying province shall be so notified by the Secretary of the Dominion Dental Council and advised to appoint or elect a representative on the Dominion Dental Council at once.

(Also a number of changes of less importance were made.)

By-Laws

The following was adopted as one of the qualifications of a candidate for Dominion Dental Council examinations.

That a citizen of Canada who has been resident of Canada for five years prior to beginning the study of Dentistry and who presents a certificate of approval following an aptitude test by the board of the agreeing province of which he is a resident, and who presents a certificate of qualification from a recognized Dental School equal to the qualifications required of graduates of Dental Schools in the agreeing provinces, shall be permitted to write the Dominion Dental Council examinations.

To avoid any of the weaknesses of co-incidental examinations, and to secure the full control of Dominion Dental Council examinations, the following was adopted:

That after August 1st, 1946, the Dominion Dental Council shall refrain from accepting the clinical examinations of senior students at recognized dental schools and upon the production of satisfactory evidence of graduation from such a school shall conduct all clinical examinations as separate examinations.

All of which is respectfully submitted.

G. H. CAMPBELL, *Representative.*

Motions: "That the report of the Representative to the Dominion Dental Council be approved." Carried.

"That the Board of the Royal College of Dental Surgeons approve of the admission of British Columbia to the Dominion Dental Council." Carried.

REPORT OF THE DELEGATES TO THE CANADIAN DENTAL ASSOCIATION

Mr. President and Gentlemen:

Since the last annual meeting of this Board, two meetings of the Board of Governors of the Canadian Dental Association have been held, the first in Winnipeg last June preceding the meeting of the Western Canada Dental Society and the second this May in Toronto prior to the National Convention of Canadian Dentists. Both meetings were conspicuous by the excellent reports presented by the various committees as evidence of the concentrated work being done across Canada to deal intelligently with all matters pertaining to the profession.

During the past year conspicuous service has been rendered by the Rehabilitation Committee in assisting members of the profession returning from the Armed Forces; by the Program Committee in co-operation with the Ontario Dental Association through the medium of the Joint Convention Committee which planned and brought to such a successful conclusion the recent National Convention of Canadian Dentists.

Three new committees were formed this spring and judging by the progress reports presented at the last meeting, will make a real contribution in their respective subjects.

(a) Specialists and Specialization,
(b) Auxiliary Services,
(c) Industrial Dentistry.

The Journal continues to maintain its very high standard and is considered to be the second best Dental Journal being published. The Publications Committee and the Editorial Staff have been hampered by the shortage of paper but have done an excellent job under trying circumstances. There is available for publication ample quantities of excellent material.

Representatives of the Association have been most cordially received by Governmental authorities at Ottawa and their advice and counsel is being sought more and more. It is readily admitted by the same authorities that many things can be better done by the Association than by the departments themselves. This has placed additional strain on the Association headquarters but everything undertaken has been completed in a very praiseworthy manner.

Last year about 100,000 pieces of mail passed through the Secretary's office. This is a stupendous task alone. The value of this source of dependable information is tremendous and the influence on public opinion very considerable. The profession, at large, should appreciate highly the valuable work being done by the occupant of the above office.

The Association has noted with pleasure the appointment of a chief for the Dental Division of the Department of National Health. Colonel Janes is a man of wide experience and will undoubtedly add to the stature of the Dental Profession in Federal Circles.

The Secretary and President of the Association have during the year visited every province of the Dominion and appeared before 29 of the larger societies. They were the recipients of wonderful hospitality, honourd by large audiences, and stimulated by the enthusiasm of the dentists across Canada for the National Association.

In the last fiscal year the expenditures of the Association exceeded the income from the several grants from the corporate members by about $1,000. This is a situation that may be remedied in either of two ways: (1) by curtailing the activities of the Association, i.e., by lessening the usefulness of the Association to the profession at large; (2) by increasing the grants from the Corporate members.

Your representatives to the Canadian Dental Association respectfully

recommend to the Board of the Royal College of Dental Surgeons that the grant from this corporate member be increased.

All of which is respectfully submitted.

F. A. BLATCHFORD,
S. W. BRADLEY,
G. H. CAMPBELL,
H. W. REID.

Motions: "That immediate steps be taken to have Section 19, Paragraph (1) of the Dentistry Act of Ontario amended to read $35.00 instead of $10.00 as at present." Carried.

"That the report of the Canadian Dental Association be approved and that consideration be given at this meeting regarding additional assistance for our Secretary." Carried.

(The Board increased the grant to the Canadian Dental Association for the current year by an amount equal to one dollar for each member of the College.)

REPORT OF THE WORKMEN'S COMPENSATION BOARD REFEREE

Board of Directors,
Royal College of Dental Surgeons,
Toronto, Ontario.
Gentlemen:

Your referee is privileged to report for the period of one year, beginning May 1, 1945, with respect to his duties as your representative with the Workmen's Compensation Board.

This has been a very pleasant year. Excellent co-operation has been evident on behalf of the profession on one hand and a reciprocal attitude on the part of the Workmen's Compensation Board on the other. There was only one instance where a dentist complained bitterly relative to fee allowance and he was advised to contact your secretary and make his complaint. The fee schedule seems to be quite acceptable to the profession up to the present in spite of increasing costs of operating a dental practice. If costs continue to advance, it may become necessary to revise the tariff schedule.

During the year your referee has reviewed 25 claims and arranged satisfactory settlements in each case. In addition to this, there has been telephone discussions of many others with the Director of Medical Aid, Mr. C. G. Cameron. As usual, I find Mr. Cameron the courteous, cautious, fair-minded man I have always found him. He has a high regard for good dental care as a health measure and insists the claimants of the Board receive good service. He seldom has any complaints. When difficult problems arise, he is always willing to be reasonable with both claimants and members of our profession within the realm of prudence.

I should like to emphasize the good relations existing between the profession and the Workmen's Compensation Board which reflects the good judgment used by those laying down the basic arrangements.

At the present time I have no recommendations relative to change of policy.

In closing, I would like to record the kind co-operation of Dr. D. W. Gullett and Dr. H. W. Reid, who have from time to time given good counsel during the year. Further may I extend my appreciation of the trust your Board has imposed on me as your representative in these matters.

Respectfully submitted,

Motion: "That the report of the referee on the Workmen's Compensation Board be received and adopted, and that Dr. — — — be re-appointed to the position of referee with the Workmen's Compensation Board." Carried.

DENTAL PUBLIC HEALTH COMMITTEE

To Board of Directors.

Gentlemen:

At the beginning of the 1945-46 session of the Dental Public Health Committee it was decided that a definite policy should be defined. A joint committee, made up of members from the executive of the Ontario Dental Association and the Board of the Royal College of Dental Surgeons, met and formulated a plan to carry out the Dental Public Health activities for the province. It was decided that two committees should participate in such work.

(1) Dental Public Health Committee to deal with all matters pertaining to education.
(2) Public Relations Committee to deal with all matters pertaining to treatment.

Immediately on receiving this recommendation, the Dental Public Health Committee adopted the Seven Point Educational Program of the Canadian Dental Association. It was felt that in order to carry out such a project successfully, the educational work of the province would have to be decentralized, by the formation of local Dental Public Health Committees in all district societies. The Local Committee is to consist of the following:

(1) Four dentists, one of which is supposed to be chairman of the Local Committee.
(2) Medical Officer of Health.
(3) Public Health Nurse in that particular unit.
(4) Chairman of the Board of Education or the principal of the school or a teacher interested in that part of education.
(5) Representative of a service club, home or school or women's institution.

The Local Committee's duty is to deal with both matters of education and treatment. If they require assistance with respect to treatment, they contact the Public Relations Committee and if advice re education is required then the Central Dental Public Health Committee is contacted. The Local Committee has the power to prepare educational material but because of the close proximity between the Central Committee and the Departments of Education and Health it was felt wise that all material be submitted to the Central Committee for approval.

The newly formed Niagara Peninsula Society was the first Society asked to participate in the formation of such a committee. Niagara Falls, Welland, and St. Catharines have been organized. The dentists of the district have received post-graduate instruction. The teachers, Public Health Nurses and members of the Imperial Order Daughters of the Empire have received lectures on dental education. School surveys are being promoted in the district and a broad program is being outlined for the coming season.

At the beginning of the year our policy was to get as many people working as possible and also to co-operate with all health organizations. As a result of this policy the Red Cross invited our committee to give them some guidance re a peace time dental project. The Chairman of the Central Committee and the Secretary of the Royal College of Dental Surgeons, Dr. D. W. Gullett, met the Management Committee of the Red Cross and asked that they assist us in establishing a Dental Public Health officer in one of the health units as a demonstration project. The Management Committee of the Red Cross was advised that the Government had agreed to the establishment of a Dental Public Health officer in each health unit providing that the municipality supplied two thirds of the financial support. None of the municipalities so far have seen fit to agree to such a plan. Therefore it was thought that the Red Cross could demonstrate over a period of three to five years that such a service was valuable. Some of the municipalities might then see the light and co-operate with the government on the above mentioned basis.

This suggested project was further outlined to the Executive Committee of the Red Cross. They unanimously agreed that this was a worthwhile work and left it up to the Management Committee to go into the matter more thoroughly. The Management Committee advised the chairman that they could not consider the project for more than a two year period and asked for a budget. The following budget was submitted:

Dentist's salary	$5,000.00	
Nurse's salary	1,200.00	
Rent of office	360.00	
Allowance for car	360.00	
		$6,920.00
Dental equipment		580.00
Total		$7,500.00

At the time of writing this report, the Management Committee has not advised us as to their attitude towards the above mentioned budget.

As well as attempting to organize the Niagara Peninsula in Public Health work, the committee has also prompted lectures in other parts of the province.

Our Materials Committee in co-operation with the Dental Public Health Committee of the Academy of Dentistry, Toronto, completed a pamphlet entitled, "Champions Keep Fit, Do You?" and at the present time they are working in co-operation with the Provincial Department of Education and the Provincial Department of Health, in the preparation of a manual to assist teachers in teaching dental health in the secondary schools.

The Breakfast Meeting was held at the Royal York Hotel on Monday, May 27, at 8.00 a.m. Drs. Swales, Butler, Mitton, H. McLaren, Ken Phillips and Donald Johnston outlined the activities of the year, and Dr. Harry Thomson brought the meeting to a close by a stimulating address. Eighty-two members were present.

As Chairman of the Dental Public Health Committee I wish to thank the Royal College of Dental Surgeons for their moral and financial support. I wish also to express my appreciation to the members of the committee who really carried out this work. And last, but by no means least, I wish to express on behalf of the committee our gratefulness to Dr. Ken Phillips, Dr. Don Johnston, Dr. Joe Longley, Dr. Harry Thomson, Field-Secretary of the Canadian Hygiene Council, Dean A. D. A. Mason, and the Faculty of Dentistry, Dr. R. G. Ellis of the Faculty of Dentistry, Dr. D. W. Gullett, Dr. F. Kohli, President and members of the Board of Directors of the Ontario Dental Association for their assistance in the educational work of our committee in the year 1945-46.

In conclusion, let me remind my readers that this work was greatly facilitated by the pioneer work done by the committee members of previous years.

Respectfully,
S. A. MacGREGOR, D.D.S., *Chairman*, D.P.H.C.

Motion: "That the report of the Dental Public Health Committee of the Ontario Dental Association be adopted and that this Board commend the efforts of the committee and ask them to bend every effort to have a dental health officer with a D.D.P.H. degree if possible established in a Health Unit to demonstrate the service that can be rendered by such an officer." Carried.

REPORT OF REPRESENTATIVE TO THE LEGAL PROTECTIVE ASSOCIATION

Mr. President and Gentlemen:

Two meetings of the Executive were held before and after the annual meeting, which was poorly attended.

The Executive instructed the Secretary to ask for a more prominent place, and time, for the annual meeting on the O.D.A. program.

The following business came from the meeting of the Executive:

1. The resignation of Dr. Walter E. Willmott was accepted with regret.
2. The appointment of Dr. D. W. Gullett as Secretary at an honorarium of $300.00 per year.
3. After lengthy discussion a change in the legal advisor from Mr. Cattanach to Mr. Watson.

Items No. 2 and No. 3 were left in the hands of a Committee of Campbell, Paul and Field for action, if the above appointments did not meet with the approval of this Board, in that Dr. Gullett can not be saddled with much more work, and that it might be thought advisable to have this legal advisor separate from the Board. On the other hand, the feeling was that Mr. Watson was the ideal man to be retained, in that he could make a close study of Dental Law, and be a valuable adjunct for years to come. The question of costs also had some considerable bearing on this decision.

Respectfully submitted,

HERBERT L. FIELD.

Motion: "That the report of the Representative to the Dentists' Legal Protective Association be adopted." Carried.

RECOMMENDATIONS OF THE FACULTY OF DENTISTRY

Concerning the Report of the

R.C.D.S. SPECIAL DENTAL EDUCATION COMMITTEE

The Council of the Faculty of Dentistry, at a number of special Council meetings held therefor, carefully reviewed the findings and comments of the Special Dental Education Committee appointed by the Royal College of Dental Surgeons of Ontario, and hereunder will be found the Council's recommendations concerning the Committee's report:

In the main, Council concurred in the opinions of the Committee as shown by their agreement with the following points:

Biological Background

1. That this Faculty should continue to develop the biological background of dental treatment.

Text-Books

2. That a carefully chosen but limited selection of essential text books on dental subjects, in addition to bulletins and laboratory manuals, should be placed on the compulsory list.

Theses

3. That the responsibility for instruction in technical composition and for a critical review of his thesis with each individual student should be placed on a member of the staff in the Department of English or another suitable person retained part-time by this Faculty.

General vs. Dental Science Courses

4. That health sciences such as General Anatomy, General Pathology, General Bacteriology, General Physiology, General Histology, etc., should be taught by University rather than Faculty Departments and that the subjects of Dental Anatomy, Dental Pathology, Dental Bacteriology, Dental Histology, etc., should be taught by the Faculty of Dentistry.

General Anaesthesia

5. That the teaching of the subject of General Anaesthesia to undergraduate students should again be reviewed by the American Association of Dental Schools, and that a local conference should be held with representatives of all interested departments to consider the best preparation of the student for the administration of anaesthesia.

Pedodontia

6. That the facilities for clinical procedure in Pedodontia should be separated from the general clinic.

Dental-Medical Relationships

7. That the facilities of teaching hospitals should be made available wherein the dental students would become familiar with hospital routine.

Use of Dental Technicians

8. That dental technicians should be tried, to free the senior student for more time for clinical practice.

Undergraduate Curriculum

9. That a Curriculum Survey Committee should be set up by the Council of the Faculty of Dentistry for extensive revision of the curriculum.

Postgraduate, Graduate and Teacher Training

10. That the Faculty of Dentistry of the University of Toronto must bear a major share of the responsibility for postgraduate, graduate and teacher training for the Dominion of Canada because of the geographical position of this University and the potential source of teaching personnel.

Postwar Requirements

11. That a Director of Postgraduate, Graduate and Teacher Training courses should be named at once.

That it is possible with careful planning of undergraduate clinical practice hours to accommodate an extensive program for immediate postwar requirements.

Postgraduate Instruction Staff

12. That additional staff should be provided for instruction in the postgraduate courses in order to prevent disruption of the undergraduate program.

Equipment and Instruments

13. That separate dental chairs and completely equipped dental cabinets should be made available for postgraduate instruction.

Specialists' Courses

14. That specialists' courses in Orthodontia, Periodontia, and Dental Oral Surgery should be established at once.

Inbreeding of Staff

15. That importation of teachers, exchange of teachers, training of teachers elsewhere, and providing means for teachers to take postgraduate courses are methods to alleviate the "inbreeding" of staff which geographical location and inadequate salaries have imposed upon this Faculty.

Insufficiency of Salary

16. That the salary scale of instructors should be raised.

Part-Time Teachers

17. That a sufficient number of the part-time members of the staff should be employed on a half-time basis to secure continuity of teaching.

Visual Aid Material

18. That a department for the preparation of visual aid teaching material should be established and that the services of a suitable individual to head this division should be secured.

Maintenance of Equipment

19. That a full-time general utility man capable of making repairs to electrical, mechanical and dental equipment should be employed.

Dental Technicians

20. That it is unwise to establish a course for training dental technicians.

New Building

21. That a new building in close proximity to the teaching hospitals to meet the demands of an enlarged dental educational program should be erected.

Council was opposed, however, to the following recommendations of the Committee:

Orthodontics

(a) That at the end of the Second Year (in a four-year plan) students might elect to take a more intensive training in Orthodontics.

Dental Hygienists

(b) That a course for Dental Hygienists should be established in the Faculty of Dentistry.

Oral Diagnosis

(c) That a separate department of Oral Diagnosis should be established.

COLIN C. ROUS.

Motion: "That the recommendations of the Faculty of Dentistry concerning the report of the Royal College of Dental Surgeons Special Dental Education Committee be received and reported in the proceedings." Carried.

APPROVED CANADIAN DENTAL SCHOOLS

The following resolution was passed respecting approved schools as referred to in By-Law No. 8, Section 1, sub-section (f).

Motion: "As it refers to By-Law No. 8, Section 1, sub-section (f), the Faculty of Dentistry of Dalhousie University; the Faculty of Dentistry, McGill University; the Faculty of Dentistry, University of Toronto; and the Faculty of Dentistry, University of Alberta, shall be deemed to be approved schools, and graduates of the Faculty of Dentistry, University of Montreal, who have graduated subsequent to January 1st, 1943, shall be considered as graduates of an approved school." Carried.

AMENDMENT TO BY-LAWS

By-Law Number 7-A was introduced and read a third time. The new by-law reads as follows:

"Every member of the College who for two consecutive years or any longer period, has not engaged in the practice of dental surgery in Ontario, is required to submit to such investigation as to his qualifications to resume the practice of dental surgery in Ontario as the Board may prescribe, and to pay an investigation fee of $25.00 in addition to the fee for the current year, before receiving a Certificate of Licence to resume the practice of dental surgery in Ontario."

PUBLIC RELATIONS COMMITTEE

Representatives of the Ontario Dental Association in the persons of Dr. F. Martin, S. A. MacGregor, R. P. Lowery, and J. H. Duff, met the Board by appointment.

Drs. Martin and MacGregor outlined the purpose of the meeting to clarify the position in respect to dental public health and public relations.

Discussion ensued upon the programme as outlined by the Canadian Dental Association and relative matters. The urgency of re-organization in order to meet the public pressure was urged.

Statement was made that the Dental Public Health Education committee felt the need of educating the members of the profession in matters respecting dental public health, for the public are advancing in these matters ahead of the profession.

The representatives of the Ontario Dental Association requested financial support and clarification of the problem presented.

Motions: "That this Board commend and endorse the policy and action of the Dental Public Health Committee of the Ontario Dental Association in confining their activities to dental public health education." Carried.

"That an additional grant of five hundred dollars be paid to the Dental Public Health Committee." Carried.

As a result of discussion of this matter, it was agreed that the responsibility for the formation of this committee rested with the Board.

The terms of reference of the committee are to be:

(1) Publicity in press and radio.
(2) Relationship between profession and government health departments.
(3) Relationship between profession and other public health organizations.
(4) Vocational guidance.

(5) Facilitation and distribution of dental health pamphlets, charts, etc., for health education of the public.

Motion: "That the joint committee with the Ontario Dental Association be henceforth known as the Public Relations Committee and remain as now constituted." Carried.

DENTAL HEALTH SERVICE — CITY OF TORONTO

A delegation representing the members of the profession employed by the Department of Health of the City of Toronto met the Board by appointment. The representatives were Drs. G. T. Mitton, J. C. Livett, and Martha Law. The representatives were accompanied by Dr. E. A. Grant, Director of Dental Services for the Department. Speaking for the delegation, Dr. Mitton presented the following brief:

Toronto, June 18, 1946.

The Chairman,
Board of Directors,
Royal College of Dental Surgeons,
211 Huron Street,
Toronto, Ontario.

Gentlemen:

We come before you to-day, representing a group of 37 dentists employed by the City of Toronto on the School Dental Health Service.

We present to you as an exhibit a "Memorandum to Employees" dated June 5th, 1946, and an application card for membership in the Local 79 Union of the Trades and Labour Congress of Canada, which has to do with Toronto Municipal Employees. All dentists are included and are expected to sign by July 1st. In fact, the wording, as you will notice, is "must become members of aforesaid Union within thirty days of the signing of the amended agreement." This was dated June 1st. You will notice that it states "that it shall be a continuous condition of employment that all existing employees, represented by the said Union for collective bargaining purposes, must become members", etc. You will also note "that new members must join the Union within 110 days from date of employment with the City and must remain in good standing thereafter." We are also told on the application form that we "agree to abide by its laws, general and local, in accordance with the by-laws of the Trades and Labour Congress of Canada." This is pretty high-handed language, gentlemen!

A meeting was called by our Director on Friday last, when this matter was brought up for discussion.

We were told that certain benefits could be credited to the representations of the Union, which included:

1. 10% increase of civic employees' salary.
2. Accumulated sick leave benefits.
3. Car allowance for Medical Officers and the Dental Director.

We also learned that Public Health Nurses have refused to join the Union and that the Professional Engineers employed by the City have tried to form a professional union group, but have met with no success.

A suggestion was made that it might be possible to pay fees into the Union and not become a Union member.

Members of the Dental Staff of the City Schools voiced their opinion very strongly that it was not only unethical but an insult to a professional

man to be told he must join a Union in order to serve on the Health Services of the city schools. We have also felt that we could not bow to such coercion and as to compromise in paying fees, we oppose that most strongly. This action was taken by some who are on full time employment and have no established practice to fall back upon. I think, gentlemen, you will admire such a stand. Other members asked what the attitude of the Board of Directors of the Royal College of Dental Surgeons would be in this matter. Your Secretary was present and spoke unofficially and very strongly to oppose such a demand.

A vote was called for by the Chairman and some sixteen declared themselves strongly opposed and that they would not join. We are convinced that with the immediate support of this Board that nearly all would declare themselves opposed.

We feel that although an earlier attempt to stop this coercion of professional employees might have saved this crisis arriving, it is now here and we respectfully request your support in fighting it.

Time is the limiting factor now and we will require your immediate action! Representations by your Board of that action should be made directly to the Mayor, Members of the Board of Control, and Members of the City Council, as well as to the Department of Health. The present Acting Medical Officer of Health has already joined the Union and we would suggest a copy of your action be mailed to the Registrar of the College of Physicians and Surgeons of Ontario urging that this body take similar action.

Respectfully subumitted,

G. T. MITTON,
J. C. LIVETT,
MARTHA LAW.

Discussion ensued between members of the Board and the representatives present.

Mr. G. D. Watson, legal advisor of the Board, was present, and took part in the discussion.

The delegation retired.

Motion: "That Drs. Reid and Campbell act as our representatives in the matter of interviewing the Mayor of Toronto or any other officials regarding members of our College now employed by the city being forced to join the Toronto Municipal Employees' Association No. 79." Carried.
(See also action on Secretary's Report.)

SCHOOL DENTAL SERVICES — EAST YORK

Dr. H. R. Skilling, Director of School Dental Services in East York, met the Board by appointment. He stated that he had been in charge of dental services in the schools of East York for the last two years. A demand for treatment services had become very strong. The East York area is an experimental public health area under the Provincial Department of Health and the aegis of the Rockefeller Foundation. There are only two private dentists in the area and the population is approximately 30,000 (6,000 children). Dr. Skilling stated that he had been requested to make a proposal for treatment services and in view of the national dental policy, was anxious to know how to proceed in setting up a plan for dental care. He further stated that it was his desire to not make any proposal with which organized dentistry was not in agreement.

Up to the present the service has been diagnosis and a little treatment service. Of those advised to go to private dentists, 7% obtained

the services and 37% requested that the services be performed at a clinic. He has now been requested to make a proposal for increased treatment services. Dr. Skilling proposed that such service begin with the pre-school children at 3 years of age, making it a preventive service. The idea being to refer all others as far as possible to the private dentist.

Emphasis was made upon the fact that this area is an experimental unit which will be used as an example for other communities. Dr. Skilling stated that he believed the answer to handling pre-school children was the establishment of a clinic. His recommendation was that the proposed service concentrate on children up to six years of age beginning at three, referring patient wherever possible to the private dentists with radiograms and emergencies only to be taken care of among other school children in clinics. Those who cannot pay to be referred to private offices under some arrangement with the dentists concerned.

Motion: "That the Board of Directors do commend the diagnostic scheme for dental health service as presented by Dr. Harold Skilling in reference to East York. We would recommend that (1) in so far as possible, dental treatment should be given in a private office; (2) that his clinic be continued to take care of the group between the years of three to seven; (3) that consideration be given to the plan of consulting the dentists of the district, that they may be persuaded to give limited half-day service to that municipality at a rate to be settled with the authorities concerned." Carried.

COMMUNICATIONS FROM ONTARIO DENTAL ASSOCIATION

(1) Re Dental Hygienists

A copy of the stenotypist's report of the proceedings of the Ontario Dental Association Annual Meeting, at which a notice of motion respecting the introduction of Dental Hygienists was discussed, was presented as forwarded to the Board by the Secretary of the Ontario Dental Association.

Motions: "That the correspondence from the Ontario Dental Association relative to the motion of Dr. Crowley in the matter of Dental Hygienists be received." Carried.
"That the Secretary be instructed to write the Ontario Dental Association and Dr. Crowley to inform them that the Board has appointed a committee charged with the responsibility of studying the advisability of introducing dental hygienists as an auxiliary service and to report to the Board at our fall meeting." Carried.

(See also action on Secretary's Report.)

(2) Re New Building for Faculty of Dentistry

A copy of the resolution passed at the annual meeting of the Ontario Dental Association was presented as forwarded by the Secretary of that Association.

The resolution reads as follows:

"That receipt is hereby acknowledged of a resolution passed by the Ontario Dental Association re a new dental building and that every consideration will be given to the furtherance of this project." Carried.

From Toronto Academy of Dentistry

A letter was received from the Secretary of the Toronto Academy of Dentistry stating that dentists were unable to secure the proper type

of spirits for use in a dental office for stimulating purposes with their professional permits.

Motion: "That the Liquor Control Board of Ontario be notified that whereas it is a recognized fact that liquor as a stimulant is essential in dental practice, and whereas recently it is often impossible to procure this, we would urge that a sufficient supply for this purpose of a quality comparable to that used for medicinal dispensing be made available for dentists." Carried.

PROVINCIAL DIRECTOR OF DENTAL SERVICES

Dr. Kohli met the Board by appointment. He stated that the dental activities in the Department of Health were unchanged. Personnel who had been in military service, with the exception of one, were now returned to the Department. The number of dental grants to school clinics has increased. Some six townships and one or two municipalities have recently begun school clinics through the interest of school boards, service clubs, etc., in the matter. No new venture in the dental service has been undertaken. Many applications have been received from the sparsely settled areas of the north for dental service and an effort is being made towards securing another railway car for this area.

APPRECIATION TO DR. W. E. WILLMOTT

Motion: "That this Board expresses its appreciation for the outstanding service which Dr. Walter E. Willmott has rendered to the dental profession and especially as Secretary-Treasurer of the Dental Protective Association. We wish him continued good health and enjoyment of his leisure years." Carried.

GRANTING OF CERTIFICATES

A special meeting of the Board was held on July 11, 1946, for the purpose of receiving applications for certificates.

Dean Mason presented the following report respecting the examinations of the graduating class:

Admission to Degrees—Doctor of Dental Surgery.

Passed with Honours:

Eino Carl Aho, Ross Edgar Breen, Robert Anderson Clappison, David Charles Way, George Franklyn Russell Cole, Peter Frederick Foote, Newton Ernest Wickham.

Passed:

John Ernest Ackerman, Arthur John Joseph Breglia, Lorne Bruce Brunton, Murray Wilfrid Buchman, Russell Douglas Coleman, Donald Robert Copeland, Jack Logie Craig, Margaret Mary Currie, George Alexander Drennan, Roderick Charles Freeman, Jack Charles Friedman, Percy Goldberg, John Vance Hart, Ray Stephenson James, James Duncan Jenkins, Albert Rudolf Kaukinen, Douglas Gordon Langmaid, Irwin Lichtman, Norman Bennett Lightford, Wilfred John McColeman, William Cedric McComb, Terrence Joseph McDonough, William Patrick Joseph McManus, Charles Malkin, John Edmund Francis Malo, Victor Vernon Marnell, Robert William Marshall, William Kenneth Martin, William Joshua Metcalfe, Frederick Mitchell, Peter Morkis, Charles Bruce Morrow, Yaroslaw Paul Ochitwa, Walter Michael Olynyk, Henry Albert Patzalek, Ross Freeman Richardson, Joseph Crawford Rife, Alexander Rotman, Wilfred Joel Rovansky, Norman Lloyd Sandomirsky, Alvin Jack Shinoff, Howard Purdy Stockton, William Nicholas Tytaneck, Theodosy Harry Wachna, John Frederick Blair Wolfe, Alan Lloyd Younger.

The following failed in one or more subjects:

Dewar, A. S. — Failed to obtain standing (57%).
Burshtein, J. — Supplemental in Dental Surgery and Anaesthesia.
Evans, L. W. — Supplementals in Medicine and Operative Dentistry.
Jinks, G. M. — Supplemental in Dental Surgery and Anaesthesia.
Saltzman, W. — Supplemental in Dental Surgery and Anaesthesia.

Scholarship and Prizes:

Albert E. Webster Memorial Scholarship — R. E. Breen, by reversion to R. A. Clappison.

Wallace Seccombe Memorial Scholarship — C. E. Aho, by reversion to D. C. Way, by reversion to R. E. Breen, by reversion to V. V. Marnell.

W. George Switzer Memorial Award—R. A. Clappison.
Wallace Seccombe General Proficiency Prize — R. A. Clappison.
Dental Students' Parliament Prize — W. P. J. McManus.
Harold Keith Box Medal — (Gold) A. J. Shinoff; (Silver) A. L. Younger.

First Henry Thompson Scholarship — R. E. Breen.
Second Henry Thompson Scholarship — D. C. Way.
Academy of Dentistry Prize — C. E. Aho.
First Oral Health Thesis Prize — R. A. Clappison and A. L. Younger (aeq.).

Second Oral Health Thesis Prize — N. E. Wickham and G. F. R. Cole (aeq.).

In addition, Dean Mason reported the results in the Diploma Courses as follows:

Diploma in Dental Public Health:

H. K. Brown, D.D.S.; F. A. Kohli, D.D.S.; S. L. Honey, D.D.S.; H. R. McLaren, D.D.S.

Diploma in Dental Surgery and Anaesthesia:

A. Gardiner, D.D.S.; A. E. Hobden, D.D.S.; D. H. MacDonald, D.D.S.

Diploma in Orthodontics:

E. E. Johns, D.D.S.

Detailed discussion followed respecting both reports.

Consideration was given to the applications for registration in the College and also to those licentiates applying for certification as specialists.

Registration as Members of the College:

Motion: "That the report of the Graduating Class examinations as presented by the Faculty be accepted and adopted, and the following be granted their L.D.S. certificates: Eino Carl Aho, Ross Edgar Breen, Robert Anderson Clappison, David Charles Way, John Ernest Ackerman, Arthur John Joseph Breglia, Lorne Bruce Brunton, Murray Wilfrid Buchman, Russell Douglas Coleman, Donald Robert Copeland, Jack Logie Craig, Margaret Mary Currie, George Alexander Drennan, Roderick Charles Freeman, Jack Charles Friedman, Percy Goldberg, John Vance Hart, Ray Stephenson James, James Duncan Jenkins, Albert Rudolph Kaukinen, Douglas Gordon Langmaid, Irwin Lichtman, Norman Bennett Lightford, Wilfred John McColeman, William Cedric McComb, Terrence Joseph McDonough, William Patrick Joseph McManus, Charles Malkin,

John Edmund Francis Malo, Victor Vernon Marnell, Robert William Marshall, William Kenneth Martin, William Joshua Metcalfe, Frederick Mitchell, Peter Morkis, Charles Bruce Morrow, Yaroslaw Paul Ochitwa, Walter Michael Olynyk, Henry Albert Patzalek, Ross Freeman Richardson, Joseph Crawford Rife, Alexander Rotman, Wilfred Joel Rovansky, Norman Lloyd Sandomirsky, Alvin Jack Shinoff, Howard Purdy Stockton, William Nicholas Tytaneck, Theodosy Harry Wachna, John Frederick Blair Wolfe, Alan Lloyd Younger." Carried.

Motion: "That in the cases of Jacob Burshtein, Lawrence E. Evans, Gordon M. Jinks, Alexander Stewart Dewar, and Wilfrid Saltzman, they be granted the L.D.S. certificates for Ontario upon completing their academic requirements." Carried.

Certification as Specialists

Applications were presented for certification as specialists from the following:

Dental Oral Surgeons:

Dr. Allan Gardiner, Toronto.
Dr. Alan Edward Hobden, Toronto.
Dr. David Henry John MacDonald, Toronto.

Orthodontists:

Dr. Edward Earl Johns, Toronto.

Periodontist:

Dr. Gordon Agnew, Toronto.

Motion: "That the following be granted certification as specialists:
Alan Edward Hobden in Dental Oral Surgery.
Allan Gardiner in Dental Oral Surgery.
David Henry John MacDonald in Dental Oral Surgery." Carried.

Motion: "That Edward Earl Johns be granted a specialist's certificate in Orthodontics." Carried.

Motion: "That Dr. Gordon Agnew be granted a specialist's certificate in Periodontia." Carried.
